Determine Weight and Size

Domestic Air and UPS 3 Day SelectSM Shipments, Including Puerto Rico

Dimensional Weight

Dimensional weight may apply to UPS Next Day Air[®] Early A.M.[®], UPS Next Day Air[®], UPS Next Day Air Saver[®], UPS 2nd Day Air A.M.[®], UPS 2nd Day Air[®] and UPS 3 Day Select. Use the following steps for weight and size calculations.

1. Determine actual weight.

Use any standard scale and round up any fraction of a pound to the next full pound.

2. Determine dimensional weight.

Multiply the package length by the width by the height. For each measurement, round off any fraction to the nearest whole inch (for example, 1.00" to 1.49" will be considered 1 inch, and 1.50" to 1.99" will be considered 2 inches). The result is the cubic size. Divide the cubic size by 194 to determine dimensional weight in pounds. Increase any fraction to the next pound.

Multiple Packages

If you have more than one package to be shipped, consider each package a separate shipment for weight calculation purposes.

$$\text{Dimensional Weight} = \frac{L \times W \times H}{194}$$

L = Length in inches

W = Width in inches

H = Height in inches

3. Determine billable weight.

Compare each package's actual weight to its dimensional weight. The greater of the two weights is the billable weight and should be used to calculate the rate.

4. Determine if Large Air Package rules apply to your UPS domestic shipments.

Large Air Packages

A package shipped using a UPS Air Service or UPS 3 Day Select is considered a "Large Air Package" when its length, combined with twice the width plus twice the height, exceeds 130 inches, and is equal to or less than 165 inches.

Large Air Packages are subject to a minimum billable rate of \$130. After calculating the rate of the package, compare the rate to the minimum billable rate, and apply the greater of the two.

To determine the rate for single-package shipments with a dimensional weight of 150 pounds or more, multiply the package weight by the price per pound multiplier, located at the end of the applicable rate chart.

Billable Weight:

Actual or Dimensional?

Determining which weight to use in calculating your rate requires that you determine which rule applies. Different rules apply depending on the service selected.

Dimensional weight considers density, which is the amount of space a package occupies in relation to its actual weight, to determine billable weight. Calculations of dimensional weight are based on the International Air Transport Association (IATA) volumetric standards (subject to change without notice).

Irregularly Shaped Packages

Measure boxes or containers that are not rectangular to determine dimensional weight and whether the package is within maximum limits. Treat the irregularly shaped package as if it were in a regular rectangular box. Measure the length, width and height of the package from its extreme points.

Note: Packages that exceed UPS weight and size limits are not accepted for transportation. If found in the UPS system, they are subject to an Over Maximum Limits charge. See page 59 for details. For Maximum Weight service restrictions, see page 62.

International Air

Dimensional Weight

Dimensional weight, if greater than actual weight, is used to calculate the rate for UPS Worldwide Express PlusSM, UPS Worldwide ExpressSM and UPS Worldwide ExpeditedSM.

Use the following steps for weight and size calculations.

1. Determine actual weight.

Use any standard scale and round up any fraction of a pound to the next full pound.

2. Determine dimensional weight.

Multiply the package length by the width by the height. For each measurement, round off any fraction

to the nearest whole number (for example, 1.00 to 1.49 will be considered 1, and 1.50 to 1.99 will be considered 2). The result is the cubic size.

For a multiple-package shipment, add the result for all of the packages together. The total is the cubic size of the shipment. (If you are using a UPS Shipping Record book, each international package is considered a separate shipment for billing purposes.)

Divide the cubic size by 166 if measured in inches, or by 6,000 if measured in centimeters, to

determine the dimensional weight. To convert metric measurements into pounds, multiply the result by 2.20465. Increase any fraction to the next pound.

3. Determine billable weight.

Compare the package's/shipment's actual weight to the dimensional weight. The greater of the two weights is the billable weight and should be used to calculate the rate.

$$\left[\begin{array}{l} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{166}$$

L = Length in inches

W = Width in inches

H = Height in inches

$$\left[\begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{6,000}$$

L = Length in centimeters

W = Width in centimeters

H = Height in centimeters

Note: Packages that exceed UPS weight and size limits are not accepted for transportation. If found in the UPS system, they are subject to an Over Maximum Limits charge. See page 60 for details. For Maximum Weight service restrictions, see page 62.

Determine Weight and Size

UPS Ground and UPS Standard To Canada Shipments

Oversize 1, 2 and 3

Determine if Oversize 1, Oversize 2 or Oversize 3 rules apply to your UPS Ground and UPS Standard To Canada shipments.

