**TITLE** Developing Career Education; K-2 Instructional Units.

**INSTITUTION** Nebraska State Dept. of Education, Lincoln. Div. of Vocational Education.

**NOTE** 210p.; For Grades 3-6 and 7-12, see CE 003 793-794

**EDRS PRICE** MF-\$0.76 HC-\$10.78 PLUS POSTAGE

**DESCRIPTORS** \*Activity Units; Career Awareness; \*Career Education; \*Curriculum Guides; Educable Mentally Handicapped; Grade 1; Grade 2; Instructional Materials; Integrated Curriculum; Kindergarten; \*Occupations; Primary Grades; Resource Guides; Special Education; Teacher Developed Materials; Units of Study (Subject Fields); \*Vocational Development

**ABSTRACT**

The guide presents instructional units aimed at developing career education for grades K-2. Each unit provides detailed objectives, activities, resources, and evaluations, and in some units the objectives are further detailed in relationship to the following subjects: mathematics, language arts, social studies, guidance, music, physical education, art, and the library. Topics include: knowing myself, home and family, school, and school workers (kindergarten); bakers, barbers and beauticians, food and beverage workers, and domestic animal care (primary grade special education students, especially educable mentally handicapped); an assortment of service occupations, and wheel, water, and air transportation systems and workers (first grade); and assorted skilled trade, professional, and service occupations (second grade). The class must guess the type of transportation. When they guess, the students charading must tell the class what they are carrying.</p> <p>Students will draw a picture showing why we need transportation.</p> <p>Students will list the two major functions of transportation.</p>

ELEMENT: Career Awareness, Self Awareness, Beginning Competency, Attitudes and Appreciations

Unit Title: Clothing Occupations Help People

OBJECTIVE	ACTIVITIES	RESOURCES	EVALUATION
<p>Upon completion of this unit the student will have knowledge of the materials a dressmaker needs by identifying pictures of her needs with 90% accuracy.</p>	<ol style="list-style-type: none"> <li>Listen to recorded lesson</li> <li>Reinforce recorded lesson.</li> <li>Prepare a table display to show materials and tools needed to produce clothing.</li> <li>Students bring swatches of materials and divide them into natural materials and man-made materials.</li> <li>Have dressmaker tell about her work.</li> <li>Read books.</li> </ol>	<ol style="list-style-type: none"> <li>Record #22.</li> <li>Text, <u>Our Working World</u>.</li> <li>Table with materials and tools needed and drawing labeled designer, pattern maker, cutter, machine sewer, hemmer, finisher, presser.</li> <li>Swatches of natural materials; cotton, wool, linen, silk. Swatches of man-made materials: rayon, nylon, perlon, orlon, dacron.</li> <li>Dressmaker.</li> </ol>	<ol style="list-style-type: none"> <li>The student will identify pictures of the needs of a dressmaker.</li> </ol>
<p>The child will demonstrate knowledge of the clothing design by showing one of his designs to the class after completion of his design.</p>	<ol style="list-style-type: none"> <li>Each child will have a partner to draw around, then design, color, and/or paint and cut out the model.</li> </ol>	<ol style="list-style-type: none"> <li>5 feet of white paper for each student. pencil paint crayons scissors</li> </ol>	<ol style="list-style-type: none"> <li>The student will show their own design to the class.</li> </ol>
<p>Each child will analyze or 6 garments to determine the best garment to buy, by depositing a coin on his choice after his observation.</p>	<ol style="list-style-type: none"> <li><b>The children who have doll clothing in good condition will bring it to class.</b> The teacher will select 5 or 6 garments of various styles and display them for all to see. Children will visit the display and deposit a piece of money beside the garment they would most like to buy.</li> </ol>	<ol style="list-style-type: none"> <li>Doll clothing in good condition.</li> <li>One piece of money for each child.</li> <li>Display table.</li> </ol>	<ol style="list-style-type: none"> <li>The garment which has the most money beside it did the best work and the articles that were in less demand would need to sell for less or may not be sold at all.</li> </ol>

