PRINCIPAL'S MESSAGE

We are already into week 3 and students and teachers are engaged with our core business of learning. We are excited to share with families the intended learning and plan to share this at a Meet and Greet on Wednesday 17 February 4:30-5:30pm, invitations have been emailed home on Monday 8 February, this event will differ from previous years to comply with COVID Safe Guidelines. Adults will no longer gather in the homerooms for a teacher talk, but will view information in static displays designed to share the following information as requested from parent feedback:

- curriculum information and how to help at home
- organisational and procedural details such as PE, library times, Loving Literature expectations and upcoming events
- making a personal connection with the Homeroom teacher to strengthen the Parent – Teacher Partnership

The curriculum is part of our core business, and the National Australian Curriculum informs Wynnum State School's curriculum, describing what students should learn as they progress through their schooling. There are eight learning areas English, Maths, Science, HASS, The Arts, Technology, Languages and Health and PE. The Learning areas contain content descriptors that detail knowledge, understanding and skills to be taught and learned. These content descriptors are accompanied by achievement standards, which describe what students will know, do and apply as an outcome of teaching and learning. [The Australian Curriculum website](#) contains an overview for parents.

Parent fact sheets provided on the Australian Curriculum website for each curriculum area provide a general description of what students should be able to do by the end of each two year juncture. Links have been provided to facilitate easy viewing of these documents.

[Preps \(Foundations\)](#)

[Years 1 and 2](#)

[Years 3 and 4](#)

[Years 5 and 6](#)

Year level curriculum newsletters that will be distributed at the Meet and Greet, describe for parents what will be taught in each of these key learning areas at Wynnum State School. The curriculum newsletters also contain some of the organisational and procedural details to support parents and students.

Parents are encouraged to make the most of the opportunity to strengthen the Parent-Teacher partnership and support academic and emotional learning. Strong relationships are the cornerstone to student success.

3 Way (student-parent-teacher) Interviews will be held at the end of Term 1 for Prep – Year 4. 3 way Interviews will take place for Years 5 and 6 in Term 2 after school camps. Invitations for these interviews will be sent out closer to the date.

We continue to build and value our partnership with families as together we are the village that raises the child.

HABITS OF MIND

This fortnights *Habit of Mind* is *Managing Impulsivity*. Thinking before we act, remaining calm, thoughtful and deliberative. Take your time!

LOVING LITERATURE FROM MS CONNELL

This fortnight's Habit of Mind is Managing Impulsivity. The online book to help our Wynnum Warriors understand this Habit is [*My Mouth is a Volcano*](#) by Julia Cook.

In this story, the character Louis has lots of important things to say and he struggles to manage his impulsivity as he blurts out his thoughts. Louis discovers this doesn't always turn out very well for him and he also learns how it feels when others don't manage their impulsivity. The book offers a strategy for being successful in Managing Impulsivity and invites the reader to think of strategies that might work for them. Enjoy!

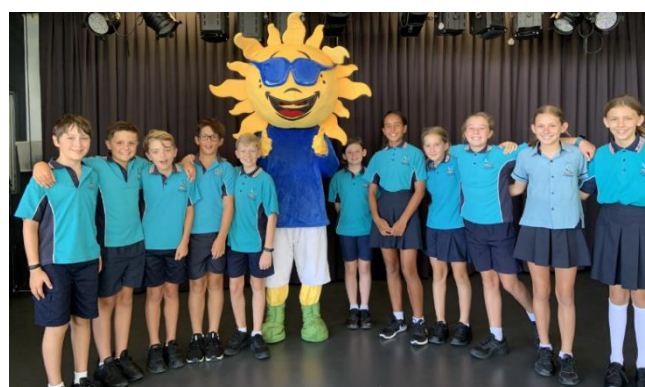

STUDENT LEADERS

This week we celebrated an important milestone in the leadership journey of the 2021 student leaders. During Monday's assembly they were presented with their leadership badges. Wynnum wishes them the best of luck in performing their roles and duties in the year ahead. We look forward to seeing their new shiny badges and personalities brighten up our school community and events.

Tilkiera

Wynnum was privileged to receive a visit from an old friend and helper during assembly in week 2. Tilkiera our sun safety mascot made a surprise visit to remind all our Wynnum warriors of the importance of staying safe in the sun. This means ensuring we are being SunSafe and wearing our hat each day at school.

REMINDER - No student should be in the grounds before 8:30am.

From 8:30am Students have an opportunity to participate in Dance at MEGA, hand ball or quiet library activities.

Students and parents/caregivers who do not wish to participate in these activities are to wait quietly and patiently in the *Meet and Greet Area*, MEGA Central (D Block) from their arrival time until released at 8:42am.

School staff members are not on playground duty before school.

Before School Leaders volunteer to run the Dance, Handball and Library Activities, so our teachers can prepare for each day of learning.

