IT'S WHAT  
WE BUILD  
INTO EVERY  
TOOLBOX.

BUILT WITH  
STRENGTH  
YOU CAN  
**TRUST.**

**Unibody construction:**  
Matco's T-shaped center shelf and inner walls are fully-welded at all connection points to ensure your toolbox is the most sturdy, stable and secure toolbox in the industry.

## INNOVATIVE TECHNOLOGY + MODERN DESIGN

Matco invested in a new manufacturing system at our Jamestown, NY facility which includes a state-of-the-art robotic welder. This machine not only helps with building stronger quality, but also ensures that no welds are visible on the front of the box.

Matco's investment continues to build upon our long-standing tradition of top quality and innovation and a dedication to creating an even stronger, more industrious toolbox to better protect your tools.

## LOCKING TECHNOLOGY

## TuBAR® LOCK TECHNOLOGY MAXIMUM PROTECTION FOR YOUR INVESTMENT

Virtually impregnable to pulling, punching, drilling and other common physical attacks. Security is assured by a unique keyway which offers no key blanks and there are no commercial key machines available to duplicate your keys. Each customer gets a registered key, replacements are available by signature through the factory.

**STANDARD ON ALL REVEL AND REVELX TOOLBOXES:** Receive one key to open all bays employing our TuBAR® lock technology.

## STEPS TO ENSURE YOUR SAFETY

Certified in the United States and in Canada.

Matco's power strips and cords are rated as 15 amps, 1875 Watts, 125 V, 60Hz conforms to UL STD 962A and certified to CSA STD C22.2 NO. 308.

The Revel Series of toolboxes has been certified to the following standards: UL 201 Standard for Safety Garage Equipment, UL 201 Third Edition, Dated March 31, 2015 CSA C22.2 No. 203.1-14, 2nd Edition: Manufactured Wiring Systems.

## DESIGNED FOR YOU, BY YOU.

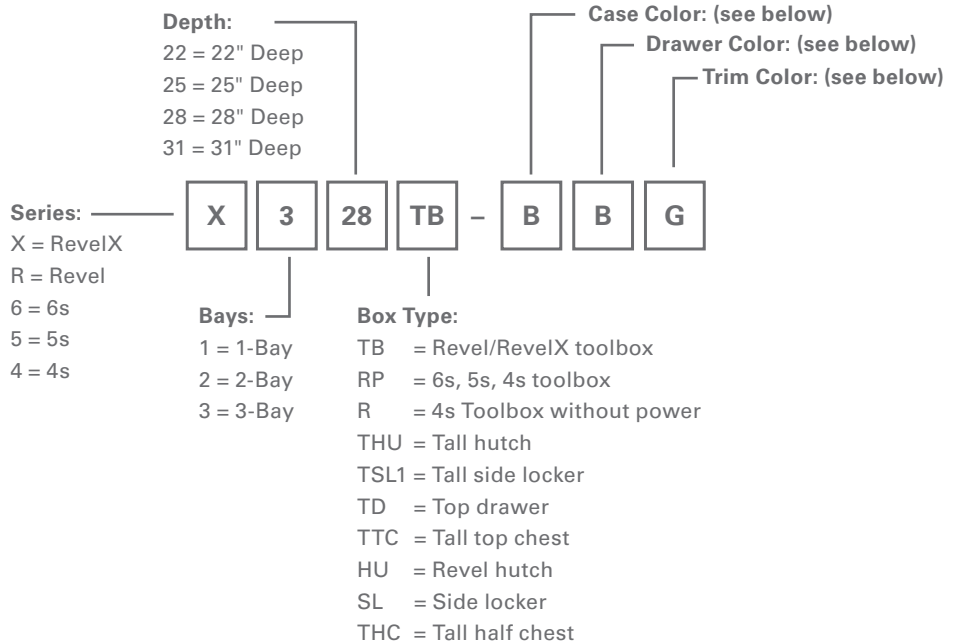

Matco toolboxes are the best built box in the industry but have a simple, easy to understand part numbering scheme. Simply choose the series, bays, depth and the box type to start. Next, select the toolbox case color, drawer color and trim, and you're done.

See the example below for part number codes to make ordering your toolbox quick and easy.

## 15-STEP

### PREP-N-POWDER COAT PROCESS:

Our 15-step process to clean, prepare and powder coat, results in a beautiful, rugged finish ready to withstand the harshest work environments. Matco Tools is a proud member of the Powder Coating Institute.

### TOOLBOX CASE AND DRAWER COLORS:

Available on all series of Matco toolboxes.

**Color swatches and texture swatches may not be accurately represented.**

4-color process printing can produce some color variation. Although the colors are usually very close to the original file, we cannot guarantee color accuracy. There can be as much as a 15% color shift.

INTRODUCTION

## INNOVATIVE XTRAS FOR SEASONED TECHNICIANS

**NOTHING IN MODERATION.** RevelX, Matco's premium toolbox model spares no detail with top design and craftsmanship and the most innovative features to ever exist on a box. We've taken toolbox design to a whole new level while incorporating the features that you need the most. In fact, we've improved them. With more space, additional security and improved safety features, you have everything you need in a box and still have the opportunity to customize it to your lifestyle. We believe in the "work hard, play hard" way of life and this toolbox allows you to do both. For the rebellious side in all of us, defy the norm with RevelX.

### PHENOLIC TOP WORK SURFACE.

Extra strong, durable work surface built to last in the toughest environments.

### SLIDE-OUT WORK SURFACE.

Opens up to 339 sq. inches of additional work space and 1,030 cu. inches of lockable storage space.

