1	Name of the Company:	TRF Limited.
2	Standalone financial statements for the year ended	March 31, 2015
3	Type of Audit observation	<p>Emphasis of matters</p> <p>(i) We draw attention to Note No. 2.10 (ii) of the standalone financial statements, with respect to total contract cost being ascertained based on the contract costs incurred and cost to completion of contracts which is arrived at by the Management based on current technical data, forecast and estimate of net expenditure to be incurred in future based on current cost. Owing to the technical nature of the contracts, we have relied on the management estimates relating to the technical aspects/components and other technical inputs/matters considered in the determination of expected cost to completion of the contracts. Further, contract costs have been estimated by Management with use of external project consulting experts and on the basis of purchase orders or future firm commitments which Management has confirmed are enforceable over the period of the contracts.</p> <p>(ii) We draw attention to footnote under Note No. 17 with respect to retention money receivable Rs. 27,639.92 lacs as at March 31, 2015 which are realisable on the completion of the performance guarantee tests as per the terms of the contract.</p> <p>(iii) We draw attention to Note No.28.12 which states that the accompanying financial statements for the year ended March 31, 2015 have been prepared assuming that the Company will continue as a going concern. The Company has incurred recurring losses, has accumulated losses of Rs.16,940.22 lacs, and excess of net current liabilities of Rs. 5,798.88 lacs over current assets as of March 31, 2015. The Company continuing as going concern is dependent on the Company's ability to successfully complete existing contracts and generate cash flows from operations including realisation of retention receivable to be able to meet its obligations as and when they arise in the</p>

twelve month period from the date of these financial statements.

Our report is not modified on the above matters.

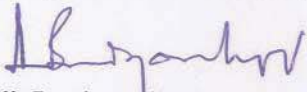

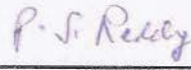

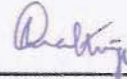

Relevant note in the financial statement

Note 2(10)(ii)

Revenue from contracts are recognised on percentage completion method specified under Accounting Standard (AS) 7 - Construction Contracts. The stage of completion is determined as a proportion that contract costs incurred for work performed up to the closing date bear to the estimated total costs of respective project. Profit (contract revenue less contract cost) is recognised when the outcome of the contract can be estimated reliably and for contracts valued up to Rs. 100 crore, profit is recognised when stage of completion is 40% or more, and for contracts valued more than Rs. 100 crore, profit is recognised either at 25% stage of completion or an expenditure of Rs. 40 crore whichever is higher. When it is probable that the total cost will exceed the total revenue from the contract, the expected loss is recognised immediately. For this purpose total contract costs are ascertained on the basis of contract costs incurred and cost to completion of contracts which is arrived at by the management based on current technical data, forecast and estimate of net expenditure to be incurred in future including for contingencies etc. For determining the expected cost to completion of the contracts, cost of steel, cement and other related items are considered at current market price based on fixed cost purchase orders placed or firm commitments received from suppliers/contractors as these purchase orders and future firm commitments are enforceable over the period of the contracts.

Cost incurred in excess of that considered for revenue recognition, if any, in respect of a contract is carried forward in the Balance Sheet as contracts in progress.

		<p><u>Footnote under Note 17:</u></p> <p>Others include Rs. 27,639.92 lac (31.03.2014 Rs. 26,274.58 lac) retention money which are recoverable on completion of the project as per the terms of the relevant contract. The retention money Rs. 3,623.29 lac (31.03.2014 Rs. 4,782.58 lac) are recoverable within the operating cycle of the Company but due after a period of one year</p> <p><u>Note 28.12 :</u></p> <p>The Company has incurred losses of Rs. 8,735.12 lac during the year ended March 31, 2015 and the accumulated losses as on that date, amounting to Rs 16,940.22 lac has eroded the net worth of the Company. As at the balance sheet date, the current liabilities of the Company exceed the current assets of the Company by Rs. 5,798.88 lac The Company is of the view that all potential future losses which has been booked during the current year will not result in immediate outflow over the next twelve months from the balance sheet date. Further, the Company projects operating profits during the next 12 months from the balance sheet date and is confident that it will be able to generate cash from liquidating the retention money held by the customers for a majority of the contracts which are at an advanced stage. Further, the Company expects to generate cash flows from its certain subsidiaries, by way of dividend. Given the above facts, the Company will be able to sufficiently generate future cash flows to meet future obligations of the Company in the next twelve months from the balance sheet date. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets or to amounts and classification of liabilities that might result if the Company is unable to continue as a going concern.</p>

This impairment is due to a weaker market environment in port and automobile sector which has resulted in fall in demand for trailers manufactured by one of the subsidiaries. The above underlying conditions is expected to continue over the near and</p>

medium term which has lead to the downward revision of cash flow underlying the valuation of the Srilankan operations. This impairment relates to the 'Products and Service' segment of the Company.

For the purpose of impairment review legal entities are considered as cash generating unit (CGU). The recoverable amount of the CGU is based on the value in use. The discount rate used in calculations was based on the post tax risk adjusted weighted average cost of capital and are in the range of 7.97 % to 13.74%.

Management Response in the Directors Report

The Statutory Auditors have expressed concern over the reasonableness of the assumptions made to estimate the future cash flow projections of a subsidiary(DLT) which manufactures and markets port trailers internationally and have accordingly expressed their inability to determine whether any adjustment is necessary to the carrying amount of the goodwill on consolidation and have made a qualified opinion in their Report on Consolidated Financial Statement for the year ended March 31, 2015.

The goodwill impairment of Rs 22.87 crores taken is based on the Net Present Value of Discounted Cash Flows over a 5 years period and including perpetuity.

The management would like to inform that the sales revenue projected for next five years are achievable considering improvement in market conditions, especially in the Middle East and Bangladesh which are two of the major markets of DLT. A large order for trailers is expected from the United Arab Emirates shortly.

Further, Tata-DLT, a 50% JV company operating in India, has been performing well and has shown 196% growth in FY'14-15 over the previous year in terms of numbers of

		<p>trailers sold. This improved performance will continue.</p> <p>In view of above, the management is confident that the sales projections are achievable and no further impairment provision is required.</p>

TRF LIMITED

Fifty Second annual report 2014-15

Transfer of Reserves :- In view of the losses, there is no transfer from profit and loss accounts to general reserve.

Dividend : No dividend has been recommended by the Directors for the financial year under review.

B. Operation & Performance of TRF

The year under review was one of the most difficult one for your company. TRF's performance suffered largely due to poor performance of the project business. Five major projects are scheduled to be closed shortly but the "cost to closure" due to several reasons has gone up. Looking forward, the new projects have been re-evaluated by industry experts and the estimates thereof have been found to be reasonable. The company has taken many other initiatives also to mitigate the risks in project cost increase by involving experts' inputs at estimation, engineering and execution stages. Focus on timely execution and the actions taken to fool proof against the risks should help project business perform better.

Product business performed satisfactorily and continues to be profitable. Order book is improving and the outlook for the financial year 2015-16 is better.

However, margins continue to be under pressure and the cash flow is also constrained as regular payments are not coming from customers on time. The management is giving special attention to cost reduction and collections to improve the financial performance.

Operations and Performance of Subsidiary Companies

York Group

York group performed better than the previous financial year as its Indian business performance improved reasonably well. York group also took advantage of improving Middle East and South African business. It has taken many initiatives to improve the product quality and introduced new technologies to increase the market share worldwide. York should continue to do well in FY 15-16.

Dutch Lanka Trailer Manufacturers Ltd (DLT)

DLT went through a difficult year as most of the tenders were either cancelled or deferred in Middle East, Africa and Bangladesh. There was also stiff competition from Chinese Trailer manufacturers. Some of its international markets also did not perform well due to economic conditions. FY 2015-16 looks much better for DLT as Order Booking has improved.

Tata DLT, a joint venture of DLT in India, performed much better due to revival of trailer business in India. This helped restrict the losses of the DLT group. The company is expected to do well in FY 15-16.

Adithya Automotive Applications (AAA)

The company continued to do well and improved its business over the previous year. We expect company to continue to perform well in the future.

Hewit Robins International Ltd (HRIL)

Despite continued economic depression in Europe, HRIL came out with strong performance with increased sales and profits for the year. HRIL continues to be focused in European markets especially in spares market and it is expected to continue to do well in the coming years.

