value-added solutions for your laboratory

on leading Thermo Scientific products

Choose from an exceptional line up of technologies and laboratory solutions – all with accessories or upgrades at no additional cost!

An exceptional line up of technologies and laboratory solutions

Our commitment: to help you attain the maximum value from our high-quality laboratory solutions.

Every Thermo Scientific product is backed by our worldwide customer support and service. We are always ready to help you gain the maximum advantages from our high-quality laboratory solutions.

Thermo Scientific products include:

1300 Series A2 Biological Safety Cabinets

NEW! Revco® UxF Ultra-Low Temperature Freezers

Revco High Performance Lab Refrigerators and Freezers

NEW! Forma® 88000 Series and Double Door Ultra-Low Temperature Freezers

Locator® Plus LN₂ Cryogenic Storage

Heratherm® Advanced Protocol Security Microbiological Incubators

Heracell® 150i CO₂ Incubators

Forma® CO₂ Incubators

Savant® DNA 120 SpeedVac Concentrators

MaxQ™ Orbital Shakers

Barnstead® Nanopure™ Water Purification Systems

Sorvall® Legend® Micro 21 Microcentrifuges

Sorvall Primo and CL 10 Compact Benchtop Centrifuges

Sorvall Legend and Sorvall ST General Purpose Centrifuge Series

VisionMate® Reader (Highspeed, SR or ST) and VisionTracker Storage Tracking Database

Barcoded Cryotube and VisionTracker Storage Tracking Database

containment,
comfort, and
convenience

SmartPort vacuum accessory package includes a vacuum valve, hanging shelf for a flask or supplies, and retaining clips to keep tubing and cable from work area.

1

Thermo Scientific 1300 Series A2 Biological Safety Cabinets

Smart features and packages for your next generation BSC!

- SmartFlow™ exclusively provides real-time compensation and balancing of airflow, ensuring protection everyday
- SmartPort™ allows easy and safe side routing of tubing and cables
- SmartPromise – 5 year warranty on parts and labor

packaged savings!

A 1300 A2 series package includes stand, arm rests, and timed UV light (at no additional cost) with choice of sizes, interior walls, and sash working height Savings of \$200.

special offers

To maximize the side access of the SmartPort, add the **SmartPort vacuum accessory package** (Cat. No. 19-114-14) for only \$97.

Purchase a BSC and receive **a case of Nalgene 0.2 micron filter units** at no additional cost (Cat. No. 09-741-02) Total savings over \$250.

your samples, our obsession

green tip

SAVE ENERGY!
Revco UxF **consumes approximately 15% less energy** when using the Energy Savings mode.*

*Compared to high-performance mode.

4

NEW! Thermo Scientific Revco UxF Ultra-Low Temperature Freezers

Performance

Outstanding BTU (British thermal unit) reserve, leading to fast door opening recovery

Safety and Security

Innovative touch-screen featuring 24/7 health monitor, event log and access settings

Capacity

Innovative design allows for up to 30% MORE storage area per footprint compared to previous models

value ► up to \$2400

Packaged savings when you purchase a Revco UxF ultra-low temperature (ULT) freezer using one of the **five special-priced packages below** – a value up to \$2400!

- 1 ULT and 2 shelves of racks
- 2 ULT, LN₂ back-up system and 2 shelves of racks
- 3 ULT, CO₂ back-up system and 2 shelves of racks
- 4 ULT, HID Access Card Lock and 2 shelves of racks
- 5 ULT, with 5-year “bumper to bumper” parts and labor warranty

See ordering table for special package part numbers!

Thermo Scientific Revco High Performance Lab Refrigerators and Freezers

Peace of Mind

Advanced microprocessor-controlled set-points for precise temperature regulation

Temperature Uniformity

Directional airflow for uniform temperature at all points

Dependability

Key-operated alarms, set point security and non-invasive defrost provide optimal sample security and safety

value ► up to \$1800

Take advantage of one of our **special packaged offers below** for your cold storage needs.

- 1 High Performance Refrigerator and 5.6 cu. ft. undercounter value refrigerator
- 2 High Performance Refrigerator and 5.6 cu. ft. undercounter value freezer
- 3 High Performance Freezer and 5.6 cu. ft. undercounter value refrigerator
- 4 High Performance Freezer and 5.6 cu. ft. undercounter value freezer

See ordering table for special package part numbers!

NEW! Thermo Scientific Forma 88000 Series and Double Door Ultra-Low Temperature Freezers

Performance

Designed for maximum heat removal that provides outstanding cooling and temperature recovery after door openings

Sample Protection

Vacuum panels combined with water-blown foam and the 47 door gasket provide high insulating “R” factor

Versatility

Choose from five new capacities in the 88000 Series or unique double-door in the 900 Series

packaged savings!

