GRADUATE PROGRAMMES

The University of the West Indies Mona Campus offers a suite of academic products to suit your career needs. Choose from among 5 Faculties at the Mona Campus* and 7 Faculties across the Regional University of the West Indies.

Humanities & Education*

Engineering

Medical Sciences*

Social Sciences*

Science & Technology*

Law*

Science & Agriculture

All of our higher degree programmes are designed to support national and regional development.

GENERAL REQUIREMENTS

Applicants to graduate programmes must satisfy the general University Regulations governing admission to a Graduate Diploma or Higher Degree and should possess at least an undergraduate Honours degree.

ENTRY REQUIREMENTS

Graduate Diplomas, Taught Masters Degrees and DM Degrees:

- Minimum GPA of 2.5 or a Lower Second Class Honours degree or
- Equivalent qualification (as determined from Transcripts).

MPhil Degrees:

- Minimum GPA of 3.0, or an Upper Second Class Honours degree or
- Equivalent qualification (as determined from Transcripts).

PhD and MD Degrees:

The minimum requirements for admission to PhD and MD programmes are:

- An approved graduate degree awarded primarily for research;
- Taught Masters degree from the UWI or another approved University, provided that the Masters programme included a research component of at least 25% of the total credit rating and the applicant achieved at least a B+ average or its equivalent;
- Such other qualifications and experience as may be approved.

Professional Doctorates:

The minimum requirements for admission to Professional Doctorates:

Taught Masters degree in an appropriate field from the UWI or another approved University, having achieved at least a B+ average or its equivalent, and possessing the required experience in the field (as specified in the relevant Programme requirements).

DISCLAIMER

Although every effort was made to ensure that the information contained in this brochure was accurate at the time of printing, there may be amendments to the list of programmes offered and their enrollment options. The Office of Graduate Studies and Research reserves the right to make such changes as required. You may visit our website for supplementary information.

5 Easy Steps

to becoming a
Graduate Student

Step 1:

Get details on available programmes at:
<http://www.mona.uwi.edu/postgrad/prospectus.php>

Step 2:

Complete the Fonline application by January 31 using the website: <http://www.mona.uwi.edu/content/student-administration-area>

Select “**Apply for entry to the UWI**” and follow the instructions. **APPLY EARLY!**

Step 3:

Submit supporting documents to:

**The Assistant Registrar
Office of Graduate Studies and Research,
The University of the West Indies,
Mona Campus,
Kingston 7, Jamaica W.I.**

and request degree granting institutions, (other than the UWI), to forward your Official Transcript to the Office of Graduate Studies and Research, Mona Campus, within six weeks of the date of your application.

Supporting documents include: Two (2) Referees Reports, Transcripts, Birth Certificates, Résumé, and Research Proposal (where applicable).

Step 4:

Monitor your e-mail for notification of the outcome of your application.
While you wait for an offer of acceptance... Join our network!

Connect with us to be updated on campus life, events and all things UWI Mona!

Step5:

Once you have received an offer, follow the instructions to accept it.

Early offers are usually made between **February and May**.

Application Deadline
January 31'st of each year

FACULTY OF HUMANITIES & EDUCATION

The Faculty of Humanities and Education, as the name suggests, is an amalgam under the administrative and academic oversight of one principal accounting officer, the Dean of the Faculty. The following Departments and Institutes constitute the Humanities within this amalgam: History and Archaeology; Literatures in English; Language, Linguistics and Philosophy; Modern Languages and Literatures; Library and Information Studies; Caribbean Institute of Media and Communication (CARIMAC); and the Institute of Caribbean Studies (ICS).

The second major component of this amalgam, the School of Education, consists of the Department of Educational Studies (DES), and the Institute of Education (IOE).

The Faculty, through the various structures within the School of Education and the Humanities, is adequately resourced and well positioned to provide quality education at the higher degree level with a view to contributing to the socioeconomic advancement of the Caribbean region. The Faculty, in addition to the conventional face-to-face mode of instructional delivery, also utilizes the mixed mode - that is, face-to-face and online. This is in keeping with our determination to enrich and enhance the learning experiences of those enrolled in our programmes.

FACULTY OF MEDICAL SCIENCES

The Faculty of Medical Sciences offers over 52 graduate programmes administered across several Departments. Our graduate programmes range from clinical, taught, online and research degrees.