In terms of the fourth proviso to sub section 1 of section 136 the separate audited accounts of each of the subsidiaries are available on the website of the company at www.trf.co.in. Any shareholder who wants a copy of the audited financial statement of the Company's subsidiaries can request for the same. Shareholders can send a mail at investors@trf.co.in or write a letter to the registered office of the Company addressed to the Company Secretary. The details of all subsidiaries and joint ventures are given in Annexure 1. There has been no new addition or deletion of subsidiaries/Joint Ventures during the year under review. The Company has in terms of Clause 49(V) (D) of the listing agreement adopted a Policy for determining material subsidiaries. The said policy is available on the website of the Company at www.trf.co.in

C. Economic Outlook : The outlook of the Indian economy is appearing to change to positive as initial improvement can be noticed in the sectors in which we operate. The programmes like “Make in India” and focus on Infrastructure should revive the investment cycle. There are many initiatives in Industrial and Infrastructure sector which will help your company’s growth plans. The Coal mines reallocation and resumption of mining activities should attract new investments. It is also expected that stalled projects will be activated soon and new projects will come into market.

D. CSR and Affirmative Action (CSR & AA)

The Tata ethos of “Improving the quality of life of the community it serves” and the Company’s code for “Affirmative Action” continued to be the guiding principles of your company. While your company’s programme in the area of CSR & AA covered a wide spectrum of stakeholders, it focused specially those communities that live in the immediate neighborhood of its factory and residential township. It has focused on educational literacy, health, environment protection and climate change. The company encouraged its employees to contribute voluntarily towards the various welfare schemes.

E. HUMAN RESOURCE

➤ The Company realizes that human resources are critical to its success. Given the current challenging conditions, the organization has initiated a number of measures to attract & retain talent as given below:

- Capability building thru Training & Development
- Creating a pipeline of talent in critical functions
- Long Term Incentive Schemes to reward & retain talent

- Harmonious Employee Relations through continuous dialogues & openness and involvement in group activities.
- Attrition rate was 12.44% in FY’15 compared to 14.34% in Fy’14

F. Corporate Governance :

Pursuant to Clause 49 of the Listing Agreement executed with the Stock Exchanges, a Management Discussion and Analysis, Corporate Governance Report, Managing Director’s declaration regarding compliance to code of conduct and Auditors’ Certificate regarding compliance to conditions of Corporate Governance are made a part of the Annual Report.

Board Meetings : The Board met 5 times during the year. The details are given in the Corporate Governance report that forms a part of the annual report.

Selection of New Directors and Board membership criteria : The Nomination and Remuneration Committee works with the Board to determine the appropriate characteristics skills and experts for the board as a whole and its individual members with the objective of having a board with diverse background and experts. Characteristics expected of all directors include independence, integrity, high personal and professional ethics and sound business judgment, ability to participate effectively in deliberations. The policy has been annexed to this report as Annexure-2

Director induction / familiarization

All individual independent directors inducted into the board are given an orientation. Presentations are made by the executive directors and senior management and also visit to the factory is organized. The policy on the company’s familiarization programme is posted on the Company’s website www.trf.co.in.

Evaluation

The board evaluates the effectiveness of its functioning and that of the committees and of individual directors by seeking their inputs on various aspects of Board / Committees and governance. The Chairman of the board had one on one meeting with the independent directors to obtain director’s inputs on effectiveness of the board / committee. The Board considered and discussed the inputs received from the Directors. Further, the independent directors at their meetings reviewed the performance of board, chairman of the board and non-executive directors.

Fifty Second annual report 2014-15

Internal Financial Controls:-

The company has in place an established internal financial control system designed to ensure proper recording of financial and operational information and compliance of various internal control and other regulatory and statutory compliances. The Audit Committee has reviewed the effectiveness of internal controls and compliance control, financial and operational risks, risk assessment and management systems and related party transaction. To further improve Internal Financial Controls and Key Accounting Controls the Company has proposed to avail the services of external consultants to improve the processes in respective areas. PwC, the internal Auditors as advised by the Audit Committee, are monitoring compliance to accounting control and they report the same at each audit committee meeting.

Self-certification exercises are also conducted by which senior management certify their adherence to the code of conduct and whether they have personal interest or potential conflict of interest.

Related party transactions:

Details of transaction with related parties in Form AOC is given in Annexure 5. The Company did not have any related party transaction as per section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014. The details of transactions with related parties as per AS-18 are disclosed in notes to accounts.

The Company has adopted a Policy on Related Party Transactions. The said policy is available on the website of the Company at www.trf.co.in.

Whistle Blower Policy/Vigil Mechanism

The details of Whistle Blower Policy/Vigil Mechanism existing in the Company are mentioned in the Corporate Governance Report for FY 14-15 forming part of this Annual Report.

Disclosure under Sexual Harassment of women at Workplace (Prevention, Prohibition & Redressal) Act, 2014

TRF has a stringent policy for prevention of sexual harassment of women at workplace and management takes a zero-tolerance approach towards those indulging in any form of sexual misconduct. TRF has constituted a committee as required under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. No instance of sexual harassment was reported during FY 14-15.

Risk Management Policy:

The Board had at its meeting held on 26th December, 2005 adopted Risk Management Framework for the Company for identification and prioritization of various risks based on pre determined criteria relating to i) Strategic Risk ii) Operational Risk and iii) Functional Risk.

Board from time to time specifically reviews Company's strategy, Risks, concerns and their mitigation plans. At a meeting of the Board to review Strategy was held on October 7, 2013 wherein it was decided to de-risk the company from civil and structural design and estimate related cost overrun. A specific Forex Risk Management Policy and framework has been adopted by the Board. Operational Auditable risks are covered in the internal audit report of the Company. The senior management team regularly reviews risk and mitigation plans. Risk Management Process in the Company is an ongoing activity and steps are being taken to improve the framework.

Explanations to Audit Report:

The Statutory Auditors Report on Standalone Financial statement and the Secretarial Audit Report for the financial year 2014-15 does not contain any qualification which warrants comments from the Board of Directors.

The Statutory Auditors have expressed concern over the reasonableness of the assumptions made to estimate the future cash flow projections of a subsidiary(DLT) which manufactures and markets port trailers internationally and have accordingly expressed their inability to determine whether any adjustment is necessary to the carrying amount of the goodwill on consolidation and have made a qualified opinion in their Report on Consolidated Financial Statement for the year ended March 31, 2015.

The goodwill impairment of Rs 22.87 crores taken is based on the Net Present Value of Discounted Cash Flows over a 5 years period and including perpetuity.

The management would like to inform that the sales revenue projected for next five years are achievable considering improvement in market conditions, especially in the Middle East and Bangladesh which are two of the major markets of DLT. A large order for trailers is expected from the United Arab Emirates shortly.

Further, Tata-DLT, a 50% JV company operating in India, has been performing well and has shown 196% growth in FY'14-15 over the previous year in terms of numbers of trailers sold. This improved performance will continue.

In view of above, the management is confident that the sales projections are achievable and no further impairment provision is required.

G. Statutory Auditors:

The existing Auditors, M/s Deloitte Haskins & Sells (DHS), Kolkata, Chartered Accountants, retire at the ensuing Annual General Meeting and being eligible, offer themselves for re-appointment. Your Company has received a certificate from the Auditors to the effect that they are eligible for re-appointment under the applicable provisions of the Companies Act, 2013. Members are requested to reappoint the said Auditors for a further period of one year i.e for the financial year 2015-16 at the Annual General Meeting and to authorize the Board of Directors to fix their remuneration as mutually agreed upon between the Board and the Auditors.

Cost Auditors:

The Board of Directors had appointed M/s Shome & Banerjee, Cost Accountants (Firm Registration no 000001) of 5A, Nurulla Doctor Lane, 2nd Floor, Kolkata 700 017 as Cost Auditors of the Company for the financial year 2014-15. The remuneration of the said auditors was approved by the members at their last Annual General Meeting held on August 2, 2014. The Report for the FY 2013-14 in XBRL mode was filed within stipulated time.

M/s Shome & Banerjee, Cost Accountants have been re-appointed by the Board as Cost Auditors of the Company for the financial year 2015-16. In terms of section 148 approval of members is sought at the ensuing Annual General Meeting for payment of remuneration to the said auditors.

