

UGA's Guide to Getting Started with Zoom

Getting Started:

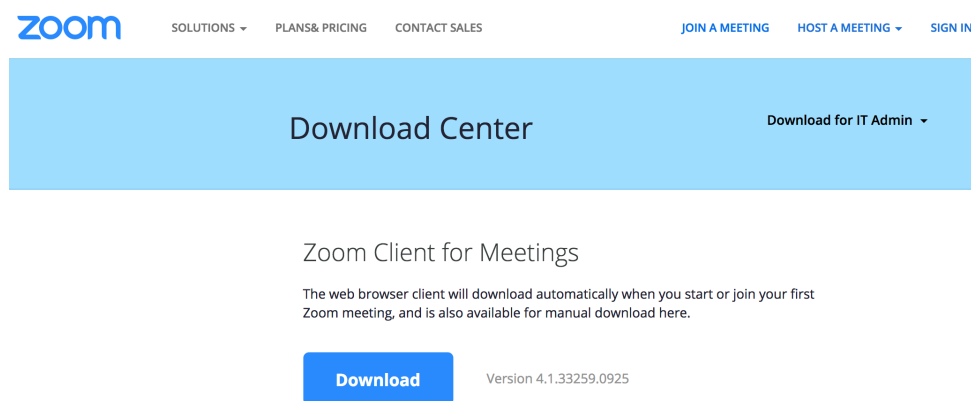

If you only need to Join a meeting you do not need to setup your Zoom Account.

Zoom Web Portal: This should be completed before you follow any of the following instructions.

Go to the [UGA Zoom Homepage](#), Click "Sign In", and enter your UGA MYID and password. This will create your Zoom Account

After you have clicked on "Sign In" within the uga.zoom.us web portal you can download and install the Zoom Desktop Client.

Before you can host a meeting with Zoom, you can install the Zoom Desktop Client software for your computer/device. Start by [downloading Zoom](#) onto your personal device. Download the "Client for Meetings" and follow the prompts to open Zoom.

The screenshot shows the Zoom website's Download Center. At the top, there is a navigation bar with the Zoom logo and links for SOLUTIONS, PLANS & PRICING, CONTACT SALES, JOIN A MEETING, HOST A MEETING, and SIGN IN. Below this is a large blue banner with the text "Download Center" and a link for "Download for IT Admin". Underneath the banner, the text reads "Zoom Client for Meetings" and "The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here." A blue "Download" button is visible, along with the version number "Version 4.1.33259.0925".

Log In and Set Up

Zoom Web Portal:

Go to the [UGA Zoom Homepage, Click "Sign In"](#), and enter your UGA MYID and password. This will create your Zoom Account

Upon sign in, you will be taken to your **Profile** page.

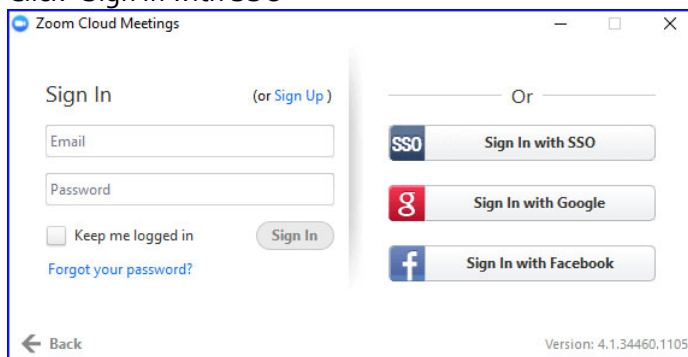

Highlights of this page are:

- Setting your avatar (persists through all Zoom Applications).
- Edit your Personal Meeting ID
 - This is your personal dedicated virtual room. You can use it at any time or schedule it for future use.

