President's Report

By Kim Fuller President

A beautiful morning, sun rising, roadrunners running, rabbits jumping, and new things unfolding. Making our life easier is our new website that has just been released. It was launched on August 6, 2018. Representatives from the Information Advisory Committee (IAC) and the Computer Club will be holding classes for anyone who wants help to learn how the new website works. But I have to say I found navigating and using the new site much easier than the old one.

After more than a year of work, beta testing by many, and comments from users on improvements, the new website is now online. After seeing the demo given to the Board, we all were impressed and looked forward to the new format. On August 6, after watching the sunrise, I spent time navigating through the new website. I have to say, great job to the IAC for a job more than well done. Many changes have been made to make it much easier to determine where to go for information about the HOA. As you use the new website, feel free to make suggestions because changes and improvements can be made as we go along at any time.

I want to thank the IAC for the long hours of hard work they put in to make this happen. Committee members Linda Aasen, Lin Conrad, Terry Coon, Kris Downey, Bob Firring, Claudia Marley, George Stephens, and Board Liaison Fera Mostow all worked together along with Gus Ramirez, Communications Manager, from staff. A very special thanks to the Committee Chair, Erin Smith, for the last two years of seeing this project through to reality.

This project was designed to improve communication with all residents by providing accurate information about the HOA in a timely manner. As part of this process, we are asking everyone to sign up for the email announcement system called "e-blasts." The HOA sends out announcements weekly, and sometimes more, with information and up-to-date news regarding the HOA. These announcements can range from new items for special events, to changes in schedules, to emergency warnings, to updates on HOA business. By signing up for this service you will get all the announcements that we send out to residents on any given day.

To sign up, we need you to fill out a form. We are not allowed simply to put you on the system; State law requires you sign up for the service. We need to verify that you want us to send you such information. Some residents told us they were concerned that, by signing up for such email announcements, they would also receive all legal notices by e-mail rather than by regular mail through the post office. This is not the case. When you sign up for the e-blast service you will only be getting announcements in your e-mail. All other legal documents will still be sent by regular mail. Sign-up forms are available on the new website or at the HOA office. Please help us communicate with you by signing up for the e-blast service today.

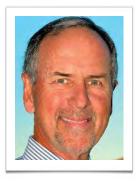

Thank you all for another day in paradise. It is easy to look around and know, "It doesn't get any better than this."

Kim

Jose Zaragoza

Employee of the Month August 2018

We are pleased to announce Jose Zaragoza as the Employee of the Month for August.

Jose has been with us since November 2011 and has always showed great core values. He takes care of all building exteriors, cleaning throughout the community, and he is always there when we need him.

Recently while helping clean inside the Montecito Clubhouse, Jose found a small purse and reported it right away to his supervisor. His supervisor turned the purse in to our Director of Security, who was able to locate the purse's owner.

The owner was very grateful and worried the purse would not be seen again. The owner was about to return back to Canada that day and had a large amount of money in the purse that Jose had found – needless to say, the owner was very thankful.

We thank Jose for his honesty and loyalty to this community and its residents.

Emergency Preparedness Sub-Committee

Generators for Your Home

Many of our residents have attended our Disaster Preparedness-101 seminar where electrical generators were briefly discussed. Since then, many of you have independently asked me, "What should I do for my house?"

Here is a little information about what my wife and I did. *This discussion focuses solely on portable gasoline/ propane fueled generators.* Brand names are **strictly demonstrative and not endorsements** by the EPSC or the HOA.

Whole-house generators that run on natural gas and/or liquid petroleum (LP) are another option. Their upside is they are automatic and kick in at the start of a power failure (important if you are away), and they are quieter. Their downside is 1) cost; and 2) if your natural gas supply is interrupted you cannot run the generator without LP. Noise suppression information for a portable generator is widely available on YouTube or the internet.

Our home is the Phase 3, 2,850 sq. ft. Californian model; and we bought the Costco dual-fuel Champion brand, peak-9,000 watt/run-7,000 watt portable generator. Current cost is about \$700. Check portable generators available online or in stores such as Costco, Grainger, Harbor Freight, Home Depot, and Lowes.

You should assess how many and which circuits you want to energize and add up the total wattage from each circuit to help determine how much load you will have, then buy a slightly larger generator.

Fuel is an issue. The current in-store Costco generators are dual-fuel (gasoline and/or LP). LP is easier and safer to store. We constantly keep our cars fueled at full capacity for optional fuel storage. Fuel burn rates vary based on the size of the generator and its engine, as well as total load on the generator portion. The more load drawn, the more fuel burned.) You will get less run-time on the cleaner burning propane than gasoline, but the dual fuel option is a good thing to have.

Your main A/C unit will draw quite a bit of load, especially when it starts or kicks on. Alleviate the heavy starting draw by having your A/C technician add a kick-start capacitor to your A/C unit. (This is a nominal cost: I paid \$100. Also, consider raising your thermostat to lower A/C use.. I have two mini-splits in our home (garage, and front bedrooms) in addition to the much larger central unit. Mini-splits are DC-powered and do not have the starting draw problem.

You may need a City permit but, regardless, unless you are a licensed electrician yourself, you will need a licensed electrician to install a transfer switch or exterior plug/box for the generator, wiring it into and behind your breaker box. (Costs vary depending on the electrician, so shop around.) The City will require an automatic disconnect, disconnecting your home from street power; this is a safety issue to avoid back-feeding into the street and hurting repairmen, etc. Your breaker box should already have a manual disconnect.

I switched out our interior/exterior lighting to LEDs with a few CFCs still to go, and this dramatically lowered the total wattage. Our 9,000/7,000 watt generator powers the entire house: refrigerators, microwave, TVs, lighting and, most important, the A/C. However, during a crisis I would not turn everything on to conserve fuel and put less stress on the generator.

I hope this is useful!

Please join us and become prepared! It really is quite easy!