## ELEMENT

Unit Title: \_\_\_\_\_

OBJECTIVE	ACTIVITIES	RESOURCES	EVALUATION
4. The first grade children will manipulate the material of the factory by successfully completing a garment at the end of the factory.	1. The teacher will select 2 teams of equal size. Each team has a production quota of 10 pairs of mittens. One team divides the labor: the other team does not. Team 1--each child makes a pair of mittens. By performing all the tasks twice: folds the paper, draws around his hand, designs the pattern, colors or paints, cuts out the mittens. Team 2--each child specializes, each doing only 1 of the above. Both teams work for the same length of time. At the end of the demonstration, the class will discuss the advantages and disadvantages of an assembly line.	1. White construction paper 2. Pencils 3. Crayons 4. Scissors  BOOKS: Let's Go to a Clothing Factory <u>The Emperor's New Clothes</u> <u>The Shoemaker and the Elves</u> <u>The Little Bears Pancake Party</u> <u>Our Working World</u> , SRA, Laurence Senesh <u>Fun With Our Friends</u> , Scott Foresman "Two Funny Girls" "Here We Go" <u>More Friends Old and New</u> , Scott Foresman <u>How Susan Remembered</u> , p. 59 <u>Transparencies: Home Ec. #9</u> <u>Nothing to Wear But Clothes</u> , Frank Jupio <u>The Story of Clothes</u> , Petershan Old magazines catalogs scrap book	4. The student will see that each worker has to develop only one skill; fewer tools and less space is needed but there is greater interdependence; if one worker slows down, the entire production process slows down in an assembly line.

## ELEMENT :

Unit Title: Clothing Occupations Help People

OBJECTIVE	ACTIVITIES	RESOURCES	EVALUATION
<p>5. Upon the completion of the unit the student will demonstrate knowledge of the divisions of labor by designing one square of a table cloth.</p>	<p>1. Design a table cloth by all having a portion to do. Choose three colors. Tape cloth to floor and have magic markers ready to be used whenever a child has time to work.</p>		<p>5. The student will show and explain the part of the cloth he has done to the class.</p>
<p>Presented by MUSIC TEACHER:</p> <p>1. After listening to the songs being played on the piano the students will analyze the songs by relating the type of dress to three out of four of the songs being played.</p>	<p>The students will listen to the piano music and dress themselves accordingly.</p>	<p>"Raindrops Keep Fallin' On My Head" "Frosty the Snowman" "Peter Cottontail" "Play Mates"</p>	<p>The students will properly dress themselves by listening to the piano music.</p>
<p>2. After learning the song related to sewing, the students will have a better knowledge of the dressmaker by being familiar with one song "Snip &amp; Sew".</p>	<p>The students will learn the words to songs and then sing with actions.</p>	<p>Our Working World, SRA "Snip and Sew", p. 154</p>	<p>Students can sing and correctly correlate actions to words.</p>
<p>5. The children will have knowledge of the kinds of clothing used according to seasons and occupations by creating a scrapbook of clothing after a discussion of clothing important to us.</p>	<p>1. Discuss why clothing is important to us. 2. Students compile a scrapbook of clothing using swatches brought to show these being used for work-clothes, casual clothes or dress clothes and seasonal clothing.</p>	<p>1. "We dress for the Weather" Instructo-for Flannel Board Seasons: Winter Spring Summer Fall</p>	<p>6. The student will show the scrapbook of clothing as to kinds of clothing used according to seasons and occupations.</p>