Annexure-2

Policy on directors appointment including criteria for determining qualifications, positive attributes, independence of a director :

The Board has adopted the comprehensive Governance Guidelines for Tata Companies which inter alia provides policy/framework for a) Role of the Board, Chairman, Directors, b) Board composition, c) Criteria for appointment of directors (Executive, non-independent and independent), d) Criteria for independence e) remuneration of directors f) Code of conduct for executive/non-independent and independent directors g) Board, Committee and Director evaluation process and questionnaire format.

As laid down in the aforementioned Governance Guidelines, it is the responsibility of the Nomination and Remuneration Committee to develop competency requirement for the Board based on the industry and strategy of the Company. The Board composition analysis is made with in-depth understanding of the Company, including its strategies, environment, operations, financial condition and compliance requirement. The guidelines put in place a transparent board nomination process and the appointment of directors are made keeping in view to bring in diversity of thought, experience, knowledge, perspective, age and gender. Non-executive directors bring an external view and judgment on the issues of strategy, risk, performance, capital and other resources, key appointments and business conduct. The guidelines prescribe that retired MD/ED/employees are not invited to join the Board of the company as non-executive directors. However, such person may continue as non-executive director of its subsidiaries/ joint venture/associates/fellow subsidiaries and other Tata Companies. All non-independent non-executive directors are liable to retire by rotation and they are to be selected through a formal process by Nomination and Remuneration Committee and confirmed by the Board.

A director is considered to be an independent director if he meets the criteria for independence as laid down under the Companies Act, 2013 and Clause 49 of the listing agreement. The Governance Guidelines prescribe that while recommending appointment of an independent director, the Nomination and Remuneration Committee shall consider the manner in which the function and domain expertise of the individual contributes to the overall skill-domain mix of the Board. Independent directors appointed are thought/practice leaders in their respective functions/domain.

Annexure- 3

MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. Industry, Structure and Development

After witnessing negative growth in the industrial production during 2013-14, the economy showed signs of recovery during 2014-15. The Manufacturing sector witnessed a growth of 2.3% during FY'15 against negative growth of 0.8% during the corresponding period last year; Mining sector also had a positive growth of 1.4% in FY'15 compared to negative growth of 0.6% during previous year. The Index of Industrial Production (IIP) suggests that the industrial sector is recovering slowly with 2.8% growth during the year under review compared to negative growth of 0.1% during last financial year.

However, the impact of measures taken by the Government and the overall improvement in economic conditions did not percolate down in terms of market improvement in the areas in which your Company operates. There were no major investment in power, steel and mining sectors in India.

The overall market remained highly competitive with heavy pressure on margins. Despite difficult market conditions and negative profitability, the Company improved its market share in Equipment and Operations & Maintenance business which was the focus area. The Company also adopted a business model that mitigates the risk associated with civil and structural work of its project business.

2. Opportunities & Threats

- Opportunities in core sectors such as Power and Steel is linked to planned economic growth in India.
- Opportunities in Port sector.
- Opportunities in auto application business of our subsidiaries both within and outside India.
- Threat of low order book due to lack of major investment in core sectors at present especially in project business.
- Emergence of new players in material handling project business & Chinese imports.

3. Financial Performance

On standalone basis, total income of your Company during the year was Rs. 55,857.65 lakhs (Previous year Rs. 70,769.50 lakhs). Loss before Tax for the year was Rs. 8,735.12 lakhs (Previous year loss before tax of Rs. 2,444.05 lakhs). Loss after Tax for the year was Rs. 8,735.12 lakhs (Previous year loss after tax of Rs. 2,522.63 lakhs).

On consolidated basis, total income of your Company during the year was Rs. 1,13,218.79 lakhs, (Previous year Rs. 1,18,909.64 lakhs). Loss before Tax for the year was Rs. 5,445.65 lakhs (Previous year Loss before tax of Rs. 2,671.85 lakhs). Loss after Tax & minority interest for the year was Rs. 6,498.34 lakhs (Previous year Loss after Tax & minority interest of Rs. 2,886.91 lakhs).

4. Segment-wise Performance

The Projects and Services segment on standalone basis has posted a revenue of Rs. 44,056.35 lakhs (Previous Year Rs. 52,602.03 lakhs) and the Products and Services segment has posted a revenue of Rs. 26,355.61 lakhs (Previous Year Rs. 28,106.72 lakhs), including inter segmental revenue of Rs. 15,683.06 lakhs (Previous year Rs. 11,086.63 lakhs).

On a standalone basis, the Projects and Services segment posted a segmental Loss of Rs. 9,589.98 lakhs (Previous Year loss of Rs. 5,451.99 lakhs). The Products and Services segment has recorded a profit of Rs. 3,350.33 lakhs (Previous Year profit of Rs. 4,155.55 lakhs). The Loss of the Company after deducting Interest and other unallocable expenditure/ income from the segmental results, has been Rs. 8,735.12 lakhs (Previous Year loss of Rs. 2,444.05 lakhs).

The Company's performance suffered due to cost increases in some of the projects which have reached to its end. However, going forward, the new projects' cost estimates have been re-evaluated by experts and found to be correctly estimated. Product business continues to perform well and expected to do well in the coming financial year also.

At consolidated level, all the subsidiaries made profits except DLT which made marginal losses. We expect all the subsidiaries to perform well in FY 15-16. The company recognized a non-cash write-down of goodwill in the consolidated financial results in Q4 FY'15 of Rs. 22.87 crores related to Dutch Lanka Trailers, Sri Lanka.

5. Outlook

It is expected that the following factors will have a positive impact on the overall economic conditions and business environment in the medium and long run:

- a) Investment in new steel plant.

TRF LIMITED

Fifty Second annual report 2014-15

- b) Coal blocks re-allocation.
- c) Plans to double the capacity of major ports
- d) The declining fiscal deficit, reducing current account deficit, moderation in inflation are signs of improvement in economy.
- e) Government initiative in 'Make in India' and investment in infrastructure.

The Company expects increase in demand from Power, Steel, Port and Mining Sectors thereby enhancing its order book position, revenues and profits in medium term.

6. Risks and Concerns

Your Company does not perceive any major risk other than the normal risks inherent in contracting and tender driven businesses in which we operate.

The Board had at its meeting held on 26th December, 2005 adopted Risk Management Framework for the Company for identification and prioritization of various risks based on pre determined criteria relating to i) Strategic Risk ii) Operational Risk and iii) Functional Risk.

Board from time to time specifically reviews the Company's strategy, risks, concerns and their mitigation plans. A meeting of the Board to review Strategy was held on October 7, 2013 wherein it was decided to de-risk the company from civil and structural cost overrun. A specific Forex Risk Management Policy and framework has been adopted by the Board. Operational auditable risks are covered in the internal audit report of the Company. The senior management team regularly reviews risk and mitigation plans. Risk Management Process in the Company is an ongoing activity and steps are being taken to improve the framework.

7. Statutory Compliance

On obtaining confirmation from the various units of the Company of having complied with all the statutory requirements, a declaration regarding compliance with the provisions of the various statutes is made jointly by the Managing Director and Company Secretary at each Board Meeting. The Company Secretary / Compliance Officer ensures compliance with the SEBI regulations and provisions of the Listing Agreement. The Chief, Finance & Accounts acts as the Compliance Officer for prevention of insider trading and ensures compliance with the Tata Guidelines on Insider Trading.

8. Internal Control System

The internal control systems and procedure are continuously monitored to enhance its effectiveness and to be commensurate with the scale and nature of its operations. M/s Price Waterhouse Coopers (PwC) continue as the Company's internal auditors, directly reporting to the Audit Committee. During the year the Audit Committee of the Board regularly met to discharge its functions as required pursuant to the guidelines of Clause 49 of the Listing Agreement. The Audit Committee reviews compliance to the Revenue Recognition and Provisioning Policy of the Company. Internal audit activities are undertaken as per the Annual Audit Plan as approved by the Audit Committee and the committee reviews compliance with the plan.

The Audit Committee regularly meets with the statutory auditors to review their observations on the financial reports.

9. Developments in Human Resources/Industrial Relations front

Human Resource continues to be a focus area. Total Manpower as on April 1, 2015 was 794. Training and skill development continued to be a top priority.

The Workers' Union actively supports all important initiatives and by working as a team the industrial relations in your Company continue to be healthy and cordial.

Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF TRF LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **TRF LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its loss and its cash flows for the year ended on that date.