Oversize 1

A package is considered "Oversize 1" (OS1) when its actual weight is less than 30 pounds and its combined length and girth exceeds 84 inches, and is equal to or less than 108 inches.

For each OS1 package, the billable weight is 30 pounds.

Oversize 2

A package is considered "Oversize 2" (OS2) when its actual weight is less than 70 pounds and its combined length and girth exceeds 108 inches, and is equal to or less than 130 inches.

For each OS2 package, the billable weight is 70 pounds.

Oversize 3

A UPS Ground package is considered "Oversize 3" (OS3) when its

combined length and girth exceeds 130 inches, and combined length and girth is equal to or less than 165 inches, and actual weight is less than 90 pounds.

For each UPS Ground OS3 package, the billable weight is 90 pounds. A Large Package Surcharge will be applied.

A UPS Standard To Canada package is considered OS3 when its combined length and girth exceeds 130 inches, and combined length and girth is equal to or less than 165 inches, and actual weight is less than 150 pounds.

For each UPS Standard To Canada OS3 package, the billable weight is 150 pounds.

Large Package Surcharge

A Large Package Surcharge of \$45 will be applied to all domestic UPS Ground packages, when the size of the package exceeds 130 inches in length and girth combined.

Items Shipped in Bags

Shape – When multiple items are shipped in a flexible container (e.g., burlap or plastic bag), the dimensional or oversize measurements will be determined when the exterior is at rest. As this shape will differ from placement to placement, cubic size or length and girth measurements will be at the sole discretion of UPS. For domestic and international services, the billable weight will be the greater of the dimensional or oversize weight as compared to the actual weight.

Tails – A tail on an item shipped in a bag should be measured for the amount of space it takes up in a reasonably compressed fashion. Any tail that is created by placing an item in a bag must be compressed and taped to the body of the item.

Tool: To help you determine if Oversize, Large Package or Maximum Size rules apply to your package, a 165-inch chain is available upon request by calling 1-800-PICK-UPS®.

Step 1: Measure Length

Length is the longest side of a package or object.

Girth is the distance all the way around the package or object at its widest point perpendicular to the length.

Step 3: Add length and girth together.

Step 2: Measure Girth

Step 4: Weigh the package to obtain its actual weight.

Note: Packages that exceed UPS weight and size limits are not accepted for transportation. If found in the UPS system, they are subject to an Over Maximum Limits charge. See page 59 or 60 for details. For Maximum Weight service restrictions, see page 62.

Domestic and International Export

Determine the Rate

First choose your service option, compute the billable weight of your package and look up the shipping zone. Then you're ready to determine the rate. And it's the same process whether you're shipping domestically or exporting to other countries.

To use the rate charts in this guide, use the following steps.

Domestic and Export

1. Go to the pages listing the rates for the service option you've selected.
2. Match the billable weight to the appropriate zone. Add surcharges if special options or additional services are selected.

Example:

For a UPS Next Day Air® Early A.M.® shipment weighing 40 pounds where the destination zone is 104, the rate would be \$148.00.

Shipment Pricing

UPS Worldwide Express PlusSM, UPS Worldwide ExpressSM, UPS Worldwide ExpeditedSM and UPS Standard To Canada

Shipment pricing is advantageous because rates are based on the total weight of a shipment, not the sum of the rates for each package in a shipment.

What Qualifies

1. You have multiple-package shipments picked up on the same day and shipped to a single consignee.
2. You use a UPS Worldwide Services Waybill.

What Does Not Qualify

Shipment pricing does not apply to Express Envelopes or packages recorded in a UPS Shipping Record book; they are each considered separate shipments.

Rates

Rates are based on the total actual weight or the total dimensional weight (total actual weight or total billable weight if Standard To Canada service is used) of all packages in a shipment, whichever is greater. Refer to page 3 for instructions on calculating dimensional and billable weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the appropriate rate chart.

For shipments weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

For a Standard To Canada shipment, the minimum charge for a multiple-package shipment will be based on an average weight of 15 pounds per package.

UPS Exchange CollectSM

Our alternative to an international C.O.D., UPS Exchange Collect offers a fast, simple payment alternative for international trade. This contract-only international service streamlines payment for goods with this process:

1. Importer and exporter agree to purchase and sale terms and specify UPS Exchange Collect for financial settlement.
2. The exporter ships the goods by UPS. UPS notifies the importer that a shipment is in transit and payment must be made before delivery. The notification includes UPS bank account and routing instructions.
3. The importer instructs their bank to wire transfer payment to the UPS bank account. UPS will not accept cash, checks, credit cards, PayPal or Western Union money/wire transfers.
4. After UPS receives payment, the shipment is delivered to the importer.
5. Upon verification of delivery, UPS remits funds to the exporter.

