# VENUS

Born in Textiles

Raised in Technology

Venus Group, a privately held company founded in 1972, is an American brand that specializes in sustainable textile innovation and production with a worldwide distribution network for the Hospitality, Institutional Laundry, Cruise Line, Healthcare, Government and Indian Gaming industries. Based in California, Venus is a global manufacturing and distribution company whose initiatives start with vertical manufacturing processes, and include facilities equipped with state-of-the-art machinery, award-winning designers and over 20 textile engineers.

Born in textiles and raised in technology, Venus has also expanded into hospitality technology solutions with a line of breakthrough products aimed at elevating the consumer experience while reducing energy consumption. Venus partners with those who share an interest in fabric technology and product innovation in order to raise industry standards and bring value to customers.

# TABLE LINEN

Bare tables just won't do if you want to provide a sophisticated experience. Add some style and color; plus help reduce the noise in your restaurant. Noise is now one of the top complaints by US consumers. Venus can help you reduce noise and reduce the cost of ownership for your business by providing high-quality table linens that are both durable and functional.

## Signature Plus®

Milliken's® innovative Signature® Plus fabric outperforms all challengers in terms of elegance, performance, quality, durability and value. Signature® Plus has the same soft feel and sophisticated look of original Signature®, with dramatically improved soil release—that means a much longer shelf life with significantly fewer stain rejects. The innovative stain release properties of Signature® Plus can allow you to wash at a lower wash temperature and you'll still have the same consistent look day after day. If you've been looking for the premier table linen fabric in the industry, then Signature® Plus is for you.

See Color Options On Page 10

## Horizon™

Milliken's® elegant Horizon™ Banquet Tops are the ideal table fabric for larger settings, whether formal or casual. This versatile 120" and 132" banquet-style cloth is seamless for uniformity and comes in 5 popular colors—black, white, ivory, maroon and sandalwood, matching identically with the same colors in our Signature® line of table linens. Horizon's™ unique composition offers unparalleled performance yielding a durable, long-lasting table linen that won't shrink, fade or lint. And because it's made by Milliken®, it comes treated with Milliken's® proprietary soil release chemistry, adding yet another performance advantage.

See Color Options On Page 10

## Damask HD™

PERFORMANCE TABLE LINENS

Revolutionary advancements in yarn and fabric construction make Damask HD's™ bold designs pop like never before. High-luster designs create a bolder, more distinct color effect with higher contrast. Plus the spun/filament fabric creates the soft, natural feel of cotton without sacrificing the performance you've come to expect from Milliken® Table Linens. But good looks aren't the only thing Damask HD™ brings to the table. Lab tests show that high-performance Damask HD™ retains its pattern and color definition four times longer than cotton and polyester/cotton blends while resisting pilling and shedding.

See Design And Color Options On Page 10

## Visa Checkpoint™ Plain, Fancy and Small Check

Checkpoint™ is available in four colors in both tablecloths and napkins, and eleven patterns: red plain check, green plain check, blue plain check, black plain check; red fancy check, green fancy check, blue fancy check, black fancy check, blue small check, red small check and black small check

100% Polyester filament. Classic plaid design. Visa Fancy Checkpoint™ table linens have a clover design. Many sizes are available. Table linens that are: 71", 85" and 90" have two seams.

See Pattern And Color Options On Page 11

## Signature® Stripe

Milliken's® Signature® Stripe is a bistro style napkin, made with 100% Signature® Plus fabric to give it that soft feel with minimal linting and the soil rejection quality that has become an industry standard. Available now in 16 colors\*, the yarn dyed stripe stays true even when bleached which means that you can wash it with white Signature® or with white aprons and you won't have to replace your linens as frequently.

The Optimum Combination Of  
Comfort And Strength

*Performance***TWILL**<sup>®</sup>  
with INVICTUS TECHNOLOGY<sup>®</sup>

Venus Group's patented sheets made of premium cotton and textured polyester yarns provide the luxury, comfort and softness of cotton along with the strength, durability and easy care of polyester. Our sheets' unique combination of patented weave, pattern and thread density, created with Invictus Technology<sup>®</sup>, bring in superior dimensional stability and abrasion resistance to withstand rigorous wash and use conditions. Performance Twill<sup>®</sup> Stripe and Performance Twill<sup>®</sup> Solid have been **SGS Lab tested** and proven to withstand up to **200 commercial launderings** without showing any evidence of pilling, linting or drop in tensile and tear strengths.

## A Patented And Trademarked Innovative Luxury Sheet Available In Stripe And Solid

# MATTRESS PROTECTION

## ItFits!™ Foundation Covers

ItFits!™ eliminates timely upkeep. No need for tugging and pulling the cover into place each day. The key difference is the patent pending "Elastic Triangles" of the ItFits!™ Foundation Cover vs. elastic around the entire perimeter, as in the standard foundation cover. ItFits!™ foundation covers create a clean, contemporary look, while remaining highly functional.