The Longest Living Married Couple in the United States: Our Own Ralph and Dorothy Kohler

By Aggie Jordan Photos Provided By The Kohlers

It is clear that Ralph and Dorothy Kohler are the longest married couple in California and, as far as we know, in the United States. In our research we can find no evidence to the contrary. On February 5, 2018, the Gannett newspaper announced that the longest married couple in California were married 81 years, but Ralph and Dorothy had already been married 82 years then; and they will celebrate their 83rd wedding anniversary on September 16 of this year. When their daughter, Kay Burden, informed *The View* about this magnificent but rare achievement, we were overjoyed at our chance to share this with our readers.

To honor their years together, in 1995, Ralph and Dorothy observed their 60th wedding anniversary with a beautiful celebration. Shown here cutting their wedding cake, she dressed in a wedding gown and he in a white tuxedo. They renewed their wedding vows before family and friends. All joined in a joyous reception where the celebrants entertained them with their ballroom dancing. But a little about that later.

Dorothy celebrated her 99th birthday on May 13 of this year; and Ralph turned 100 on January 6. On September 16, 1935, they appeared before a Justice of the Peace in a courthouse in Tekamah, Nebraska. This official refused to marry them despite the fact that Dorothy's mother accompanied them. "You are just too young," he pronounced. They were not deterred and headed for the county seat, where the county judge performed the ceremony with both Ralph's and Dorothy's mothers present

Ralph grew up with a passion for hunting but, when he met Dorothy Redding, "I could not imagine anything but guns and hunting occupying my mind, and I must admit I was confused. How could anything replace...the hours spent hunting and roaming the vast acres of timberland full of wildlife? All this was molded into one glorious moment when I said, 'I do,'" he writes in his autobiography, *Born to Hunt*, a book his wife and supporters urged him to publish in 1997.

Until 2014 Ralph and Dorothy lived in Tekamah when their daughters convinced them to join them in Sun City Shadow Hills. Today they live in Phase II with their youngest daughter, Kay Burden. Their older daughter, Jeannie, and her husband, Bob Frazier, also live here with their daughter, Dana. Ralph and

Dorothy's only son, Max, lives in Albuquerque, NM. Their 83 years of marriage have also produced seven grandchildren, six great grandchildren, and two greatgreat grandchildren. And to think the city official thought the marriage wouldn't last.

In 1938, five years into their marriage, Ralph established the Kohler Welding and Machine Shop. Although eligible and willing to serve his country in World War II, his local draft board determined that it was more important for Ralph to continue his machine and welding business than serve with the military. His was the only machine shop in town, and his work was essential to the local farmers.

During the hunting season Dorothy became concerned that the time Ralph was taking off from work was greatly reducing their income. She suggested that she wouldn't mind his hunting so much if he got paid for it.

In 1939, taking Dorothy's remark to heart, Ralph established the Kohler Commercial Hunting Company. The Army Engineers cleared the sandbars and built dams in the eastern Nebraska Missouri River where Ralph had hunted for so many years. Thus the river had lost its attraction both to the waterfowl and the hunters. So Ralph decided to create his own hunting areas. After purchasing over 60 acres of property, he designed and constructed three separate lakes, surrounding each lake

with plantings of buckwheat and fields of millet, perfect for attracting the many birds migrating over that central flyway. His machine and welding company designed and built metal blinds that could be sunk into the ground on the property, and Ralph established K and W Company to design duck and goose decoys. The metal blind company soon became Kohler Blinds and operates until this day.

Over his career, Ralph entertained over 55,000 hunters and became well known not only throughout the United States but internationally as well.

Awards

From 1946 to 1956 Dorothy and Ralph took up the hobby of trapshooting. Eventually this grew into a competitive sport, even convincing their son, Max, to join them. In 1952 father, mother, and son won the honor of being on the **All-American Trap Team**; and all three won their individual divisions. As National Trapshooting Champions, Ralph and Dorothy are both honored in the **Nebraska Hall of Fame**.

Ralph is widely known as a premier waterfowl hunter. Ducks Unlimited, Inc., presented him with the **Lifetime Achievement Award** in 2003. But of the numerous awards he has received, his most treasured is the induction into the **Legends** of the Outdoors National Hall of Fame in 2006.

Through their years together, Dorothy was always Ralph's constant companion. Whatever he suggested that they do — trap shoot, hunt, or bowl—Dorothy was right there to support him. Before each hunting season, together Dorothy and Ralph would paint hundreds of duck decoys. But a time came for Dorothy to take the lead with her own special interest. When Ralph suggested that they go on a cruise, Dorothy's response was, "No way...unless you learn how to dance." One Saturday, Dorothy convinced Ralph to accompany her to the Arthur Murray Dance Studio in Omaha. When they arrived, the studio was closed; but Dorothy was not daunted. She made reservations for the following Saturday, and off they went to a career in ballroom dancing as cruising became their delight. This amazing couple earned over 300 awards and trophies. They competed all over the United States and won several events in the Las Vegas Gold Bar Competition.

With all these awards and outside attention, Ralph took special care to demonstrate his love for Dorothy. He was a romantic and wrote her love poems, sent her flowers, supported her, and in 1969 built her one of the largest and most beautiful homes in Tekamah.

Dorothy recently suffered a stroke, but as we talked to them she reached for his hand. He took it and said, "She's still my girl."

For our readers who are hunters, Ralph would be happy to give you some pointers. If you would like to visit with him, contact kayburden88@gmail.com.

Places to Visit — Things to Do An "Every-Now-and-Then" Feature of *The View*

Unexpected Sights along the Salton Sea

By George Erhart

PHOTOS BY BETH BOLDUC AND GEORGE ERHART

A trip down the eastern side of the Salton Sea, only about an hour from SCSH, provides so many different – and somewhat otherworldly – things to see. There's Bombay Beach (once a thriving resort in the early 1960s), the International Banana Museum (with some 20,000 banana-themed items), geothermal electricity generating plants, water fowl preserves, outcroppings of black (glass-like) obsidian volcanic rock, and three truly "out of the ordinary" sites.