Who Should Use UPS Exchange Collect?

- Companies looking to expand into new global markets and grow their customer base without assuming additional payment risk.
- Companies looking to increase top-line international sales without a corresponding increase in accounts receivables.

- Companies that want to improve customer service by fulfilling customer orders in much less time than required to complete most letters of credit.

- Companies with late-paying customers or high receivables write-offs.

For information on origin and destination countries where UPS Exchange Collect services are available, please call 1-800-782-7892 or visit UPS.com.

The following paragraphs, along with the UPS Tariff, contain the general terms and conditions under which United Parcel Service (“UPS”) is engaged in the transportation of small packages (including “Express Envelopes”) in its own territory and jointly through interchange with its affiliates. The Terms and Conditions of Service in the *UPS Rate and Service Guide* are published periodically by UPS. No service shall be rendered by UPS in the transportation of any shipment that is prohibited by applicable law or regulation of any federal, state, provincial, or local government in the origin or destination country.

Right of Inspection

UPS reserves the right, but is not required, to open and inspect any package tendered to it for transportation.

Packaging

It is the responsibility of the shipper to ensure that proper packaging is used and that contents of packages are adequately and securely packed, wrapped and cushioned for transportation. The use of UPS-provided packaging is not a guarantee that an item is sufficiently packaged for transportation. UPS does not provide special handling for packages with "Fragile," package orientation (e.g., "UP" arrows or "This End Up" markings) or any other similar such markings.

Refusal of Service

UPS reserves the right to refuse to provide service, among other reasons, for any package that by reason of the dangerous or other character of its contents may, in the sole judgment of UPS, soil, taint or otherwise damage other packages or UPS's equipment, or that is improperly

or insecurely packed or wrapped. Packages must be so packed or wrapped as to meet the requirements set forth in the International Safe Transit Association Procedure 3A.

In addition, UPS reserves the right to refuse to provide service for any package, or to or from any location, or to provide alternative service arrangements when, among other reasons, UPS, in its sole discretion, deems that it is unsafe or economically or operationally impracticable to provide service.

The UPS Store locations are independently owned and operated by licensed franchisees of Mail Boxes Etc., Inc., an indirect subsidiary of United Parcel Service of America, and are not agents of UPS. UPS assumes no liability other than to The UPS Store location, as the shipper of the package, for lost, damaged or delayed shipments sent via that The UPS Store location. Any such liability to The UPS Store location is subject to the limitations set forth in the UPS Tariff and these Terms and Conditions of Service. All inquiries regarding packages shipped via any The UPS Store location must be directed to the shipping The UPS Store location. UPS will deal solely with The UPS Store location in all matters concerning packages shipped via any The UPS Store location, including but not limited to: tracking/tracing requests, claims and guarantees, C.O.D. preparation and remittance, return of undeliverable packages and Express Envelopes, proper packaging and labeling, and billing. Even if UPS responds directly to customers of a The UPS Store location regarding tracking requests, UPS will not be liable to those customers. The UPS Store locations are solely responsible for the issuance of any refunds and claims to those who shipped packages via The UPS Store location. The UPS Store locations agree not to ship any articles which UPS does not accept for transportation. The UPS Store locations shall indemnify and hold harmless UPS in any action against UPS arising from the loss, damage or delay of a package shipped via that The UPS Store location.

Authorized Shipping Outlets/ Third-Party Retailers

UPS Authorized Shipping Outlets or Commercial Counters (collectively referred to within this paragraph as "Third-Party Retailers") are independently owned and operated businesses and

are not agents of UPS. UPS assumes no liability other than to the Third-Party Retailer, as the shipper of the package, for lost, damaged or delayed shipments sent via the Third-Party Retailer. Any such liability to the Third-Party Retailer is subject to the limitations set forth in the UPS Tariff and these Terms and Conditions of Service. All inquiries regarding packages shipped via Third-Party Retailers must be directed to the Third-Party Retailer. Even if UPS responds directly to Third-Party Retailer customers regarding tracking requests, UPS will not be liable to those customers. Third-Party Retailers are solely responsible for the issuance of any refunds and claims to those who shipped packages via the Third-Party Retailer. The Third-Party Retailer agrees not to ship any articles which UPS does not accept for transportation. Third-Party Retailers shall indemnify and hold harmless UPS in any action against UPS arising from the loss, damage or delay of a package shipped via a Third-Party Retailer.