After configuring your profile, we recommend going to the **Meeting Settings** tab to configure your preferences based on how you would like to conduct meetings. Please visit this link for more information about Meeting Settings: <https://support.zoom.us/hc/en-us/articles/115005756143-My-Meeting-Settings>

Zoom Desktop Client:

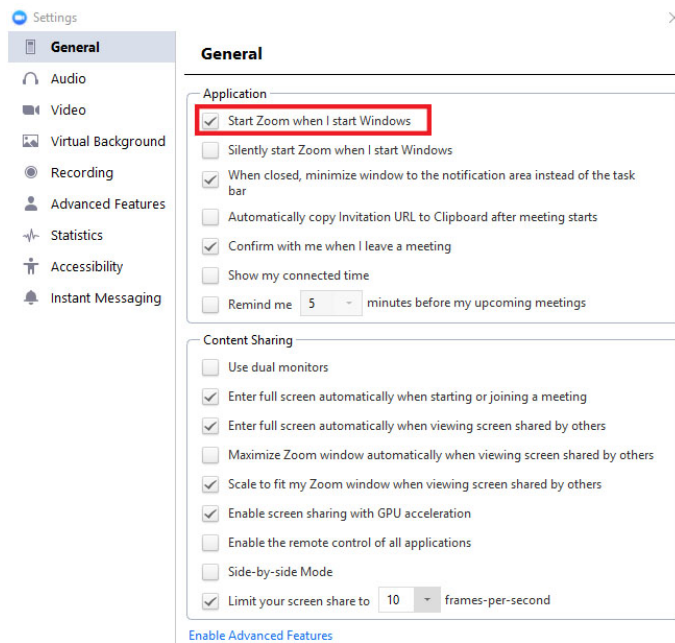

1. Once the Zoom Client for Meetings is installed, click the **Sign In** button
2. Click "Sign In with SSO"

3. Enter "UGA" when prompted for the company domain
4. Enter in your UGA myID and password on the login screen

You now have the Zoom client for Meetings installed. Best practice is to have Zoom start when your computer boots up. [About Settings](#)

- On **Windows**, go to the Zoom client and click on "Settings" at the top right. Click on General and then check the box that says "Start Zoom when I start Windows".

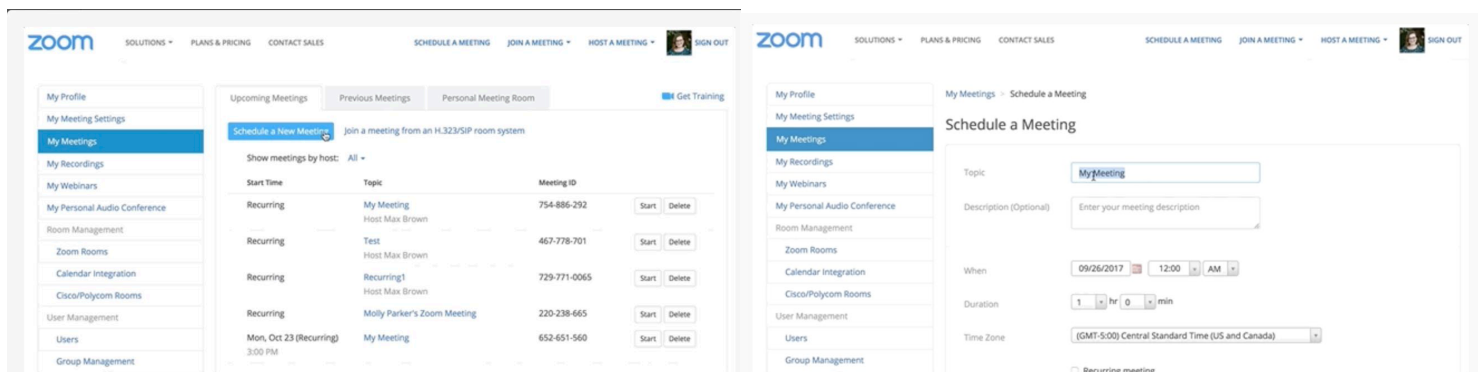

On Mac, right-click the Zoom app in the Dock, select Options > Open at Login.

A Few Last Things

Before the Meeting:

- Test your Audio and Video
 - Make sure to choose the correct audio and video sources
- Have the content you intend to share prepared ahead of time
- Close applications that have pop ups

Hosting A Meeting:

- Mute your mic if others are presenting/speaking
- Use "Gallery View" for smaller group/team meetings
- Share your screen
 - Share specific Applications to control displayed content
 - Use "New Share" to seamlessly transition between shared applications.
- Use the Annotation tools to grab and direct attention

Turn the camera on!

- Put your webcam at eye level or higher – experiment for best angles
- Use the gestures and mannerisms that you would typically use in person
- Make Eye Contact - Try to look at your webcam versus the screen
