KOHLER REVOLUTION 360

EXTRAORDINARY FLUSHING PERFORMANCE FOR COMPLETE HYGIENE.

Kohler upgrades your toilet performance with the introduction of the new Revolution 360 swirl flush technology, ensuring a powerful flush and a cleaner bowl. When activating the toilet flush, the dynamic flow of water bursts into the toilet bowl thanks to a larger water inlet, moves along the track of the rimless bowl's edge and forms a 360 degrees swirling flow of water, ensuring full coverage of the bowl for improved hygiene. Thanks to the swirling motion, Revolution 360 flush technology ensures a cleaner bowl compared to toilets featuring conventional flush. The bowl's new rimless design differs from conventional toilets' rim holes, featuring a smooth surface where dirt and germs have nowhere to hide for better cleanability.

SAN SOUCI ONE-PIECE TOILET

Skirted one-piece 4.8L toilet dengan Class Five flushing

IMPROVED HYGIENE

The 360-degrees swirling water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.
