Getting HERE

Flying into Seattle-Tacoma International Airport

The Sea-Tac International Airport shares extensive information regarding accessibility for parking, restrooms, assistance and more on their website at: www.portseattle.org/sea-tac/accessibility-at-sea-tac-airport

Transportation

Getting from the airport to the mountain

Once you arrive at the airport, if you're renting a wheelchair accessible van, you'll need to take the airport shuttle from the terminal to the nearby car rental facility. The airport shuttle is wheelchair accessible.

There is no public transportation from the airport to the mountain. Visitors will need to either rent an accessible vehicle or hire an accessible charter transport. Please keep in mind that the Mount Rainier region is a rural wilderness area, and as of yet there are no accessible Uber, Lyft, or Taxi systems in the area. If visitors are planning on having a charter drop them off it is recommended that they stay at one of the lodges in the park.

Eastside For Hire is a taxi company with a fleet stationed at the Sea-Tac International Airport. They have wheelchair accessible vans available on demand. Expect to pay a \$232 one-way fare from the airport to Longmire at Mount Rainier National Park. Prices may change without notice. **(425) 453-9000**

Drive time from the airport to the Nisqually entrance of Mount Rainier National Park (located in Ashford, WA—the only entrance open year-round) is typically 2-hours (85 miles).

RENTING *Accessible* VANS

Wheelers Accessible Vans

rentawheelchairvan-seattle.business.site | (800) 456-1371

Wheelers Accessible Vans will deliver to the airport with a 3-day minimum rental. Typically, the rates are \$541.40 with delivery fee, pick-up and the three-day rental. They have 2 Dodge Caravans, based on availability, advance reservations required, minimum age to rent is 23. Renters must have a valid driver's license. If the license is from overseas, you will need to sign a waiver and pay an extra fee of \$40 a day, as well as a \$500 refundable deposit. US citizens must have full-coverage insurance or purchase a waiver which acts like full-coverage insurance. Wheelers accepts credit or debit cards. Reserve online or over the phone.

Wheelers will deliver vans to the parking garage connected to the airport. A text message will be sent to the renter with the exact location of where to find the van. The keys are in the van and the van is locked. Upon arrival you'll place a phone call to Wheelers when you are ready to enter the van and someone will unlock the van remotely and enable it to be operated.

Upon departure, when it's time to fly home, you'll park the vehicle back at the airport. Be sure to call the company and let them know it's back at the airport. Then, simply leave the keys in the van, lock the vehicle, and go.

Transactions are done electronically. Renters have to scan or take a photo of their driver's license and send it via text or email. Normal business hours are 7:00 AM–7:00 PM. The after-hours fee is \$50.00.

Vans do not have traction devices like chains for winter travel. Mount Rainier National Park requires all vehicles to have chains between November 1st and May 1st.

Wheelchair Van Rental

Kersey Mobility

www.kerseymobility.com/wheelchair-van-rentals | (877) 507-7491

Kersey Mobility delivers wheelchair accessible vans to the Sea-Tac International Airport. Rentals are set up ahead of time and they deliver the van and leave it in the parking garage connected to the airport. The renter receives a text message or email with directions to where the van is parked, as well as instructions for getting into the van.

Vans are delivered and picked up during business hours, 8:30 AM–5:00 PM Monday-Friday. Closed on weekends.

Minimum age for rental is 21. Drivers must have a valid driver's license. Those with an international driver's license are required to obtain car for

hire insurance, which runs \$149.00 per day plus tax for one to six days. Credit cards only, debit cards not accepted. Rental contract must be signed ahead of time, then scanned and returned via email or fax. Please plan enough time to get the paperwork done. This typically takes 48 hours during the week. Closed on weekends.

Kersey has 8 wheelchair accessible vans shared between 3 locations. All vans are 2016 or 2017 Toyota Siennas or Dodge Grand Caravans. Two vans have power operated ramps, and 6 vans have manual ramps. Rates include 100 miles per day. Excess mileage is charged at \$0.35 per mile.

