SHELLS HERE
FOR THE FLEET

NAVY AMMUNITION AVAILABLE FOR ADMIRAL EVANS' VESSELS.
WAS BROUGHT HERE BY THE STEAMER SIBERIA—STOCKING
HONOLULU AS A NAVAL AND MILITARY SUPPLY STATION IS BE-
ING CONTINUED.

The first shipment of shells for the big guns of the battleships of the big fleet due here July 14, arrived yesterday in the hold of the P. M. S. S. Siberia.
The fact that fourteen cases of shells for big guns, as exclusively stated in The Star, had arrived in Honolulu, excited comment about town for the reason that there are no big guns here and it was considered unusual that ammunition should arrive before the guns had been brought, but it develops that these shells are for the battleship fleet at present under command of Admiral Robley D. Evans or for other battleships or cruisers of the United States which may require them for target practice or otherwise, the idea being to have ammunition on hand on this island to be drawn on as it may be required by American men-of-war, as coal is kept here for supply.

SECRETARY WOOD
TO THE CHAMBER

SAYS PRESIDENT ROOSEVELT IS VERY KEEN FOR PEARL HARBOR APPROPRIATION.

Secretary Wood of the Promotion Committee and also Secretary of the Chamber of Commerce, will make a report of his recent trip to Washington in the interest of Pearl Harbor, tomorrow afternoon at the regular meeting of members of the Chamber of Commerce.

Secretary Wood's report will deal chief with what he did for Pearl Harbor, giving in detail his many interviews with the President and other officials he met who are interested in the project.

Mr. Wood stated this morning that the President had made up his mind to have the appropriation this year for the work.

"He was very much interested in everything pertaining to Hawaii, and showed more interest than I expected in the Pearl Harbor matter," said Mr. Wood.

EQUALIZATION

The Board of Tax Commissioners met last night with the Board of Equalization at the tax office, and went over at length some important matters regarding the different taxes.

Those present at the meeting last night were L. Tenney Peck, A. F. Judd, A. Perry, chairman of the tax commissions, Treasurer Campbell and the members of the Board of Equalization, which is composed of all the tax assessors of the different islands.

AFTER THE SHOW.
The Alexander Young Cafe will be open every night after the show. The dearest suppers and light refreshments in town.

SHIPPING
JAPANESE

WATER FRONT IS STIRRED OVER SHIP ASTRAL'S PLAN TO TAKE ORIENTAL CREW.

A fine of thousands of dollars may await the Standard Oil ship Astral upon arrival at New York if she leaves here with a Japanese crew.

The law is explicit and anyone landing Japanese of the excluded class in the United States is liable to heavy penalty.
If the Japanese signing on the Astral are in reality sailors they are exempt— are out of the excluded labor class—but so far the evidence is that there will be trouble for the Astral at New York unless she is absolutely certain of shipping bona fide Japanese sailors here.

Already four Japanese who have applied to sign articles aboard the Astral have been shown to have purchased their discharges in the open market, from real Japanese sailors who has no further use for them.
Neither Inspector in Chief of Immigration Raymond Brown nor U. S. Shipping Commissioner H. N. Almy can prevent Captain Dunham of the Astral signing on a Japanese crew if he desires, but that the master of the ship may not act blindly, and that he may be given the opportunity of avoiding trouble, it is being ascertained here whether or not the alleged sailors signing on the Standard Oil ship are bona fide, or are men seeking admission to the United States mainland through this signing on.

The Bureau of Navigation, co-operating with the Immigration Department, requires Shipping Commissioners to keep account of Japanese shipping on vessels and to furnish data when possible as to their real intentions.

As stated yesterday in The Star, there are forty sailors on "the beach" who might be drawn from for an Astral crew and some of them are men discharged from the Astral who would be willing to return.

Incidentally, when Captain Dunham paid off his crew he gave them all V. G., very good, on their discharges. The reason for wanting Japanese, of course, is that they will sign for small wages. "Rockefeller needs the money," said an American sailor this morning.

HURT AT DAM,
WANTS DAMAGES

PORTO RICAN LABORER SUING CONTRACTOR WHITEHOUSE FOR FIVE THOUSAND DOLLARS.

The trial of a damage suit instituted by Caballero Mejia against L. M. Whitehouse for \$5000, was begun this morning before Judge De Bolt and a jury consisting of the following citizens: Chas. Lucas, W. F. Lemon, A. G. Kannegrasser, H. Kaai, W. W. Buckle, J. F. Soper, W. E. Kimball, S. K. Kanakau, E. V. Dunn, E. O. White, Geo. Lishman and T. O. McGuire.

The plaintiff is a Porto Rican who was employed as a laborer on the Nuanu dam construction under Contractor Whitehouse. On July 30, 1907, he was caught by the caving of an excavation and sustained a broken hip from which he claims not to have yet recovered.

