

ELECTRIC FOOTBALL® PLAYBOOK

COACH _____

PREFACE

Electric Football Coaches,

There are many playbooks in football but few in Electric Football (EF). What I hope to do with this Tudor Games Electric Football Playbook is provides you with a blank canvas to diagram plays and schemes. There are electric football equivalent actions to many of the things the things you see in football. Key blocks, routes, blitzes and coverages are in every football playbook. This one will be similar, geared toward to execution-based based EF. Use with TOEPRO Football gameplay where the offense has the element of surprise in creating the play. The defense covers the field but are in position to “react” following the snap or kick provided the offense chooses a play that calls for it. Play vs scheme scrimmage and let the chips fall where they may. In this gameplay and with this playbook you can play solitaire, scrimmage and/or compete at the highest levels because each is independent of the other.

An electric football player is not intelligent and nothing you do it can make is so. The electric football base primarily moves in a fixed pattern (lines, arcs and circles) but that does not mean you are limited in formations, packages and audibles to create the play or scheme you desire. We intend to show this by providing the best possible equivalent to many plays and schemes commonly found in American football.

This Tudor Games Electric Football Playbook is also effective in multi-stop gameplay also because during each phase of the play (snap-run-pass) the offense acting out the play and defense is reacting to the flow of the ball, the runner or pass route.

When we find formations accessible around the internet we will create a TOEPRO-Football version of it and hope that as this playbook grows, you will also.

From my days as kid, I offer you this.

Korin “Kit” Kinchen
Coach, TOEPRO-Football
Professional Football, on an Electric Field.

An aerial, black and white photograph of a football field. The field is marked with yard lines and numbers (10, 20, 30, 40). A group of players is positioned in a defensive formation, likely a dime or dollar defense, with one player in the center and others around the perimeter. The field is surrounded by a checkered pattern, possibly representing the stadium seating or field boundaries. The text "DIME/DOLLAR DEFENSIVE FORMATIONS" is overlaid in the center of the image. There are also logos for "tudor games" and "TOE PRO" visible on the field.
