The Principals of these residential schools or colleges are not heads of ordinary educational institutions. But they are heading a very special kind of institutions with duty to develop these institutions as pace setting institutions, by making sustained efforts and made to ensure that:

- a) All prescribed activities in the area of curricular, co-curricular, extra-curricular are implemented fully with all seriousness; and
- b) An environment is created to encourage innovation and specified pace setting activities in the field of education.

- [3] (The main instructional periods in the school are from 9.15 A.M to 4.00P. During the instructional period, the Principal is expected to personally attend to the following important items to work and should also ensure that approximately time spent on each item of work is nearer to the time allocated for the activity hereunder.

is considered essential not only for the physical and mental health of the Principal and teachers, but it will create a healthy atmosphere in the entire institution. In the games time, the teachers and students mingle up freely and direct communication is established between the Principals and students. Keeping in view, the fact that our students are coming from weaker section families and are having poor level of confidence, it is of utmost importance that Principal must participate in the games and develop a direct channel of communication with the students. This is the place where, if proper rapport is established between the Principal and the students, the students will immediately approach the Principal without hesitation for any of their problems. Unless this kind of confidence is built, a residential school cannot be managed efficiently.

- (8) On any particular day, if the Principal is prevented physically from performing any or all of the daily activities mentioned above, the Vice Principal should automatically supervise the activities.
