

Town of Deerfield Blasting License Application

Applicant Information:

Full Name: Forever Sandfill & Limestone; Jon Halverson, President

Address: 170 US-51 Edgerton, WI 53534

Telephone: 608-884-9105

Email: jhalver@frontier.com

Licensed Blaster Information:

Full Name: Ahlgrimm Explosives Company; Brett Schmitz

Address: Ahlgrimm Explosives Company, Inc; 102 Fountain Road; Mineral Point, WI 53565

Telephone: Cell: 608-574-8521 / Office 608-987-3034

Email: Brettschmitz1@icloud.com

State Blasting License Number: 842480

Signature of State-Licensed Blaster: _____

Blast Site Information:

Location of Proposed Blasting: 3522 Oak Park Road; Deerfield, WI 53531

Parcel ID's: Portions of 071229380002 and 071229295319

Full Name of Person Responsible for Proposed Blast Site: Jon Halverson

Address: 170 US-51 Edgerton, WI 53534

Telephone: 608-884-9105

Email: jhalver@frontier.com

Type of License requested (circle one): Annual (exceeds 14 days) / Short-term (14 days or less)

For short-term licenses, date proposed blasting is to commence: _____

The following information shall be provided in or attached to the application:

1. Applicant's name, including all partners if the applicant is a partnership; all officers if applicant is a corporation; all members if the applicant is a limited liability company: including the contact phone number and email address for each individual.

See above

2. Name, address, license number, contact phone number, and email address of the blaster in charge of the blasting operations to be conducted under the license.

See above. Also see **Attachment 1** for Blaster Credentials.

3. Name, address, contact phone number, and email address of any person or persons in charge of the site at which the blasting operations will occur; who will be available at all times to respond to inquiries by and receive notices from the town.

Jon Halverson
Forever Sandfill & Limestone, Inc.
170 US-51
Edgerton, WI 53534
608-884-9105
jhalver@frontier.com

4. A map showing the location of the controlled blasting site area, the location of all buildings located within $\frac{1}{4}$ miles (1320 feet) of the controlled blasting area, and the names, addresses of the owner of those buildings.

See **Figures 1 and 2**. Owners of neighboring buildings were sent a notification letter of proposed blasting activities on January 11th, 2016. The notification letter and list of recipients are included in **Attachment 2**.

5. A description of the general operations conducted at the site.

Activities at the proposed Facility include blasting, crushing, sizing, stockpiling and loading material for delivery. Other activities may include reclamation activities, maintenance activities, processing recycled asphalt and other tasks as needed to support operations.

FS&L intends to conduct controlled blasting under the supervision of a State of Wisconsin licensed blaster (credential information included above) to create a working face in the otherwise solid limestone below the ground level at the Facility. These blasting activities along with all associated pre-application notifications, and pre-blasting application to the necessary property owners and Town Clerk, necessary blasting controls, record keeping, and monitoring will be conducted in accordance with State of Wisconsin and Town of Deerfield regulations. A map showing the location of proposed blasting activities and other planning elements are required by Town of Deerfield Code of Ordinances Chapter 2; Section 2.06(e) is included in **Figure 2**.

6. Copies of all required Town, County and State licenses or permits necessary for the operations that will include the proposed blasting.
See **Attachment 1**.
7. A certificate of insurance certifying a current policy of liability insurance against claims for bodily injury, death, property damage arising out of the blasting operation. Said policy of insurance shall have limits of coverage not less than five million (5,000,000) dollars in aggregate and two and one-half million (2,500,000) dollars per occurrence. The policy shall not be cancelled except after not less than ninety (90) days notice to the Town of Deerfield.

FS&L has acquired a general liability insurance policy for the previously discussed activities at the Facility. A copy of the Certificate of Insurance meeting the requirements of Chapter 2 of the Town of Deerfield Code of Ordinances, Section 2.15 will be provided when received from the insurance company with the required language. This policy will not be cancelled without a minimum of 90 days' notice to the Town of Deerfield and not without a qualified replacement Certificate submitted to the Town of Deerfield within 30 days of the presently active certificate's cancellation or expiration.

8. Payment of the application fee.

I, Jon Halverson, the undersigned agree that all of the information provided in and with this application is accurate and correct. I accept the responsibility for all blasting activities to be conducted at the location or locations as noted above.

DANE COUNTY CONDITIONAL USE PERMIT #2103

THE ZONING AND LAND REGULATION COMMITTEE OF THE DANE COUNTY BOARD PURSUANT TO SECTION 10.255(2) OF THE DANE COUNTY CODE OF ORDINANCES DOES HEREBY:

GRANT Conditional Use Permit #2103 for a Mineral Extraction Site pursuant to Dane County Code of Ordinance Section 10.194 and subject to any conditions contained herein.

