DECISIONHEALTH®

Ultimate OASIS-C & CODING

TRAINING SERIES 2013

3 Cities

Boston, MA | Feb. 11-14, 2013

St. Louis, MO | Feb. 25-28, 2013

Chicago, IL | March 11-14, 2013

6 Opportunities

OASIS-C Training

Documentation Workshop

Beyond the Basics Workshop

Advanced Coding Boot Camp

Coding Basics

ICD-10 Anatomy & Physiology Primer

Presented by:

Diagnosis
CODING PRO
for Home Health

OASIS-C &
Outcomes Solutions

AHCC
Association of
Home Care Coding
& Compliance

Board of
Medical Specialty
Coding & Compliance

Attend the only education series dedicated to beginner, intermediate and advanced-level ICD-9 and ICD-10 training and OASIS education.

From choosing appropriate codes, to selecting the most accurate OASIS responses, to learning how to sequence complicated conditions, our experts will provide you with the knowledge and hands-on experience you need to ensure proper reimbursement for your agency.

Register for the **Ultimate OASIS-C & Coding Training Series 2013** today for:

▶ **NEW SESSION!** Expert guidance to ensure that documentation supports medical necessity, contains consistent OASIS and coding responses, and captures face-to-face documentation.

▶ **NEW SESSION!** Home health-specific introduction into anatomy & physiology and the role it will play in ICD-10 diagnosis coding.

▶ Beginner, intermediate and advanced-level ICD-9 code training

▶ Solutions to your most complicated coding scenarios and take-home tools

▶ Practice scenarios in ICD-10, and ICD-9 to ICD-10 crosswalks

▶ Intermediate OASIS-C training, including tips for answering key case-mix items and assessment and intervention strategies

Featured speakers:

Judy Adams, RN, BSN, HCS-D, HCS-O, COS-C

Sharon Molinari, RN, HCS-D, HCS-O, COS-C

Ann Rambusch, RN, MSN, HCS-D, HCS-O, COS-C

Lisa Selman-Holman, JD, BSN, RN, MSN, HCS-D, HCS-O, COS-C

Tricia Twombly, RN, BSN, HCS-D, HCS-O, COS-C, CHCE

Approved for up to 10.5 BMSC HCS-D and 8 HCS-O CEUs

Register at www.decisionhealth.com/ultimatetraining or call toll-free 1-855-CALL-DH1 today!

Ultimate OASIS-C & CODING
TRAINING SERIES 2013

Get the knowledge you need to choose appropriate codes, select accurate OASIS responses, and sequence complicated conditions. Register now for:

- **NEW SESSION!** Expert guidance to ensure that documentation supports medical necessity, contains consistent OASIS and coding responses and captures face-to-face documentation.
- **NEW SESSION!** Home health-specific introduction into anatomy & physiology and the role it will play in ICD-10 diagnosis coding.
- Beginner, intermediate and advanced-level ICD-9 code training
- Solutions to your most complicated coding scenarios and take-home tools
- Practice scenarios in ICD-10, and ICD-9 to ICD-10 crosswalks
- Intermediate OASIS-C training, including tips for answering key case-mix items and assessment and intervention strategies

Who should attend?

- Agency Coders and Supervisors
- Coding Educators and Trainers
- Clinical Managers and QI staff
- Home Health Consultants
- Directors of Nursing
- Home Health RNs
- Physical & Occupational Therapists
- Directors of Patient Care
- Outcome Specialists

DECISIONHEALTH®

OASIS-C Training

Duration: 1 day

Locations: Boston, St. Louis and Chicago

Speaker: Ann Rambusch (Boston), Lisa Selman-Holman (St. Louis & Chicago)

Audience: Clinical supervisors, clinicians, coders, coding managers, quality managers, quality assurance/performance improvement staff, compliance officers

Achieve OASIS-C accuracy, improve case-mix and outcomes scores and receive full and prompt reimbursement by attending this full-day, intermediate-level OASIS-C training course. Join your colleagues in working through interactive patient scenarios – updated with the latest from CMS including new wound guidance – to test your competency in answering some of the most challenging OASIS-C questions. One wrong answer could mean the difference of hundreds of dollars per patient and lower outcomes scores.