Emphasis of Matter

- (i) We draw attention to Note No. 2.10 (ii) of the standalone financial statements, with respect to total contract cost being ascertained based on the contract costs incurred and cost to completion of contracts which is arrived at by the management based on current technical data, forecast and estimate of net expenditure to be incurred in future based on current cost.

Owing to the technical nature of the contracts, we have relied on the management estimates relating to the technical aspects/components and other technical inputs/matters considered in the determination of expected cost to completion of the contracts. Further, contract costs have been estimated by management with use of external project consulting experts and on the basis of purchase orders or future firm commitments which Management has confirmed are enforceable over the period of the contracts.

- (ii) We draw attention to footnote under Note No. 17 with respect to retention moneys receivable Rs. 27,639.92 lac as at March 31, 2015 which are realisable on the completion of the performance guarantee tests as per the terms of the contract.
- (iii) We draw attention to Note No. 28.12 which states that the accompanying financial statements for the year ended March 31, 2015 have been prepared assuming that the Company will continue as a going concern. The Company has incurred recurring losses, has accumulated losses of Rs. 16,940.22 lacs, and excess of net current liabilities of Rs. 5,798.88 lacs over current assets as of March 31, 2015. The Company continuing as going concern is dependent on the Company's ability to successfully complete existing contracts and generate cash flows from operations including realisation of retention receivable to be able to meet its obligations as and when they arise in the twelve month period from the date of these financial statements.

Our report is not modified on the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) The going concern matter described in sub-paragraph (iii) under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - (f) On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note No. 28.01 to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note No. 8 to the financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

2.01 Basis of accounting

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The financial statements are prepared under the historical cost convention on going concern and on accrual basis. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.02 Use of estimates

The presentation of financial Statements in accordance with Generally Accepted Accounting Principles in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the year. Examples of such estimates include estimated cost of contracts, useful life of fixed assets, provision for doubtful debts, employee benefits, provision for taxes. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

2.03 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and taxes is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.04 Fixed assets

i) Tangible assets

Tangible assets are stated at cost less accumulated depreciation and impairment losses (if any). The cost of an asset includes the purchase cost of materials, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalised as part of the cost of the asset until such time that the asset is ready for its intended use. Subsequent expenditure relating to tangible assets are capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. The Company has adopted the provisions of para 46 / 46A of Accounting Standard (AS) 11 - The Effects of Changes in Foreign Exchange Rates, accordingly, exchange differences arising on restatement/settlement of long-term foreign currency monetary items relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

Depreciation on all tangible fixed assets are provided on a straight line basis using the useful lives prescribed in Schedule II to the Companies Act, 2013.

2. Summary of significant accounting policies (Contd.)

2.04 Fixed assets

ii) Intangible assets

Intangible assets are stated at acquisition cost, less accumulated amortisation and accumulated impairment (if any). The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

The Cost of Intangible assets are amortised on a straight line basis over their estimated useful life. The cost incurred to acquire any technical knowhow is amortised over its estimated useful life not exceeding six years from the date of transfer of technical know how and cost incurred to acquire software is amortised on a straight line basis over an estimated useful life of five years.

iii) Capital work-in-Progress

Expenditure incurred on construction of assets which are not ready for their intended use are carried at cost less impairment (if any), under Capital work-in-progress. The cost includes the purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs and Interest on borrowings used to finance the construction of the asset.

2.05 Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.06 Investments

Long term investments are carried at cost less provision for diminution other than temporary (if any) in value of such investments. Current investments are carried at lower of cost and fair value.

2.07 Lease

Assets leased by the Company in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. The Company's significant operating leasing arrangements are for premises (Office, Residence etc.,). The leasing arrangements which normally have a tenure of eleven months to six years are cancellable with a reasonable notice, and are renewable by mutual consent at agreed terms. The aggregate lease rent payable is charged as rent in the statement of profit and loss.

2. Summary of significant accounting policies(Contd.)

2.08 Inventories and Contract in Progress

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, non refundable taxes and duties and other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "weighted average" basis.

2.09 Cash and cash equivalents

Cash and cash equivalents comprises of cash and cheques on hand, remittances in transit, balances in current accounts and deposit accounts with banks having original maturity of three months or less from the date of deposit.

2.10 Revenue recognition

i) Sale of products

Revenue from the sale of products is recognised in the statement of profit and loss when the significant risks and rewards of ownership have been transferred to the buyer, which generally coincides with the delivery of goods to customers. Revenue includes consideration received or receivable, excise duty but net of discounts and other sales related taxes.

ii) Revenue from contracts

Revenue from contracts are recognised on percentage completion method specified under Accounting Standard (AS) 7 - Construction Contracts. The stage of completion is determined as a proportion that contract costs incurred for work performed up to the closing date bear to the estimated total costs of respective project. Profit (contract revenue less contract cost) is recognised when the outcome of the contract can be estimated reliably and for contracts valued up to Rs. 100 crores, profit is recognised when stage of completion is 40% or more, and for contracts valued more than Rs. 100 crores, profit is recognised either at 25% stage of completion or an expenditure of Rs. 40 crores whichever is higher. When it is probable that the total cost will exceed the total revenue from the contract, the expected loss is recognised immediately. For this purpose total contract costs are ascertained on the basis of contract costs incurred and cost to completion of contracts which is arrived at by the management based on current technical data, forecast and estimate of net expenditure to be incurred in future including for contingencies etc. For determining the expected cost to completion of the contracts, cost of steel, cement and other related items are considered at current market price based on fixed cost purchase orders placed or firm commitments received from suppliers / contractors as these purchase orders and future firm commitments are enforceable over the period of the contracts.

Cost incurred in excess of that considered for revenue recognition, if any, in respect of a contract is carried forward in the Balance Sheet as contracts in progress.

iii) Dividend and Interest income

Dividend income is recognised when the company's right to receive dividend is established. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

2.11 Employee benefits

i) Short term benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

Notes forming part of the financial statements
for the year ended 31st March, 2015**2. Summary of significant accounting policies (Contd.)****ii) Defined contribution plans**

Defined contribution plans are those plans where the Company pays fixed contributions to funds/schemes managed by independent trusts or authority. Contributions are paid in return for services rendered by the employees during the year. The company has no legal or constructive obligation to pay further contributions if the fund/scheme does not hold sufficient assets to pay/extend employee benefits. The Company provides Provident Fund facility to all employees, Superannuation benefits to selected employees. The contributions are expensed as they are incurred in line with the treatment of wages and salaries. The Company's Provident Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provision Act, 1952. Conditions for exemption stipulate that the Company shall make good deficiency, if any, in the interest rate declared by the trust vis-s-vis interest rate declared by the Employees' Provident Fund Organisation. The liability as on the balance sheet is ascertained by an independent actuarial valuation.

iii) Defined benefit plans

The Company provides gratuity, compensated absence to its employees and pension to retired whole-time directors. Gratuity liabilities are funded and managed through separate trust (except in case of Port and Yard Equipment Division in which the funds are managed by Life Insurance Corporation of India). The liabilities towards compensated absence and pension to retired whole-time directors are not funded. The present value of these defined benefit obligations are ascertained by an independent actuarial valuation as per the requirements of Accounting Standards (AS) 15 - Employee Benefits. The liability recognised in the balance sheet is the present value of the defined benefit obligations on the balance sheet date less the fair value of the plan assets (for funded plans), together with adjustments for unrecognised past service costs. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. All actuarial gains and losses are recognised in the statement of profit and loss in full in the year in which they occur.

2.12 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred. Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

2.13 Earnings Per Share

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares together with any dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.14 Foreign currency transactions

i) Foreign currency transactions are recorded on initial recognition in the reporting currency i.e. Indian rupees, using the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities in currencies other than the reporting currency (other than derivative contracts and net investment in non-integral foreign operations) and foreign exchange contracts remaining unsettled are remeasured at the rates of exchange prevailing at the balance sheet date. Exchange difference arising on the settlement of monetary items, and on the remeasurement of monetary items, other than long-term foreign currency monetary items are included in the statement of profit and loss.