Salvation Mountain is a 50-foot-high, man-made hill covered with cement and paint created by local resident and folk artist Leonard Knight (1931-2014). Built over 28 years, the hill is brightly painted in many colors and contains Christian sayings and Bible verses. Other items such as a painted truck and decorated boat are also on display. But pictures describe the scene better than words:

Just past Salvation Mountain is **Slab City**, where concrete foundations are the only remnants of an abandoned World War II Marine desert training base. These slabs become sites where RVers hole up for the winter, a free campsite and an alternative living community. With no electricity, water or sewers, or government, "The Slabs" appeal to those who like to "live off the grid."

East Jesus is just beyond Slab City. The name is a colloquialism for the middle of nowhere, beyond the edge of services; it has no religious connotation. Here, resident artists use discarded, recycled, or repurposed materials to create sculptures, installations, and displays expressing creative, sustainable art. Again, pictures, not words, best describe what you will see.

Salvation Mountain

Signage for Slab City and East Jesus

Just a few of the things you'll see at East Jesus

You can look up each of these places on the internet to see more pictures and history. If you are intrigued to visit them, here are directions: Go east on I-10 just past Golf Center Parkway, then take Highway 86. In about 13 miles, take the exit for Highway 111 and follow it down the eastern side of the Salton Sea to Niland (62 miles from SCSH). At Niland, turn left on Main Street and follow the signs to Salvation Mountain.

If you go, a bit of advice:

- Be sure you have a full tank of gas and take a lunch and water. As I recall, there is only one gas station and one restaurant in the area.
- If you are a bit uneasy about visiting "way out places" where people "dance to a different drummer," you may want to go with a couple of friends to feel more comfortable. Go when it's not too hot (November through April)!

- Wild Birds: The Coachella Wild Bird Center is a nonprofit organization, run by a volunteer staff, that cares for injured, sick, or orphaned birds before releasing them back into their habitats. Birds arrive from many sources including the general public, animal control agencies, California Fish & Game and the U.S. Wildlife Service. The Center is small and compact, and most of the birds are housed in cages outside. It is interesting to hear the volunteers tell about how some birds serve as "surrogate mothers" and about the names and history of some "permanent resident birds" that can't be released back into the wild. Open daily, 8 am – noon. Guided bird walks are held the first Saturday of the month, October – May, at 8 am. Admission is free. (46-500 Van Buren Street, Indio, 760-347-2647)
- Grizzly Bears: Well, they aren't alive; but the La Quinta Museum is featuring the exhibit "Bear in Mind, The Story of the California Grizzly." A 12 ft. life-size poster of a grizzly makes a fun backdrop for a "selfie." Another exhibit, "The Art of the Shack," displays both artists' and children's creations of shacks portraying "homes" of sharecroppers in the Deep South. Both exhibits run through September 15. The museum, at 77-885 Avenida Montezuma, La Quinta, is open 10 am 4 pm, Tuesday Saturday. Admission is free. (*laquintamuseum@gmail.com*)
- Cactus: Visit the Moorten Botanical Garden and Cactarium in Palm Springs where you can see all kinds of cactus and desert plants, and maybe even a desert tortoise. This family-owned botanical garden dates back to the late 1930s. Some plants are offered for sale so, if you ever thought of starting a small cactus garden

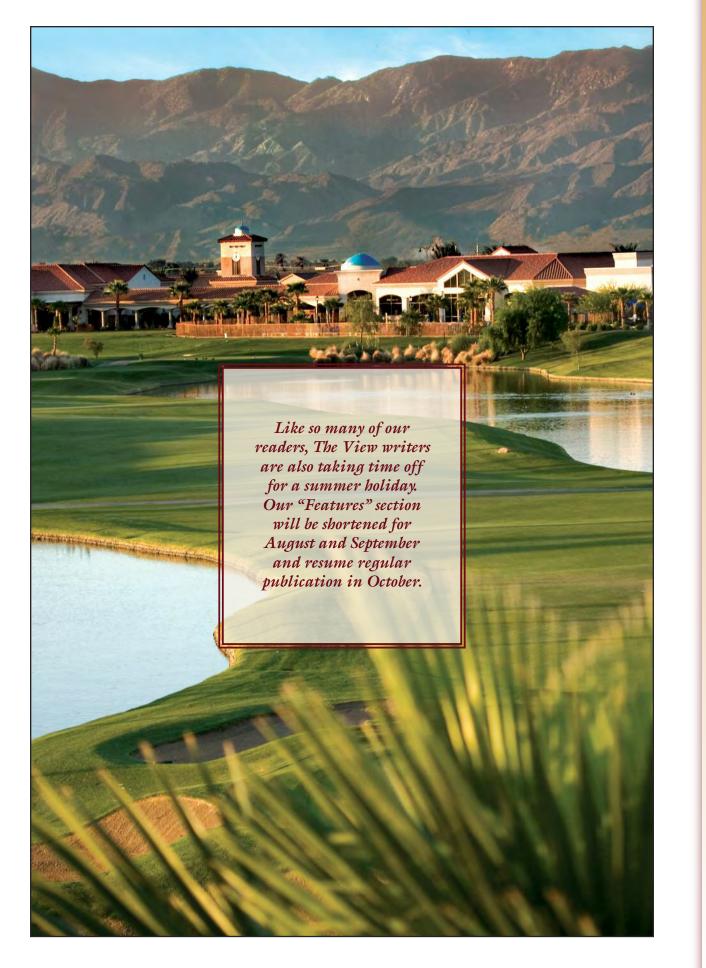

(like I did), this is a good place to begin. Located at 1701 Palm Canyon Drive, summer hours are 9 am – 1 pm. Starting September 21, hours are 10 am – 4 pm. Closed on Wednesdays. Admission for seniors is \$5. (*www.moortenbotanicalgarden.com*)

- **Stars:** The Rancho Mirage Observatory offers a unique opportunity to expand your understanding of the universe while stargazing at our night sky. The telescope, which can see for a distance of 50 million light years, sits on a 16 ft. concrete pedestal that is anchored by a 120,000 lb. concrete footing truly an amazing piece of equipment, right in our backyard for all to enjoy! Gary Lewis & the Playboys · December 8, 2018

It was the summer of 1964 when Gary Lewis & the Playboys were discovered by producer Snuff Garret. Before long, with the producer/arranger team of Garrett and Leon Russell behind them, they took their first single, "This Diamond Ring," straight to number one.