LIBRARY BUZZ

Our school library, is not just confined to books. As you can see, it is immensely popular during break times.

Creating, Imagining and Innovating

Try a different way!
Generating new and novel ideas, fluently and originally.

Year 1 students creating, imagining and innovating while responding with *wonderment and awe!* All intelligent behaviours for our students to grow in order to succeed in our world today.

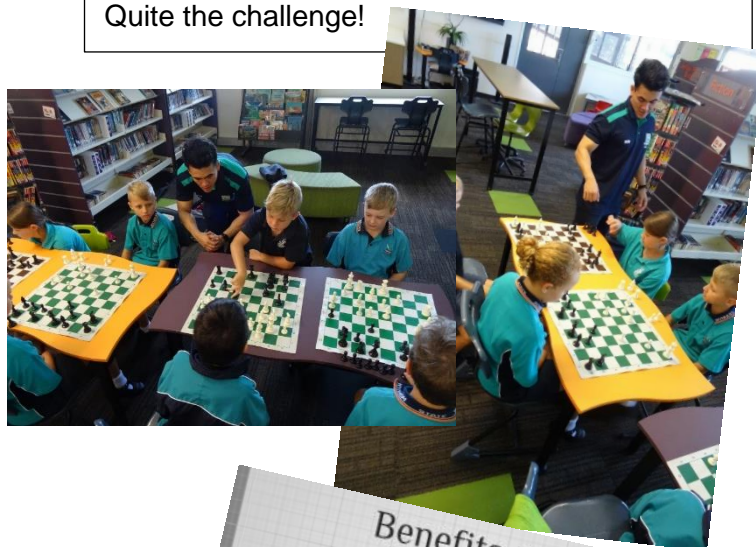

Chess lessons are available Tuesday morning before school. Our youngest Prep student is learning how to play across two chessboards.

Quite the challenge!

Domino effect in action!! One of the longest domino walls ever made, used over 15 000 dominoes to set a world record. Some of our Wynnum warriors *persisted* with their 40+ dominoes and as you can see, were thoroughly elated with their efforts.

PS A domino effect or chain reaction is the cumulative effect produced when one event sets off a chain of similar events. The term is best known as a mechanical effect and is used as an analogy to a falling row of dominoes. (Wikipedia)

Wynnum State School has a strong relationship with the Iona School community. Every Tuesday a team of 25 young Ionians from Year 11 will be immersed in text *Buddy Reading* with our Year 1 students. Students will bring a text to share with the older students as well as have their buddy read to them. Both sides get to reap the multiple benefits paired reading brings. I look forward to sharing

some news of our excited readers in action in future newsletters.

Our Wynnum community has access to the Council's Pop-up Library along the foreshore each month. **The next sessions are down at the Wading Pool on Wednesday 10 and 24 February from 9:30am to 11:30am.**

At the Pop-up Library, you can:

- read books, magazines and newspapers while relaxing in comfortable seating
- browse library collections and borrow items to take home, including children's picture books, adult fiction and FastBack titles
- enjoy library programs, including children's storytime sessions, craft, games, basic coding and robotics workshops
- During each of these visits, library staff host interactive First 5 Forever children's storytime sessions for children and their parents or carers to enjoy.

Just keep reading!

Sue Sutton - Library Team

SCIENCE NEWS with Mrs Crowe

Over the first two weeks of school our Prep to Year Six Wynnum Warriors participated in 'Team-Building' and 'Habits of Mind' learning experiences with the specialist teachers.

Preps were introduced to Science by *Gathering Data through all Senses* and *Responding with Wonderment and Awe* as they actively investigated natural items from the local environment integrated with storytelling of *Scribbly Gum Secrets* (created by local author Danika Paterson and local illustrator Megan Forward).

For Years 1 - 6 Science the Elephant Toothpaste experiment was requested again for Science in 2021! The Wynnum Warriors all cheered a very big **WYNNUM WOW** as they observed and felt the heat in this exothermal chemical reaction! All year level house groups engaged in *Thinking Interdependently* and 'Questioning and Problem Posing' during each step of their experiment. Great work Wynnum Warriors!

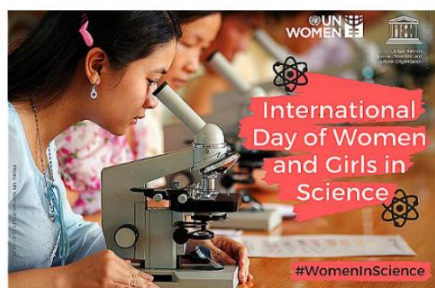

12. Responding with wonderment and awe

Have fun figuring it out!

Finding the world awesome, mysterious and being intrigued with phenomena and beauty.

