TOOLS X DENSO INJECTORS

REVIEW OF COMMON RAIL INJECTORS DENSO

AZ0134-DS

Tool kit to review common rail DENSO injectors, on *cars* and *industrial-vehicle* composed of:

Nr. 4 high-precision comparators with nr. 4 calibrated adaptors for different injectors and bobbins.
(Attention: the adaptors can not be dismantled from their comparators, otherwise they will lose the right calibration)

Nr. 1 calibrated cylinder

Nr. 1 AE0289-CR Stop to assemble nozzle of Denso and Piezo injectors

Training on review of Denso common rail injectors is available on demand.

TOOLS X DENSO INJECTORS

ABRASIVE SMALL-BRUSHES

AZ0134-14DS1 BRUSH WITH DIAMOND-CUT

Diam: 4,2

To clean inside the body of Denso injectors

AZ0134-14DS2 BRUSH WITH DIAMOND-CUT

Diam: 4,8

To clean inside the body of Denso injectors

AZ0134-14DS3 BRUSH WITH DIAMOND-CUT

Diam: 5,5

To clean inside the body of Denso injectors

TOOL TO ASSEMBLE THE NOZZLE

AE0289-CR STOP TO BLOCK THE NOZZLE OF BOSCH PIEZO AND DENSO INJECTORS.

To use to assemble easily the nozzle.

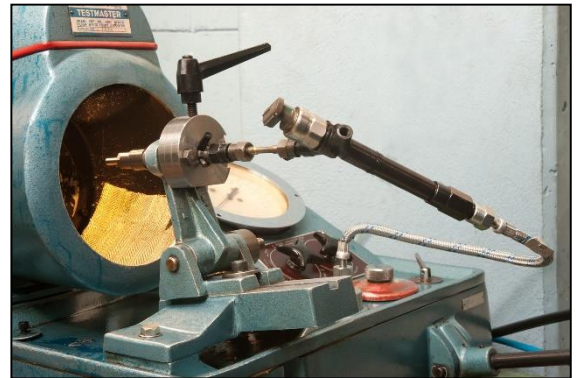

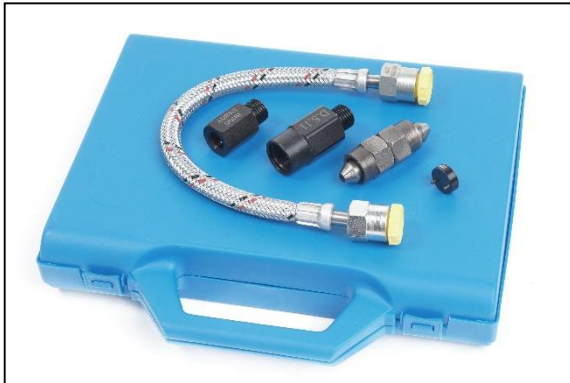

Fixing-part to block the nozzle during the assembly of the injector.

Insert the nut on the nozzle. Fix the tool on the nozzle. Place the nozzle in correct position, pay close attention to the two little pins of the injector.

Once the nozzle is in the correct position push the tool and screw the nut.

TOOLS X DENSO INJECTORS

CLEANING-KIT X FILTERS INSIDE DENSO INJ.

AZ0134-DS-10

Kit to clean Denso injector's filter with hand test-injector (AAE060-0H) with REVERSE-FLOW system.

The aim of our kit AZ0134-DS-10 is to avoid to replace the high-pressure inlet filter of common rail injector Denso due to blockage of dirt that cause the loss of efficiency of the injector.

The systems to replace Denso filter now on the market have a remarkable complexity procedure and require a lot of time from the operator.

Our Kit AZ0134-DS-10 permits to clean the filter using the system of REVERSE-FLOW and allows to clean the filter in a blink of an eye with maximum simplicity saving time and money !

TOOLS X DENSO INJECTORS

HOW TO REPLACE FILTERS