After their second hit titled "Count Me In" went to number two, Gary and the band proved that they would be a continued success. They followed with more Top 10 songs such as "Save Your Heart For Me," "Everybody Loves A Clown," "She's Just My Style," "Sure Gonna Miss Her," and many more.

In 1965 Gary himself was *Cash Box* magazine's Male Vocalist of the Year, winning the honor over the other nominees, Elvis Presley and Frank Sinatra. He was the first and only artist during the 1960s to have his first seven releases reach Billboard magazine's Top 10 on the Hot 100 chart. Along with his appearances on various popular television shows including *American Bandstand*, *Hullabaloo*, and *The Tonight Show*, Gary accumulated an impressive five appearances within two years on the *Ed Sullivan Show*.

The Long Run (Eagles Experience) · January 5, 2019

Since their debut in 1999, The Long Run (TLR) has earned their place among the top-drawing tribute acts in North America and is widely regarded as the finest Eagles tribute show working today. This year, their 90-minute concert for AXS TV's *The World's Greatest Tribute Bands* was broadcast live from Hollywood and seen in five countries.

Marked by lush vocal harmonies and exceptional musical accuracy, every TLR performance delivers a reverence for the beloved Eagles studio recordings blended with The Long Run's own live-concert personality.

Maria Muldaur · February 2, 2019

Maria Muldaur is best known world-wide for her 1974 mega-hit "Midnight at the Oasis," which received several Grammy nominations, and enshrined her forever in the hearts of baby boomers everywhere. But, despite her

considerable pop music success, her 52-year career could best be described as a long and adventurous odyssey through the various forms of American Roots Music. During the folk revival of the early '60s, she began exploring and singing early Blues, Bluegrass, and Appalachian "Old Timey" music, beginning her recording career in 1963 with the Even Dozen Jug Band and, shortly thereafter, joining the very popular Jim Kweskin Jug Band, touring

and recording with them throughout the '60s.

In the 42 years since "Midnight at the Oasis," Maria has toured extensively worldwide and has recorded 40 solo albums covering all kinds of American Roots Music, including Gospel, R&B, Jazz, and Big Band (not to

mention several award-winning children's albums), before settling comfortably into her favorite idiom, the Blues, in recent years. Often joining forces with some of the top names in the business, Maria has recorded and produced, on average, an album per year, several of which have been nominated for Grammy and other awards.

Her critically acclaimed 2001 Stony Plain Records release, *Richland Woman Blues*, was nominated for a Grammy and by the Blues Foundation as Best Traditional Blues Album of the Year, as was the follow-up to that album, Sweet Lovin' Ol' Soul. Her timely 2008 album, *Yes We Can!*, featured songs from some of the most socially conscious songwriters of the past half century: Bob Dylan, Marvin Gaye, Allen Toussaint, Garth Brooks; and others; it also featured her "Women's Voices for Peace Choir," which included Bonnie Raitt, Joan Baez, Jane Fonda, Odetta, Phoebe Snow, Holly Near, and others.

John Sebastian · February 2, 2019

Over four decades the contributions of John Sebastian have become a permanent part of our American musical fabric. His group, The Lovin' Spoonful, played a major role in the mid-60's rock revolution; but what leader, singer, and songwriter Sebastian had in mind was actually a counter-revolution. "We were grateful to the Beatles for reminding us of our rock and roll roots," John explains, "but we wanted to cut out the English middlemen, so to speak, and get down to making this new music as an 'American'

> After leaving the group he founded, John bore witness to another turn of the musical Zeitgeist with his performances at

> > massive festivals

band."

like Woodstock and its English equivalent the Isle of Wight. He had been involved in music for, most notably, Francis Ford Coppola's *You're A Big Boy Now* and Woody Allen's *What's Up Tiger Lily*) and Broadway. But when producers of a TV show called *Welcome Back Kotter* commissioned a theme song in 1976, Sebastian's "Welcome Back" became a chart-topping solo record.

John is also a welcome media presence; his commentary, insights, and anecdotes and stories are regularly featured in print, radio, TV, and documentary projects. John Sebastian is not only a master musician, writer, and performer; he remains one of the best ambassadors American music has ever had.

Evelyn "Champagne" King · March 9, 2019

Evelyn "Champagne" King is one of the few disco stars who successfully weathered the decline of disco to have more hits through the 1980s. Not only did she manage to survive as a star into

the 1980s; she is still recording and touring frequently today.

Evelyn was born into a musical family. She was born in the Bronx; and her father, Erick King, performed often as a stand-in singer for various groups, occasionally at the legendary Apollo Theatre. Later, her

family moved to Philadelphia and 14-year old Evelyn began performing professionally with a local band from South Philly.

Evelyn had only minor success through the end of the 1970s, but she began working with former B.T. Express member Kashif, who also had a partner, Paul Laurence, and they teamed up with Evelyn. The result in 1981 was "I'm in Love," a #1 dance hit. Evelyn followed up with the *Get Loose* album in 1982 and another smash, the classic anthem "Love Come Down." Kashif maintained an open, uncluttered production style that let Evelyn's strong, rich voice shine through.

"It's always been important to me to be in touch with what's going on in music," Evelyn explains. "I enjoy being in the clubs, on the street, listening to what's hot on radio. I know that translates to *The Girl Next Door*, which is very 'now,' and I think that has something to do with my continued success over time."

