## Bowen Scarff Ford Raising Funds to Help Local Covid-19 Nurses

Bowen Scarff Ford Lincoln in Kent, Washington is calling on our friends and neighbors in South King County and beyond! Team up with us to help nurses at Valley Medical Center working around the clock to care for men, women, and children through essential treatments for increasing numbers of COVID-19 patients in addition to their regular case loads.

Nurses hectic schedules during this crisis, make it very difficult for many of these crucial frontline healthcare workers to fight the crowds for food and necessities, especially since the shelves are often empty of many needed items. All proceeds from this fund go to food and snacks purchased and delivered by Bowen Scarff directly to the nurses break rooms. We have already made deliveries to the hospital and nurses have already expressed what a great help this has been! Costco has been kind enough to let us in early to purchase the goods before they are sold out each day.

Partner with us by donating any amount you can afford. We will take those funds, buy the needed food and products and deliver them regularly to Valley Medical until this pandemic is over.

Together, we will not only help fuel the nurses, but also let them know we care about them and appreciate their hard work and dedication to helping heal others.

**If you'd like to donate, please visit  
<https://www.gofundme.com/f/snacks-for-overworked-covid19-nurses>**

**PCMC has donated \$200 to the fund to show our support for our hardworking nurses and Bowen Scarff's commitment to our community.**

**We encourage all individual PCMC members to show their support and donate as well.**

Dear Mustang Club friends,

Please let all your members know that they are amazing and generous and very much appreciated. All of us at PICC are deeply grateful for the wonderful support you have given our babies year after year. Today I'm writing to thank one and all for your donations totaling \$2,000.00 from your most recent fundraiser. You have certainly brightened our New Year!

It's because of caring people like you that Pediatric Interim Care Center can continue to be a safe haven for newborns recovering from prenatal drug exposures, and I want you to know that your gifts are making a real difference in the lives of these little ones. I see that difference every day as I watch the babies in our Newborn Nursery growing healthy and strong, and I see it in the children and young people who come back to visit us. Many of them are now young adults, going off to college, building careers, or starting their own families. They are our richest reward. Please accept my heartfelt gratitude for your help in making these little miracles happen.

With best wishes and sincere gratitude,