Provisions for Customs Clearance of International Packages

The shipper must provide required documentation for export and customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements, or for violating U.S. laws on exportation (see e.g., 13 U.S.C. § 305, 15 U.S.C. § 1592, 22 U.S.C. § 401, 18 U.S.C. § 1001 and 50 U.S.C. App. 2410).

When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where allowed by law. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal consignee.

Customs penalties, storage charges or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for all charges in the event of non-payment by the consignee. UPS provides brokerage service through UPS Supply Chain SolutionsSM brokerage offices (formerly UPS Customhouse Brokerage offices), designated by UPS for handling small package customs clearance of UPS Worldwide Express Plus, UPS Worldwide Express NA1, UPS Worldwide Express, UPS Worldwide Expedited and UPS 3 Day Select From Canada shipments at no additional charge. Other UPS Supply Chain Solutions customs brokerage offices charge fees for clearance of small packages and freight.

- Clearance procedures involving a government agency other than customs
- Customs Bonds
- Drawbacks
- Formal entries involving more than five tariff lines
- Live Entries
- Marking Attendance

In the event a Shipper's Export Declaration (S.E.D.) is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D., using the information on the UPS Waybill or other export documentation, on behalf of the shipper to facilitate export. A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

UPS may prepare a Certificate of Origin for goods manufactured and originating within the United States on behalf of the shipper when one is required but not included with the export documents

provided by the shipper. A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

Unless otherwise restricted for the destination country, the shipper may elect to pay duty and tax, or duty only, by showing such instructions on the export documentation and on the UPS Waybill. These options are available only to shippers with a UPS account. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed. These services are not available if any or all of the shipping charges are billed to the consignee, or if a consignee chooses a broker other than UPS Supply Chain Solutions brokerage offices (formerly UPS Customhouse Brokerage offices), designated by UPS for handling small package customs clearance. Other UPS Supply Chain Solutions customs brokerage offices charge fees for clearance of small packages and freight.

ZIP Code/Postal Code Information

The consignee's ZIP Code is a required part of the address for domestic shipments. When available, ZIP+4[®] should be used.

The consignee's postal code, telephone number and contact name are required parts of the address for international shipments.

This is the sole remedy available under the UPS Service Guarantee.

- (a) UPS’s guaranteed delivery schedule has been obtained by referencing UPS’s Web site or contacting a UPS Customer Service office. “On-time” means, subject to the terms of this UPS Service Guarantee, delivery is attempted within the UPS guaranteed delivery schedule.
- (b) Each package is properly recorded on a UPS source document or in a UPS automated shipping system.
- (c) Each package in a shipment bears the appropriate UPS tracking label and an address label, or a combined label generated by a UPS automated shipping system, showing the consignee’s correct name, deliverable address (UPS does not provide delivery to a P.O. box) and ZIP Code (or postal code for international shipments).

In addition, UPS reserves the right, in its sole discretion, to refuse to honor a request for a credit or refund of transportation charges for a package when that package is not accompanied by a smart label and timely Package Level Detail (PLD) information, as defined in the UPS Tariff, at the time the package is tendered to UPS.

- (g) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee’s name and address, date of shipment, package weight and UPS tracking number.
- (h) For UPS Worldwide Expedited shipments, the guarantee shall apply only to shipments originating in, or destined for, the United States, and when the billed party is resident in the United States and is responsible for all shipping charges.

Under no circumstances shall UPS be liable for any special, incidental or consequential damages, including, but not limited to, damages arising from delayed delivery or failure to attempt delivery in accordance with the UPS Service Guarantee. Under no circumstances shall UPS be liable for any damages whatsoever for delayed delivery, except as specifically provided for shipments made under the UPS Service Guarantee.

The guarantee does not apply to UPS shipments that are delayed due to causes beyond UPS’s control, including but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; acts of public authorities acting with actual or apparent authority; acts or omissions of customs or similar authorities; insufficient information provided by a customer; Hazardous

Materials packages improperly offered for transport; the application of security regulations imposed by the government, or otherwise applicable to the shipment; riots, strikes or other labor disputes; civil unrest; disruptions in air or ground transportation networks; and natural disasters.

UPS reserves the right to refuse any request for a credit or refund when such request is either (a) made by, or (b) based on information obtained by, a party other than the payer of the shipping charges.

The guarantee does not apply to UPS commercial and residential Ground shipments that are picked up or scheduled to be delivered between December 12 and December 24.