Golf Operations

By Rolland Vaughn General Manager, Shadow Hills Golf Club

As fall continues to draw near, the most frequently asked questions are all related to the timing and process of our overseeding. We have provided the closure dates for the golf courses, practice tee, and Montecito putting course to the right.

Because of the success of the process we implemented last fall and our goal of continuing to improve the year-round playing conditions of both golf courses, we will be performing the same overseeing process this year. Below is a recap of the information we previously provided:

In the past, all golf courses in the Coachella Valley would aggressively "scalp" the Bermuda grass in all areas of the course. This scalping would remove the entire grass blade leaving only the stem of the plant. This was extremely labor intensive, caused substantial wear to the maintenance equipment, produced tons of green waste, blew dirt and dust everywhere, and made recovery difficulty for the Bermuda grass in the spring.

We have now adopted a new process that has been successful at prominent facilities in both California and Arizona. Throughout the summer we have been improving Bermuda coverage and working the height-of-cut lower in preparation of this new process. With the grass cut low to the ground, a chemical application will be made forcing the Bermuda grass into dormancy. The winter grass seed will be spread around the courses, then watered and fertilized to promote germination. Once the grass has germinated and grown to a certain level, we will begin mowing and once again lower the height-of-cut as the grass matures. The height of the winter grass will remain above the dormant Bermuda grass through June when the spring transition will begin.

Thank you again for all of your support, and feel free to contact us at any time with questions or feedback. Best regards,

Rolland

Billiards Club

On Wednesday, June 27 we held our monthly tournament. The game of choice was a team round robin

mixed eight ball and nine ball competition. Winners were as follows: 1st place Pat Carson and Barry Zauss, 2nd place Rusty Wright and Bob Engelhard, and 3rd place Steve Rubino and Brian Anderson. Everyone played well and had a good time.

Our club continues to meet Wednesdays at 7 pm in the Billiards Room for open play. Tournaments are held the Wednesday of the month at a cost of \$3 per player each tournament. You must be a club member to compete in the tournaments.

Women and men of all levels of experience are welcomed and encouraged to join. It's a great way to meet your neighbors. Come to the Montecito Billiards Room on Wednesday evenings for open play. Free lessons are available at 10 am on Mondays in the Billiards Room by Bryan Murray (760-342-9028). For any further information please call John Hemphill (760-775-6178).

See you on Wednesdays in the Billiards Room.

Bocce Buddies

Come and play on our recently rejuvenated bocce courts! We play bocce at the Montecito Clubhouse

Mondays at 7 pm and Fridays at 8 am. All are welcome to play and join our club. There are no membership dues.

Come along and meet a nice group of residents who enjoy the game. It does not matter if you have never played before, we can teach you the game. We have five bocce courts at the Montecito Clubhouse and two courts at the Santa Rosa Clubhouse.

The club plays year-round in foursomes and groups of six. If you want to play bocce at any time other than when the club meets, bocce balls are available for your use at the fitness desk.

For more information, please call Rick Halla at 760-347-9676.

Bowlers Club

In July a brave group of our bowlers ventured to Las Vegas to compete in the "National Fun Time

Two of our superstars, Don Williamson and Ron Burg each bowled whopping 300's. The team of Lynn O'Connell and Don Williamson cashed at the top of the doubles. Our President, Rose Borses also cashed at 27th of the 500 competitors.

A group of us are already planning to compete in the winter tournament which takes place in January. If you're bowling with the league just talk to Dana or Rose about how to sign up. If you're not in SCSH Bowlers then join us. The room rates are more than reasonable and although not the Bellagio the accommodations were pretty darn nice.

Our winter league begins end of September. If you'd like to join us contact Rose at 760-636-4788.

Bridge Club

Bridge Etiquette #2

During the bidding, if you have any questions about what your opponents

have bid, you can ask. The person to ask is the player who did not make the bid, or you can ask to look at their convention card when it is your turn to make a call/bid. If they don't have one marked, *call the Director*. The lead should come from the Declarer's left. If you are this person, it is done before you write the contract down on your scoresheet. As you go through the play, the less talking about bridge, the better. Don't say things like "We should have been in no trump." Or "This could have been a slam." This information could help your opponents make a setting trick! Should there be a question about something during the play, please call the Director.

Continued on page 36...

Last but not least, thanking your opponents at the end of the game is just polite, even if they have scored all the points!

Випсо

Please join us the last Wednesday night of each month at 6:45 am in the evening in the Montecito Clubhouse for a wonderful

evening of laughing, yelling, and screaming at the dice. It's nice and cool in our room. We look forward to seeing you then.

Any questions? Please Call Marcia, also known as the Bunco Queen, at 760-347-1534. Looking forward to seeing you at the tables.

Canasta Club

The Canasta Club is on hiatus until October 1. Pursuant to the CC&R's, in order for a club to retain its charter status, it

is essential that the club have a full complement of officers and hold quarterly meetings. To that end, when we reconvene in October, we will need to fill the following offices: President, Vice President, and Secretary. The Treasurer has consented to stay in that position. If you are interested in volunteering for any of those positions, please contact Beverly Mirsky at beverlymirsky@yahoo.com or telephone her at 760-984-0284.

Ceramics Club

As summer wanes, we welcome back many of our vacationing members. The rest of us have been busily working all

summer long on new and exciting creations. We also have several new members who joined us this summer, and they are successfully completing some of their first ceramic bisque projects. The results are fabulous. This is a really good time to join the Ceramics Club and create special gifts for your own family and friends – or to keep for yourself.

Stop by and see our display case across from the Cambria/Mirada room where we meet. Every month our case changes as members show new items they have been working on. Augusts' display featured club members' "personal favorites." We invite you to join us and create your own unique masterpieces. Our members are always welcoming and available to get you started on making your own creations. It is great fun and easier than you think. We meet Tuesday and Friday mornings from 8 am – 12 pm in the Montecito Clubhouse. For more information contact our club president, Arlene Sirkin, at 760-863-0962.