Notes forming part of the financial statements

for the year ended 31st March, 2015

2. Summary of significant accounting policies (Contd.)

- ii) Net investment in non-integral foreign operations is accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Foreign currency monetary items (other than derivative contracts) of the Company's net investment in non-integral foreign operations outstanding at the balance sheet date are restated at the year-end rates. The exchange differences on restatement of long-term receivables from non-integral foreign operations that are considered as net investment in such operations are accounted as per policy for long-term foreign currency monetary items stated in para (iv) below until disposal of such net investment, in which case the accumulated balance in "Foreign exchange fluctuation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.
- iii) Foreign Currency forward contracts, other than those entered into to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions are treated as foreign currency transactions and accounted accordingly as per Accounting Standard (AS) 11 - Effects of changes in foreign exchange rates. The difference between the contract rate and spot rate on the date of transaction is recognised as premium/discount and recognised over the life of the contract. Exchange differences arising on account of remeasurement and gains and losses arising on account of roll over/cancellation of foreign currency forward contracts are recognised in the statement of profit and loss.
- iv) The Company has opted for accounting the exchange difference arising on reporting of long-term foreign currency monetary items in line with the paragraph 46A of Accounting Standard (AS) 11 - Effects of changes in foreign exchange rates. Accordingly exchange difference arising on the settlement and remeasurement of long-term foreign currency monetary items relating to the acquisition of depreciable capital asset are accounted by addition or deduction to the cost of the depreciable assets and depreciated over the remaining useful life of such assets. Exchange differences arising on settlement and remeasurement of other long-term foreign currency monetary items are accumulated in "Foreign Currency Monetary Item Translation Difference Account" and amortised over the maturity period/upto the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss except in case of exchange differences arising on net investment in non-integral foreign operations, where such amortisation is taken to "Foreign exchange fluctuation reserve" until disposal of the net investment.

2.15 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information are available and for which operating results are evaluated regularly by the executive management in assessing performance and to take decision on allocation of resources. The accounting policies adopted for the segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of the their relationship to the operating activities of the segment. Revenue, expenses assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocable revenue/expenses/asset/liabilities".

2.16 Taxes on Income

- i) **Current tax**

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income-tax Act, 1961.
- ii) **Deferred tax**

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods.. Deferred tax assets against unabsorbed depreciation and carried forward loss under tax laws, are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will

Notes forming part of the financial statements
for the year ended 31st March, 2015**2. Summary of significant accounting policies (Contd.)**

be available against which such deferred tax assets can be realised. Deferred tax assets on other timing differences are recognised only to the extent that there is a virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

iii) Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is recognised as an asset in the balance sheet when there is convincing evidence that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

iv) Current and Deferred tax is measured based on the provisions of tax laws and tax rates enacted or substantively enacted as at the Balance Sheet date.**2.17 Provisions, Contingent liabilities and Contingent assets****i) Provision**

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

ii) Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures.

iii) Contingent liabilities and assets

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or is a present obligation that arises from past events but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised. Contingent assets are neither recognised nor disclosed.

2.18 Research and development expenses

Research and development costs (other than cost of fixed assets acquired) are charged to the statement of profit and loss in the year in which they are incurred. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for fixed assets.

2.19 Derivative contracts

The Company enters into derivative contracts in the nature of foreign currency and interest rate swaps, option contracts to hedge its existing assets and liabilities and foreign currency forward contracts to hedge firm commitments and highly probable transactions. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for Foreign Currency Transactions and Translations. All other derivative contracts are marked-to-market and losses are recognised in the statement of profit and loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

28. Additional information to the Financial Statements

28.01 Contingent Liabilities

- a) Sales tax matters in dispute relating to issues of applicability and classification #

In respect of the above sales tax matters in dispute, the Company has deposited Rs. 80.19 lac (31.03.2013: Rs.15.37 lac) against various orders, pending disposal of the appeals. This amount is included under Note 14 - Long term loans and advances.

- b) Excise duty and service tax matters in dispute relating to applicability and classification

In respect of the above excise and service tax matters in dispute, the Company has deposited Rs. 40 lac (31.03.2013: Rs.2.50 lac) against various orders, pending disposal of the appeals. This amount is included under Note 14 - Long term loans and advances.

- c) Income tax matters in dispute

- d) Corporate guarantee given on behalf of subsidiary companies

- e) Claims against the Company not acknowledged as debt (Primarily of liquidated damages and other claims made by customers)

- f) Others

Future cash outflows in respect of above matters are determinable only on receipt of judgments / decisions pending at various forums / authorities.

Includes an amount of Rs. 18,388.57 lac (31.03.2014 Rs. 18,388.57 lac) towards differential tax and penalty charged by the Assessing Officer for the financial year 2005-06 to 2008-09. The Assessing Officer had originally passed the assessment order based on the returns filed by the Company. Subsequently based on an objection raised by the Accountant General's Office during their audit the assessing officer has raised this demand on 28.01.2013 for additional tax of Rs. 5,985.90 lac and penalty of Rs.12,402.67 lac. The additional tax is computed by the assessing office based on the total turnover reported in the annual audited financial statements. The difference in the turnover as per the annual financial statements and the returns is on account of difference in revenue recognised as per Accounting Standard (AS)- 7 Construction Contracts visa a vis bills actually raised on the customers and turnover from turnkey contracts which are executed outside the state of Jharkhand for which state of Jharkhand has no jurisdiction. The returns for those turnkey contracts are filed with the local VAT authorities of the respective states under the respective VAT laws. The assessing officer's contention of suppression in turnover is blatantly incorrect and hence the Company filed appeal with the Joint Commissioner. The Joint Commissioner after hearing the Company has passed orders remanding back the case for reassessment to the assessment officer. Based on the order the assessing officer has initiated reassessment procedures and the Company has filed its reply/documents called by the Assessing Officer. Neither company made any payment nor department has claimed any payment against above impugned demand in respect of appeal order.

28.12 The Company has incurred losses of Rs. 8,735.12 lac during the year ended March 31, 2015 and the accumulated losses as on that date, amounting to Rs 16,940.22 lac has eroded the net worth of the Company. As at the balance sheet date, the current liabilities of the Company exceed the current assets of the Company by Rs. 5,798.88 lac The Company is of the view that all potential future losses which has been booked during the current year will not result in immediate outflow over the next twelve months from the balance sheet date. Further, the Company projects operating profits during the next 12 months from the balance sheet date and is confident that it will be able to generate cash from liquidating the retention money held by the customers for a majority of the contracts which are at an advanced stage. Further, the Company expects to generate cash flows from its certain subsidiaries, by way of dividend. Given the above facts, the Company will be able to sufficiently generate future cash flows to meet the future obligations of the Company in the next twelve months from the balance sheet date. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets or to amounts and classification of liabilities that might result if the Company is unable to continue as a going concern.

28.13 The management has re estimated the useful life of the fixed assets and aligned the useful life with that indicated in Part C of Schedule II to the 2013 Act at the commencement of the year. During the process the Company has also reclassified certain assets the effect of which has been reflected in "Adjustment" column in Note 11. As per the requirements of the transitional provisions, the carrying amount after adjusting the residual value (if any) of assets whose remaining useful life was nil as at the transition date of Rs. 67.76 lac has been recognised in the statement of profit and loss and included as part of depreciation for the current year.

28.14 No provision has been made for liquidated damages and other claims by certain customers, wherever these have been refuted by the Company and the management expects to settle them without any loss. Pending settlement of these claims, they have been disclosed under contingent liabilities as Claims against the Company not acknowledged as debt. [Refer Note 28.01.(e)]. The related sundry debtors balances have been considered in the financial statements as fully recoverable.

28.15 The Company is offering the retention money to income tax on due basis from the financial year 2005-06 onwards. Out of prudence the Company was providing for the current tax without considering this deferment. The Company's stand of deferring the retention money has been accepted by the tax authorities based on the legal decisions which came subsequently. During the previous year the Company has recomputed the provision for current tax based on the

Notes forming part of the financial statements

income determined in the final assessment orders for the financial year 2005-06 to 2009-10 and based on the income offered to tax in the tax returns for the financial years 2010-11 to 2012-13. The Company has also provided for the deferred tax on the net amount of retention deferred in the income tax returns.

- 28.16** Scrap and off-cuts generated at the contract sites are being accounted on cash basis, since segregation and quantification of such items at the financial year end are not practicable in view of the contracts being in progress.
- 28.17** Revision in projected profit/(loss) on contracts arising from change in estimates of cost to completion of contracts are reflected during the course of the work in each accounting year. These have not been disclosed separately in the Financial Statements as the effect cannot be accurately determined.