Deliveries Attempted Three Times without Extra Charge

If UPS is unable to complete delivery of a package, a notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Delivery Change Requests

UPS may honor a request that UPS reroute a package to a consignee other than the consignee identified on a source document, or in the UPS automated shipping system for the package after tender of the package to UPS. UPS will honor such a request where practicable, and where the shipper has guaranteed payment of any applicable charges resulting from the change.

Shipper Release

A shipper may request that UPS release a package on the first delivery attempt. Shipper Release will be provided by UPS subject to the effective UPS Terms and Conditions of Service. When Shipper Release is selected, the shipper acknowledges and agrees that UPS will make only one delivery attempt, that a signature will not be obtained upon delivery, and that a UPS delivery record showing a completed Shipper Release delivery shall be conclusive proof that delivery was completed. Shipper Release is provided solely at the shipper's risk of loss or damage arising from the release of the package by UPS, and UPS will not be liable to shippers or third parties for any damages arising from the release of the package. Shipper Release is not available for packages having a value of more than \$999.00 (U.S.).

International shipments refused by the consignee, or which for any other reason cannot be delivered, will be held, and UPS will attempt to contact the shipper for further instructions. The shipper will be responsible for payment of all charges, including, but not limited to, forwarding, disposal or return transportation charges, as well as any duty and tax, if applicable.

Interruption of Service

UPS shall not be liable for any interruption of service due to causes beyond its control, including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; acts of public authorities acting with actual or apparent authority; acts or omissions of customs or similar authorities; insufficient information provided by a customer; Hazardous Materials packages improperly offered for transport; the application of security regulations imposed by the government, or otherwise applicable to the shipment; riots, strikes or other labor disputes; civil unrest; disruptions in air or ground transportation networks and natural disasters.

UPS Rates

The applicable UPS Rates are determined on the basis of package and shipper characteristics, and are therefore subject to change. Shippers who have a UPS daily pickup account and/or a customized shipping agreement with UPS will receive Daily Rates. Daily Rates are also available upon request to shippers who receive On-Demand Rates and have multiple shipping accounts at a location with a UPS daily pickup account and/or sustained shipping revenue of at least \$105 (U.S.) each week for a consecutive six-month period. Shippers not eligible for Daily Rates will be subject to higher On-Demand Rates.

Shippers who receive Daily Rates, but no longer meet criteria to qualify for Daily Rates, will be charged On-Demand Rates without further notice from UPS. Shippers receiving On-Demand Rates who believe that they may qualify for Daily Rates based on a change in their package and shipper characteristics must contact UPS

in order to be considered for Daily Rates. Upon request, UPS will then determine whether the shipper is eligible for Daily Rates, in UPS's discretion. Any rate changes will be applied prospectively only, and shippers will not be entitled to any refunds or credits for charges or rates previously assessed, even if the shipper was previously eligible for Daily Rates.

Daily and On-Demand Rates do not apply to shippers located in Alaska or Hawaii. Shippers located in Alaska and Hawaii are subject to the UPS Rates published in the effective *UPS Rate and Service Guide* in effect at the time of shipping.

All shippers who process and pay for shipment of packages at UPS Customer Centers will be subject to higher Retail Rates. Shippers who bring packages to UPS Customer Centers that are processed and billed to a UPS account or processed and billed through UPS.com will receive their applicable On-Demand Rates or Daily Rates.

If a shipper selects a UPS service to a destination for which only a higher level of service is available, UPS will substitute the next higher level of available service and will charge the corresponding rate for the substituted service.

UPS may refer to the "UPS Express Envelope" and the "UPS Letter" interchangeably. The Letter rate applies only to shipments sent in UPS Express Envelope or UPS Letter packaging.

Billing Options for Domestic Shipments

Unless otherwise agreed to in writing by UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and Third-Party billing provided the consignee or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when either Collect billing or Third-Party billing has been selected on the source document or in a UPS automated shipping system. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a consignee or third party who fails to pay the shipping charges. In the event of non-payment by the consignee or third party, the charges will be billed to the

Terms and Conditions

shipper. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the shipper.