Classy Niners

Summer golfing season is winding down and what a fun summer the Classy Niners had at our away games – even in our extreme

heat! Our tee times remain at 7 am on Tuesdays and Fridays throughout the summer months. Tee time changes for our upcoming season will be announced later on our website.

A new addition to the Classy Niners Club is our handicap games, played the fourth Tuesday of each month. After a few handicap games, there continues to be overwhelming positive responses from our members. Check out our flight winners on the Classy 9ers/Events tab on our website.

Handicaps are not needed to play with the Classy Niners, but members interested in establishing a GHIN can contact

Hanna Davey at hanna.3030.davey@gmail.com. GHIN renewal fees of \$36 are due at the end of the year for renewals.

Our board and committee members look forward to seeing our current and new members soon! Please visit our website (www.shclassy9ers.com) and click on the Classy 9ers tab, scroll down to view our Calendar. There continues to be *a lot* of information about our club including our exciting upcoming events, signups for games and clinics, photos and much more!

Be sure to use our new email address for all your Classy Niners correspondence: *scshc9ers@gmail.com*

Questions about our club can be directed to Brenda Moreno, President, at brendamoreno56@gmail.com.

Save-The-Date! Our "Welcome Back" event is on Monday, October 8! It's going to be a *fantastic* 2018-2019 season!

Community Singers

We are looking forward to our upcoming season and welcoming our returning members as well as

new members. While our activities include several performances, we are open to members who just want to work out by singing at rehearsals. All you need is a desire of choral music, the desire to make new friends, and willingness to dedicate time in preparation and rehearsals. No auditions necessary!

Please note, Community Singers will be collaborating with Performing Arts during the second half of our season (January through March) in the production of a Spring Musical so we will have a shorter Singers season which will close on December 3 with our Holiday Social.

Our kick-off meeting and social for the Holiday concert will be Monday, September 17, 2018, at 5 pm in the Montecito Ballroom (back half). Dust off those binders, find your name tags and bring your dues of \$15 (dues are less because of shorter season) and join us for a great evening. Regular rehearsals will continue each Monday at 5 pm.

Mark your calendar with our Holiday Concert date: Sunday, December 2, 2018, at 2 pm in the Montecito Clubhouse Ballroom. Tickets will go on sale at the Lifestyle desk approximately eight weeks prior to concert date.

For more information, please contact our club president, Lyba Vinitsky at 760-342-3870 or lybavinitsky43@gmail.com.

Computer Club

We are wrapping up our summer break and hoping you, too, are rested and relaxed.

Our instructors will be raring to go for our Kick-Off Meeting on Friday, October 5 from 10 - 11:30 am in the Montecito Ballroom. Come and join us! Bring a friend – all residents are welcome. We'll be offering new classes and some old favorites. And there's a raffle at the end of the meeting for fun and cheap tech gadgets! If you'd like to get a sneak peek at the fall schedule, please visit our website at www.scshcomputerclub.com. We'll have our class calendar posted by October 1.

If it's just too hot and you're in the mood to learn something new or practice a skill, crank up the air conditioning and check out our website. What a great idea! We have posted lots of class handouts, these are great tools and you can view or print them anytime, 24/7.

Any questions, please send us an email at infoscshcomputerclub@gmail.com

Couples Golf

With summer winding down, those in the desert are anxiously awaiting cooler temperatures, while

those that are snowbirds are already planning for a departure to the warmth of the desert. It is soon time to think about starting up the Couples Golf Club. Our first game will be on November 4 at the North Course, followed by a welcome back event on November 7. The group gets together two Sundays per month, followed by a fabulous dinner at Shadows Restaurant. If you are returning, we look forward to seeing you back, and if you are considering joining us, we would love to have you come and meet some new friends. Check out the website at www.shcouples.com for more info. For membership inquiries contact Margaret Gouveia at mvgouveia2009@gmail.com. For any other questions contact Linda Lunghamer, President of Couples Golf at lunghamer@shaw.ca. See you in November!

weather! I'm sure it is still going to be hot through the month so don't forget, if you're inclined to be practicing any kind of artistic talent you have or wish to improve, the Creative Arts room is open to you on Mondays and Thursdays from 9 - 11:30 am, and it is cool! Even though our numbers were small due to the exodus during the summer months, we had several dedicated artists working and socializing.

At right is Gerry Klenck working on a oil painting that I am sure will be a masterpiece.

Don't forget to look at the Painting Displays in the Montecito. They change every month with new artists proudly showing their work. Some are for sale if anyone is interested.

Any questions, call Marilyn Barton at 480-274-5500.

We wear white pants and blue logo shirts during normal putting season. However, during the summer months feel free to wear a comfortable outfit of your choice as our logo shirts and white pants are not required, however, we request that all putters adhere to standard golf dress codes.

All that is needed to participate is a putter, a golf ball, and \$2. No experience needed, just a desire to meet new friends. Please note, we do adhere to standard golf dress codes (no jeans, tank tops, no golf shoes with spikes, or flip flops). We meet in the Capistrano Room on Monday mornings during summers months at 7:15 am for one session of putting.

You can also check our website www.shputters.com for more information and latest updates about Lady Putters.

Men's Golf Club

The Men's Golf Club is on our Summer Season schedule. In May, June and July, we averaged more players this year than we have the past two years.

The Monday away games are concluded now. It was great to get to play courses including private ones that many of us don't usually get a chance to play. Thanks JT.

Men's Golf will continue with its normal schedule for the month of September. When the South Course closes in October, we will play some events on the North Course as available.

Keep up to date with our events on the website and click on Thursday tab for both Thursday and Monday events. (www.myshmgc.net)

Anybody looking to join the Shadow Hills Men's Golf Club, contact the Membership Chairman: Randy Thomas at 949-279-2115 or randythomas2012@gmail.com.