29.08 Segment Reporting

The Company has identified the business segments as primary segment for the purpose of reporting under Accounting Standards (AS) 17 - Segment Reporting . Revenues and expenses directly attributable to business segments are reported under the respective segments. Expenses which are not directly identifiable to each of the business segments have been allocated on the basis of associated revenues and manpower efforts. All other expenses which are not attributable or allocable to business segments have been disclosed as unallocable expenses. Assets and liabilities that are directly attributable or allocable to business segments are disclosed under the respective segments. All other assets and liabilities are included as part of unallocable. The Company has identified the following business segments as primary segments

- (a) Products & Services
- (b) Projects & Services

In the Company's operations within India there is no significant difference in the economic conditions prevailing in the various states of India. Revenue from sales to customers outside India is less than 10% in the current and previous year. Hence disclosure on geographical segment are not applicable.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF TRF LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of TRF LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its jointly controlled entities, comprising of the Consolidated Balance Sheet as at 31st March, 2015, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Basis of Qualified Opinion

The recoverable amount of the cash generating unit which includes goodwill on consolidation of Rs. 6,021.14 lacs, in respect of one subsidiary company, has been estimated based on future cash flow projections. We have been unable to obtain sufficient audit evidence to satisfy ourselves on the reasonableness of the assumptions made to estimate the future cash flow projections and consequently, we are unable to determine whether any adjustment is necessary to the carrying amount of the goodwill.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its jointly controlled entities as at 31st March, 2015, and their consolidated loss and their consolidated cash flows for the year ended on that date.

Emphasis of matters

- (i) We draw attention to Note No. 2.10 (ii) of the standalone financial statements, with respect to total contract cost being ascertained based on the contract costs incurred and cost to completion of contracts which is arrived at by the management based on current technical data, forecast and estimate of net expenditure to be incurred in future based on current cost. Owing to the technical nature of the contracts, we have relied on the management estimates relating to the technical aspects/components and other technical inputs/matters considered in the determination of expected cost to completion of the contracts. Further, contract costs have been estimated by management with use of external project consulting experts and on the basis of purchase orders or future firm commitments which management has confirmed are enforceable over the period of contracts.
- (ii) We draw attention to footnote under Note No. 17 with respect to retention moneys receivable Rs. 27,639.92 lacs shown under trade receivables which are realisable on the completion of the performance guarantee tests as per the terms of the contract.
- (iii) We draw attention to Note No. 28.04 which indicates that the accompanying financial statements for the year ended March 31, 2015 have been prepared assuming that the group will continue as a going concern. The group has incurred losses of Rs. 6,498.34 lacs during the year ended March 31, 2015 and the accumulated losses as on that date, amounting to Rs. 17,411.31 lacs, has eroded the net worth of the Company. The group continuing as

going concern is dependent on the group's ability to successfully complete existing contracts and generate cash flows from operations including realisation of retention receivable to be able to meet its obligations as and when they arise in the twelve month period from the date of these financial statements.

Our report is not modified on the above matters.

Other Matters

We did not audit the financial statements of five subsidiaries and a jointly controlled entity whose financial statements reflect total assets (net) of Rs. 52,160.39 Lacs as at 31st March, 2015, total revenues of Rs. 47,496.41 Lacs and net cash inflows amounting to Rs. 2,208.65 Lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and jointly controlled entity and our report in terms of sub-sections(3)and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries and jointly controlled entity, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' reports of the Holding company, subsidiary companies and jointly controlled company incorporated in India, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and, except for the possible effect of the matter described in the Basis for Qualified Opinion paragraph above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) The matter described in the Basis for Qualified Opinion and the going concern matters described in sub-paragraph (iii) under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Group.
 - f) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and jointly controlled company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164(2) of the Act.
 - g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group- Refer Note No. 28.01 to 28.03 to the consolidated financial statements.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note No. 8 to the consolidated financial statements in respect of such items as it relates to the Group and its jointly controlled company incorporated in India.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company or any of its subsidiaries and jointly controlled company incorporated in India.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Our reporting on the Order includes one subsidiary company and a jointly controlled company incorporated in India, to which the Order is applicable, which have been audited by other auditors and our report in respect of these entities is based solely on the reports of the other auditors, to the extent considered applicable for reporting under the Order in the case of the consolidated financial statements.

- (i) In respect of the fixed assets of the Holding Company, subsidiary companies and jointly controlled company incorporated in India:
 - (a) The respective entities have maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The fixed assets were physically verified during the year by the Management of the respective entities in accordance with a regular program of verification of fixed assets which, in our opinion and the opinion of the other auditors, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (ii) In respect of the inventories of the Holding Company, subsidiary companies and jointly controlled company incorporated in India:
 - (a) As explained to us and to the other auditors, the inventories were physically verified during the year by the Management of the respective entities at reasonable intervals.
 - (b) In our opinion and the opinion of other auditors and according to the information and explanations given to us and the other auditors, the procedures of physical verification of inventories followed by the Management of the respective entities were reasonable and adequate in relation to the size of the respective entities and the nature of their business.
 - (c) In our opinion and the opinion of other auditors and according to the information and explanations given to us and the other auditors, the respective entities have maintained proper records of their inventories and no material discrepancies were noticed on physical verification.
- (iii) The Holding Company, subsidiary companies, and jointly controlled company incorporated in India have not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013 by the respective entities.
- (iv) In our opinion and the opinion of other auditors and according to the information and explanations given to us and the other auditors, having regard to the explanations that some of the item purchased are of special nature and suitable alternative sources are not readily available for obtaining comparable quotations, there is an adequate internal control system in the Holding Company, subsidiary companies and jointly controlled company incorporated in India commensurate with the size of the respective entities and the nature of their business with regard to purchases of inventory and fixed assets and the sale of goods and services. During the course of our and the other auditors audit no major weakness in such internal control system has been observed.
- (v) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, the Holding Company, subsidiary companies and jointly controlled company incorporated in India have complied with the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, where ever applicable, with regard to deemed deposit of unadjusted advance lying for more than 365 days taken from the customers in the regular course of its business. Notes forming part of the consolidated financial statements

for the year ended 31st March, 2015

1. Principles of consolidation

The Consolidated Financial Statements consist of **TRF Limited** (“the Company”), its subsidiary companies and jointly controlled entities (collectively referred to as “the Group”). The Consolidated Financial Statements have been prepared on the following basis:

- a). The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together book values of like items of assets, liabilities, income and expenses. Intra group balances, intra group transactions and unrealised profits or losses have been fully eliminated as per Accounting Standard (AS) 21 - Consolidated Financial Statements notified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 (“the 2013 Act”) / Companies Act, 1956 (“the 1956 Act”), as applicable.
- b). Interest in the Joint Venture has been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses on a proportionate basis to the extent of the Group’s equity interest in such entity as per the Accounting Standard (AS) 27 – Financial Reporting of Interests in Joint Ventures.
- c). In case of foreign subsidiary companies, being non-integral operation, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rate prevailing at the end of the year. Exchange gains/(losses) arising on conversion are accumulated under Foreign Currency Translation Reserve.
- d). The excess of the cost to the Group, of its investment in the subsidiary companies and the joint venture over the Group’s portion of equity is recognised in the financial statement as Goodwill. Goodwill arising on consolidation is not amortised but tested for impairment on annual basis.
- e). The financial statements of the subsidiary companies and joint venture, used in the consolidation are drawn up to the same reporting date as that of the Company i.e. March 31, 2015.
- f). Minority Interest in the net assets of the consolidated subsidiaries consists of the amount of equity attributable to minorities at the date on which investment in a subsidiary is made and the minorities’ share of movements in equity since the date the parent subsidiary relationship came into existence. Minority Interest is identified and presented in the consolidated balance sheet separately from liabilities and the equity of the Company’s shareholders. Minority interest’s share of net profit for the year of consolidated subsidiaries is identified and adjusted against the profit / (loss) after tax of the group in order to arrive at the income attributable to shareholders of the Company.

