### WITH CABINET MINISTERS

Various Matters Considered at Session Held Today.

Proposition from O. R. & L. in regard to Wharf at Younan's Slip—Proposition Cannot be Entertained by Government.

There was a long session of the Cabinet this forenoon, but very little for publication was accomplished.

A proposition from the O. R. & L. Co. was placed before the meeting. The railroad corporation proposes to give up a piece of its land on the Younan's slip just makal of the present wharf, this being sufficient for a good sized wharf. The railroad people ask that certain government property be handed over to them in consideration of the Younan's slip.

The government decided that it could not consider the proposition as it is one for the Federal Government.

Communications from people living on lower Bereania street asking for damages, were considered. It seems that when the new road was built and the old one abandoned, the latter was not closed. The government then sold strips of property taking in parts of the old road and the property between it and the new road. Now the people in the vicinity whose property directly once fronted on the old street is shut off from the new one by a building. President Dole admits that the old road should have been closed. Nothing regarding damages was done although the matter was thoroughly discussed.

Correspondence was received from Washington but the nature of it could not be learned as Mr. Dole refused to give out any information. It is known, however, that some of this is from Unofficial Delegate Hartwell.

Mr. Dole stated that Mr. Hartwell was watching things carefully and would do what he deemed best to bring about an early consideration of the Territorial Act. Senator Cullum was in favor of this with slight modifications.

Mr. Dole could not say what the modifications are.

### TROVATORE A BIG SUCCESS

The Boston Lyrics played to one of the largest, most critical and most enthusiastic audiences of the season last night. The Trovatore, the opera given, will bring out a big Honolulu audience at any time, and the people were more than satisfied with the performance of the Lyrics. Miss Andrews, Maude Leekley and Mr. Parmley were the bright particular stars of the evening. They were at their best and the encores left no question of the highly favorable judgment passed by the audience.

This afternoon the Lyrics are rendering Said Pasha. This is the first "school matinee" and the large attendance of the school children assures the popularity of the plan.

Tomorrow afternoon the Musketeers and in the evening La Belle Helene.

### HAWAIIAN EXHIBIT ASSURED.

Minister Mott-Smith received by the China last evening a telegram from T. J. V. Skipp which assures enough space at the Paris Exposition in the part allotted to the United States for an exhibit from the other islands. Mr. Mott-Smith states that the assurance is such that the work of preparing the Hawaiian exhibit will be pushed forward with all the energy possible in order that Hawaii may make a showing second to none in Paris.

### HEALANI MEETING TONIGHT.

Tonight's election at the Healan Club gives promise of some lively times. There are two tickets in the field and probably three with A. L. C. Atkinson, W. E. Wall and George R. Carter for president. Among other slated for the directory on the three tickets are Guy H. Gere, Fred C. Church, C. B. Murray, A. S. Prescott, Jim Lloyd, C. S. Desky, F. B. Damon, C. B. Gray, Kirk B. Porter, H. M. Dow, Tom Hobson.

There is a split among the club members as to president, some of the older members wanting either Carter or Walter Wall, and the younger and more active members pulling for A. L. C. Atkinson.

The fact that F. W. Kleban, the present captain has refused a seat in the directory, has caused much uneasiness as he is looked upon as the best man available for the position he now occupies.

### FRANK CARPENTER HERE.

Frank G. Carpenter, one of the best known newspaper writers in the United States, is a through passenger in the China. Mr. Carpenter is on one of his well known tours in the interest of a syndicate of metropolitan papers. He goes to Japan, the Philippines, China and through the East Indies. Mr. Carpenter will probably stop in Hawaii on his return to Washington.

### NOW FOR THE RAILROAD

President Gehr of Hilo-Kohala Road Is Here.

Engineer and Workmen to Follow Early in December—Yarns That Caused Delays—Progress Now.

Herbert B. Gehr, President of the Kohala Hilo Railway Company returned Honolulu in the China yesterday. He is accompanied by his wife.

