**RE: Notification of Alternate Brand Names for Neem Oil 70%, EPA Reg. No. 70051-2
Not subject to Pesticide Registration Improvement Act (PRIA) fees**

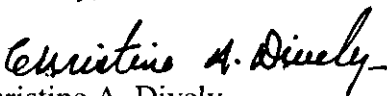

Dear Ms. Hollis:

In reviewing our files, it has come to our attention that we do not have documentation that shows the following alternate brand names were submitted to the Agency. Therefore, Certis USA, L.L.C. is respectfully submitting the enclosed Notification (EPA Form 8570-1) for Neem Oil 70% to ensure that these brand names are added to the registration. Please note, these brand names are for products sold by our supplemental distributors.

- 1) Green Light Rose Defense OK
- 2) Green Light Neem Concentrate OK
- 3) 3-in-1 Garden Spray Concentrate > already in OPPIN under 70051-2
- 4) Gardener's Choice Fruit and Vegetable 3-in-1 Spray Concentrate > already in OPPIN under 70051-2
- 5) Gardener's Choice Rose and Flower 3-in-1 Spray Concentrate OK
- 6) Ultra Stop Fruit Tree 3-in-1 Spray Concentrate: previously submitted to EPA on 6/3/04 as "Ultra Stop Fruit Tree 3-in-1 Concentrate", the word "Spray" was inadvertently omitted. OK

A copy of each product label is also enclosed for your files. Please feel free to contact me if you have any questions about this submission. I can be reached by telephone at (301)483-3895 or by email at cdively@certisusa.com.

Sincerely,

Christine A. Dively
Director of Regulatory Affairs

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through the skin. Causes moderate to severe irritation of skin and eyes. Wash thoroughly with soap and water after handling.
STATEMENT OF PRACTICAL TREATMENT Wash with plenty of soap and water. Get medical attention if in eyes. Flush with plenty of water. Call physician if irritation persists.
ENVIRONMENTAL HAZARDS: Do not allow to enter waterways. Do not contaminate water when disposing of equipment, wash-water or rinsate.
BEE HAZARD: This product is toxic to bees exposed to direct treatment. Do not apply this product to blooming plants or bees during the treatment area.
PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.
DIRECTIONS FOR USE: It is a contact insecticide. Do not use this product as a fumigant, nor apply this product through any type of irrigation system.
USE RESTRICTIONS: Do not use on ornamental plants, food, or feed by storage or disposal.

Rose Defense®

Controls Blackspot, Powdery Mildew, Rust, Spider Mites, Aphids, Scales, Whiteflies, and Other Pests on Roses and Ornamental Plants.

ACTIVE INGREDIENT:	70%
Charified Hydrophobic Extract of Natural Plant Oils	70%
INERT INGREDIENTS:	30%
TOTAL	100%

KEEP OUT OF REACH OF CHILDREN
CAUTION See Back Panel for Additional Precautionary Statements.
Net Contents ONE PINT (474 ml)

Pesticide Disposal: Keep in original container. Store in a dry place away from direct sunlight, heat, or foodstuffs. Do not use for any purpose other than that intended. Do not store below 40°F (4°C).
Pesticide and Containers: Disposal: Do not reuse empty containers. Securely wrap original container in newspaper and discard in trash.
GENERAL INFORMATION: Mix eggs, larvae and adult insects. Rose Defense® is a contact insecticide. Apply early to mid-morning or late afternoon when adult pests, such as whiteflies, are normally active. Do not use on plants with frost damage or on plants that are stressed.
SHADE WELL BEFORE USING: Mix eggs, larvae and adult insects. Rose Defense® is a contact insecticide. Apply early to mid-morning or late afternoon when adult pests, such as whiteflies, are normally active. Do not use on plants with frost damage or on plants that are stressed.

used in timing applications to early morning or evening to minimize the potential for leaf burn. Use with care on plants with tender tissue. Check for plant stress before application. Do not use on plants with frost damage or on plants that are stressed. Do not use on plants with frost damage or on plants that are stressed.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hot Line Number: 1-800-858-7378.

