AL519: Next generation OBD II & CAN scan tool

UTLIMATE IN PERFORMANCE VALUE AND RESULTS

Enhancing on the outstanding features of the AL319; the unique patented One-Click engine management readiness key, high resolution colour display and engine health test Autel have developed the AL519.

The AL519 is truly the ultimate in power and affordability, allowing users to do their jobs faster with thousands of trouble shooter code tips diagnosis whilst supporting all 10 test modes of the latest J1979 OBD II test specs.

With its ability to read live data, graph it and offer the user the option to print data off via a PC to retain for their own records or build consumer confidence it's the tool you cannot afford not to have in your toolbox.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

AL439: OBD II, Scope, Volt Meter & Battery Charge Tester

INDUSTRY CHANGING TOOL WITH AN AUTOMOTIVE WORLD'S FIRST

Enhancing on the AL519 with a world's first on combined handheld tool functionality. The tool provides you the ability to read and clear engine faults, view live data and graphing but creates it own market by also giving you the power to scope vehicle components without having to follow hard procedures such as with existing scopes on the market place therefore helping technicians to save diagnosis and repair time.

Further to the standard diagnostic trouble tips provided for the end user it allows them the functionality of a battery start charge tester and a volt meter too.

This tool has simple created its own market and revolutionised expectations of an OBD II code reader.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

AL539: Next generation OBD II & extras scan tool

REWRITING THE EXPECTATIONS OF AN OBD II SCAN TOOL

Autel continues to rewrite the rule book with its all new Autolink AL539.

Developing even further on the highly impressive AL439 the AL539 provides an easy to read AVO meter allowing you to test voltage resistance, wiring, switches, duty cycle, amperage (20A max) and more at a fingertip

With an optional battery tester to develop the even further this tool needs to be in every automotive toolbox.

OLS301: Resetting Service Lights

THE FUTURE OF RESETTING VEHICLE SERVICE LIGHTS

The MaxiService OLS301 is designed to reset oil service light, service mileage and service intervals on most Asian, American and European vehicles without using the need for OEM scan tools, saving you money on expensive garage equipment with this smart tool.

Vehicle Coverage: Citroen, Peugeot, BMW, Renault, Ford, Fiat, VW, Opel, Porsche, SAAB, Mitsubishi, Land Rover, Jaguar, GM, Benz, Sprinter, Smart, Chrysler, Volvo

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

EBS301: Releasing Electronic Parking Brakes

THE SIMPLE SOLUTION TO PARKING BRAKE INSPECTION

The MaxiService EBS301 Electric Brake Service Tool is specially designed for the safe replacement of brake pads on VW and Mercedes vehicles and connects to the vehicles OBDII socket. The device automatically links up to the vehicle's control module. By disengaging the brake system, it increases safety at the push of a button, eliminating the need for the use of expensive OEM diagnostic systems.

Vehicle Coverage: Citroen, Peugeot, BMW, Renault, Ford, VW/Audi, Opel, Toyota, Land Rover, Jaguar, GM, Daewoo, Benz, Sprinter, Smart, Chrysler, Volvo

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

VAG505: VW/Audi/Seat/Skoda

THE NEXT GENERATION OF VAG VEHICLE MAINTAINENCE

The MaxiService VAG505 scan tool is an OEM level diagnostic tool designed to assist with engine, transmission, ABS, EPB and some oil service resets for most VW/ Audi/ Seat/ Skoda vehicles sold worldwide since 1996. Using Volkswagen proprietary diagnostic protocol, the VAG505 allows the user to access almost all the systems.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

MD701: Diagnose Asian Vehicles

THE FUTURE OF TROUBLESHOOTING ASIAN VEHICLES

Autel's MD701 is designed to troubleshoot the basic four systems (Engine, Transmission, ABS and Airbag) for the Asian vehicles on the road.

Autel's new MaxiDiagElite MD701, the most advanced and multifunctional scan tool powered by its exclusive technology; Supports all 10 test modes of the latest J1979 OBD II test specs.

With thousands of trouble shooter code tips and its ability to read live data, graph it and offer the user the option to print data off via a PC it's the specialised tool you need to take you to the next level of diagnostics.

With the optional OBD-I adapter set, the MaxiDiagElite can diagnose older vehicles and be upgraded to include other manufacturers or specific functions.

Vehicle coverage: Nissan, Infiniti, Toyota, Lexus, Scion, Honda, Acura, Subaru, Mitsubishi, Suzuki, Isuzu, Hyundai, Kia, Daewoo

Available in a 4 system scan or all system scan with or without live data.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

MD702: Diagnose European Vehicles 1

THE FUTURE OF TROUBLESHOOTING EUROPEAN VEHICLES

Autel's MD702 is designed to troubleshoot the basic four systems (Engine, Transmission, ABS and Airbag) for the European vehicles on the road (other than French and Italian vehicles).

Autel's new MaxiDiagElite MD702, the most advanced and multifunctional scan tool powered by its exclusive technology; Supports all 10 test modes of the latest J1979 OBD II test specs.