The list of subsidiary companies and joint venture which are included in the consolidation and the Company’s holdings therein are as under:

2. Summary of significant accounting policies

2.01 Basis of accounting

The consolidated financial statements of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The consolidated financial statements have been prepared under the historical cost convention on going concern and on accrual basis. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.02 Use of estimates

The presentation of financial Statements in accordance with Generally Accepted Accounting Principles in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the year. Examples of such estimates include estimated cost of contracts, useful life of fixed assets, provision for doubtful debts, employee benefits, provision for taxes. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

2.03 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and taxes is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Notes forming part of the consolidated financial statements for the year ended 31st March, 2015

2. Summary of significant accounting policies(Contd.)

2.04 Fixed assets, depreciation and amortisation

i). Tangible assets

Tangible assets are stated at cost less accumulated depreciation and impairment losses (if any). The cost of an asset includes the purchase cost of materials, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalised as part of the cost of the asset until such time that the asset is ready for its intended use. The Company has adopted the provisions of para 46 / 46A of Accounting Standard (AS) - 11. The Effects of Changes in Foreign Exchange Rates, accordingly, exchange differences arising on restatement / settlement of long-term foreign currency monetary items relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets. Subsequent expenditure relating to tangible assets are capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciation on all tangible fixed assets are provided on a straight line basis over its useful life estimated by the management or on the basis of depreciation rates prescribed under local laws.

ii). Intangible assets

Intangible assets are stated at acquisition cost, less accumulated amortisation and accumulated impairment (if any). The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

The Cost of Intangible assets are amortised on a straight line basis over their estimated useful life. The cost incurred to acquire any technical knowhow is amortised over its estimated useful life not exceeding six years from the date of transfer of technical know how and cost incurred to acquire other intangibles is amortised on a straight line basis over an estimated useful life of five years.

iii). Capital work-in-progress

Expenditure incurred on construction of assets which are not ready for their intended use are carried at cost less impairment (if any), under capital work-in-progress. The cost includes the purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs and Interest on borrowings used to finance the construction of the asset.

2.05 Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, except in case of revalued assets.

2.06 Investments

Long term investments are carried at cost less provision for diminution other than temporary (if any) in value of such investments. Current investments are carried at lower of cost and fair value.

**Notes forming part of the consolidated financial statements
for the year ended 31st March, 2015****2. Summary of significant accounting policies (Contd.)****2.07 Lease**

Assets leased by the Group in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the Group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. The Company's significant operating leasing arrangements are for premises (Office, Residence etc.). The leasing arrangements which normally have a tenure of eleven months to six years are cancellable with a reasonable notice, and are renewable by mutual consent at agreed terms. The aggregate lease rent payable is charged as rent in the statement of profit and loss. One of the subsidiary has taken Argon Gas Storage tank under non cancellable operating lease and the lease rent is payable as per the agreement entered with the lessor.

2.08 Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, freight and handling, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, freight and handling, non refundable taxes and duties and other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "weighted average" basis.

2.09 Cash and cash equivalents

Cash and cash equivalents comprises of cash and cheques on hand, remittances in transit, balances in current accounts and deposit accounts with banks having original maturity of three months or less from the date of deposit.

2.10 Revenue recognition**i) Sale of products**

Revenue from the sale of products is recognised in the statement of profit and loss when the significant risks and rewards of ownership have been transferred to the buyer, which generally coincides with the delivery of goods to customers. Revenue includes consideration received or receivable, excise duty but net of discounts and other sales related taxes.

ii) Revenue from contracts

Revenue from contracts are recognised on percentage completion method specified under Accounting Standard (AS) 7 - Construction Contracts. The stage of completion is determined as a proportion that contract costs incurred for work performed up to the closing date bear to the estimated total costs of respective project. Profit (contract revenue less contract cost) is recognised when the outcome of the contract can be estimated reliably and for contracts valued up to Rs. 100 crores, profit is recognised when stage of completion is 40% or more, and for contracts valued more than Rs. 100 crores, profit is recognised either at 25% stage of completion or an expenditure of Rs. 40 crores whichever is higher. When it is probable that the total cost will exceed the total revenue from the contract, the expected loss is recognised immediately. For this purpose total contract costs are ascertained on the basis of contract costs incurred and cost to completion of contracts which is arrived at by the management based on current technical data, forecast and estimate of net expenditure to be incurred in future including for contingencies etc. For determining the expected cost to completion of the contracts, cost of steel, cement and other related items are considered at current market price and cost of excavation and other works contracts are based on fixed cost purchase orders placed or firm commitments received from suppliers / contractors as these purchase orders and future firm commitments are enforceable over the period of the contracts.

Notes forming part of the consolidated financial statements for the year ended 31st March, 2015

2. Summary of significant accounting policies (Contd.)

2.10 Revenue recognition

Cost incurred in excess of that considered for revenue recognition, if any, in respect of a contract is carried forward in the Balance Sheet as contracts in progress.

iii). Dividend and interest income

Dividend income is recognised when the company's right to receive dividend is established. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

iv). Government grants

Incentives of revenue in nature from the government are recognised in the statement of profit and loss on accrual basis.

2.11 Employee benefits

i). Short term benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

ii). Defined contribution plans

Defined contribution plans are those plans where the Company pays fixed contributions to funds/schemes managed by independent trusts or authority. Contributions are paid in return for services rendered by the employees during the year. The company has no legal or constructive obligation to pay further contributions if the fund/scheme does not hold sufficient assets to pay/extend employee benefits. The Company provides Provident Fund facility to all employees, Superannuation benefits to selected employees. The contributions are expensed as they are incurred in line with the treatment of wages and salaries. The Company's Provident Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provision Act, 1952. Conditions for exemption stipulate that the Company shall make good deficiency, if any, in the interest rate declared by the trust vis-s-vis interest rate declared by the Employees' Provident Fund Organisation. The liability towards differential interest as on the balance sheet is ascertained by an independent actuarial valuation.

iii). Defined benefit plans

The Company provides gratuity, compensated absence to its employees and pension to retired whole-time directors. Gratuity liabilities are funded and managed through separate trust (except in case of Port and Yard Equipment Division in which the funds are managed by Life Insurance Corporation of India). The liabilities towards leave encashment and pension to retired directors are not funded. The present value of these defined benefit obligations are ascertained by an independent actuarial valuation as per the requirements of Accounting Standards (AS) 15 - Employee Benefits. The liability recognised in the balance sheet is the present value of the defined benefit obligations on the balance sheet date less the fair value of the plan assets (for funded plans), together with adjustments for unrecognised past service costs. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. All actuarial gains and losses are recognised in the statement of profit and loss in full in the year in which they occur. In certain subsidiaries liability for compensated absence is ascertained on actual basis based on the number of outstanding days of leave and applicable latest salary as the settlements fall due within one year from the date of Balance Sheet.

2.12 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred. Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

Notes forming part of the consolidated financial statements

2. Summary of significant accounting policies (Contd.)

2.13 Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares together with any dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.14 Foreign currency transactions

- i). Foreign currency transactions are recorded on initial recognition in the reporting currency i.e. Indian rupees, using the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities in currencies other than the reporting currency (other than derivative contracts and net investment in non-integral foreign operations) and foreign exchange contracts remaining unsettled are remeasured at the rates of exchange prevailing at the balance sheet date. Exchange difference arising on the settlement of monetary items, and on the remeasurement of monetary items, other than long-term foreign currency monetary items are included in the statement of profit and loss.
- ii). Net investment in non-integral foreign operations is accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Foreign currency monetary items (other than derivative contracts) of the Company's net investment in non-integral foreign operations outstanding at the balance sheet date are restated at the year-end rates. The exchange differences on restatement of long-term receivables from non-integral foreign operations that are considered as net investment in such operations are accounted as per policy for long-term foreign currency monetary items stated in para (iv) below until disposal of such net investment, in which case the accumulated balance in "Foreign currency translation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.
- iii). Foreign Currency forward contracts, other than those entered into to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions are treated as foreign currency transactions and accounted accordingly as per Accounting Standard (AS) 11 - Effects of changes in foreign exchange rates. The difference between the contract rate and spot rate on the date of transaction is recognised as premium/discount and recognised over the life of the contract. Exchange differences arising on account of remeasurement and gains and losses arising on account of roll over/cancellation of foreign currency forward contracts are recognised in the statement of profit and loss.
- iv). The Company has opted for accounting the exchange difference arising on reporting of long-term foreign currency monetary items in line with the paragraph 46A of Accounting Standards (AS) 11 - Effects of changes in foreign exchange rates. Accordingly exchange difference arising on the settlement and remeasurement of long-term foreign currency monetary items relating to the acquisition of depreciable capital asset are accounted by addition or deduction to the cost of the depreciable assets and depreciated over the remaining useful life of such assets. Exchange differences arising on settlement and remeasurement of other long-term foreign currency monetary items are accumulated in "Foreign Currency Monetary Item Translation Difference Account" and amortised over the maturity period/upto the date of settlement of such monetary items, whichever is earlier, and charged to the statement of profit and loss except in case of exchange differences arising on net investment in non-integral foreign operations, where such amortisation is taken to "Foreign currency translation reserve" until disposal of the net investment.