Mount Rainier

NATIONAL PARK

Why Visit?

People travel from around the globe to experience the majesty of Mount Rainier. A trip to the national park is a bucket-list trip for many to see pristine wilderness, famous wildflower meadows, glaciers and waterfalls.

Best Time of Year to Visit?

Every season is Rainier season, but there's something special about summer. It's the most popular time of year, with favorable weather and wildflowers drawing large crowds

of people to the national park. A tip for navigating through the masses is to plan on arriving early in the mornings before 9:00 AM or late in the afternoon to beat the crowds.

Autumn is also a wonderful season at the park. The crowds are lighter, plus the roads and trails are typically snow-free in the early part of fall. The fall colors are also a spectacular treat!

Service Animal Policy

Pets are not allowed inside buildings, or on trails. Service dogs are allowed on trails and in park facilities but only if the dog has been trained to do work or perform tasks for the benefit of an individual with a disability. Under the **Americans with Disabilities Act (ADA)**, “therapy animals” providing emotional support do not qualify as service animals. For more information please visit https://www.ada.gov/service_animals_2010.htm

Although many of the developed areas at Mount Rainier National Park predate laws requiring fully accessible facilities, they are working to ensure that all visitors can experience and enjoy the park. If you have special needs or situations not explained in the information below, call (360) 569-6575, any day between 9 AM and 4 PM to communicate with a park ranger.

ATTRACTIONS OUTSIDE OF *Mount Rainier* NATIONAL PARK

Northwest Trek Wildlife Park

11610 Trek Dr. E, Eatonville, WA 98328 | (360) 832-6117

Why Visit

At this 725-acre wildlife park tucked away in the forest near Mt. Rainier, you'll see over 200 animals in a beautiful Pacific Northwest setting—no hike required. Families with mixed mobility will enjoy the paved trails leading through the forest, as well as the Kids Trek play area. This is ideal for visitors who use manual and power chairs, walkers, and canes.

Best Time to Go

This is a year-round attraction. Weekend summer months are the busiest times of the year.

Navigating Northwest Trek Wildlife Park

Enjoy miles of paved nature trails while you explore native vegetation and see many of the animals in their exhibits. The guided tram tour is an accessible tram; it is covered, heated, and narrated by a naturalist. The tram tour lasts approximately 40 minutes and takes you through the Free-Roaming Area to see the herd animals. A limited number of wheelchairs, electric carts, and single and double strollers are available for rent on a first-come, first-served basis. Manual chair are \$12, and

electric wheelchairs are \$35.

Northwest Trek is ADA-accessible with graded, paved pathways allowing for comfortable maneuvering around the park. Wheelchairs can be secured in the trams and a courtesy cart is available to transport visitors with mobility issues from Trek Center to the tram tour station.

Sensory Inclusive

Northwest Trek Wildlife Park is a certified Sensory Inclusive facility, registered with KultureCity. The park offers quiet places, sensory bags and

headphones. Staff are trained in helping people with sensory needs enjoy their visit. Guests can check out a number of black, backpack-style sensory bags from the Tram Tour Station. Weighted lap pads are also available.

Each of the Sensory Bags available at Northwest Trek includes noise-canceling headphones, fidget tools, a feelings card for non-verbal guests to use in helping others understand their challenges, and an ID badge on a lanyard to identify the user as someone who may be challenged by sensory overloads.

Service Animals At Northwest Trek Wildlife Park

Service animals are welcome. On arrival, let the staff at the ticket window know about the service animal. When taking a guide dog on the tram ride please note the floor of the tram is similar to that of a bus. If your service dog gets fatigued on busses from maintaining their position on a smooth surface for an extended period of time (30 minutes or more), you may want to bring a flat mat for your dog to sit or lay on.

Guide dogs can accompany passengers on the guided tram tour,

elk bugling tour in the fall, and the off-road adventure keeper tours.