EFFECTIVE DATE OF PERMIT: March 24, 2009

THE CONDITIONAL USE SHALL BE LOCATED ON THE PROPERTY DESCRIBED AS FOLLOWS: **3522 Oak Park Road, Town of Deerfield, Dane County, Wisconsin.**

Parcel # 0712-293-8000-2

Description:

Part of the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 29, Town of Deerfield described as follows: Commencing at the southeast corner of the Northwest quarter of said Section 29, thence West along the South line of said NW $\frac{1}{4}$ to the centerline of Oak Park Road and the Southwest corner of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 29; thence North along the West line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, 150 feet to the point of beginning; thence North along the West line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, 820 feet; thence east 1010 feet; thence S23 degrees West, 580 feet; thence South parallel to the West line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, 280 feet; thence West 770 feet to the point of beginning.

Also:

Part of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and part of the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 29, Town of Deerfield described as follows: Commencing at the Southeast corner of the Northwest quarter of said Section 29; thence West along the South line of said NW $\frac{1}{4}$ to the centerline of Oak Park Road and the Southwest corner of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 29; thence North along the West line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, 150 feet to the point of beginning. Thence East 800 feet; thence South parallel to the West line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 29, 550 feet; thence West 800 feet; thence North along the West line of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, 550 feet to the point of beginning.

CONDITIONS:

1. The applicant shall submit an erosion control plan covering the entire CUP area for the duration of operations, and receive approval of an erosion control permit prior to commencing extraction operations.
2. Reclamation shall meet the requirements of Chapter 74 of the Dane County Code of Ordinances.

(Page 2, CUP 2103)

3. The applicant shall apply for and receive all other required local, state and federal permits.
4. Operations shall cease no later than 10 (ten) years from the date of CUP approval.
5. The driveway accessing the subject site shall be paved for a distance of at least 100 feet from the public road. The operator shall maintain the driveway in a dust free manner in accordance with local, state, and federal regulations, and shall clean any dust or mud tracked onto public roads.
6. The haul route will be Oak Park Road South to USH 12.
7. The access to the driveway shall have gates securely locked when the extraction site is not in operation. The site shall be signed "no trespassing."
8. Hours of operation shall be from 6:00 a.m. to 6:00 p.m., Monday through Friday, and from 7:00 a.m. to 1:00 p.m. on Saturdays. No operations of any kind shall take place on Sundays or legal holidays.
9. There shall be a safety fence around the entire extraction area at all times. That safety fence shall be a minimum of 5 feet in height with a single strand of barbed wire on the top.
10. No water shall be pumped or otherwise removed from the site.
11. There shall be no bulk fuel stored on site
12. The operator shall require all trucks and excavation equipment to have muffler systems that meet or exceed then current industry standards for noise abatement.
13. The operator shall meet DNR standards for particulate emissions as described in NR 415.075 and NR 415.076.
14. The Zoning Administrator or designee may enter the premises of the operation in order to inspect those premises and to ascertain compliance with these conditions or to investigate an alleged violation. Unless the operation is in reasonable compliance with these terms of this approval, such approval is subject to amendment or revocation.

THE ZONING AND LAND REGULATION COMMITTEE AFTER PUBLIC HEARING AND IN THEIR CONSIDERATION OF THE CONDITIONAL USE PERMIT MADE THE FOLLOWING FINDINGS OF FACT:

1. That the establishment, maintenance and operation of the proposed conditional use will not be detrimental to or endanger the public health, safety, morals comfort or general welfare.
2. That the uses, values, and enjoyment of other property in the neighborhood for purposes already permitted will not be substantially impaired or diminished by the establishment, maintenance, and operation of the proposed conditional use.

(Page 3, CUP 2103)

3. That the establishment of the proposed conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.
4. That adequate utilities, access roads, drainage and other necessary site improvements will be made.
5. That adequate measures will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
6. That the proposed conditional use does conform to all applicable regulations of the district in which it is proposed to be located.

EXPIRATION OF PERMIT

In addition to any time limit established as a condition in granting this CUP, Section 10.25(2)(n) of the Dane County Code of Ordinances provides that any use for which a conditional use permit has been issued, upon its cessation or abandonment for a period of one year, will be deemed to have been terminated and any future use shall be in conformity with the ordinance.

4-1-03 SITE VISIT SEE PHOTOS

The submitted erosion control plan is approved and complies with Chapter 14 and 74 of Dane County Ordinance.