### POWER JUNCTION BOX.

No more cords! A built-in junction box consolidates all of the power inside the box to one external source. The junction box also features two external convenience outlets, a removable 12' grounded power cord with 90° plug and an external resettable circuit breaker. The power strips and cords are rated at 15 amps, 1875 watts, 125V, 60 Hz conforms to UL STD 962A certified to CSA STD C22.2 No 308. RevelX and Revel toolboxes are certified to UL 201 standard for garage equipment and CSA C22.2 No. 203-14.

TRADITIONAL STYLE.  
QUALITY BUILD. AMPLE FEATURES.  
**MATCO 5s SERIES.**

The Matco 5s Series is a perfect fit as you progress in your career and have come to expect more from your toolbox. You can add well over 100,000 cu. inches of storage capacity for your growing investment in tools. We set the bar high with our 5s Series by including the features and functionality that our competitors have in only their top-of-the-line toolboxes.

#### **Why The Matco 5s Series?**

The 5s Series boasts the heaviest-duty slides in the industry, heavy-duty casters are standard, anodized aluminum over-wrap drawer handles and perfectly matched components.

#### **Customize Your Drawer Sizes**

You can choose shallow, medium or deep sizes for most of the drawers in 5s Toolboxes, Top Chests, Top Drawers and Side Cabinets to optimize storage for the way you work.

#### **More Box and Trim Color Choices**

Choose between 11 powder coated box colors and two trim colors to personalize your tool storage system.

#### **One Key for All Locks**

You can also choose Matco's Keyed-Alike feature employing a TuBAR® lock and receive one key to open all bays on all boxes. You'll never have to fumble for the right key again.

#### **Upgrade Your Casters**

You can also choose to upgrade your casters to help your toolbox roll easier and smoother and bear greater weight loads. Caster upgrades protect your toolbox investment by reducing the wear and tear on your tools and toolbox to help them last longer.

## MAKE THE MOST OF YOUR TOOLBOX WITH REVEL SERIES TOOL STORAGE ACCESSORIES.

Maximize your storage. Add additional square inches to a drawer for even more tool storage space.

### REVEL DRAWER ACCESSORIES

Bins and trays are a great way to add additional square inches to a drawer.

Bins can be segmented with included dividers.

# MATCO TOOLS LIMITED PRODUCT WARRANTY

Any tool or part branded with the Matco Tools name is warranted against defects in materials and workmanship. Matco or one of its authorized representatives, will, at Matco's option, repair, or replace, any tool or part bearing the Matco name, without charge, if the defective or malfunctioning tool or part is returned to Matco or one of its authorized representatives, shipping prepaid. Please be sure to include your name and address with the tool or part and describe the nature of the problem.

Matco shall have no obligation pursuant to the Matco Warranty with respect to any tools or parts which in Matco's sole judgment have been altered, damaged, misused, abused, badly worn, lost or improperly maintained. This Warranty is null and void if the customer, or any other person other than an authorized representative of Matco, has made any attempt to service or modify the tool prior to its return to Matco under this Warranty.

All products sold by Matco to its Distributors are assigned a warranty code in the Matco Price List. The limited warranty provision with respect to each such product shall be the limited warranty designated in this warranty code agreement and may be amended by Matco from time to time in its sole discretion.

Matco Tools reserves the right to make periodic changes in construction or tool design at any time. Matco specifically reserves the right to make these changes without incurring any obligation or incorporating such changes or updates in tools or parts previously distributed.

The Matco Warranty is in lieu of all other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose and sets forth the sole and exclusive remedy in contract, tort, strict liability, or otherwise. Under no circumstances shall Matco be liable for any special, incidental or consequential damages.

Note: Some states do not allow the exclusion or limitation of incidental or consequential damages. The Matco Warranty confers specific legal rights. The purchaser may have other rights which vary from state to state or outside the United States of America.

No Matco employee, distributor or other person, other than an authorized officer of Matco, may extend the Matco Warranty. Any such alteration must be in writing and signed by such officer.

## MISUSED AND ABUSED PRODUCT

Over time, Matco's hand tools and service equipment have earned a reputation for world-class quality, superior workmanship and professional-grade durability. When properly used and conscientiously maintained, Matco tools can provide you their full lifetime of reliable service. However, this is not to say that our tools are indestructible. When subjected to intentional physical misuse and abuse, even Matco tools can break or fail prematurely.

Matco Tools and our Matco Distributors recognize that the warranty coverage which we offer on our tools and equipment has a significant influence on your decision to purchase and use Matco products. We also recognize that the intentional misuse and abuse of hand tools continues to be a common concern to us all. As a result of both considerations, Matco has structured our warranty policies and product guarantees accordingly. While eminently fair by industry standards, Matco's Warranty reserves the right to exclude products which have been obviously and intentionally misused and abused.

**PRODUCT CHANGES.** Matco reserves the right to make changes in design, appearance and construction of any and all products listed herein without incurring any obligation in making such changes in products previously sold or transferred. Matco also reserves the right to discontinue the availability of any products at such time as such action is considered necessary.

## IMPORTANT NOTICES

**LIABILITY.** Matco cannot accept the responsibility for the results of using tools which have been abused or badly worn. Matco also cannot accept responsibility for results of using tools incorrectly or using tools which have been improperly repaired or maintained.

**SAFETY TIPS.** Matco encourages tool safety and proper tool use. We have provided various safety tips and proper tool usage tips throughout our catalog. These tips are provided only as a convenience to our customers and we in no way imply that it is a complete list of all tool safeguards and precautions. We suggest you refer to the manufacturer's instructions when provided.

**METRIC TOOL IDENTIFICATION.** Metric sockets, wrenches, sets and their accessories are identified in blue within this catalog for your convenience.
