Notes/Comments/Questions:

Payroll One-Offs:

- *USDC Employees*
- *Seasonal Employees? Can be ESS or paper time sheets*
- *Blind (@ Education)*

How will ERIC know how many time sheets it should expect for a given pay period?

How will an employee be notified that time has been rejected? Is Supervisor accountable to notify the employee?

What is an approver misses the deadline and this has ramifications for an employee's paycheck? Can someone with ERIC act as the Payroll Coordinator/Approver?

What is the feedback loop back to employees re: errors?

What about changes after approval?

Who would deal with...

- *Past Corrections/Entries (Tier 2?) Today, the Payroll Coordinator must approve.*

Would a blanket email reminder to all State employees put the IT infrastructure/system at risk? State is getting a new email system.

What are the deadlines? For ESS? For the Scan/Send?

- *First notice would be sent on Monday at 10 AM (deadline, instructions, consequence?)*