Crystal Mountain Resort

33914 Crystal Mountain Blvd., Enumclaw, Washington | (360) 663-3050

Why Visit

Climb aboard Washington state's only gondola and ride 2,400 vertical feet up to the top to experience amazing views and outdoor adventure! On a clear day you'll enjoy spectacular views of Mount Rainier and the surrounding Cascade Mountains. Plus, Crystal Mountain Resort is home to Washington state's highest elevation dining experience at the Summit House Restaurant.

Best Time to Go

The summer months are the best time to visit.

Wheelchair Accessible

The Mt. Rainier Gondola is wheelchair accessible.

*"Thank you **Crystal Mountain Resort** for excellent accessibility and inclusion of people with differing abilities! Charlotte was able to stay in her (300 lb.!) power wheelchair to ride the gondola to the summit and enjoy spectacular views of Mt. Rainier. This special-needs family couldn't be more pleased!"*

Mt. Rainier Railroad and Logging Museum

5124 Mountain Highway East, Elbe, WA 98330 | (360) 492-6000

Why Visit

It's home to the world's largest collection of steam logging locomotives!

Best Time to Go

Weekends starting Memorial Day weekend through October and again mid-November through December.

Wheelchair Accessible

The railroad has a wheelchair lift at the depot in Elbe and at the museum in Mineral. The lift is equipped to accommodate up to 600 pounds. The depot in Elbe offers limited parking, including 5 handicapped parking spots available on a first-come, first-served basis. Due to the historic nature of the trains, wheelchair accessible seating aboard the train rides is limited to a single train car with 3 tables and it is recommended that you book well ahead to assure your spot. The parking lot at the depot is gravel and can be tricky to navigate in rainy weather.

The restrooms at the depot and museum are wheelchair accessible. Sections of the train are accessible. It is not possible to wheel through from one end of the train to the other. The logging museum is made up of multiple buildings with exhibits in each. The museum buildings are ramped. The railroad and museum host a series of train rides and special events. Some of the special events

may include catered meals at the picnic area. The picnic area is grassy, no sidewalks, hardpacked gravel, mostly level. No cover.

Service Animals

Service dogs are welcome at the railroad.

When it comes to dining in the Mt. Rainier region, you have your choice of everything from humble burger shacks to refined dining rooms at historic lodges. Summer months are peak season when restaurants are all open and busy. It's important to

note that not all restaurants are open during the winter and early spring seasons, and operating hours can vary during these off-peak seasons. It's wise to call ahead to inquire about open hours during the months of November through April. For the sake

of space in this guide, we were not able to provide photos of both the exterior and interiors with restroom facilities; however, photos of interiors and restrooms are uploaded to our website when possible.

Braille Trail Start N 46° 26' 22, W 121° 50' 59

Why Visit

Located at the Cispus Learning Center south of Randle, the Braille Trail is designed to enhance your experience of hiking through a deep forest setting.

Best Time to Go

Summer months (July-August) and early fall when the weather tends to be more dry.

Wheelchair Accessible?

The trail is wide enough to accommodate standard and motorized wheelchairs and electric scooters. This is an unpaved trail. The trail is wide and flat and during dry

weather the path is hardpacked. Keep in mind that the trail is in a heavily wooded area and winds can knock down branches and occasionally block the trail. There are a few random tree roots and cut stumps to navigate along the trail. This is not always a barrier-free zone. The trail may not always be accessible with a chair.

Navigating

The level loop trail is less than a mile in length and is equipped with a guide rope to follow around the well-maintained path which is free of toe-stubbing features such as roots and jutting rocks often found on regular trails. Avoid the Angel Falls Loop Trail as it requires a stream crossing and

is steep. No entry fee or parking pass is required. Be prepared to share the trail with large student groups in the summer.

Getting there

From US 12 in Randle, drive south on SR 131/FS 25 one mile. Turn left onto Forest Service Road No. 23/Cispus Road. Continue ten miles to Forest Service Road No. 28, then turn right. In less than a mile, turn right again onto Forest Road No. 76. Parking for trail users is located at the campus front entrance loop. The Cispus Learning Center entrance is on the left and is well marked. (This is also the trailhead parking area for the Covell Creek Falls Trail.)
