

Untamed beauty

 **RS 7 Sportback**

Untamed beauty.

The Audi RS 7 Sportback.

Wild and untamed? Or poised and aesthetic? With the RS 7 Sportback, you can have both. Coupé-like, stylish design lines in tango red, metallic meet the brute force of the V8 TFSI engine. Innovative technology meets intuitive dynamics. Experience the fascination of no longer having to make compromises.

Fuel consumption combined: 11.6 - 11.4 l/100 km;
CO₂ emissions combined: 265-261 g/km.

Extraordinary at first sight

With its sporty roof line, the Audi RS 7 Sportback draws admiring looks whatever the surroundings. The striking design never fails to impress right down the line. The characteristic RS wide body with broad flared wheel arches front and rear, the continuous LED light strip and the wide Audi frameless Singleframe are the visible expression of outstanding performance.

Audi laser light, the intelligent system combines LED and camera technology to improve safety and create a fabulous look

LED rear lights with dynamic indicators

Every moment counts

Standard with the all-new RS adaptive air suspension, the optional RS sport suspension plus with Dynamic Ride Control offers improved dynamics via Audi drive select. Agile handling on the road is assured with dynamic all-wheel steering and sport differential as standard. Top speed is at 280km/h, with the option of continuing up to 305 km/h with the optional RS ceramic brakes. Made possible with the 4.0-litre twin-turbo V8 engine, which, thanks to the 48V mild-hybrid system and cylinder on demand, provides more than enough power at all speeds.

RS Steel brakes with Red calipers as standard.
Optional RS ceramic brake system with brake calipers in red and "Audi ceramic" logo

RS Sports exhaust system as standard.

Escape everyday life

That's a real possibility when you take your place in the Audi RS 7 Sportback. For example with the RS sport seats in perforated Valcona leather, black with honeycomb pattern in express red, RS embossing on the backrests and seat belts with red edge in the front and rear. And a spacious interior that will let your family or friends enjoy the sporty aesthetics as well. There's plenty of room for up to five people to comfortably take on life's everyday challenges.

- 01. Audi virtual cockpit plus with RS mode, MMI® Navigation plus with MMI touch response
- 02. The RS sport seats in perforated Valcona leather with honeycomb pattern
- 03. Decorative inlays in carbon twill

Model	RS 7 Sportback
Engine type	V8 FSI petrol engine, bi-turbocharged, 48V mild hybrid technology
Displacement in cc (valves per cylinder)	3,996 cm ³
Max. output ² in kW at rpm	600 hp / 6,000 – 6,250 rpm
Max. torque in Nm at rpm	800 Nm / 2,050 – 4,500 rpm
Power transmission	
Drive type	quattro® permanent all-wheel drive
Transmission type	8-speed tiptronic
Weights / capacities	
Empty weight	2,140 kg
Perm. Total weight	2,735 kg
Permissible roof load limit / Support load	100/95 kg
Mileage	
Top Speed	250 km / h
Acceleration	0-100 km / h: 3.6s
Consumption	
Fuel type	Super Plus Sulfur-free ROZ 98
Consumption and emission values according to NEDC	
Urban	16.3-16.1 l / 100km
Extra - urban	8.9-8.7 l / 100km
Combined	11.6-11.4 l / 100km
Combined CO2 emissions	265-261 g / km
Emission class	Euro 6d-TEMP-EVAP-ISC

Explanatory note

- * Empty vehicle weight includes driver (75 kg) and fuel tank 90% full, calculated in accordance with the current Regulation (EU) 1230/2012. Optional equipment may increase the car's empty weight and drag coefficient, whereupon the possible payload and the top speed will be reduced accordingly.
- *** The specified fuel consumption and emission data have been determined according to the measurement procedure prescribed by law. Since 1 September, 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO₂ emissions. Starting on 1 September, 2018, the New European Driving Cycle (NEDC) will be replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO₂ emission measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC.
- ** We recommend using super sulfur-free unleaded RON 95 fuel in complying with DIN EN 228. If this is not available, use regular sulfur-free unleaded RON 91 fuel complying with DIN EN 228, power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10% (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/ EC.
- We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types.
- Additional equipment and accessories (e. g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO₂ emissions and the performance figures for the vehicle.

