The County of San Diego

The mission of the County of San Diego is to provide the residents of San Diego County with superior County services in terms of quality, timeliness and value in order to improve the region's Quality of Life.

The County is governed by a five-member Board of Supervisors elected to four-year terms in district, nonpartisan elections. There are 18 incorporated cities in the County and a large number of unincorporated communities. County services are provided by five business groups, that are headed by General Managers [Deputy Chief Administrative Officers (DCAOs)], who report to the Chief Administrative Officer (CAO). The various Groups include: the Public Safety Group (PSG); the Community Services Group (CSG); the Finance & General Government Group (FG3); the Land Use & Environment Group (LUEG); and the Health & Human Services Agency (HHSA). Within the Groups, there are four departments headed by elected officials - District Attorney, Sheriff (PSG), Assessor/Recorder/County Clerk, and Treasurer-Tax Collector (FG3).

The County has a budget of \$5 billion and provides services to the residents of the County through its nearly 17,000 employees in 42 different departments. The County of San Diego is home to over 3 million residents. We are the second largest county by population in California and we rank 5th in population of all metropolitan areas in the U.S. The San Diego County Employees Retirement Association (SDCERA) had its 'AAA' rating affirmed by Standard & Poor's in January 2009. The rating reflects the organization's overall capacity to pay its financial obligations, and is based on SDCERA's strong fund management; good funded status despite a challenging fiscal year and continued strong credit quality of the pension system's sponsor (County of San Diego).

The County covers 4,261 square miles, extending 75 miles along the Pacific Coast from Mexico to Orange County and inland 75 miles to Imperial County along the international border shared with Mexico. The County of San Diego enjoys a wide variety of climate and terrain, from coastal plains and fertile inland valleys, to mountain ranges, forests, and the Anza-Borrego Desert. The average annual rainfall is only 10 inches, so the County relies on imported water.
