#### RE: 3862-46

PR 2007-4 Notification sent to Agency 10-6-2008 Notification non-acceptance letter from Agency dated 11-28-2008

Ms Copeland or Ms Noble,

Included in this packet is a revised label for ABC Compounding Co., Inc., PO Box 16247, for EPA Product # 3862-46.

The non acceptance letter for this label revised the disposal language to that for a household use product. This is an industrial/commercial use product, not household use. As per a telephone conversation with Drucilla Copeland on February 2, 2009 about this, she reevaluated the label and stated that even though this was an industrial use label, not household, the label should have household use disposal language.

Please note that all changes were made as indicated in the non-acceptance letter sent by the Agency on 11-28-2008, except: this product is not and will not be sold in metal containers, therefore language for a metal container was removed.

Please call or e-mail me if there is a problem.

Thank you,

Kimtim