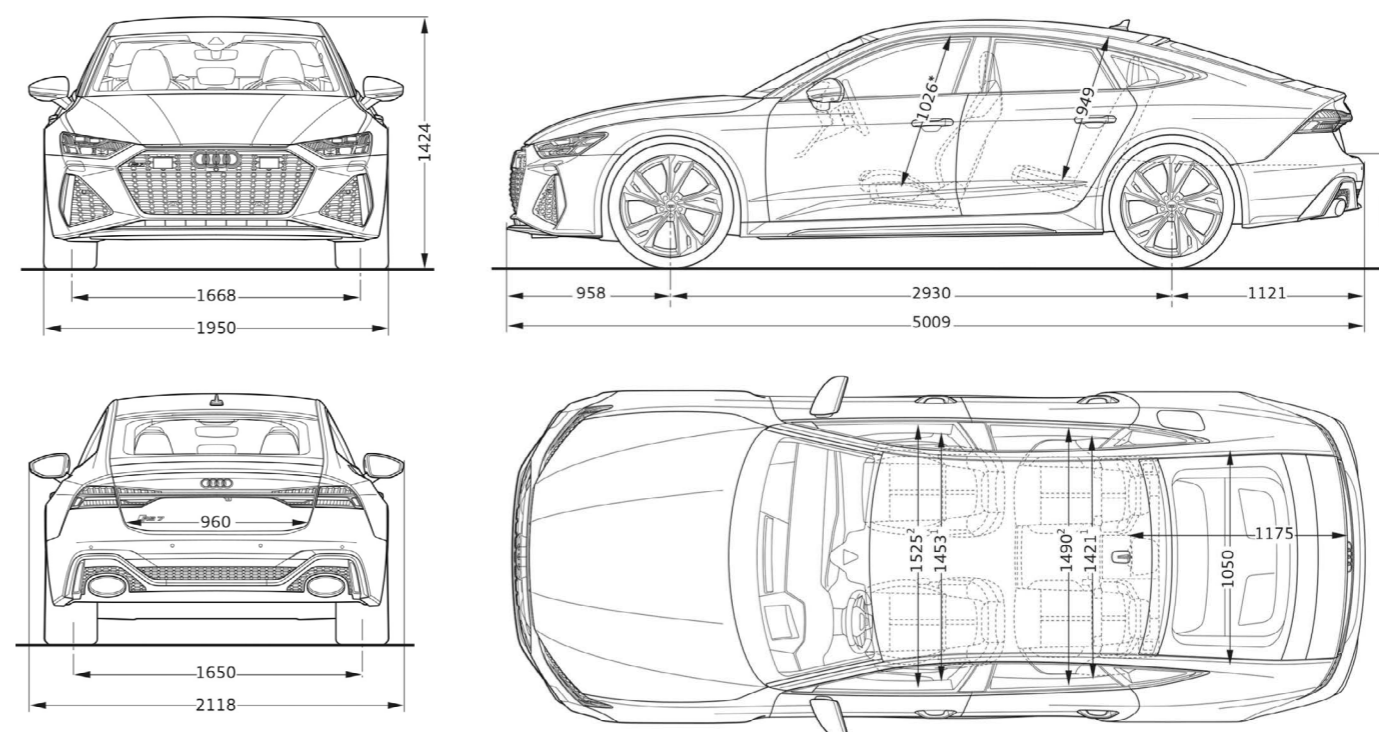

RS 7 Sportback

Dimensions in mm

Dimensions are for empty vehicle weight. Luggage capacity 535 l / 1,390 l

(second value is with the rear seat backrest folded down and the vehicle loaded up to roof height). Turning circle approx. 11.3 m.

* Maximum headroom. ** Elbow room width. *** Shoulder room width. **** Vehicle height with roof aerial.