With thousands of trouble shooter code tips and its ability to read live data, graph it and offer the user the option to print data off via a PC it's the specialised tool you need to take you to the next level of diagnostics.

With the optional OBD-I adapter set, the MaxiDiagElite can diagnose older vehicles and be upgraded to include other manufacturers or specific functions.

Vehicle coverage: Mercedes-Benz, Smart , Sprinter , BMW, Mini , VW, Seat, Skoda, Audi, Opel, Land Rover, Jaguar, Volvo, Porsche, SAAB, EU Ford, Vauxhall.

Available in a 4 system scan or all system scan with or without live data.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

MD703: Diagnose US Vehicles

THE FUTURE OF TROUBLESHOOTING ASIAN VEHICLES

Autel's MD703 is designed to troubleshoot the basic four systems (Engine, Transmission, ABS and Airbag) for the US vehicles on the road.

Autel's new MaxiDiagElite MD703, the most advanced and multifunctional scan tool powered by its exclusive technology; Supports all 10 test modes of the latest J1979 OBD II test specs.

With thousands of trouble shooter code tips and its ability to read live data, graph it and offer the user the option to print data off via a PC it's the specialised tool you need to take you to the next level of diagnostics.

With the optional OBD-I adapter set, the MaxiDiagElite can diagnose older vehicles and be upgraded to include other manufacturers or specific functions.

Vehicle coverage: Ford, GM, Chrysler

Available in a 4 system scan or all system scan with or without live data.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

MD704: Diagnose European Vehicles 2

THE FUTURE OF TROUBLESHOOTING EUROPEAN VEHICLES

Autel's MD704 is designed to troubleshoot the basic four systems (Engine, Transmission, ABS and Airbag) for most of the Italian and French vehicles on the road

Autel's new MaxiDiagElite MD704, the most advanced and multifunctional scan tool powered by its exclusive technology; Supports all 10 test modes of the latest J1979 OBD II test specs.

With thousands of trouble shooter code tips and its ability to read live data, graph it and offer the user the option to print data off via a PC it's the specialised tool you need to take you to the next level of diagnostics.

With the optional OBD-I adapter set, the MaxiDiagElite can diagnose older vehicles and be upgraded to include other manufacturers or specific functions.

Vehicle coverage: Peugeot, Citroen, Renault, Dacia, Fiat, Alfa-Romeo, Abarth

Available in a 4 system scan or all system scan with or without live data.

Email: info@autoservisuiranga.lt Web: www.autoservisuiranga.lt

MD802: Diagnose All Vehicles

THE FUTURE OF TROUBLESHOOTING WORLD WIDE VEHICLES

Autel's MD802 is designed to troubleshoot the basic four systems (Engine, Transmission, ABS and Airbag) for most of the vehicles on the road today.

Autel's new MaxiDiagElite MD802, the most advanced and multifunctional scan tool powered by its exclusive technology; Supports all 10 test modes of the latest J1979 OBD II test specs.

With thousands of trouble shooter code tips and its ability to read live data, graph it and offer the user the option to print data off via a PC it's the specialised tool you need to take you to the next level of diagnostics.

With the optional OBD-I adapter set, the MaxiDiagElite can diagnose older vehicles and be upgraded to include other specific functions.

Vehicle coverage: Nissan, Infiniti, Toyota, Lexus, Scion, Honda, Acura, Subaru, Mitsubishi, Suzuki, Isuzu, Hyundai, Kia, Daewoo, Mercedes-Benz, Smart, Sprinter, BMW, Mini, VW, Seat, Skoda, Audi, Opel, Land Rover, Jaguar, Volvo, Porsche, SAAB, EU Ford, Vauxhall, Ford, GM, Chrysler Peugeot, Citroen, Renault, Dacia, Fiat, Alfa-Romeo, Abarth.

Available in a 4 system scan or all system scan with or without live data.

DS708: Automotive Diagnostic System

THE WORLDS LEADING COMPREHENSIVE DIAGNOSTIC SYSTEM

The MaxiDAS DS708 Automotive Diagnostic System has been designed with four specific goals in mind:

- Fast
- Simple
- Accurate
- Affordable

It comes standard with an unrivalled level of technical support. It features a built-in data logger which records communication data and unidentified ECUs then wirelessly transmits the report to the technical support centre located in the centre of Europe. Software for the MaxiDAS is continually developed and updated in house, with updates available 24 hours a day over the internet, alongside telephone support during normal business hours. Independent technicians can be confident of real-time support and solutions for any problems they may encounter.

The MaxiDAS DS708 Automotive Diagnostic System from Autel offers extensive dealer-level diagnostic capabilities for European, Asian and US vehicles. It delivers everything you would expect and more with its complete functional capability on Body, Chassis, Powertrain, and information Communication Modules. The MaxiDAS DS708 features component adaptation, ECU coding, TPMS programming, Immobilizer, Key Coding, Electronic Handbrake, DPF Regeneration and many other unique capabilities. Powered by Autel Uni-SCAN technology, there is no need for extra adaptors or "keys". Data streams can be graphed, and the graphs merged to aid data analysis.