The Faculty is committed to achieving the strategic goals of the University, positioning itself as the leading educator in medicine and the allied health professions.

Clinical Programmes

There are over 20 DM clinical training programmes which are residency based. These include: Anaesthesia & Intensive Care, Haematology, Internal Medicine, Obstetrics and Gynaecology, Paediatrics, Pathology (Anatomical and Clinical), Psychiatry, Radiology, Surgery (General, Emergency Medicine, Orthopaedics, Cardiothoracic, ORL, Ophthalmology, Urology, Neurosurgery).

The duration of the programmes range from four to seven years depending on the specialty. They are open to persons with a medical degree and registered with the medical Council of Jamaica, and in an appointed post. Each programme has a coordinator named by the Head of the Department and is managed at the Faculty level by Specialty Boards and the FMS Committee for Graduate Studies.

SCIENCE & TECHNOLOGY

The research (MPhil and PhD) and taught master's (MSc) programmes in the Faculty of Science and Technology have been crafted in response to national and regional strategic needs. For instance, the master's degree in renewable energy management and renewable energy technology were recently introduced due to a great demand in the market for highly skilled technical personnel and other professionals with specialization in the area of sustainable energy systems.

The MSc in medical physics was designed to build local capacity for sustainable education, training and research in medical physics, and to provide education and clinical training for careers in areas of diagnostic imaging, nuclear medicine, radiation therapy, and health physics. Additionally, the MSc programmes in plant production & protection and in agricultural entrepreneurship will help to propel the growth, expansion and improved productivity of the agricultural sector.

FACULTY OF SOCIAL SCIENCES

The Faculty of Social Sciences accepts students to read for the MSc, MSW, MBA, MPhil, PhD degrees and the Postgraduate Diploma.

The Faculty of Social Sciences at the University of the West Indies, Mona consists of three departments, one institute and one business school, namely: Economics, Government, Sociology Psychology and Social Work, The Sir Arthur Lewis Institute of Social and Economic Studies (SALISES) and Mona School of Business and Management.

For those interested in Research Degrees, MPhils and PhDs are offered in the departments of Government and Sociology, Psychology and Social Work as well as SALISES. The standard requirement for acceptance is a good first degree in the social sciences or a related field. Acceptance to do a PhD is usually through the corresponding MPhil programme.

INSTITUTE FOR GENDER AND DEVELOPMENT STUDIES

Established in 1993, the Institute of Gender and Development Studies is an autonomous interdisciplinary entity, which aims, through its programme of teaching, research and outreach, to question historically accepted theories and explanations about society and human behaviour, as well as to critically examine the origins of power differences between and among men and women and the range of factors which account for these differences.

Located on all three campuses of the University, the impact of the work of the Institute is wide-ranging and far-reaching as it enjoys long established relationships and collaborations with local, regional and international development agencies, including CARICOM, the Caribbean Development Bank, the United Nations, the Commonwealth Secretariat, the United States Agency for International Development (USAID), the Canadian International Development Agency (CIDA) and UK Department for International Development (DFID).

FACULTY OF LAW

The primary objective of the Faculty of Law is to provide an academic qualification which is a compulsory prerequisite to professional legal training for lawyers in the Commonwealth Caribbean. However, the traditional basic legal skills of concise and pertinent oral argument, systematic and relevant presentation of essential issues, clarity and precision of written options and detached and balanced judgment are also useful and reliable skills for other professions such as the Civil and Police Service, Accountancy, Banking and Commerce.

The Faculty of Law offers Three Graduate Programmes – The LLM Corporate & Commercial Law, The LLM Public Law and the LLM Legislative Drafting. In addition to the LLM, the Faculty also offers an MPhil/PhD Programme. The MPhil/PhD Programme is comprised of coursework, seminar presentations and the submission of theses.

DOCTORAL PROGRAMMES

Research Degrees involve independent study, assisted by a Supervisor, and the production of a thesis. The essential difference between the Master and Doctoral levels, apart from the length of the registration period, lies in the quality of a successful PhD thesis. This must be judged to be the result of original research, to be an addition to knowledge and to be worthy of publication either in full or in an abridged form. The award of a PhD degree also requires that a candidate defend their thesis at a public oral examination.

