 **YAMAHA**  
*Revs Your Heart*

**OLD SCHOOL. NEW THINKING.  
MINIMALIST STYLE. MODERN PERFORMANCE.**

A new 'back-to-basics' trend is emerging in the motorcycle world. Designers and custom builders are stepping back to a time when the mechanical beauty of a motorcycle was highlighted in its design.

From its slim, compact, bobber-style design to its raw metal look and feel, the Yamaha Bolt has everything you need and nothing you don't!

Potent, fuel-injected 942 cc V-twin engine for quick acceleration and manoeuvring through your urban maze; durable, smooth-performing belt drive; steel tank and fenders for easy customization; cool, high-tech LCD meter to keep everything in check; a low seat and light, nimble feel that helps it go, stop and handle like nothing else in its class.

**The 2014 Yamaha Bolt and Bolt R-Spec.**

Less has never meant more.

**CONQUERROAD**

**R-SPEC** version features include special colours (High Sparkle Green or Matte Metallic Grey), remote reservoir shocks for improved comfort and handling, cool textured-colour stitched seat, black fenders (on High Sparkle Green model), and blacked-out mirrors.
