GLOBELINK ÜNİMAR TURNS 27TH!

Globelink Ünimar celebrated its 27th Anniversary in September 2021. It has achieved significant successes both in import and export-oriented sea transportation over the years, and has become one of the pioneers of the sector.

Putting forward a new vision in the logistics industry with its strong technological infrastructure, dynamic and experienced team, know-how knowledge and different transportation modes; Globelink Ünimar is constantly adding new routes to its road, air and sea transportation services in order to provide uninterrupted service to its customers and stakeholders, to manage the demands accurately and continue expanding its service network.

The company, which has rapidly developed its physical structure in order to respond instantly to the national and international logistics demands of its customers, opened two offices this year, first in Adana and then in the World Trade Centre. Globelink Ünimar will continue to grow in the upcoming period.

Through the years of success, Globelink Ünimar continues in being one of the leading companies in the logistics and supply chain sector with 10 offices and more than 200 employees in Turkey. Globelink Ünimar is a company that defines its most valuable capital as its “employees and working power”, and has prioritized people in all its investments since the day it was founded. It has also succeeded in increasing the competencies of its employees and revealing their potential with Ünimar Academy.

With its technological breakthroughs in the last two years in the light of the changes that have accelerated with the effect of the pandemic, Globelink Ünimar maintains its strong presence in the competitive world with technological and cultural changes; while providing an agile environment for its customers and stakeholders.