USER SAFETY RECOMMENDATIONS: Users should: Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

Listed by the Organic Materials Review Institute (OMRI) for use in organic production.

Insecticide, Fungicide, and Miticide Use on Flowering Plants, Trees, Vegetables, Fruits, and Nuts.

ACTIVE INGREDIENT: Clarified Hydrophobic Extract of Neem Oil 70%
INERT INGREDIENTS: 30%
TOTAL: 100%

KEEP OUT OF REACH OF CHILDREN
CAUTION See Side Panel For Additional Precautionary Statements

Net Contents ONE PINT (474ml)

BEE HAZARD: This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Do not apply this product through any type of irrigation system.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **Pesticide Storage:** Keep in original container. Store in a dry place, away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Do not store below 40°F (4°C). **Container Disposal:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

GENERAL INFORMATION

Kills eggs, larvae, and adult insects. Prevents and controls black spot on roses, anthracnose, rust, and powdery mildew. **SHAKE WELL BEFORE USING.** For best results, maintain constant agitation in spray equipment. For optimal performance, do not mix with cold water (less than 45°F). Neem Concentrate is most effective when applied in early to mid-morning or late afternoon when adult pests, such as whiteflies, are normally sedentary on the undersides of the foliage. Use spray solutions within several hours of preparation for maximum effectiveness. Do not store diluted solution for later use. Do not apply to known sensitive plant species, such as Impatiens flowers, fuchsia flowers, hibiscus flowers, some rose flowers, ornamental olive trees, or some carnation varieties without prior testing. When used in conjunction with beneficial insects, conduct a small trial to assure compatibility before using on a large scale. As with other oil-based products, care should be exercised in timing applications to early morning/late evening to minimize the potential for leaf burn. Use with care on plants with tender tissue. Check for leaf burn in small scale trials prior to use. Keep unprotected persons out of treated area until sprays have dried.

HOMEOWNER USE DIRECTIONS

• Do not add adjuvants (spreader, stickers, extenders, etc.) to Neem Concentrate. • Stops powdery mildew in 24 hours. For use on FRUITS, NUTS, VEGETABLES, HERBS, SPICES, ROSES, HOUSEPLANTS, FLOWERS, TREES, AND SHRUBS.

USE FOR	APPLICATION INSTRUCTIONS	MIXING INSTRUCTIONS
FUNGICIDE USE		
POWDERY MILDEW, BLACK SPOT, DOWNY MILDEW, ANTHRACNOSE, RUST, LEAF SPOT, BOTRYTIS, NEEDLE RUST, SCAB, BLIGHT, AND ALTERNARIA	As a preventative, apply Neem Concentrate on a 7 to 14 day schedule until the potential for disease development is no longer present. To control disease already present, apply Neem Concentrate on a 7 day schedule until disease pressure is eliminated. Then continue spraying on a 14 day schedule to prevent the disease from reoccurring. To prevent rust leaf spot diseases, anthracnose, and scab, begin applications at the first sign of spring budding. To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.	Mix Neem Concentrate at the rate of 2 tablespoons (1 ounce) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including undersides of leaves) until completely wet. Frequently mix solution as you spray.
INSECTICIDE/MITICIDE USE		
APHIDS, SPIDER MITES, SCALE, WHITEFLIES, BEETLES, LEAFROLLERS, AND OTHER INSECT PESTS	Apply Neem Concentrate at first sign of insects/mites. Neem Concentrate is most effective when applied every 7 to 14 days. For heavy insect population, spray on a 7 day schedule.	Mix Neem Concentrate at the rate of 2 tablespoons (1 ounce) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including undersides of leaves) until completely wet. Frequently mix solution as you spray.