Take advantage of packaged savings when you purchase Thermo Scientific Forma ULT’s by using one of the **special-priced packages below**.

- 1 88000 Series ULT and 2 shelves of rack
- 2 88000 Series ULT, with 5 year “bumper to bumper” parts and labor warranty
- 3 900 Series double door, 17 cu. ft. or larger and 2 shelves of racks

green tip

LN₂ design **reduces**
the need for power
consumption.

5

Thermo Scientific Locator Plus LN₂ Cryogenic Storage

Versatile

Available in four sizes, suited for both manual and computerized inventory record-keeping methods

Convenient

Unique hanging rack and gridded box design allow for vial inventory tracking and easy sample retrieval

Cost-Effective

Vacuum insulation minimizes liquid nitrogen evaporation and reduces operating costs

value ► up to \$1000

Packaged savings when you purchase a Locator Plus LN₂ storage system using one of the **two special priced packages below** – a value up to \$1000!

- 1 Locator Plus and wheeled cart (dolly)
- 2 Locator Plus and level monitor

Capacities up
to **6,000 vials**

6

Thermo Scientific Heratherm Advanced Protocol Security Microbiological Incubators

- Unique “Dual Convection” air flow technology
- Certified 140°C decontamination cycle
- Small external footprint to conserve valuable laboratory space

value ► over \$600

Purchase any Heratherm Advanced Protocol Security Incubator and **receive a Heratherm IMC-18 compact incubator at no additional cost** – over a \$600 value

Unmatched
choice.
Advanced
technology.
Proven **results.**

7

Thermo Scientific Heracell 150i CO₂ Incubators – with 100% Pure Copper Interior

Top five reasons your next incubators should be 100% pure antimicrobial copper:

- Proven effective against contamination, including bacteria, fungi, and mycoplasma
- Easy to maintain, requiring no special handling
- Always working with continuous decontamination
- Antimicrobial properties improve over time with natural oxidation
- Safe for cells

▶ special offer

Experience the continuous protection of **100% solid copper and save up to \$3000 with special pricing.**

Culture Tip

Thermo Scientific Nalgene PES Filter Units

0.1 micron final filtration of your media, serum and buffers provides a last line of defense against mycoplasma contamination.

8

Thermo Scientific Forma CO₂ Incubators

Proven protection from the benchmark in CO₂ incubators

- Protect from airborne contamination with our in-chamber HEPA filtration system, providing Class 100 air quality
- Includes antimicrobial copper humidity pan for added protection
- On the Steri-Cycle model, on-demand 140°C sterilization cycle is proven effective in eliminating microbial contamination

▶ special offer

Packaged **savings up to \$3000 on special dual stack packages** of either Forma 3110 water jacket or Steri-Cycle direct heat model. Package includes two stackable chambers with rollerbase and copper humidity pan.

Targeted solutions for **DNA** and **RNA** applications

9

Thermo Scientific Savant DNA 120 SpeedVac Concentrators

Consistent Performance

Designed to ensure drying time and reproducible results

Simplicity

A single program is all you need to support your DNA/
RNA application

Sample Protection

Option of drying at ambient temperatures or very low
heat to ensure maximum sample protection

value ► up to \$997

Purchase any Savant DNA SpeedVac and receive a
RD2MP rotor with two shallow-well microplate carriers
at no additional cost.

10

Thermo Scientific MaxQ Orbital Shakers

Reliability

Our triple eccentric drive mechanism allows continuous
24-hour operation and ensures smooth and uniform
stirring of large and uneven loads

Simplicity

Precise adjustment of temperature, speed and time with
all three parameters shown simultaneously on individual
control displays to prevent the risk of error when
establishing run conditions

Flexibility

Bench-top, floor and stackable models are available, fully
equipped with incubation, refrigeration and water bath
options to accommodate various applications and budgets

value ► up to \$1500

Purchase any MaxQ shaker listed in this brochure and receive
a **platform and a clamp starter kit at no additional cost.**
Kit includes the following Erlenmeyer flask clamps
(2 x 125mL, 4 x 250mL, 4 x 500mL, 2 x 1L and 2 x 2L) and a
microwell plate clamp.

11

Thermo Scientific Barnstead Nanopure Water System Kits

Expertise

Unique Thermo Scientific H₂O Select Analysis Kit program
will analyze your feed water to match the best water
system to your applications.