Billing Options for International Shipments

The amount billed includes, but is not limited to, shipping charges, duties and taxes, if applicable. Unless otherwise restricted in the origin or destination country, the carrier provides the following billing options:

- (a) Prepaid – The shipper pays all shipping charges, and the consignee pays duty/tax/V.A.T., if applicable.
- (b) Freight Collect – The consignee pays shipping charges and duty/tax/V.A.T., if applicable.
- (c) FOB – The shipper pays shipping charges to the port of export, and the consignee pays the balance.
- (d) C&F – The shipper pays shipping charges to the port of import, and the consignee pays the balance.
- (e) Delivered Duty Paid, V.A.T. Unpaid – The shipper pays all shipping charges and the destination country's duty, if applicable. The consignee pays the balance, such as V.A.T.
- (f) Bill Duty, Tax and Shipping Charges to Shipper (Free Domicile) – The shipper pays the destination country's duty and tax, if applicable, in addition to all shipping charges.
- (g) Third-Party Prepaid – The third party pays shipping charges and the receiver pays duty/tax/V.A.T., if applicable.
- (h) Third-Party Freight Collect – The third party pays shipping charges and duty/tax/V.A.T., if applicable. For U.S. shippers, the shipping charges and duty/tax/V.A.T. can be billed to third parties via the Free Domicile billing option. An additional surcharge may be applied when selecting the Free Domicile billing option.

UPS reserves the right in its sole discretion to request advance payment of shipping charges for any package sent to any international destination.

For all shipments where the shipper is not paying the shipping charges, the shipper must notify the bill payer prior to shipping. The shipper is liable for payment in the event of non-payment by the consignee or a third party. All shipments must have

a valid UPS billing option indicated on the waybill. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the shipper.

Disbursement Fee

In order to expedite customs clearance, UPS may advance duties and taxes on behalf of the payer as dictated by the billing option selected. A Disbursement Fee based on the amount advanced will be assessed and billed to the payer.

Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping.

Payment of Charges

For purposes of this section, the term "Charges" means all applicable transportation and other charges, including, but not limited to, all applicable accessorial charges, surcharges, additional handling charges and late payment fees.

UPS's payment terms require payment of all Charges within seven (7) days after receipt of the UPS bill. The UPS Tariff contains provisions for a late payment fee on past due balances (including, without limitation, any previously assessed but unpaid late payment fees), and the shipper agrees to pay such late payment fees as may be assessed by UPS. The UPS Tariff also contains provisions for a fee that may be imposed if any negotiable instrument submitted to UPS as payment for Charges is returned to UPS unpaid or if any electronic request for payment is dishonored.

Notwithstanding any billing or payment option selected at the time of shipment, the shipper is ultimately liable for and agrees to pay all Charges, including in the event of insolvency, bankruptcy, non-payment or refusal to pay by the consignee or third party.

UPS reserves the right to bill for Charges based upon the characteristics of, and services requested for, packages actually tendered to UPS. UPS reserves the right to audit invoices to verify service selection; package or shipment weight; applicability of any Charges; and to make appropriate adjustments. If Charges are paid for by credit card, the shipper expressly authorizes UPS to assess any Charges and

to obtain payment of the Charges by use of the credit card. The UPS Tariff contains provisions for a fee that will be imposed for any credit card transaction that is declined or rejected for any reason.

If a shipper submits package information to UPS (through an automated shipping system, source document or UPS Internet Shipping) and does not subsequently tender such package to UPS, it is the shipper's sole responsibility to request an adjustment. Shippers who fail to do so will be liable for all applicable Charges.

Shippers requesting an invoice adjustment (e.g., adjustment based on an incorrect rate, billable weight, account number or type of service, etc.) or a refund due to a duplicate payment must notify UPS of the request within 180 days after receiving the contested bill. A partial payment against an invoice is not considered a request for an invoice adjustment.

Residential Delivery

A residential delivery is defined as delivery to a location that is a home, including a business operating out of a home that does not have an entrance open to the public.

UPS ReturnsSM on the Web

UPS Returns on the Web service is a contractual service initiated by a merchant's end-users. The end-user starts the process via the merchant's Web site. After the end-user completes a return form, the program generates a return authorization code and package-tracking number, which are coded onto a return label that is transferred to the end-user via their Web browser. End-users can then print and affix the label to the package they wish to return. The UPS Returns on the Web solution can also be used by phone representatives at the merchant site. Upon delivery, the shipper is billed according to the terms in the contract. The value limit per package for the Web-browser Return Label, Returns on the Web Print Return Label, Print and Mail Return Label and 1 UPS Pickup Attempt services is \$1,000 (U.S.).

Terms and Conditions

The value limit per package for Returns on the Web 3 UPS Pickup Attempts is \$50,000 (U.S.).

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery. UPS accepts C.O.D. packages for delivery throughout the United States and Puerto Rico.

Preparation and Listing of C.O.D. Packages:

C.O.D.s are accepted for amounts up to \$50,000 (U.S.) per package. Shippers not using a UPS automated shipping system must prepare and attach to each C.O.D. package a UPS C.O.D. tag showing the amount to be collected and must enter such amount on the UPS source document in the space provided for that purpose. Each package in a UPS Hundredweight C.O.D. shipment must carry a C.O.D. tag for the goods contained in that package.