T. M. Harrison is attorney for the plaintiff and Thompson & Clemons for the defendant.

COUNTERFEIT CASE.

The case of Kim Hey Wan, one of the Koreans from Kauai charged with having in his possession counterfeit gold coin, is now on trial in the United States District court, having been taken up this morning. Like Ong Too Wan, who was convicted yesterday of the same offense, the prisoner declined to have an attorney appointed for him preferring to make his own defense.

RHEUMATISM.

No external application is equal to Chamberlain's Pain Balm for Rheumatism. Prompt relief follows its use. A trial will convince you of its superior merit. For sale by all dealers Benson, Smith & Co., agents for Hawaii.

PASSES
IN HOUSE

DELEGATE KUHIO NOTIFIES GOV. FEAR OF PASSAGE OF 15 YEAR LEASE LAW.

A cable from Delegate Kalaniana'ole for Governor Frear reached here today stating that the House had passed the 15-year leasehold amendment to the Organic Act.

This is a bill which was introduced in Congress at the instance of Governor Frear and extends the time in which the Territory may lease agricultural lands from 5 to 15 years. The passage of the bill by the House practically assures its becoming a law, and will be of considerable importance to the Territory inasmuch as it will enable lands to be developed which at present cannot be owing to the short time of lease which in many cases will not justify a lessee in clearing the lands and irrigating it for the crops it will yield in the time given. The bill makes it optional with the governor whether the full term of 15 years is granted on any particular lease, or a fraction of this time.

ADVANCES FOR
COMMANDERS OF
THE BIG FLEET

WASHINGTON D. C., March 17.—Rear Admiral Charles M. Thomas commander of the third division of the Atlantic fleet now at Magdalena Bay, has been today advanced to succeed Rear Admiral Robley D. Evans, Commander in Chief. Upon the arrival of the fleet at San Francisco Admiral Thomas will retire and Rear Admiral Charles S. Sperry, now commander of the fourth division of the big fleet, will be in charge and will take the fleet home. Captain Sexton Schroeder of the battleship Virginia and Captain Wainwright of the battleship Louisiana are advanced to Rear Admirals.

HAYTI SITUATION
IS VERY SERIOUS

PARIS, March 17.—A massacre of the whites in Hayti is still feared. Refugees in the various Foreign Legations have been forbidden to leave the country. Many executions have taken place.

ROCHE DID NOT
LAST ONE ROUND

DUBLIN, March 17.—Burns, the American champion, today knocked out Roche, the French pugilist, in the first round.

KINAU'S LAST

L. I. S. N. S. S. Kinau, Captain Clarke, left at noon today on her last regular run on the Hilo and way-port route, for next Tuesday the splendid new Mauna Kea takes up the Big Island run. Just to show that she is as good as she ever was in kicking up her heels, the Kinau intends to beat the S. S. Mauna Loa, which also left at noon, to Maalea Bay.

RECEPTION WEDNESDAY.

The officers of the Christian Church will give a reception at the church, Alakea street, on Wednesday evening, to Mr. and Mrs. O. A. Hushaw, who are entering on mission work in the city. All members of the church and friends are invited to be present.

AN ENTERPRISING MERCHANT

K. Yamamoto is the biggest importer of Japanese goods in Hawaii. Eve's steamer from the Orient (tramp or passenger) brings him the largest shipment consigned to one firm. By getting his goods in large quantities the freight and other charges are greatly reduced which enables him to undersell all competitors.

CONGRESS AND
PEARL HARBOR

UNION IRON
WORKS GROW

(Associated Press Cable to The Star.)
SAN FRANCISCO, March 17.—The Union Iron Works will enlarge its great plant at a cost of \$500,000 to meet the constantly increasing demand.

(Associated Press Cable to The Star.)
WASHINGTON, D. C., March 17.—The House today passed the bill authorizing fifteen-year land leases in Hawaii Territory.

Best cup of coffee in the city, New England Bakery.

The Star this morning cabled an inquiry to the Associated Press regarding the fortifications bill reported yesterday in Congress, and a reply, printed below, has been received showing definitely that Pearl Harbor fortifications were stricken from the bill. This morning's cable said that the total had been cut from about 38 millions to a little over eight millions, but that practically everything in the Taft board's recommendations had been included, but as it would be impossible to cut the total to that extent and still carry out practically all the recommendations, a repetition of the news was called for.

It would seem from the form of the later cable that the bill as reported calls for carrying out all the Taft's board's recommendations regarding Hawaii except as to Pearl Harbor. It is thought by some who have been watching the progress of the Pearl Harbor campaign that Pearl Harbor improvement appropriations will be in a separate report.