Value

Key features come standard, and low cost-of-ownership
means reduced equipment and consumables costs

Quality

Water quality has been validated by independent labs to
ensure that your most stringent application requirements
are met

special offer!*

Select one of our water system kits and receive your Nanopure
high-purity water system, **and at no additional charge, receive**
a cartridge pack and Accudispense all in one package

**Offer ends 4/1/2012. Please contact your Fisher Scientific
Representative after 4/1/12 to learn about our new offers.*

more **samples.** more **speed.** your **answers faster.**

12

Thermo Scientific Sorvall Legend Micro 21 Microcentrifuges

High Productivity

Generous capacity holds 36 x 0.5mL microtubes, 24 x 2mL tubes or 8 x 8 PCR strips

Safety and Convenience

Thermo Scientific ClickSeal biocontainment lid “clicks” to indicate proper sealing

► special offer

Order one of our Sorvall Legend Micro 21 or 21R special packages including:

- 1 Sorvall Legend Micro 21 or 21R and 24-place rotor with ClickSeal® biocontainment lid and dual row rotor package for application versatility and save up to 30%.
 - 2 Sorvall Legend Micro 21 or 21R and 24-place rotor with ClickSeal biocontainment lid at the price of Sorvall Legend Micro 17 or 17R – save up to 20%.
- Plus with these two packages, you can redeem an additional two year warranty at no additional charge.**
- 3 Sorvall Legend Micro 21 or 21R and 24-place rotor with ClickSeal biocontainment lid and Finnpiettes® Pipetting kit – for reliable and repeatable pipetting performance and save up to 40%.

Reliable Performance: Thermo Scientific Finnpiette F1 manual pipettes offer operation with set and forget volume adjustment.

13

Thermo Scientific Sorvall Primo and CL 10 Compact Benchtop Centrifuges

Compact Footprint

Optimizes laboratory bench space

Certified Lids

Ensure sample protection

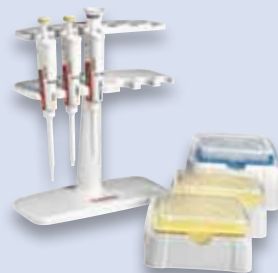

Simplified Operation

Meets the everyday needs of even the most demanding laboratories

► special offer

Special pricing on clinical centrifuge packages

designed for blood, urine and body fluid separation as well as fluid analysis, DNA/RNA separations and PCR work-up.

14

Thermo Scientific Sorvall Legend and Sorvall ST General Purpose Centrifuge Series

Exceptional Throughput

Process 4 to 40 x 50mL conical tubes or from 32 to 196 x 5/7mL blood tubes, all with certified ClickSeal biocontainment sealing options

Application Versatility

Extensive rotor selection, including Thermo Scientific Fiberlite rotors for higher G-force (up to 25,000 xg) and faster speeds

Breakthrough Technologies

Advanced Thermo Scientific solutions including Auto-Lock, for easy and secure rotor exchange in less than 3 seconds

► special offer

Save more than 30% on complete centrifuge

packages designed to meet your application needs – cell culture, clinical or genomics and proteomics.

5-Year Centrifuge Warranty!

Purchase a Sorvall general purpose centrifuge package and we will extend the standard warranty for your centrifuge to 5 years! Restrictions apply. Please see www.thermoscientific.com/spinitwarranty for complete warranty offer and coverage details.

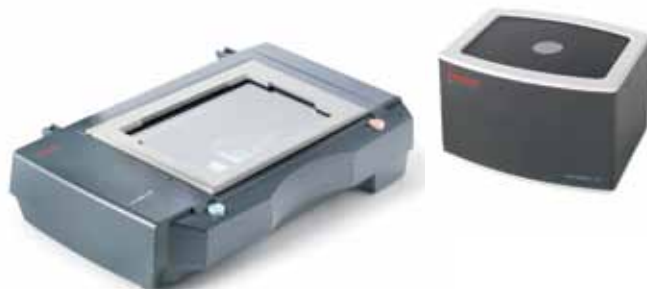

15

Thermo Scientific VisionMate Reader (Highspeed, SR or ST) and VisionTracker Storage Tracking Database

- Enhance sample storage and traceability with 2D barcoded technology
- Full storage solution including consumables, 2D reader, and new database software
- Compatible with a range of cryogenic and biological storage applications

► new package offer:

Purchase any VisionMate Reader (Highspeed, SR or ST) and VisionTracker Storage Tracking Database and **receive a case of any 2.0mL or 5.0mL Thermo Scientific Nunc Cryobank tubes** at no additional charge.

16

Thermo Scientific Barcoded Cryotubes and VisionTracker Storage Tracking Database

- Enhance sample storage and traceability with barcoded cryotubes
- Full storage solution including consumables, reader, and new database software
- Compatible with a range of cryogenic and biological storage applications

► new package offer:

Purchase any Barcoded Cryotubes and VisionTracker Storage Tracking Database and receive a Handheld Linear Barcode Scanner product at no additional charge.

Offer includes linear barcode reader at no additional charge with full-price purchase of case of barcoded cryotubes and VisionTracker database.

*Available mid-February