The erosion control plan was insufficient. However, after a visit to the site with Don Zimmerman, the following conditions were agreed upon and need to be followed as a part of the approved plan:

1. The clay and silt, which has settled on the pond bottom, needs to be cleaned and removed from the sediment basin, in order to prevent clogging.
- * 2. The 36-inch outlet needs a stone weeper. The weeper will have 6 to 8-inches of stone in the back and a layer of 1 to 2-inches clear stone facing the pond.
3. The sediment on top of the existing lime stone shall be removed and stored as part of the topsoil in the reclamation pond.
- * 4. A berm that diverts the runoff from the hill will be placed to prevent uncontrolled delivery to the existing pit that is causing washouts.
5. The future area to be mined needs to be seeded as hay or meadow and will reduce soil loss to a minimum and runoff to grassland.

Don Zimmerman, from B.R. Amon & Sons, will certify that the plan has been implemented as we agreed upon at the site.

APPLICATION FOR PERMIT-NONMETALLIC MINING RECLAMATION

Notice: Use of this form is required for any nonmetallic mining reclamation permit application filed pursuant to Chapter NR 135.18(2) and (3), Wis. Adm. Code. Under NR 135.17(3)(a), Wis. Adm. Code, the Department issues reclamation permits for nonmetallic mining sites in areas where no approved county or municipal reclamation program exists. The Department will not consider your application unless you complete and submit all information required by this application form and in applicable sections of Wis. Adm. Code. Nonmetallic mines operating without a permit are subject to penalties as outlined in s.295.19(3), Wis. Stats., and Ch. NR 135.43(4), Wis. Adm. Code. Personally identifiable information on this form will be used solely for program administration and enforcement and is not intended to be used for other purposes. Information will also be available to requestors as required under Wisconsin's Open Records Law [s.19.31-19.39., Wis. Stats.]. Complete all information as directed below. Print or type.

1. Applicant/Operator

_____ Date signed

Printed name of signer _____

PLICANT / SITE INFORMATION

1. **Applicant/Operator** - If the applicant/operator conducts business as a corporation or partnership, please provide that name and business address, not that of the individual signing the application. The applicant is assumed to be acting with the knowledge of the owner in this application. An e-mail address is optional, used only to communicate in a timely manner with the applicant.
2. **Property Owner/Lessor** - If there is more than one owner/lessor, all names and information must be provided. Separate sheets may be attached for this purpose. If the applicant/operator is not the same as the property owner/lessor, assurances may be required to insure the property owner agrees with the reclamation plan. Again, the e-mail address is optional.
3. **Property Description** - Each permitted site must have a unique street address. If the site does not currently have a street address, one must be obtained. A mining site may be located on two or more parcels; include all parcel numbers to be covered by one permit. (If more than, one please attach on a separate sheet). Provide the complete legal description of the property on which the mine is located, as found on the property deed.
4. **Site Information** - A general description of the aggregate mined (sand, gravel, limestone, etc.) is sufficient. The planned acreage should be the amount of land disturbed by mining operations that will be reclaimed as described in the reclamation plan
5. **Permit Request** - Someone authorized to apply for this permit on behalf of the applicant requires a signature.

RE: **Oak Park Road Driveway – Stormwater Management Plan, SM2015-0146**
Associated Permit EC2015-0145

The submitted stormwater management plan meets the needs of the site. The plan includes the following requirements:

1. A stormwater basin must be constructed prior to any other grading in the location shown on the plan. As the basin will be utilized for sediment control during construction, sediment must be periodically removed as necessary.
2. Culvert and pipe outfalls must be protected by rock riprap as shown on the plan. The riprap must be installed such that it forms a bowl-shape with a depth of at least 6" to dissipate runoff energy.
3. The areas identified on the plan must be erosion matted during final site stabilization. The erosion matting must meet the WisDOT class and type as specified in the plan.
4. The maintenance agreement for permanent stormwater management practices must be recorded with the Register of Deeds and a financial security document for 110% of the expected cost of erosion control and stormwater management (\$25,795) must be submitted prior to permit issuance.
5. As-built plans and certification, performed by a professional engineer, will be required for all permanent stormwater management practices and facilities.

This permit does not expire. This review is for the stormwater requirements of Chapter 14, Dane County Code of Ordinances only and other approvals may be necessary. The applicant must obtain a permit card from the Water Resource Engineering Division counter and display it on the site.

Re: Coverage Under WPDES General Permit No. WI-S067831-04: Construction Site Storm Water Runoff

Permittee Name: **Forever Sandfill & Limestone Inc**
Site Name: **Oak Park Road Quarry Driveway**
WDNR FIN: **53273**

Dear Mr. Halvorsen

The Wisconsin Department of Natural Resources received your Water Resources Application for Project Permits or Notice of Intent, on May 26, 2015, for **Oak Park Road Quarry Driveway** and has evaluated the information provided regarding storm water discharges from your construction site. We have determined that your construction site activities will be regulated under ch. 283, Wis. Stats., ch. NR 216, Wis. Adm. Code, and in accordance with Wisconsin Pollutant Discharge Elimination System (WPDES) General Permit No. WI-S067831-04, Construction Site Storm Water Runoff. All erosion control and storm water management activities undertaken at the site must be done in accordance with the terms and conditions of the general permit.