Shippers using a UPS automated shipping system will generate, and apply to each C.O.D. package, a system-generated address label with a C.O.D. barcode and the amount to be collected for each individual package.

Responsibility for C.O.D.s: Upon delivery of each C.O.D. package, UPS will attempt to collect the amount shown on the C.O.D. tag or the system-generated label attached to the package and transmit to the shipper the amount so collected (subject to the provisions of UPS Tariff Item 485), or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within forty-five (45) days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount, or any claim relating thereto shall be deemed waived.

If collection cannot be made within three (3) delivery attempts or the consignee refuses delivery, UPS will return the package to the shipper.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect a cashier's check or money order only are shown on the C.O.D. tag (in conformity with the instructions on the tag) or system-generated label, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect a cashier's check or money order only are clearly indicated on the C.O.D. tag or system-generated label, UPS reserves the right to accept a cashier's check, a money order,

an official bank check or other similar instrument issued by or on behalf of the consignee. All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders and other similar instruments) tendered in payment of C.O.D.s will be accepted by UPS based solely upon the shipper assuming all risk relating thereto including, but not limited to, risk of non-payment, insufficient funds and forgery, and UPS shall not be liable upon any such instrument. All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders and other similar instruments) will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Remittances (checks, money orders, etc.) received that are less than the C.O.D. dollar amount indicated by the shipper will be reimbursed for the full amount unless the variance of the amount remitted is less than \$1 (U.S.).

Payment for any C.O.D. package of \$10,000 (U.S.) or more must be received in a single check or other negotiable instrument such as a cashier's check, money order, official bank check or other similar instrument.

In the event that UPS accepts a personal or company check when a shipper has properly instructed UPS to collect a cashier's check or money order only, UPS reserves the right, in its sole discretion, to deposit into a UPS account the personal or company check collected and to provide the shipper with a check issued by UPS.

In the event that a shipper timely notifies UPS that it has not received payment of the C.O.D. amount, if UPS's records show that it collected a C.O.D. payment and the remittance has not been cashed, UPS may, in its sole discretion, provide the shipper with a digital image of the check or money order along with a C.O.D. Remittance Verification in order to assist the shipper in locating the missing C.O.D. payment. If the shipper is still unable to locate the C.O.D. payment, UPS may, in its sole discretion, provide the shipper with an indemnified C.O.D. check or money order, which is a digital image of the original payment collected by UPS at the time of delivery and can be deposited in a bank, provided that the original check or money order has not previously been deposited or negotiated. If the indemnified check or money order turns out to be invalid for any reason, including, but not

limited to, insufficient funds or forgery, UPS shall not be liable upon the instrument.

C.O.D. packages with an amount to be collected in excess of \$500 (U.S.) will not be accepted for transportation via a UPS Drop Box.

Entry of a C.O.D. amount is not a declaration of value for purposes of purchasing declared value protection against loss or damage. Payment of the C.O.D. charge does not constitute payment of the declared value charge.

Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments.

Charges for C.O.D. Collections: An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each C.O.D. received for collection.

As with all packages, UPS will not be liable for any special, incidental or consequential damages for C.O.D. packages.

UPS may not call upon a UPS daily pickup service shipping account on any day in which the account indicates that there are no packages available for pickup.

The charges are as follows:

– \$ 0 to \$14.99.....	\$16
– \$15 to \$59.99.....	\$11
– \$60 or more in weekly billed revenue.....	\$7

An address validated by UPS may be incorrect or incomplete for purposes of completing delivery, and may be corrected by UPS. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for an address correction.

UPS reserves the right to assess a manual processing charge of \$.50 (U.S.) per package or \$35 (U.S.) per week (whichever is greater) on shippers who ship packages via a UPS shipping system that applies outdated UPS Rates until such time as the shipper upgrades the UPS shipping system to reflect current UPS Rates.

Limitations of Liability

Each UPS domestic package or international shipment is automatically protected by UPS against loss or damage up to a value of \$100 (U.S.). Unless a greater value is recorded in the declared value field of the UPS source document or the UPS shipping system used, the shipper agrees that the released value of each domestic package or international shipment is no greater than \$100 (U.S.), which is a reasonable value under the

circumstances surrounding the transportation, and that UPS shall not be liable for more than \$100 (U.S.) for each domestic package or international shipment.