The answer to The Star's inquiry is as follows:
(Associated Press Cable to The Star.)

WASHINGTON, D. C., March 17.—Fortifications for Pearl Harbor, Oahu, are not included in the \$8,210,611, the total carried by the Fortifications Bill reported by the Sub-Committee on Fortifications of the House of Representatives yesterday. In the \$8,210,611, instead of \$38,443,945 asked for by the War Department, there is \$1,100,000 for Honolulu fortifications and for mortars for Pearl Harbor.

The following is the House Committee's report in favor of Pearl Harbor:
The Committee on Naval Affairs, having had under consideration the bill (H. R. 18120) to establish a naval station at Pearl Harbor, Hawaii, reports the same with the recommendation that it do pass without amendment.
The Hawaiian Islands afford the only possible location for a strong naval base in the central Pacific Ocean for a distance of over 4000 miles from our western coast.
Pearl Harbor is beyond question one of the best, if not the best, natural harbors in the world. It has a depth of water of over 60 feet and an area of

NICKLEODEUM MEN
LOSE THEIR APPEAL

MUST PAY FIVE DOLLARS A DAY LICENSE FOR RUNNING THE MOVING PICTURE SHOWS—SUPREME COURT HOLDS THAT EACH DAY'S SHOW CONSTITUTES SEPARATE PERFORMANCE WHICH MUST BE PAID FOR.

A decision of the Supreme Court this morning was a very severe blow to the nickleodeum men, and may close some of the places where crowds of people have been enjoying moving pictures lately. The decision, which is in the test case of Stuart Taft vs. Treasurer Campbell, holds that the shows are liable for a license fee of \$5 per day—about three times what a saloon license costs.

Taft's concern have been paying the \$5 per day under protest, while a test case was appealed. The opinion of the court, by Chief Justice Hartwell, gives the following ruling, under which some of the small nickleodeum places may have to quit:

"Only one license fee of \$5 a day should be charged, or is charged, for a daily exhibition for which but one admission fee is taken. It is only by insisting that the exhibition which occupies 45 minutes is a complete performance for which a license fee of \$5 might be charged that the plaintiff claims that the law would be so harsh as to be prohibitive and therefore invalid. The premises being untrue in fact the conclusion does not follow."

TAKES LEPERS

The seven Japanese lepers who are to be returned to Japan on the Kasado Maru sailing at 5 o'clock today, will be turned over by the Territorial authorities to the Japanese Consul at 2:30 o'clock this afternoon and taken aboard the steamer. Since their return from Molokai on Sunday morning they have been kept at the Kailih Receiving Station.

ECLIPSE CAPTAIN ROASTED CREW

HANA, Maui, March 14.—This is the port of Maui at which the fourteen shipwrecked crew of the ill-fated ship Eclipse first touched land after a 16-day voyage of nearly 1,000 miles in an open boat.

Larsen is declared to have spoken in the most contemptuous terms of his men. When they were being nursed back to life with eggnog and other nourishing stimulants he is said to have pronounced the proceedings foolish, calling his men cowardly cowards with other choice forensic epithets.

EMIGRATION COMPANIES NOW TURN TO INDIA

TOKIO, March 2.—Steamship and emigration companies are turning their attention to India, emigration from Japan having been cut off by Japan's voluntary action. Many laborers from India are taking passage to Vancouver.

EVERYBODY AFTER TICKETS

The Lilliputians are becoming more popular with each performance. Last night, there was an unusually large crowd in early attendance, and standing room was sold out in a twinkling.

Those who saw the last two nights performance cannot doubt that the versatile little actors will make as great a hit in the comic opera line as they have in the musical comedy, and, as this opera is always well received, they are sure to delight their audience with another entertaining evening.

STANLEY aged 4 is one of a large family. Besides numerous sisters and brothers there are aunts and uncles galore and many cousins. The only young people, however, are those in his immediate household.

My mother and the cat seem to be the only people in this whole family that have any children!

TAFT MAKES A SPEECH

DETROIT, Feb. 12.—The truth is that we have not enough regulation of railroads. It is said that the Interstate Commerce Commission is not a safe way in which to control them. It is the only way in which we can control them. It is that we go to government ownership with all the state association which it involves.

PEARLS AND PEBBLES

Each berth is furnished with an eight candle-power reading lamp. In the furnishing of the rooms brass and mahogany have been used extensively, and mattresses, carpets, upholstery, curtains, every part of the equipment in fact, combine artistic beauty with the highest quality.

The main propelling machinery of the Tenyo Maru is composed of Parsons' marine steam turbines. One H. P. turbine with rotor of 76 inches diameter is situated at the center of the engine-room and one L. P. turbine with rotor of 106 inches diameter is placed on either side. Each turbine drives a separate shaft of 12 1/2-16 inches in diameter, fitted with one propeller.

