Few of Our Electric Driven Airless Spray Products are

1. True Coat Pro X / Fine Finish – Battery Operated

The NEW TrueCoat Pro Fine Finish cordless sprayer is designed specifically for small fine finish projects. This sprayer features a Pro Control Pressure Control System that allows you to optimize the pressure setting for spraying a full range of fine finish materials – from stains to lacquers to enamels.

Innovative design features make this a unique sprayer that is fully compatible with solvent-based materials including “hot” solvents.

Fine finish true coat Pro X can be used for wood coatings, automotive refinish & project touch up works.

a. Truecoat Pro X – Electrical Operated

Specially designed for water borne decorative finish application for small projects.

2. Ultra 390

The Ultra 390's reliability and performance has made it Graco's most popular small electric sprayer. Proven technology and design make it perfect for professionals who spray daily with a wide range of aesthetic coatings.
