

Vendor:

Velvac

Vendor Information:

Velvac offers a large variety of parts including Air Products, Electrical Products, Fittings and Hardware, Fuel System Products, Hose Support Products, Mirrors, Back-up Alarms, Camera Systems and other many Retail Merchandising products.

Customer Service & Technical Support:

Hino Parts Support Phone: 866-372-4466
Hino Parts Support Email: helpdesk@hino.com
Hino Parts Support Fax: 662-342-3939
Velvac Phone: (800) 783-8871
Velvac Email: sales@velvac.com
Velvac Fax: (262) 786-4101

Order Procedures:

All orders are to be placed through the Hino Dealer Connect System (DCS). Velvac parts will ship through New Berlin, WI and the Hino PDC.

Stock Orders: Enter orders in DCS Screen DC202 under Sales Type "S".

Emergency Orders: Emergency orders may be entered into DCS screen DC202 as a Sales Type "E" or "V". All emergency orders will be processed with a "rush" order. Freight and Handling fees will be identified on the Hino invoice.

Minimum Order Quantity: MOQ's are dictated by item, please view DC202 to identify the MOQ associated with the part.

Freight Policy:

All orders will be shipped out of the Velvac PDC in New Berlin, WI or Southaven, MS (Hino PDC) depending on product and facino dealer location. unless otherwise specified. All orders will be shipped via the most efficient method LTL or TL carrier. \$250 to achieve Free Freight in the 48 continuous states. Orders under \$250 are freight prepaid and added to the invoice. For locations outside of the continuous 48 states, Hino will pay freight to the border such as Miami or Los Angeles depending on the location of the dealer. See additional freight policies below for this product.

Free Freight Policy:

Order Fulfillment Policy:

The standard order processing time is 2 business days from date of order placement.

Part Number Pricing & Format:

Pricing will be available on-line in the Hino DCS system. In addition, the prices will be forwarded to your service bureaus within two weeks of each pricing update.

Format:

Standard Velvac Part numbers as listed in the Velvac Product Catalog are directly carried over; no prefix or suffix.

Mega Fleet:

All-Makes parts are not included in the Hino Mega Fleet pricing file but should be sold to Mega Fleet customers and filed as Miscellaneous Items in Corcentric when submitting for reimbursement.

Warranty:

Please view Vendor warranty documents as warranty varies based on item. Contact vendor directly for a RGA approval number. Warranty covers manufacturers defects only and does not cover damage (installation or progressive). If the vendor provides a RGA number, contact Hino Trucks warranty department. Warranty claims are to be sent back through Hino Trucks corporate.

Returns:

Contact vendor directly to obtain a Return Goods Authorization code by phone number or email address listed above. All returned items MUST have prior approval and the Return Goods Authorization (RGA) marked on the outside of the box.

Shipping Inspection and Damaged Product:

All merchandise should be inspected upon arrival and carrier damage claims should be filed with the carrier immediately. We are not responsible for, nor are we in a position to make a claim after the freight carrier accepts the shipment from us. For excess stock returns, contact the Vendor directly.

Vendor Cross Reference Web Site:

Product catalogs can be found <http://www.velvac.com/catalog.htm>.

From Velvac:

Velvac's product line also expanded over the years and now includes over 3000 popular vehicle components. The Velvac wide angle mirror system is recognized as the industry standard by walk-in van manufacturers and delivery fleets, and its recreational vehicle mirror division services over 90% of the RV market's OEMs. As a leading supplier to truck equipment and RV aftermarkets as well as heavy truck, recreational and specialty vehicle OEMs, Velvac continually upgrades and expands its operations and quality systems to improve customer satisfaction and the reliability of its broad product line while developing and manufacturing innovative new products to meet customers' changing needs. Coupling those ideals with the written guarantee behind every component offered gives the full picture of what Velvac stands for.

Single Pole Coiled Cable Assemblies

Tailgate Lift Power Cable

For applications that require direct electrical power to trailer lift gates;

BLUE JACKETED

- Rated at 265 amps intermittent service (30 seconds on/50 seconds off)
- Heavy-duty zinc die cast plugs with spring guards included
- 2 gauge cable

Part No.	Description
590135	12' Tailgate Lift Power Cable Assembly
590136	15' Tailgate Lift Power Cable Assembly

Tailgate Lift Battery Charging Cable

For applications where cables are used to charge trailer lift gate batteries; **GREEN JACKETED**, heavy-duty zinc die cast plugs with spring guards included

- 200 amp max for intermittent lift gate applications at 12 VDC
- 110 amp max for continuous applications at 12 VDC
- External ground option
- 4 gauge cable

Part No.	Description
590263	12' Tailgate Lift Battery Charging 4 Gauge Cable Assembly
590264	15' Tailgate Lift Battery Charging 4 Gauge Cable Assembly

Two Pole Coiled Cable Assemblies

- Rated at 200 amps for lift gate applications at 12 VDC
- 4 gauge cable
- Internally grounded
- Withstand temperatures of -85° to +185° F
- Durable black polyethylene outer jacket resists abrasions and chemical damage while offering excellent coil retention
- Heavy-duty zinc die cast plugs with springs guards included

Part No.	Description
590171	12' Two Pole Coiled Cable Assembly
590172	15' Two Pole Coiled Cable Assembly

Information on some of Velvac's Top Sellers!