Research degrees now contain a taught element. The intention of these courses is to provide students with research techniques and skills that will not only help them to complete their current research topic, but strengthen their practical application skills for life after university.

We encourage students to contact the relevant department to discuss and fine-tune their initial research proposal.

YOU MAY HAVE ALREADY
EARNED YOUR MASTERS
DEGREE AND WANT TO PURSUE
DOCTORAL STUDIES.

Earn your PhD in 5 years in the following fields:

A-Z

Anatomy, Biochemistry, Applied Physics, Biotechnology, Botany, Chemical Pathology, Chemistry, Communication Studies, Computer Science, Cultural Studies, Development Studies, Economic Development Policy, Electronics, Environmental Management, Epidemiology, French, Geography, Gender and Development Studies, Geology, Governance and Public Policy, Government, History, Information Systems, Law, Library and Information Studies, Linguistics, Literatures in English, Marine Sciences, Mathematics, Medicine, Microbiology, Molecular Biology, Nursing, Nutrition, Occupational & Environmental Safety & Health (OESH), Organizational Behaviour, Pharmacology, Philosophy, Physics, Physiology, Plant Biotechnology, Public Health, Social Policy, Sociology, Spanish, Sustainable Development, Sustainable Development (Tourism), Theology, Zoology.

January 31'st of each year

CAMPUS LIFE:

POSTGRADUATE ACCOMODATION

Housing for postgraduate students is located on Campus in well appointed flats and apartments. The Accommodations Office can guide you in sourcing housing on Campus. Off-Campus housing is available from homeowners in communities in close proximity to the University such as Hope Pastures and Mona. With increasing demand, however, it may be necessary for you to live further away from campus than is ideal. The Accommodations Office can also assist you with sourcing off-Campus housing.

DINNING

Whether you're munching, snacking or dining, UWI, Mona has several kinds of eateries from which to choose, and these are located all across the Campus. These include: Social Welfare Training Centre Canteen, The Beehive, Mary Seacole Hall Canteen, Snack Kiosk, Deli Express and Pages Café.

CAMPUS LIFE:

CLUBS, SOCIETIES & ASSOCIATIONS

The Guild of Students – The official body for student representation on the Mona Campus. The Guild's members are drawn automatically from all registered students at Mona. Postgraduate students are eligible to run for any office on the Guild and participate fully in its activities. The Guild offers various services, including a students bus service and management of the Student's Union.

Mona Association of Postgraduate Students (MAPS) - All postgraduate students automatically gain membership in MAPS which also represents your interests on the Guild of Students. All faculties are represented on the MAPS executive. Through participation in MAPs, you can advance issues relevant to your course of study and get involved in a range of social outreach and philanthropic activities. Currently, the organization is championing a number of issues aimed at deepening the postgraduate experience, including sensitizing new and returning postgraduate students to the aims and objectives of the organisation and advocating curriculum review, among others. For further information you may contact the MAPS office.

CAMPUS LIFE:

FACILITIES

The Students' Union

(Nightclub, Shops, Gym, Services & Activities)

This multipurpose facility, run by the Guild of students is the centre of the student entertainment and cultural life. The perfect spot to lyme or relax, it's a hub of social activity, especially on Thursday and Saturdays.

Health Services – UWI, Mona offers the services of a Health Centre which provides:

- Medical and psychiatric consultations
 - Pharmaceuticals
 - Nursing services
 - Dental services
 - Family planning advice and supplies
 - Counselling and personal and mental health issues
-

CAMPUS LIFE:

Parking – There are designated parking areas for students and visitors. The main parking lot is located behind Mary Seacole Hall and the Philip Sherlock Centre for the Creative Arts. Illegally parked vehicles will be clamped or towed away.

Security Escort Service – An Escort Service is provided for individual students or small groups working in the libraries, laboratories or any other on- campus centre at nights.

Library Services – In addition to book loans and journal referrals, the Library is home to the Postgraduate Learning Commons (PLC). This facility is a new learning space located on the Mezzanine floor of the Main Library and the top floor of the Science Library. It boasts a computer lab with a wide range of software, photocopier, scanner, Seminar rooms with wireless connection etc. which enables graduate students to work and study in a quiet and convenient environment.