The **Start Date** of permit coverage for this site is **June 24, 2015**. The maximum period of permit coverage for this site is limited to **3 years** from the **Start Date**. Therefore, permit coverage automatically expires and terminates 3 years from the **Start Date** and storm water discharges are no longer authorized unless another Notice of Intent and application fee to retain coverage under this permit or a reissued version of this permit is submitted to the Department 14 working days prior to expiration.

A copy of the general permit along with extensive storm water information including technical standards, forms, guidance and other documents is accessible on the Department's storm water program Internet site. To obtain a copy of the general permit, please download it and the associated documents listed below from the following Department Internet site:
<http://dnr.wi.gov/topic/stormwater/construction/forms.htm>

- Construction Site Storm Water Runoff WPDES general permit No. WI-S067831-04
- Construction site inspection report form
- Notice of Termination form

If, for any reason, you are unable to access these documents over the Internet, please contact me and I will send them to you.

To ensure compliance with the general permit, please read it carefully and be sure you understand its contents. Please take special note of the following requirements (This is not a complete list of the terms and conditions of the general permit.):

1. The Construction Site Erosion Control Plan and Storm Water Management Plan that you completed prior to submitting your permit application must be implemented and maintained throughout construction. Failure to do so may result in enforcement action by the Department.

CERTIFICATE OF PERMIT COVERAGE

UNDER THE
WPDES CONSTRUCTION SITE STORM WATER RUNOFF PERMIT
Permit No. WI-S067831-04

Under s. NR 216.455(2), Wis. Adm. Code, landowners of construction sites with storm water discharges regulated by the Wisconsin Department of Natural Resources (WDNR) Storm Water Permit Program are required to post this certificate in a conspicuous place at the construction site. This certifies that the site has been granted WDNR storm water permit coverage. The landowner must implement and maintain erosion control practices to limit sediment-contaminated runoff to waters of the state in accordance with the permit.

EROSION CONTROL COMPLAINTS

should be reported to the WDNR Tip Line at
1-800-TIP-WDNR (1-800-847-9367)

Please provide the following information to the Tip Line:

WDNR Site No. (FIN): 53273

Site Name: Oak Park Road Quarry Driveway

Name or Current Resident
Address
Town, WI 00000

January 11, 2016

**Subject: Notification of Application for Blasting License
Address
Town, WI 00000**

Dear Current Resident:

In accordance with the newly promulgated requirements associated with Town of Deerfield Ordinance 2015-02 Chapter 2, regulating blasting activity in the Town of Deerfield, Endpoint Solutions Corp. (Endpoint) has prepared this letter to serve as formal notification on behalf of Forever Sandfill & Limestone to notify you of their intent to apply for a blasting license to continue to perform blasting related to non-metallic mineral mining at its quarry located at 3522 Oak Park Road in Deerfield, Wisconsin.

In accordance with Section 2.09 of the ordinance the applying entity is required to notify all residents or owners of buildings or wells within 1,320 feet of the proposed controlled blasting site area. Based upon a review of local property information and available mapping tools, your property was identified as falling within this boundary. As required by Section 2.09 of the Town Ordinance, Forever Sandfill and Limestone is required to offer to you, upon receiving your written request, a pre-blasting survey which would provide a baseline record of the existing conditions of your building or well and a pre-blasting water quality assessment to serve as a baseline to which any purported damages caused by any blasting activities may be compared. These services are offered at the expense of Forever Sandstone & Landfill and at no cost to yourself.

Per the previously referenced section of ordinance; any survey conducted shall include both the interior and exterior of the buildings and wells (per the Ordinance these are not able to be separated) and any water quality analysis will be conducted by a third party representative not affiliated with Forever Sandfill & Limestone and agreed upon by the Town of Deerfield. No pre-blasting survey or pre-blasting water quality test will be conducted without a written request. All requests for a pre-blasting survey or water quality test must be submitted to the Forever Sandfill & Limestone; Attention Jon Halverson and shall be mailed to 170 US-51 in Edgerton, Wisconsin 53534.

Closing

Your cooperation in this notification is greatly appreciated. Please send all formal requests to Forever Sandfill & Limestone, Inc. located at 170 US-51 in Edgerton, WI 53534 and please indicate within any response if you are requesting an internal and external building or well inspection, a water quality analysis, or both. If you have any questions or concerns regarding the pending application please contact the Town of Deerfield for additional information.

Sincerely,

Endpoint Solutions