This Thursday, 11 February is International Day of Women and Girls in Science. The Science Lab will be hosting Girls in Science engagement experiences for all Wynnum Warrior girls from P-6 during both breaks. Displays at the Lab next week.

10. Gather data through all senses

Use your natural pathways!

Pay attention to the world around you. Gather data through all the senses. taste, touch, smell, hearing and sight.

Looking forward to teaching **Biological Sciences** with Prep to Year Three classes in Term One!

Prep: Growing Well (Needs of living things)

Year One: Dinosaurs and More (External features of, and environmental needs of, living things)

Year Two: Watch it Grow (Life Cycles)

Year Three: Feathers, Fur and Leaves (Categorising living things based on observable features)

MATHS MATTERS with Mrs Lentakis and Mrs van Fleet

What's going on: Immersing our learners with *Wonderment and Awe* in the Australian Mathematics Curriculum at Wynnum State School is about

- building **understanding** of concepts meaningfully through everyday contexts using language, materials and symbols
- building **fluency** of basic facts and procedures
- applying knowledge to **reasoning** and **problem solving**

We welcome you to the Parent Curriculum evening next Wednesday 17 February sessions where you can find out more about what your child is learning in Mathematics.

During the next two weeks, all our Prep students with their teachers and paraprofessionals will be involved in the **EARLY START Literacy and Numeracy** tasks.

Tell me more about: EARLY START Literacy and Numeracy tasks (start of Prep)

Long before children start school they begin to learn about literacy and numeracy. The experiences they have every day from birth help them to develop their literacy and numeracy skills.

Literacy is about how we use our language to: speak, listen, read, write, spell and draw, tell stories, watch and use electronic devices. **Numeracy** is about having the confidence and skills to use numbers, time, money, patterns, shapes and measurement and other mathematical knowledge in all aspects of life such as for cooking, reading a map or bill, reading instructions and even playing sports.

The Early Start literacy and numeracy materials support teachers to find out your child's early skills by using a series of tasks developed specifically for Queensland. It is important to remember that the Early Start literacy and numeracy tasks are designed to gather information about students' abilities, and their learning needs, so teachers can plan effective learning programs during the early years of school. Don't be concerned if your child can't answer all of these questions. These tasks are designed to gather information about what your child knows and what needs to be taught next for their learning.

'Have a go' together: Yes, you can do algebra!

SPORT NEWS – David Smith

Specialists 'Hardwiring' the Habits of the Mind - The beginning of each new year sees our specialists' come together as a team and work with year levels as a cohort to embed our school wide philosophies and practices while building confidence and morale for a new year of learning together. This year the focus is on *Hardwiring the Habits of mind*. Students participated in activities and were asked to identify certain Habits of the Mind that were utilised or considered, and to portray a physical representation of that in a freeze frame with their group. The activity that really set the standard for the year was the whole school learning and singing an original Mr Morgan hit, *'Hardwire the Habit's of Mind'* backed by our very own 'The Specialists' rock band!

$$\begin{array}{l} \text{🍏} + \text{🍏} + \text{🍏} = 30 \\ \text{🍏} + \text{🍌} + \text{🍌} = 18 \\ \text{🍌} - \text{🥥} = 2 \\ \text{🥥} + \text{🍏} + \text{🍌} = ?? \end{array}$$

Swimming -Thank you to everyone who returned their swimming permissions for school swimming. Classes will be swimming during their dedicated weekly timeslot for Physical Education under the instruction of Mr Smith and Bayside Swim School.

Cross Country - Our annual Cross Country carnival will be

held on Friday 19 March. Students from Years 3 -6 will be invited to run a 1km course from our oval, around the inside perimeter of the school and back to the oval to gain points for their house. Students will have the opportunity to finish after 200m and gain a house point if they haven't been training. The Wynnum Wading Pool to Wynnum Creek and back is a great training run for kids and beginner runners!

From these results, the fastest students born 2011 or before may be invited to attend the District Cross Country Carnival at Capalaba on 6 May.

District, Regional and State Representation for Sport - Wynnum State School is one of the 38 schools that make up the Bayside District, from Wynnum to Redland Bay. Schools may nominate students who perform at a high level for their age in a range of sports. Many of the sports are not offered at school, so if your child trains outside of school and would like to be considered or wants more information about their chosen sport contact Mr Smith via email at dsmit11@eq.edu.au or leave a note at the office.

District Swimming - Congratulations Mitchell A, Mia B, Emma B and Ciena W for qualifying to attend the Bayside District Swimming Trial held at Chandler on Thursday 18 February. These students have put the hard work in and are looking forward to some PB's – except Ciena who has unfortunately fractured her foot and is handling the disappointment like a true Wynnum Warrior!

MUSIC NEWS – Tim Morgan

This year's theme for Wynnum State School is 'Hardwiring the Habits of Mind'. Throughout the first two weeks, students have been learning a new original song in year levels, featuring all 16 Habits of Mind. On this week's assembly, excited students performed the song beautifully to everyone alongside a band formed by the specialist teachers.