2.15 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information are available and for which operating results are evaluated regularly by the executive management in assessing performance and to take decision on allocation of resources. The accounting policies adopted for the segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocable revenue/expenses/asset/liabilities".

2.16 Taxes on Income

i). Current Tax

Current Tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income Tax Act, 1961.

Notes forming part of the consolidated financial statements for the year ended 31st March, 2015

2. Summary of significant accounting policies (Contd.)

2.16 Taxes on Income (Contd.)

ii). Deferred tax

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets against unabsorbed depreciation and carried forward loss under tax laws, are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets on other timing differences are recognised only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

iii). Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is recognised as an asset in the Balance Sheet when there is convincing evidence that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

iv). Current and Deferred tax is measured based on the provisions of tax laws and tax rates enacted or substantively enacted as at the Balance Sheet date.

2.17 Provisions, Contingent liabilities and Contingent assets

i). Provision

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

ii). Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures.

iii). Contingent liabilities and assets

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or is a present obligation that arises from past events but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised. Contingent Assets are neither recognised nor disclosed.

2.18 Research and development expenses

Research and development costs (other than cost of fixed assets acquired) are charged to the statement of profit and loss in the year in which they are incurred. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for fixed assets.

2.19 Derivative contracts

The Company enters into derivative contracts in the nature of foreign currency swaps, option contracts to hedge its existing assets and liabilities and foreign currency forward contracts to hedge firm commitments and highly probable transactions. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for Foreign Currency Transactions and Translations. All other derivative contracts are marked-to-market and losses are recognised in the statement of profit and loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

28.01 Contingent Liabilities

- a) Sales tax matters in dispute relating to issues of applicability and classification ?
In respect of the above sales tax matters in dispute, the Company has deposited Rs. 80.19 lac (31.03.2014 : Rs. 15.37 lac) against various orders, pending disposal of the appeals. This amount is included under Note 14 - Long term loans and advances.
- b) Excise duty and service tax matters in dispute relating to applicability and classification
In respect of the above excise and service tax matters in dispute, the Company has deposited Rs. 40.00 lac (31.03.2014: Rs.99.90 lac) against various orders, pending disposal of the appeals. This amount is included under Note 14 - Long term loans and advances.
- c) Income Tax matters in dispute
- d) Claims against the Company not acknowledged as debt (Primarily of liquidated damages and other claims made by customers)
- e) Bank guarantee
- f) Others

Note:

Future cash outflows in respect of above matters are determinable only on receipt of judgments / decisions pending at various forums / authorities.

- ? Includes an amount of **Rs. 18,388.57 lac** (31.03.2014 Rs. 18,388.57 lac) towards differential tax and penalty charged by the Assessing Officer for the financial year 2005-06 to 2008-09. The Assessing Officer had originally passed the assessment order based on the returns filed by the Company. Subsequently based on an objection raised by the Accountant General's Office during their audit the assessing officer has raised this demand on 28.01.2013 for additional tax of Rs. 5,985.90 lac and penalty of Rs. 12,402.67 lac. The additional tax is computed by the assessing officer based on the total turnover reported in the annual audited financial statements. The difference in the turnover as per the annual financial statements and the returns is on account of difference in revenue recognised as per Accounting Standard (AS) -7 Construction Contracts vis a vis bills actually raised on the customers and turnover from turnkey contracts which are executed outside the state of Jharkhand for which state of Jharkhand has no jurisdiction. The returns for those turnkey contracts are filed with the local VAT authorities of the respective states under the respective VAT laws. The assessing officer's contention of suppression in turnover is blatantly incorrect and hence the Company filed appeal with the Joint Commissioner. The Joint Commissioner after hearing the Company has passed orders remanding back the case for reassessment to the assessment officer. Based on the order the assessing officer has initiated reassessment procedures and the Company has filed its reply/documents called by the Assessing Officer. Neither company made any payment nor department has claimed any payment against above impugned demand in respect of appeal order.

**Notes forming part of the consolidated financial statements
for the year ended 31st March, 2015**

- 28.03 The Company's application seeking exemption from the provisions of the Employees State Insurance Act, 1948 has been rejected by the Department of Labour, Government of Jharkhand. The Company has filed an appeal with the High Court of Jharkhand at Ranchi against the order. In the absence of any demand from the authorities the amount of liability is not quantifiable.
- 28.04 The Company has incurred consolidated losses of **Rs. 6498.34 lac** during the year ended March 31, 2015 and the consolidated accumulated losses as on that date, amounting to Rs 17,411.31 lac has eroded the consolidated net worth of the Company. The Company is of the view that all potential future losses which has been booked during the current year will not result in immediate outflow over the next twelve months from the balance sheet date. Further, the Company projects consolidated operating profits during the next 12 months from the balance sheet date and is confident that it will be able to generate cash from liquidating the retention money held by the customers for a majority of the contracts which are at an advanced stage. Given the above facts, the Company will be able to sufficiently generate future cash flows to meet future obligations of the Company in the next twelve months from the balance sheet date. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets or to amounts and classification of liabilities that might result if the Company is unable to continue as a going concern.
- 28.05 The management has re estimated the useful life of the fixed assets and aligned the useful life with that indicated in Part C of Schedule II to the 2013 Act at the commencement of the year. During the process the Company has also reclassified certain assets the effect of which has been reflected in "Other reclassification" line in Note 11. As per the requirements of the transitional provisions, the carrying amount after adjusting the residual value (if any) of assets whose remaining useful life was nil as at the transition date of **Rs. 72.41 lac** has been recognised in the statement of profit and loss and included as part of depreciation.
- 28.06 No provision has been made for liquidated damages and other claims by certain customers, wherever these have been refuted by the Company and the management expects to settle them without any loss. Pending settlement of these claims, they have been disclosed under contingent liabilities as Claims against the Company not acknowledged as debt. [Refer Note 28.01.(d)]. The related sundry debtors balances have been considered in the consolidated financial statements as fully recoverable.
- 28.07 The Company is offering the retention money to income tax on due basis from the financial year 2005-06 onwards. Out of prudence the Company was providing for the current tax without considering this deferment. The Company's stand of deferring the retention money has been accepted by the tax authorities based on the legal decisions which came subsequently. During the previous year the Company has recomputed the provision for current tax based on the income determined in the final assessment orders for the financial year 2005-06 to 2009-10 and based on the income offered to tax in the tax returns for the financial years 2010-11 to 2012-13. The Company has also the provided for the deferred tax on the net amount of retention deferred in the income tax returns.
- 28.08 Scrap and off-cuts generated at the contract sites are being accounted on cash basis, since segregation and quantification of such items at the financial year end are not practicable in view of the contracts being in progress.
- 28.09 Revision in projected profit/(loss) on contracts arising from change in estimates of cost to completion of contracts are reflected during the course of the work in each accounting year. These have not been disclosed separately in the Financial Statements as the effect cannot be accurately determined.

29.06 Certain contract costs pertaining to the previous year were noted during the current year. The effect of such costs in the current period has been identified by the management as summarised below:

Revenue from project business erroneously recognised	Rs. lac
	474.83
Costs erroneously recognised	158.21
Net	633.04

29.07 The Company has recognised a non-cash write down of goodwill of **Rs. 2287.27 lac**. This impairment is due to a weaker market environment in port and automobile sector which has resulted in fall in demand for trailers manufactured by one of the subsidiaries. The above underlying conditions is expected to continue over the near and medium term which has lead to the downward revision of cash flow underlying the valuation of the Srilankan operations. This impairment relates to the 'Products and Services' segment of the Company.

For the purpose of impairment review legal entities are considered as cash generating unit (CGU). The recoverable amount of the CGU is based on the value in use. The discount rate used in calculations was based on the post tax risk adjusted weighted average cost of capital and are in the range of **7.97% to 13.74%**.

29.08 During the year one of the subsidiary - York Transport Equipment (Asia) Pte Ltd has sold one of its leasehold land and buildings at 5 Tuas Avenue 6, Singapore.