<p>3. At the completion of this unit, the student will show his comprehension by correctly identifying one abstract painting and one realistic painting as shown in Comptons Pictured Encyclopedia, #11.</p>	<p>Paintings will be brought to class. Students will discuss which paintings look real to them. The terms "realistic" and "abstract" will be introduced.</p> <p>Students will be divided into groups of four. Each group will be given a set of pictures and will categorize the pictures into realistic and abstract groups.</p> <p>Students will use watercolor to paint an abstract picture.</p> <p>Students will discuss how lines are used in paintings to show motion. Pictures will be shown, depicting a feeling of movement.</p> <p>Story: (review of "Do You See What I See")</p> <p>After listening to a recording students will paint to music, making lines to show the rhythm of the music.</p> <p>Resource person (art Teacher)</p>	<p>Paintings rented from Bennett Martin Library.</p> <p>Comptons Pictured Encyclopedia #11.</p> <p>Do You See What I See, Helen Broten</p> <p>Resource person</p>	<p>3. In groups of four, students will be assigned to paint either an abstract or realistic group painting. They will display their picture to the class and let them decide if the painting is realistic or abstract. The class will give reasons why they feel that it is one or the other.</p> <p>As a group, the class will be shown paintings, and will decide whether each is realistic or abstract.</p>

ELEMENT

Unit Title:

OBJECTIVE	ACTIVITIES	RESOURCES	EVALUATION
<p>At the completion of this unit, the student will show his comprehension by listing at least two things that the painter can show us in his paintings, as discussed in the World Book Encyclopedia, #15.</p>	<p>Students will be shown different paintings, and will discuss what the painter is showing us.</p> <p>Students will write an experience chart on things the painter can show us in his paintings.</p> <p>Each student will pick one idea he would like to show and paint a picture of it. Each painting will be named and framed in construction paper.</p> <p>Students will have an art exhibit. With paper money students will "buy" paintings by leaving money beside their favorite.</p> <p>Students will discuss why some pictures had more money beside them, then others. (Painters will sell their pictures if people like them; they don't make much money unless people like them).</p> <p>Students will look at classmates pictures and decide what each is showing us.</p>	<p>World Book Encyclopedia, #15</p> <p>Paintings</p>	<p>4. Students will review the experience chart that lists different things the painter can show in his paintings.</p> <p>In groups of four, students will be given paintings, and list what each painting shows us.</p> <p>Students will list to a friend two things that the painter can show us in his paintings.</p>

<p>How many colors can be made from 3?</p>	<p>Poem on colors.</p>	<p>Experiment with colors.</p>	<p>Song on colors in nature.</p>	<p>Make a color wheel. Story on Colors</p>
<p>How much money did each picture make?</p>	<p>Students will discuss why they liked certain pictures.</p>	<p>How a painter can earn a good living.</p>	<p>Experience chart on what we found out about colors.</p>	<p>Divide paintings into abstract and realistic groups. Story about a famous painter.</p>
<p>How much money did each picture make?</p>	<p>Students will discuss why they liked certain pictures.</p>	<p>How a painter can earn a good living.</p>	<p>Experience chart on what happened at our Art Exhibit.</p>	<p>Divide paintings into abstract and realistic groups. Story about a famous painter.</p>

ELEMENT : Career Awareness, Self Awareness

Unit Title: The Plumber

OBJECTIVE	ACTIVITIES	RESOURCES	EVALUATION
<p>After visitation of a resource person the child will demonstrate knowledge of the work of the plumber by drawing picture of the plumber surrounded by his tools, with 100% accuracy.</p> <p>The children will have knowledge of the importance and dignity of the career of a plumber by making "before and after" pictures of before and after the work of the plumber.</p>	<p>Read <u>A Fish Out of Water</u>, P.D. Eastman.</p> <p>Read about the plumber in <u>Childcraft</u>, Vol. 10.</p> <p>A resource person will speak to us about his job.</p> <p>Make before and after pictures--before the plumber and after the plumber.</p> <p>Discuss the need for a plumber.</p>	<p>Resource Person</p> <p><u>A Fish Out of Water</u></p> <p><u>Childcraft</u></p>	<p>1. The children will draw a large picture of the plumber surrounded by his tools to be used in a booklet.</p> <p>2. The child will make "before" and "after" pictures of before and after work of the plumber to show the importance and dignity of a plumber.</p>
