TIMKEN®

SEAL INTERCHANGE GUIDE

THE TIMKEN COMPANY

TIMKEN®

Using the TIMKEN SEAL INTERCHANGE

- *The Timken Seal Interchange lists manufacturer's part numbers, manufacturer name and the corresponding Timken part number.*
- *It is arranged in numeric-alphabetical sequence.*
- *Numbers are sorted ahead of letters in the same position; hyphens precede numbers or letters in the same position.*
- *Part numbers beginning with a number are listed in the first part of the book, part numbers beginning with alpha are listed in the second part.*
- *Characters are sorted from left to right, smallest to largest, A-Z.*

EXAMPLES:

Example:
6675516 precedes 6760

- Where there are hyphens in the part numbers, the hyphen is sorted before a number or letter in that same position.
  Example:
  005-997-9846 precedes 00610

- When part numbers contain both numbers and letters, the numbers are sorted ahead of the letters.
  Example:
  11126 precedes 1A3253

Contact your Timken sales representative with questions or comments about this book.