Mr. Gehr comes with all his preliminary preparations completed and work on the railroad will now forge ahead. By the Nippon Maru of Dec. 2, Chief Engineer John Cargill with the workmen of the line will arrive. Mr. Cargill for the past sixteen years has been assistant chief engineer of the Pennsylvania system, which alone is a guarantee of the high class work that will be done on the Hilo system. Mr. Brown is in the East buying and forwarding material. He will be in Hawaii about Feb. 1.

"Everything has gone on satisfactorily," remarked Mr. Gehr this morning. "Had it not been for the fool reports sent out regarding the land order and the volcano, I should have been back here before this. Dr. John Dewey on arrival in the States published an interview that the President's land order had knocked out our franchise; that the local government held to that view consequently the deal was off. Following this the New York Herald came out with a half page picture of the island of Hawaii undergoing destruction from volcanic eruption. We could easily refute the misrepresentation, but it took time.

"I saw no indications of rescinding the land order, but we are not worrying over what Congress will do.

"I could better say where I haven't been in the East. I met Senator Cullum and with him met the President when he was in Chicago."

The work on the railroad will go forward quietly and steadily. After a meeting with the local officers of the company Mr. Gehr will go to Hilo.

### Opening of Census Office.

The Census office under Alatau T. Atkinson will be opened in the Government building tomorrow in the room recently occupied by J. W. Girvin as secretary of the Chinese Bureau. Like all other government offices the Census office will be opened at 9 o'clock sharp. George L. Bigelow will assume his duties under Mr. Atkinson as his assistant tomorrow. Mr. Bigelow was appointed by Governor Merriam, the head of the Census Department of the United States. The other officers for the Islands, numbering about 10 in all, will be named by Mr. Atkinson.

The Census office is the first United States government office to be opened in either the Executive or the Government buildings although the one under Joshua K. Row at the Custom House was the first to be established in the Islands.

### WIRELESS TELEGRAPHY

Chicago, Nov. 8.—Frederick J. Cross of Honolulu has arrived in Chicago from New York, where he has completed arrangements with the owners of the Marconi system for its establishment in the Hawaiian Islands. The system of wireless telegraphy in the islands is expected to be in working order February 1.

"The Hawaiian Islands," Mr. Cross said, "heretofore were without any communication beyond that which brought by boats that land in Honolulu about twice a week. The laying of a telegraphic cable between the five islands and Honolulu would be a difficult and expensive undertaking, because there are a great many coral reefs along the coast, and the storms frequently would damage the cable and entail a good deal of expense.

"As soon as I heard of the Marconi system I was detailed by a number of Honolulu capitalists to investigate it. I was in New York and saw its workings at the yacht race and later was on board the battleship New York, where I noted the experiments by the naval officers.

"I obtained sole rights from the Wireless Telegraph and Signal Company of London, which owns the patents for the Marconi system. The work will begin January 1, and in a month's time we expect to be flashing messages from the island."

### MORE OPIUM.

At 11:30 o'clock last night Guard H. Kall saw a man near the Pacific Mail wharf draw a sack up from the water. The man kept his eye on Kall who was in full view, but was asleep. He soon discovered his mistake, for no sooner did he have the sack safely on the dock than Kall made for him.

The sack was dropped in a second and the man sought safety in flight. Kall reached the sack a minute later, and swinging it on to his shoulder made after the fugitive. Then began a merry race along the water front with Kall, despite his burden, gaining fast.

A stern chase is a long chase, but finally the guard overtook and captured the fugitive at the fishmarket wharf. He was turned over to Inspector Neely and lodged in jail.

The sack contained 30 tins of opium and the would-be smuggler is Frank Smith, quartermaster of the China, an old and trusted employe.

In the Police Court this forenoon Smith pleaded not guilty to the charge of opium in possession, but after a trial that lasted fifteen minutes or thereabouts, defendant was found guilty and sentenced to pay a fine of \$250 and costs.