Needles and Pins

In the photo below, club member Jeanne Eells displays the "best friends" shawls she knitted as well as the cat pillows

she recently made. A recent addition to our club, Jeanne is talented in quilting and knitting and is always willing to help with the less experienced club members.

Several of our members belong to the Coachella Valley Quilt Guild, which is presenting a special event in September featuring the Quilts of Valor Foundation. The QOVF's mission is to cover service members and veterans who have been touched by war with comforting and healing Quilts of Valor.

Several of our club's quilts were recently donated to victims of the Cranston fire as well. In slow seasons as a well as busy ones, there seems to always be a need for charitable donations.

If you have always wanted to try your hand at knitting, crocheting or learning how to make a quilt, this is the club for you. We have all ability levels and are so fortunate to have many members who enjoy teaching their skills to beginners. Come join us in the Cambria/Mirada rooms at the Montecito clubhouse all day Sunday, Monday afternoons and Wednesday mornings. For more information, contact President Joan Kiening at needlesandpinssuncity@gmail.com.

Oke Dokey Karaoke

Come and have a ball. Show the world the entertainer that you are or want to be. It's great fun for all.

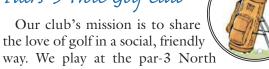

Whether you think you have a great voice or you can't carry a tune, it's the opportunity to have fun singing outside the shower, without worrying that

you are going to embarrass yourself. You can sing by yourself or with a partner or group, sing all types of songs or just listen and enjoy. We provide a songbook by song title, by singer or pick your own favorite. Everyone should have a chance in his or her life to enjoy one of their secret wishes. Because, if not now – when?

Come the first Thursday of every month from 6 - 8:30 pm (October–May) to the Montecito Ballroom for fun and a chance to meet neighbors and make new friends. Annual dues are \$10.

So, bring along your favorite libation and enjoy the fun and companionship. Contact Alan Voss 209-768-9393 for more information.

As we get ready to welcome the fall season we also will welcome back our snowbirds. But there is always room for one more! Come join us.

The card pictured below was done by Linda Murray who taught us how to create the butterflies and decorate the cards. We do other wonderful things as well. We create and deliver Holiday cards to our hospitalized vets and send them cheerful messages and greetings. Come learn the techniques and have fun with our group.

Attention all pet lovers! It's time for the Pet Club to resume regular monthly meetings. Our first meeting of the year on

September 14 will be a pizza party to welcome all new and returning members. The club will provide pizza and soda for everyone attending. This will give everyone a chance to meet and greet new and returning members and have input into the types of programs you would like to see. You will also get a chance to hear about the programs that have already been scheduled.

The Pet Club meets on the second Tuesday of each month at 6:30 pm, and each meeting will include a short program designed to interest, inform, and excite our members. You will not only get the opportunity to learn, you will get to interact with other pet lovers just like yourself.

We hope you will be able to join us at our meetings. If you plan to attend the pizza party on September 14 at 6:30 pm or would like more information, contact Pet Club president Bob Schuster at 818-437-3699 or litepro7@gmail.com.

Rainbow Friends

Wow, it's already September, so perhaps the hottest summer temperatures will soon be a thing of

the past, and we will all be enjoying our wonderful valley with its spectacular autumn weather before we know it.

Wishing you a very Happy Labor Day weekend.

Thanks to everyone who helped make our August Potluck a huge success!

We won't have a September meeting, but look forward to seeing you at our next meeting, the second Wednesday in October. We are a social club for the LGBT community, family and friends. For further information, please contact Frances at 562 400-4496.

Readers Ink

Readers Ink book lovers read *The Other Einstein* by Marie Benedict in August. The novel is

about Albert Einstein's wife, Mileva Maric Einstein. She was a brilliant scientist in her own right whose contributions to the special theory of relativity have been debated. We rated the book a 7.0 out of 10.

Our next discussion will be on *Educated* by Tara Westover. We always meet on the fourth Tuesday of the month which puts us in the Capistrano room at the Montecito Clubhouse at 2 pm on Tuesday, August 28. All literature enthusiasts are welcome! You will love our group. Please call Nancy Angus at 760-238-4582 or email at nangus1967@aol.com if you would like more information.

Table Tennis

Table Tennis at the Santa Rosa on Wednesday from 11:30 am, Friday and Sunday from 2 pm,

welcomes all comers. Whether you have played ping pong 35 years ago or just started playing with the grandkids, come on by and you will see it's like riding that Schwinn once again.

If you think it's not exercise, guess again. Fun, helps eye/hand co-ordination, and you do break a sweat. Hope to see you soon. Call Steve Monsky at 760-625-1478 or Paul Hulbert at 760-285-1426 if you have any questions or thoughts.

Tennis Club

res

Taylor Tennis, the successful bidder for resurfacing the Montecito Courts, hopes to complete the project by October 15. The

club anticipates minimal disruption to group play possibly in late September and early October. The Santa Rosa courts will be addressed on a "day to day" basis depending on the progress made on the Montecito courts. A "hard slam kick off" in November will be better than ever, with fresh and lively courts. Colonel Chuck Maguire will cut the ribbon and sing God Bless America, acapella.

"Positive" Patty Prunty and her crew from our social committee organized the pizza party on August 17. Tape of the gathering will be viewed at the Sheehan home at a later date with no cover charge.

That's Entertainment

We present Sir-Laffs-A-Lot's Comedy Night at the Montecito Clubhouse on the third Wednesday of every month. This event

The comedians are different every month, and the show can be "R" rated for adult content. So, plan accordingly. Please get your tickets early as this event sells out quickly during winter season. Please see our ad in this magazine, on the community website (scshca.com), or lobby flyers for further details.

If you are interested in helping to organize these events as a member of the That's Entertainment Club, please call Julie at 760-772-0317.

Ukulele Club

When I was a young person and August rolled around, the emotion I felt was "*Yippie*! School is almost in! I have to get

ready for September and the fall football season by buying supplies, participating in music camp, and memorizing music for all the field shows that are to come." I guess that's why I fell into the profession of teaching music.