Seven-Way ISO Coiled Cable Assemblies

- Used in tractor/trailer systems requiring ISO 3731 style connectors-ISO pin prevents connections with non-ISO sockets
- 1/8, 2/10, 4/12 gauge cable
- Durable yellow outer jacket resists abrasion, provides excellent coil retention and offers quick identification of auxiliary circuit lines
- Heavy-duty zinc die cast plugs with spring guards included

Part No.	Working	
	Length	Description
590251	12'	12" Lead Both Ends
590252	15'	12" Lead Both Ends
590253	15'	48" Lead One End, 12" Lead One End
590254	15'	72" Lead One End, 12" Lead One End

Seven-Way ABS Coiled Cable Assemblies

- Assemblies include heavy gauge wire commonly used to power trailer and dolly ABS
- 1/8, 2/10, 4/12 gauge cable
- Durable green outer jacket resists abrasion, provides excellent coil retention and offers quick identification of ABS lines
- Heavy-duty zinc die cast plugs with spring guards included
- Cable meets SAE J2394 June 1998 Type F requirements

Part No.	Working	
	Length	Description
590160	12'	12" Lead Both Ends
590161	15'	12" Lead Both Ends
590163	15'	40" Lead One End, 12" Lead One End
590080	20'	2-12" Leads
590081	20'	1-12" Leads 1-40" Leads

NOTE: See page 75 for ABS color code description

Seven-Way Coiled Cable Assemblies

- Durable black outer jacket resists abrasion and provides excellent coil retention
- Heavy-duty zinc die cast plugs with spring guards included
- Operating temperature range of -55° to +185° F

Information on some of Velvac's Top Sellers!

Anti-Siphon Tubes

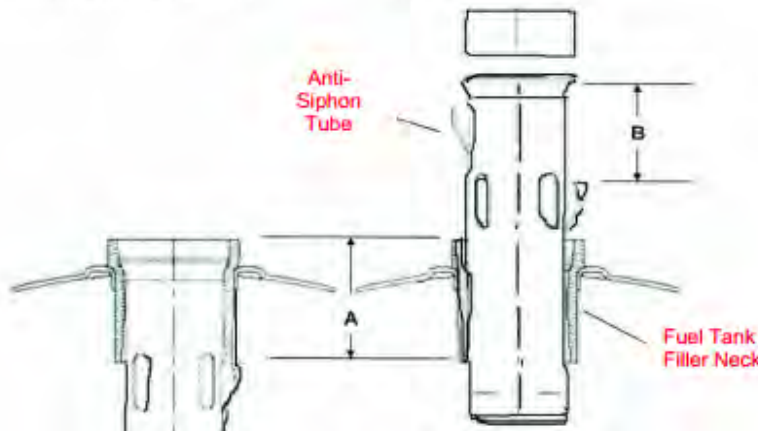

Protect your fuel with Velvac's
Anti-Siphon Tube

- Makes siphoning fuel impossible- patented aluminum extrusion in the tube
- Durable design- made from 6061 aircraft aluminum tubing with a 0.065" wall thickness
- Vented for fueling- fuel 20+ gallons per minute
- OEM approved design- fits almost every filler neck

Part No.	Dimension "B"	Diameter Filler Neck	Fits Application
600241	3-3/4 inches	3 inches	Fits Heavy Duty Volvo, International and Mack Trucks
600242	3-3/4 inches	2-1/2 inches	Fits Heavy Duty Volvo, International and Mack Trucks
600243	2-3/4 inches	2-1/2 inches	Fits Heavy Duty Kenworth
600244	2-3/4 inches	2-1/4 inches	Fits Heavy Duty Freightliner
600245	2-1/4 inches	2 inches	Fits Medium-Duty Trucks
600246	3-3/4 inches	1.87 inches	Fits Medium-Duty and Reefer trucks

EASY TO INSTALL

- 1 Measure the inside diameter of fuel tank filler neck.
- 2 Measure the length (**Dimension "A"**) of the fuel tank filler neck using a tape measure inside the neck.
- 3 Review the available anti-siphon tubes and their dimensions. (**Dimension "B"**) from the underside of the top lip to the tip of the last barb.
- 4 Select an anti-siphon tube with **Dimension B** greater than **Dimension A** to insure that when installed the barbs will catch on the bottom of the filler neck and prevent removal of the anti-siphon tube.
- 5 Insert properly sized anti-siphon tube into filler neck and press into place. If you pull back on the anti-siphon tube after installed and it can be easily removed, it is not sized properly. It is recommended that you re-check the above noted dimensions.

**NOTE: CAN NOT BE REMOVED
ONCE INSTALLED**