The recent captures of opium along the water front speak very well for the men under Port Surveyor Strathmeyer and demonstrate the alertness and attention to duty that is to be found among custom house men.

### Cricket Saturday.

On Saturday afternoon at the regular time and place teams from the H. C. C. and Britishers from vessels in port will indulge in a cricket match. There are some good cricketers among the visitors and an interesting match is looked for.

### Injured By Falling Coal.

A sailor of the Hawaiian Isles was quite badly injured by the falling of a bucket of coal from aloft on his ship late yesterday forenoon. The coal fell full upon him. The patrol wagon was called and the unfortunate man taken to the hospital.

### Buglers at the Corners.

Two buglers from the transport Pennsylvania had their hands full this forenoon. They blew their bugles on all the corners in the business part of the city in order to call in what stragglers there might happen to be. The provost guards marched about the streets and collected quite a number of men.

### Fanciers of pretty horses, swell rigs, etc., will be entertained by attending the opening of the new King street stables tomorrow afternoon, from 2 to 5. There will be music, etc.

### NOW DEWEY IS MARRIED

Ceremony Performed With Characteristic Simplicity.

Mrs. Hazen the Bride — Held in Catholic Chapel — Only Immediate Relatives of Bride Present.

Washington, Nov. 9. — Admiral George Dewey and Mrs. Mildred Hazen were married quietly at the rectory of St. Paul's Catholic Church in V street, near Fifteenth street, this city, shortly before 10 o'clock this morning. The ceremony was performed by Rev. Jas. F. Mackin, pastor of the church, assisted by the Rev. Joseph H. Foley, assistant pastor and the Rev. Sidney Harbut.

The ceremony was of the simplest character according to the rites of the Catholic church and the only witnesses besides the officiating clergymen were Mrs. Washington McLean and Mrs. Ludlow, wife of Admiral Ludlow, mother and sister, respectively of the bride, and Lieutenant Caldwell, Admiral Dewey's secretary.

The arrangement for the wedding were made with all the secrecy which has rendered St. Paul's. After procuring the license for the wedding yesterday, Lieut. Caldwell called on Father Mackin, of St. Paul's, of which church Mrs. Hazen is a communicant, and arranged for the wedding this morning.

As Admiral Dewey is not a Catholic, a special dispensation was required for the performance of the ceremony and this was procured by Father Mackin from Bishop Curtis, vicar general of the diocese of Baltimore, who granted it in the absence of Cardinal Gibbons, who is at present in New Orleans. Father Mackin went to Baltimore for this purpose yesterday afternoon.

A 9:45 this morning two carriages containing the wedding party drove up before the modest red brick rectory in the rear of St. Paul's. The general public had no intimation of where the ceremony was to take place and not a single spectator was present as the party alighted. Admiral Dewey and Lieut. Caldwell quickly stepped from their carriages and the Admiral assisted the bride-elect and her mother and sister from the other carriage.

Upon entering the rectory they were ushered into the reception room, where Admiral Dewey was presented to Father Mackin and the two clergymen who were to assist in the ceremony. Mrs. Hazen removed her wrap and she and the Admiral immediately took their places in the center of the little reception room where the ceremony was performed which made them man and wife.

Before the ceremony, Father Mackin addressed the contracting parties as follows:

"Before pronouncing the solemn words which will bind you forever together, it may be well to forget for a moment the things that are around us and to look upward. We are the children of God, and we have a right to call upon Him in joy and in sorrow. We need His help in both extremes and never more than now, for although the promises you are about to make are easily made, and the work of a moment, their fulfillment is the work of a lifetime. We call upon God to witness and to bless this union, of which He is the author and which He has made sacred. No matter how generous and devoted you may be to each other, there are in every life moments of trial, when we, in our weakness, need the help that comes from above and this help will be given in its fullness in return for the faithful fulfillment of our obligations.