Now as a retired person in our community, I still get excited in anticipation of all the broad array of educational milieu and formal learning opportunities that will resume coinciding with the arrival of snowbirds back to Sun City Shadow Hills in October.

Although, the Ukulele Club will take a break during the month of September, we formally invite you to participate with us every Thursday afternoon starting in October. Our home is the Cambria Room in Montecito Clubhouse.

The Beginning Ukulele 101 Class will meet between 12:30 pm and 1:20 pm. No previous music experience or knowledge is required. The performance group starts playing at 1:30 pm.

For more information about the ukulele club, please contact Darlene at dkretchmer@yahoo.com.

On behalf of the Ukulele Club, we wish you a wonderful September!

Veterans Club

While the Veterans Club of Sun City Shadow Hills remained "dark" during the month of August,

our next club meeting is planned for Tuesday evening, September 18, in the Montecito Clubhouse, Cambria room, starting at 7 pm.

The Riverside County Veterans Affairs office will give a presentation at the September meeting. The intent is to update veterans on any changes in benefits and remind all veterans what services the VA office provides on a continuing basis.

Please remember that collection of worn, soiled, and damaged USA flags is a continuing service and occurs nearly any time of day, any day, at the Lifestyle desk of Montecito Clubhouse.

The Veterans club sells new USA flags and flag staffs on the second Friday of each month in the lobby of the Montecito Clubhouse. In September, that will be Friday, September 14, from 10 am. – 11:30 am.

We welcome all veterans of all branches of service to our nation, and hope to see you Tuesday evening, September 18.

Women's Golf Club

While the heat is extreme this summer, those staying close to home can still enjoy a round or two

of golf each Wednesday and Friday throughout the summer. Play is early in order to beat the heat so be sure to check out the starting time when you sign up in the Pro Shop.

Please mark your calendars for the Welcome Back Party scheduled for November 5 from 2 - 4 pm in the Montecito. This event provides you the opportunity to reconnect with old friends and make new ones, as well as learning about upcoming events for the year.

The Women's Golf Club provides both the casual and seasoned golfers an opportunity to play 18 holes of golf each Wednesday during the season, October 31 through May 31. You can complete an on-line application and review club information on the website at shwgc.com.

For more information on membership, please contact the Membership Chair, Janet McChesney at pjmcchesney02@gmail.com or Club President Mary Kunstler at mfk1126@yahoo.com.

Writer's Club

Try your hand at writing that story you have always wanted to tell. It does not matter if you are

writing fiction, non-fiction, memoirs, or screenplays; write a page a day for a year and you have a book!

It's easier than you think to write your own story. Every year millions of great stories disappear forever as people forget or pass on.

Many of our members have never written before. Some have published their own book. Learn how to self-publish for no cost!

Every member has the opportunity to read one or two pages (double-spaced) of their work to the group; receive ideas, direction and gentle criticism. Part of being in our club is the encouragement we get from each other to write on a regular basis.

The Writer's Club meetings this month are Thursdays September 6 and 20 at 10 am in the Santa Rosa Clubhouse. Who knows, you may find the hidden writer in you. Free membership! How can you go wrong?

For more information: antiqphoto@gmail.com or bethbolduc7@gmail.com.

Resident Groups

Democrats

With only 67 more days left until the November 6 midterm elections, *now* is the time to set a goal to make a commitment to act.

Several new SCSH residents have asked me, "How do I get involved in supporting Democratic candidates?"

There are numerous opportunities to get involved such as phone banking, texting voters, canvassing our neighborhood, donating money to support our candidates, registering voters, helping people get to the polls, writing letters to the editor of the *Desert Sun* supporting our candidates and attending our monthly meetings for even more suggestions!

This month, we are honored to have Assembly member Eduardo Garcia (56th A.D.) as our guest speaker. Assembly member Garcia is the first freshman legislator to have over two dozen bills and resolutions signed by Governor Brown. He currently chairs the Assembly Committee on Water, Parks and Wildlife and is also the Chair of the Joint Legislative Committee on Climate Change Policy.

Republicans

Each speaker we have had throughout this year, from Rich Gilgallon and Kimberlin Brown to Jeff Stone and Glenn

Miller, has impressed upon us the importance of getting out the vote for the upcoming midterm elections. They have all highlighted the significance of pulling together to support those running for important positions statewide and on the national stage

After our short summer hiatus, September is a time to regroup; to set new goals; encourage new leadership; make plans for the growth of our group here in Shadow Hills.

Our September meeting will be held on the second Tuesday, September the 11th. A solemn day for all Americans, it will be an opportunity to gather and reflect on the precious freedoms we enjoy as citizens of the greatest country in the world. It will also be a time to voice our ideas for the future of our group.

Shadow Hills Republicans meets regularly on the second Tuesday of each month, at 6:30 pm in the Montecito Clubhouse. We begin each meeting with a short social, get-acquainted time, and our business meeting begins at 7 pm sharp! Refreshments are served. Look for a flier about our meetings in the rounders at the Montecito Clubhouse.

We hope you will join us this September.

CC&Rs and By-laws. You should have received a thumb drive containing them and a ballot for the CC&Rs/By-laws election. So please put these in a safe place where you can easily find them. Voting continues until November. There is no rush to vote.

- To protect your interests, please VOTE NO for any new CC&Rs/By-laws unless you are satisfied with all of them. We have discussed them in our summer meetings.
- Another way is to comment on proposed changes in our Rules & Regulations, items that will be voted on only by the HOA Board. They are found in the Residents Only News section of our community website, www.scshca.com.
- Another way is to apply to volunteer for an Advisory Committee.
- Call 626-710-8576 to ask or comment about SCSH issues.
- Please join our Summer Sunday Night monthly meetings in the Santa Rosa Clubhouse Monterey room, 6 pm, September 16. Bring your questions and ideas.
