TOURMASTER - THE #1 CHORAL RISER IN THE WORLD

Tourmaster Choral Risers

No other risers fold, roll, set-up or travel so smoothly. In fact, it's easy to take the Tourmaster around tight corners, across the parking lot, into a bus or van, and up and down stairs. **No wonder it's the #1 choral riser in the world!**

Made in the USA using precision engineering and using only the best materials means Tourmaster risers will deliver reliable operation for a long, long time.

Nota conBRIO

Nota conBRIO - The first dynamic seating solution specifically designed for music practice & performance. Dynamic seating in essence responds to a person's movement. Rather than restrict motion with a static base, Nota conBRIO provides a stable, yet fluid foundation, allowing the musician complete freedom to engage in the musical performance.

\$299 each

Student Chair

The original Music Posture Chair, designed to help support correct posture and reduce discomfort so students can focus on technique.

\$239 each

Musician Chair

The padded and upholstered musician chair for perfect posture. Extra padding and upholstery keeps musicians comfortable during long sessions. High quality fabrics deliver an enhanced appearance that will last.

\$595 each

Cello Chair

Cellists require a unique playing position that standard chairs cannot accommodate. The Cello Chair is designed to put cellists in the optimal lean forward position with comfort and stability.

\$795 each

Percussion/String Bass Conductor's Chair

Continuous comfort and support are essential to a focused performance.

The Conductor's Chair or Percussion/String Bass chair, provides full support for the half-seated position while the chair's adjustable design gives musicians and conductor's the flexibility to find their own ideal position.

The padded seat and seat back make for a very comfortable rehearsal.

- Swivels 170 degrees for extended range of the percussionist or locks in position
- Easy to use pneumatic height adjustment seat and footrest
- Stable 5-leg design
- Choice of several fabric colours

Better posture produces better playing

Nota® Chairs

Wenger Music Posture Chair design redefined what a music chair should be by providing the seated musician with the same strong, natural posture as if they were standing. Nota takes that concept to the next level, providing rear and forward seating positions that allow musicians to sit in the manner that best suits their style and instrument. Both the Premier and Standard models also feature a narrow convex back that provides lumbar support while still allowing freedom and range of movement, and a rounded waterfall front that provides better circulation and comfort for a wider range of body sizes. Nota popularity is growing fast because there's no other chair like it and it's built to work and look great for the long run.

Nota Premier

CONSTRUCTION

- Narrow convex back provides lumbar support while still allowing for freedom and range of movement
- Rounded waterfall front accommodates a wider range of body sizes
