## GORGE LIFT

### GRASKOP

Few minutes to hours

Enchant your family with an unforgettable journey into the heart of a pristine indigenous forest. The Graskop Gorge Lift is the latest and most innovative tourism development in South Africa and the only one of its kind in the Southern Hemisphere.

Your journey begins as you drop off the grassy cliff top in a custom-designed 26-passenger viewing elevator. It travels 51m down the cliff face into the cool mountain forest below. An extensive network of elevated walkways, suspension bridges and interactive exhibits lead you along the 500m forest trails and across the streams. The site's towering cliffs have been cut back over time by the Motitsi River, with the Panorama Gorge waterfall which plummets 70m into the gorge below.

The ride down with the elevator only takes a few minutes, but you can spend hours exploring the indigenous forest below. And one ticket is good for multiple daily rides down into the forest.

The Lift Co Lifestyle Centre forms the gateway to the forest below and is made up of a number of small retail outlets, a community craft market, and a restaurant and bar area. These are perched on the cliff edge with spectacular views of the waterfall and forest below

## HOT AIR BALLOONING

### HOEDSPRUIT

2 to 3 Hours

#### A trip with a view !

R4,250/person

Experience the magic of lighter-than-air flight near the foot of the Drakensberg Escarpment during a one-hour long flight over the scenic, Lowveld section of the Blyde River, 15 km West of Hoedspruit.

Duration:

Excursion: 2 to 3 hours

Flight: 1 hour

The terrain is a mixture of farmland, private nature reserves and wildlife estates. The mountains to the South and West provide shelter from the prevailing winds, thereby affording good flying weather on most days.

Sunrise Times:

05:00 (mid-summer)

06:30 (mid-winter)

As the sun rises, the landscape, the vegetation and, if you're lucky, some wildlife will provide photo opportunities. Game spotting cannot be guaranteed, but on most flights we see plains game like giraffe and wildebeest.

Meet 20 minutes before sunrise at launch site for coffee

The pilots and crew will ensure a safe, enjoyable and informative adventure that will be one of the highlights of your visit to the area.

Can accommodate 18 to 20 passengers, spread over three balloons (dependant on ambient temperature and passenger weights).

Children are welcome, but they must be taller than 1.2m, so that they can see over the rim of the basket. Pregnant ladies not allowed.

It is a fun, healthy and technical exercise involving strategy, stealth and quick thinking. The Paint Ball Course has natural obstacles like trees, a river, and also man made obstacle like a fort, trenches and a barbed wire border gate. It also has a spectator area that is fenced off with see-through netlon so spectators can be part of the action.

R250/person

Protective clothing (overalls), masks, guns, and bullets supplied. A marshal will facilitate the game and also what type of game will be played. Minimum of four people per game.

Daily

R250 for 100 balls  
R120 for extra 50 balls

For small children there is a paint ball target shooting range.

### Facts about Paint-ball

The game of paint-ball was first played in 1981. The idea for the game was conceived, after 3 Americans saw an advertisement for a paint gun, used to blast paint pellets at cattle for marking purposes.

The paint, used for the paint balls, is soluble in water, so that it washes easily out of players' clothes. It is non-toxic as well, in case a player is hit in the mouth and accidentally swallows the paint. The basic materials for the paint are mineral oils, food colouring, calcium, ethylene glycol, and iodine.

The paint is encapsulated in a bubble sphere made from gelatin.