You'll learn how to:

▸ Receive full reimbursement with tips for answering key case-mix items

▸ Improve outcome scores with clues for navigating the nuances of related items

▸ Get assessment and intervention strategies for answering OASIS-C process items

▸ Avoid ADRs and denials with tips to ensure documentation matches OASIS-C items

▸ Refine functional assessment practices and documentation to comply with CMS regulations

Bonus: Use this class to prepare for the HCS-O certification or re-certification exam.

Beyond the Basics Workshop

Duration: 1.5 days

Locations: Boston, St. Louis and Chicago

Speakers: Tricia Twombly

Audience: Experienced coders, coding supervisors, clinicians who need to take their coding to the next level

Coders and clinicians who have had a couple years of hands-on coding experience can delve right into the most commonly-diagnosed, and miscoded, diseases, as well as the most frequently-billed codes. During this interactive education, you'll learn how to properly sequence cases with multiple diseases and disciplines, and investigate combination coding issues through practice scenarios.

New: During this session, you'll receive ICD-10 training. Our experts will point out the differences and similarities between coding common home health diseases in ICD-9 vs. ICD-10, and you'll get the chance to code common scenarios in ICD-10.

During the training, you'll:

▸ Code scenarios that include neoplasms, multiple V codes, circulatory, respiratory and combination coding. Learn to quickly extract information that will help you accurately code and sequence.

▸ Learn how to sequence the most complicated conditions, such as CVA, CKD and neoplasms

▸ Walk through some of the toughest diabetes scenarios, such as coding diabetic ulcers, brittle diabetes, secondary diabetes as a result of pancreatectomy and osteomyelitis.

Bonus: Use this class to prepare for the HCS-D certification and re-certification exams.

Required materials: 2013 ICD-9-CM Manual

Recommended materials: ICD-10-CM Manual

For more information, go to: **www.decisionhealth.com/ultimatetraining**

Documentation Workshop – *your path to compliance!*

Duration: ½ day

Locations: Boston and St. Louis

Speakers: Ann Rambusch (Boston), Lisa Selman-Holman (St. Louis)

Audience: Clinicians, coders, auditors, DONs, clinical managers, coding managers, quality managers, quality assurance/performance improvement staff, compliance officers

Prevent costly overpayments and denials that agencies are experiencing as a result of the recent increase in additional documentation requests (ADRs) from CMS contractors. Plus, prevent non-billable claims and cash flow interruptions that could result from noncompliance with ever-evolving face-to-face and therapy rules.

Accomplish all this by establishing a pre-claims submission review audit process that will ensure claims:

▶ Support medical necessity and prove homebound status to withstand ZPIC reviews and prevent suspended payments

▶ Contain consistent OASIS and coding responses

▶ Capture complete face-to-face documentation

▶ Document timely therapy assessments

▶ Note objective tests and measures

Bonus Tools: OASIS item correction form, Connecting OASIS and codes tool, F2F compliance checklist

Advanced Coding Boot Camp

Duration: 1 day

Locations: Boston, St. Louis and Chicago

Speakers: Judy Adams (Boston); Lisa Selman-Holman (St. Louis and Chicago)

Audience: Expert HCS-D certified coders and clinicians, and coding supervisors

Expand your experience and receive continuing education at your expert level. During this advanced coding training, you'll work through practice scenarios to learn how to properly sequence a variety of the most complicated home health situations, including those with multiple complications, late effects and varied wound situations, including ostomies and trauma wounds.

New: During this session, you'll receive ICD-10 training. Our experts will point out the differences and similarities between coding common home health diseases in ICD-9 vs. ICD-10, and you'll get the chance to code complicated scenarios in ICD-10.

Required materials: 2013 ICD-9-CM Manual

Recommended materials: ICD-10-CM Manual

Coding Basics

Duration: 1 day

Location: Chicago

Speaker: Sharon Molinari

Audience: New coders and clinicians who will be coding and/or auditing the coding, supervisors who need to understand the financial impact of coding, experienced coders who need a refresher

Beginner coders, clinicians and home health supervisors who are taking a role in coding need to understand the competencies that dictate accurate coding. In this class, you'll start with coding fundamentals, guidelines and conventions while learning how the code choices you make impact your agency's reimbursement and patient outcomes.

During this training, you'll:

▶ Work through coding scenarios to discover how to code and learn more about the basic interactions with OASIS-C.