Instrumental Music with Mr John Cosic and Vivienne Thomas starts Thursday this week! Students have been given their timetable and beginning students their loan agreement forms. They will be receiving an hour long lesson for their first lesson. If students have brought back their loan agreement form and payed all levies, they will be able to take their loan instrument home. Please hand forms to Mr Morgan and pay at the office.

Junior Choir - Years 1/2
Wednesday First Break

Intermediate & Senior Choir Years 3-6
Tuesday Morning 8:00am

For all continuing students in Year 5-6, please ensure that you bring your new instrument, Tradition of Excellence book and any other equipment ready for your first lesson. Here's to a wonderful and musical year for 2021.

Choir will be starting in Week 4, sign up sheets are outside the music room. Please write your name and year level.

- Prep – Year 1 Precinct Assembly – Tuesdays even week, 2:20pm in MEGA
- Year 2 – 3 Precinct Assembly – Tuesday odd week, 2.20pm in MEGA
- Senior Precinct Assembly (starting 12/02) – Every Alternate Friday in MEGA Central at 11.30am

[COVID Safe Reminder](#)

CAMPS AND EXCURSIONS

The curriculum for students in Years 2, 3, 4, 5 and 6 include a year level school camp and excursions/incursions. The camps for Years 5 – 6 are off site and in Term 1. All students attending must display behaviours that reflect the Tomorrow's Citizen model (informed, democratic, creative, healthy and eco citizenship) to indicate their readiness to engage in camp.

Parent information, permission and medical forms will be sent home with students. Parents should be aware of the changes to guidelines for the administering medications. As of 2019, all medications including those purchased over the counter need to be prescribed by a medical practitioner and be accompanied by the Medical Consent form. Any questions regarding camp should be initially directed to Homeroom teachers. If family finances are a concern, please contact Executive Services.

Preferred Payment Method for Student Activities is EFT – Wynnum State School's account details are:

BSB: 064 133

ACCOUNT NUMBER: 10406271

Include the student's name and a reason for payment as a reference so that the payee can be identified (eg J Smith, Music

SCHOOL PHOTOS

Little Images are coming to capture the smiles and personalities of our children and our amazing staff. School Photos will be taken on Thursday 25 and Friday 26 February.

Answers to some common questions include:-

How do I order – Go to www.myschooldays.com.au and enter the Order ID – 9XQB9. All packages are detailed on the website. On some phones, rotating the screen will provide more details.

Can my children have their photograph taken together - They can. This can also include siblings that do not attend the school. There is a section on the Ordering page dedicated to Sibling Photos.

Can I view the photos before purchasing – A pre paid system is offered to keep the photo prices as low as possible. You can order afterwards, however a Postage and Handling Fee may apply.

What if I don't like my photos – Little Images provide a full refund/reshoot if you are unhappy with the photos.

What to wear - All students should wear the correct school uniform, including shoes.

Wynnum State School Photos are
on Thursday 25th &
Friday 26th February 2021

Please place your order at
myschooldays.com.au

Enter your Order ID **9XQB9**

SIBLING ORDERS must be received by 9pm Thurs 25th Feb
Sibling photos are taken before school from 8am

We accept Visa & Mastercard Credit & Debit Cards

There are various packs available online.
Some of the most popular packs are detailed below.

Student Value Pack - Only \$28

Sibling Value Pack - \$30

Optional Extras for Students and/or Siblings

P&C MEETING 18 FEBRUARY at 6:00pm Executive Services

Will include discussions about STUDENT CODE OF CONDUCT (Replacing Responsible Behaviour Plan for Students)

The Student Code of Conduct is how we encourage positive behaviours and support students

All Welcome!

P&C NEWS - Welcome families and friends to the 2021 school year and to the P&C!

Our first monthly meeting for this year is Thursday **18 February** at 6:00pm in the conference room of the Administration Block. All parents, carers and other citizens of our community are welcome to attend. These meetings provide an opportunity to understand more about what's happening at school, ask questions, meet other parents and members of the school Executive Team and contribute your ideas.

The Annual General Meeting will be held **18 March** 2021. This is when the P&C Executive Committee positions of President, Vice President, Treasurer and Secretary are elected and general memberships are accepted for new members or renewed for existing members.

The P&C operates the cafeteria and uniform shop, and holds fundraising events such as Fun Runs, discos and trivia nights. We also partner with the Year 6 Student Council supporting their separate fundraising activities and enlisting their help for our Mother's Day and Father's Day stalls.

We appreciate how busy modern life can be, however we encourage people to get involved in any way they can, either by attending a meeting or volunteering some time in the cafeteria or at an event during the year. Your involvement helps build a stronger and safer school community.