APPROPRIATIONS

WASHINGTON, March 17.—The Subcommittee on Fortifications of the House yesterday reported the Fortifications bill, which carries a total of \$3,210,611 instead of the \$3,443,945 asked for by the War Department. It includes practically everything recommended by the Taft Board with the exception of the fortifications at Pearl Harbor.

THE LOWRIE CASE

In the Lowrie vs. Baldwin et al \$400,000 damage suit, the Supreme Court this morning after listening to arguments, granted a motion of the defendants to dismiss certain reserved questions from the Circuit Court, without, however passing on the validity of the action of the lower court in dismissing the case on grounds of failure to file bond for the costs of the suit as provided.

PRESIDENT AS ESPERANTIST

WASHINGTON, March 2.—Efforts were made today to interest President Roosevelt in Esperanto. The matter was brought to his attention by Edmond Privat, who represents the Esperanto Congress and the Universal Congress of Peace, which met in Munich in September. He was presented by Leo Vogel, Minister of Switzerland. The President said he would look over the papers submitted to him, which point out the advantages of the universal language and of the campaign which is to be inaugurated to have Esperanto spoken in the public schools of the United States.

Secretary Taft came on squarely against government ownership in the words quoted above in a speech this afternoon at a luncheon of the Michigan Retail Lumber Dealers' Association. Six hundred male diners, with hundreds of men and women spectators in the gallery, heard the declaration. Secretary Taft continued: "We have enough concentrated power in Washington now. To increase it so that the Executive should control the enormous body of civil servants which would necessarily follow would result in making a President more powerful than any king who lives today."

Secretary Taft arrived in Detroit at 12 o'clock from Grand Rapids in company with M. Jusseland, the French Ambassador; Governor Curtis Guild, Jr., of Massachusetts; William Alden Smith, United States Senator from Michigan; Governor P. M. Warner and several other speakers at last night's Lincoln Club banquet in that city. The Secretary greeted several thousand people at a public reception, which began immediately after his arrival at the hotel. Throughout his stay the Secretary's appearance on the street was the signal for cheers.

AN UNMARKED GRAVE

NEW YORK, Feb. 28.—William Avery Rockefeller, the father of the richest man in the world, is said to have been none other than the man who in 1906, bearing the name of William Livingston and now lies in an unmarked grave at Freeport, Ill. He was 96 years old.

For fifty years it is alleged, he lived a double life under the name of Livingston and for thirty four years he had two wives; one, the mother of the oil king, who died in 1889, and the other, Margaret L. Allen, whom he married in Ontario, in 1855. Until within a few years of his death his second wife did not know that he had been married before, or that the name she bore was a false one. Even now she will not admit that he was William Rockefeller.

AUTOS FOR THE FLEET OFFICERS

SAN FRANCISCO, Mar 2.—The California State Automobile Association has taken up the question of providing automobiles to take the officers of Admiral Evans' fleet around the picturesque parts of San Francisco, and has appointed S. G. Buckler, H. S. Jackson and L. P. Lowe as a committee to handle the affair. The committee has issued a letter to every automobile owner whose name can be found, and desires it known that if any automobile owner has been overlooked the committee will be glad to hear from him, as it wants as many automobiles as possible so as to make the drive a success. The letter issued by the committee reads as follows:

UNDER THE AGE.
A negro got on a Market street car at the Pennsylvania Railroad ferries the other day. In his arms he carried a pair of geese. He selected a cross-wise seat, and deposited his companions on the seat beside him. By the time the conductor came to him for his fare the car was crowded. After getting the fare he turned to ring it up on the register. He again turned to the negro and said, "Fare, please." "Is done just paid yoh ma fare," replied the man. "Come on, you'll have to pay for the animals. They've got a seat," said the conductor in a threatening manner. "Is not gwine ter pay yoh no mo, fo' dey ain't free yeans old yet."

CORNER FORT AND BERETANIA STREETS.

Kee Lox
CLEAN CARBON PAPERS.
make impressions that are permanent, and do not rub in handling, because they have no grease in their composition. Their impressions are sharper and more clear-cut than the old grease carbon; and, because they are clean, they can be used twice as long as any other. That makes them cost less.

Your Home Reflects your Breeding
And nothing in the home-furnishings emphasizes one's good taste as does the china, bric-a-brac and pottery that is displayed.
The factories of Europe dump on these shores each year hundreds of thousands of articles that come under the general characterization of bric-a-brac and art pottery.
Save the mark!
There are many thousands of meritorious articles sent here, too. And some are dirt cheap.
We are specialists in the china business. It has our whole attention. We are experts. That's why you will find the choicest things here always—including the meritorious "dirt-cheap."
You don't risk your reputation for good taste here no matter what you select.