▶ Use your ICD-9 manual to correctly find codes and apply critical thinking in sequencing, proper use of V codes and the case-mix (M1024) rules.

Required materials: 2013 ICD-9-CM Manual

For more information, go to: **www.decisionhealth.com/ultimatetraining**

ICD-10 Anatomy & Physiology Primer

Duration: ½ day

Location: Chicago

Speaker: Lisa Selman-Holman

Audience: Clinicians, coders, auditors, DONs, clinical managers, coding managers, quality managers, quality assurance/performance improvement staff, compliance officers, directors of education and training

You've been given a one-year reprieve – don't waste anymore time. Jumpstart your ICD-10 training with this home health-specific introduction into anatomy & physiology and the role it will play in ICD-10 diagnosis coding. Prepare for the numerous details ICD-10 will require to determine the appropriate diagnosis and/or condition of the patient. Ensuring proficiency in anatomy and physiology is the first step a coder should take to prepare for the transition.

During this training, you'll get:

▶ Detailed reviews of the body systems that a home health coder will encounter most often. The review will include in-depth information on cells, tissues and organs that comprise each body system.

▶ Rundown of the new anatomical and physiological documentation requirements for code capture in ICD-10.

▶ Coding practice exercises to help you hone your decision-making as you demonstrate your understanding of anatomy and physiology captured in the code.

City/Date	Day One 8:00 a.m. - 5:30 p.m.	Day Two 8:00 a.m. - Noon	Day Two 1:00 - 5:00 p.m.	Day Three 9:00 a.m. - Noon	Day Three 1:00 - 5:00 p.m.	Day Three 5:15 - 6:45 p.m.	Day Four 9:00 - 11:30 a.m.

Required Materials:

Complete Home Health ICD-9-CM Coding Manual, 2013 Edition

Attendees of Advanced Coding, Beyond the Basics & Coding Basics **MUST** bring a 2013 ICD-9-CM manual to the conference in order to participate. We recommend DecisionHealth's *Complete Home Health ICD-9-CM Coding Manual, 2013 edition.* (Item: ICD2013; Price: $199)

Complete Home Health ICD-10-CM Diagnosis Coding Manual, Preliminary Edition

Attendees of Advanced Coding and Beyond the Basics should bring an ICD-10-CM manual to the conference. We recommend DecisionHealth's *Complete Home Health ICD-10-CM Diagnosis Coding Manual, Preliminary Edition*. (Item: I102013; Price: $129)

For more information, go to: **www.decisionhealth.com/ultimatetraining**

Cancellation/Substitution Policy

Transfers/substitutions are permitted at any time. However, for administrative purposes, please notify the conference registrar at 1-855-CALL-DH1 as soon as changes are made. Cancellations must be received in writing by **Jan. 21, 2013 for Boston; Feb. 3, 2013 for St. Louis; and Feb. 18, 2013 for Chicago** in order for you to receive a full refund. Cancellations made after this time are subject to a $150 administrative charge. Registrants who do not cancel and do not attend are liable for the full registration fee. Email *registrar@decisionhealth.com* for cancellations. Phone cancellations are not accepted.

Hotel & Travel Discounts

Important notice for all cities:

For room reservations, contact the hotel directly and mention you are attending the **Ultimate OASIS-C & Coding Training Series 2013** to take advantage of discounted rates. To receive the discounted rate, reservations must be made by the date indicated below for your chosen city, or until the room block is full. Thereafter, reservations will be taken on a space and rate availability basis. Reserve your room early, as rooms are not guaranteed.

Boston, MA | Fairmont Battery Wharf
Feb. 11-14, 2013
Three Battery Wharf
Boston, MA 02109
www.fairmont.com, 1-800-441-1414
Rate: $175/night, Cut-off date: Jan. 21, 2013

St. Louis, MO | The Westin St. Louis
Feb. 25-28, 2013
811 Spruce St.
St. Louis, MO 63102
www.starwoodhotels.com/westin 1-800-WESTIN-1
Rate: $139/night, Cut-off date: Feb. 3, 2013

Chicago, IL | The Knickerbocker Hotel
March 11-14, 2013
163 E. Walton Place
Chicago, IL 60611
www.millenniumhotels.com/millenniumchicago