3-in-1 GARDEN SPRAY

- Stops powdery mildew in 24 hours
- Prevents and controls black spot on roses, anthracnose rust and powdery mildew
- Kills eggs, larvae and adult insects
- For indoor/outdoor use, home and residential landscapes

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Information:

3 in 1 Garden Spray is most effective when applied in early to mid morning or late afternoon when adult pests, such as aphids, are normally sedentary on the undersides of the foliage. As with other oil-based products, care should be exercised in timing applications to early morning/late evening to maintain the product on leaf burn

Thorough coverage is necessary to provide good disease and mild control. 3-in-1 Garden Spray prevents fungal attack of plant tissue and contact activity to mild pressure on the plant. Avoid excessive runoff of spray material for maximum control. Do not apply to wilted or otherwise stressed plants, or to newly transplanted materials prior to root establishment. Use with care on plants with tender tissue. Check for leaf burn in small scale trials prior to use.

Shake well before using. For optimal performance do not mix with cold water (less than 45°F). Maintain constant agitation in spray equipment. Spray solutions should be used within several hours of preparation for maximum effectiveness. Do not store diluted solutions for later use.

Fungicide Use on Fruits, Nuts, Vegetables, Herbs, Spices, Roses, Houseplants, Flowers, Trees, and Shrubs:

Mixing Instructions:

Mix 3-in-1 Garden Spray at the rate of 2 tablespoons (1 fl. oz.) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including undersides of leaves) until completely wet. Frequently mix solution as you spray.

Application Instructions:

3-in-1 Garden Spray is an effective fungicide for the prevention and control of various fungal diseases including **Powdery Mildew, Black Spot, Downy Mildew, Anthracnose, Rust, Leaf Spot, Botrytis, Needle Rust, Scab and Flower/Tip Blight, and Alternaria**. As a preventative, 3-in-1 Garden Spray should be applied on a 7 to 14 day schedule until the potential for disease development is no longer present. To control disease already present, apply 3-in-1 Garden Spray on a 7 day schedule until disease pressure is eliminated. Then continue spraying on a 14 day schedule to prevent the disease from reoccurring. To prevent rust, leaf spot diseases, anthracnose and scab, begin application at the first sign of spring budding. To prevent powdery mildew, apply in mid summer or when disease is first detected. Application should continue until disease pressure no longer exists.

Insecticide/Miticide use on Fruits, Nuts, Vegetables, Herbs, Spices, Roses, Houseplants, Flowers, Trees, and Shrubs:

Mixing Instructions:

Mix 3-in-1 Garden Spray at the rate of 2 tablespoons (1 fl. oz.) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including undersides of leaves) until completely wet. Frequently mix solution as you spray.

mildew, anthracnose, rust, leaf spot, botrytis, needle rust, scab and flower, twig, tip blight, and alternaria. As a preventative, apply Fruit Tree 3-in-1 Spray on a 7 to 14 day schedule until the potential for disease development is no longer present. To control disease already present, apply Fruit Tree 3-in-1 Spray on a 7 day schedule until disease pressure is eliminated. Then continue spraying on a 14 day schedule to prevent the disease from reoccurring. To prevent rust leaf spot diseases, anthracnose and scab, begin applications at the first sign of spring budding. To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.

INSECTICIDE/MITICIDE USE

For use on **FRUITS, NUTS, VEGETABLES, HERBS, SPICES, ROSES, HOUSEPLANTS, FLOWERS, TREES, SHRUBS**

APPLICATION INSTRUCTIONS

Apply Fruit Tree 3-In-1 Spray at first sign of insects/mites. For control of aphids, spider mites, scale, whiteflies, beetles, leafrollers, and other insect pests. This product is most effective when applied every 7 to 14 days. Continue applications until disease pressure no longer exists.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Keep in original container. Store in a dry place away from direct sunlight, feed or foodstuffs. Keep container tightly sealed when not in use. Do not store below 40°F (4°C). **IF Empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If Partially Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any in-ground outdoor drain.