UPS's maximum liability per domestic package or international shipment, shall not exceed the lesser of: (1) \$100 (U.S.), (2) the lesser of the purchase price paid by the consignee (where the property involved has been sold to the consignee), the actual cost, or the replacement cost of the property at the time and place of loss or damage, or (3) the cost of repair of damaged property. If additional protection is desired, the shipper may declare a value in excess of \$100 (U.S.) by showing a value in excess of \$100 (U.S.) in the declared value field of the UPS source document or the UPS shipping system used. An additional charge as set forth in the UPS Rates in effect at the time of shipping will be assessed. UPS does not offer shippers' cargo insurance. Shippers desiring cargo insurance or all risk insurance should purchase such insurance from third parties. Shippers cannot declare a value for UPS Prepaid Letters.

UPS will not be liable for or responsible for loss or damage to: articles of unusual value (as defined in Item 460 of the UPS Tariff); Prepaid Letters; perishable commodities or commodities requiring protection from heat or cold to the extent the loss or damage results from exposure to heat or cold or the perishable nature of the item; loss or damage due to war risks, insects, moths, vermin, inherent vice (including, but not limited to, improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in the UPS Tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to or after the course of transportation by UPS; and special, incidental or consequential damages. Additionally, UPS will not be liable for any damages related to providing, or the failure to provide, C.O.D. service, including, but not limited to: failure to collect the C.O.D. amount; failure to collect the specified form of payment; collection of an instrument in the wrong amount; failure or delay in delivering the collected instrument to the shipper; or collection of forged, insufficient funds or otherwise invalid instruments.

Where a value has been declared and the applicable charges paid, UPS's maximum liability shall not exceed the lesser of:

(1) the declared value on the UPS source document or UPS shipping system used, (2) the lesser of the purchase price paid by the consignee (where the property involved has been sold to the consignee), the actual cost, or the replacement cost of the property lost or damaged, at the time and place of loss or damage, (3) the cost of repair of damaged property, (4) \$50,000 (U.S.) per package, except for: (i) packages shipped via a UPS Drop Box, in which case UPS's maximum liability shall be \$500 (U.S.) per package, (ii) packages shipped as a result of a request for service made through the Internet by a shipper who has a UPS Internet Shipping account only, in which case UPS's maximum liability is \$5,000 (U.S.) per package, (iii) packages returned via Print Return Label, Print and Mail Return Label, Electronic Return Label or 1 UPS Pickup Attempt Return Service, in which case UPS's maximum liability is \$1,000 (U.S.) per package, and (iv) packages for which Shipper Release is selected, in which case UPS's maximum liability is \$999 (U.S.) per package, or (5) \$500 (U.S.) for packages containing jewelry (not including costume jewelry) shipped via UPS international service.

Claims for loss of, or damage to, the shipper's property must be filed with UPS. For domestic shipments, claims not made within nine (9) months after delivery of the package or, in the case of non-delivery, within nine (9) months after a reasonable time for delivery has elapsed, shall be deemed waived. For international shipments, claims not made within sixty (60) days after delivery of the package, or in the case of non-delivery, within sixty (60) days after a reasonable time for delivery has elapsed, shall be deemed waived.

The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment insofar as the same is governed thereby. There are no stopping places which are agreed upon at the time of tender of the shipment, and UPS reserves the right to route the shipment in any way UPS deems appropriate.

In no event shall UPS be liable for any special, incidental or consequential damages.

UPS will not be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept, which UPS states that it will not accept, or which UPS has a right to refuse.

Acceptance for carriage of any package or shipment bearing a declared value in excess of the allowed maximums specified in the applicable UPS Tariff or service guide, or of any package or shipment that UPS does not accept for transportation or which shippers are prohibited from shipping, does not constitute a waiver of any provisions of the UPS Tariff or service guide limiting UPS's liability or responsibility for any such package or shipment.

UPS shall not be liable for any damages arising from UPS's inability, failure or refusal to comply with a request to stop, return or re-route shipment of a package after tender to UPS.

UPS Tariff

All shipments are subject to the terms and conditions contained in the UPS Tariff, which is available at UPS locations and can be found at UPS.com. UPS may engage subcontractors to perform transportation and incidental services and contracts on its own behalf and on behalf of its servants, agents and subcontractors, each of whom shall have the benefit of the Terms and Conditions set forth in this service guide and in the UPS Tariff. No such party has authority to waive or vary any of these Terms and Conditions.

The UPS Tariff; the effective UPS service guide and the description of UPS services at UPS.com, which are incorporated in the UPS Tariff; and the UPS source document for each shipment, together comprise the complete and exclusive agreement of the parties, except as modified by any existing or future written agreement between the parties, and may not be contradicted or modified by any oral agreement.