"The higher your position in life, the more incumbent upon you is the faithful fulfillment of your obligation, and the more rigorous the accounts that will be exacted. The neglect of these obligations will cast its shadow upon eternity. But this hour we hope marks the beginning of a career, which will make you wiser, better and more useful to your fellow creatures in this life and the life beyond and when death at last shall break the link which binds you, as death alone can break it, may that last hour find two hands as fondly clasped and two hearts as closely joined as they are today and may the joys of this life be a foretaste of the joys that are to come."

The ceremony was performed with the ring, according to the nuptial rites of the Catholic church.

Including the address of Father Mackin, it consumed less than five minutes. Father Mackin was the first to hall the bride as Mrs. Dewey. Congratulations and felicitations followed and the wedding party drove directly from the rectory to the residence of the bride's mother, Mrs. McLean, where a wedding breakfast was served.

The Admiral and Mrs. Dewey left at 12:45 for New York.

### COURT WILL NOT INTERFERE

Verdict in Ihara's Case is Upheld By Supreme Court.

Denny and Armstrong — Jas. R. Holt's Estate — Kamalo Sugar Case — Nicol Divorce Case — Request to Attorneys.

The Supreme Court has handed down its decision in the appeal of Ihara the Japanese rioter, sentenced by a jury to be hanged. The decision, which is a lengthy one, affirms the verdict saying: "While it is difficult to reconcile many parts of the testimony, we find that the jury had sufficient evidence before them to justify them in arriving at the conclusions they reached and we decline to interfere with the verdict. The exceptions are overruled."

The decision is signed by Justices Freat and Whitney and Judge Stanley. Nothing now remains to save the carrying out of the sentence on December 4th, except the clemency of President Dole, to whom an appeal for commutation of sentence will be made by the attorneys for the guilty man.

Martin Denny pleaded not guilty to the charge of conspiracy in Judge Perry's court this morning and "Billy" Armstrong gave notice of motion to be argued tomorrow for a separate trial on the same charge, he requesting plea.

Elizabeth Nicol has filed a complaint in divorce against Henry Nicol, alleging cruelty and failure to provide as the cause of action.

Sing Chong & Co have sued Lin Hop Wai Co. Claiming that defendants have unlawfully taken unto them possession of certain lands at Waipio, Ewa, which the plaintiffs claim, to the damage of plaintiffs in the sum of \$150.

J. M. Monsarrat has sued S. M. W. Kawelo for reformation of deed to certain lands at Kamahili and Waikiki.

Helen A. Holt, wife of the late Jas. R. Holt, Jr., petitioned for letters of administration on the estate of deceased. The estate is valued at about \$45,000. Consisting of personal property, \$5000 life insurance in the Manhattan Life \$10,000 and in the Equitable \$3000, real estate \$25,000.

Notice of motion to join the Kamalo Sugar Co as a party defendant to the suit brought against the promoters by Harry Evans et al., has been filed. The motion will be argued before Judge Stanley tomorrow at 9 a. m.

The final accounts of M. N. Saunders administrator of the estate of the late Marie J. Saunders, have been approved by Judge Perry and the administrator discharged and bond cancelled. The property remaining after the payment of the debts of the estate is ordered delivered to the daughter of deceased, Elsie M. Sanders.

Judge Stanley this morning approved the accounts of David Davton in the matter of the estate of Lorenzo M. Hammer and at the request of the administrator the court ordered the administrator to deliver over the property in his hands into the hands of the Clerk of the Circuit, to be held by him until such time as it shall be determined as to who are entitled to same.

The attorneys in cases numbered 10, 11, 12, 15, 16, 18A, 18B on the foreign jury criminal calendar are requested to be ready to proceed with said cases on Monday morning next.

### Salisbury Will Talk.

London, Nov. 9.—Lord Salisbury, at the Lord Mayor's banquet tonight will outline the government's policy in regard to the future government of the Transvaal and Orange Free State and explain that the references in the Queen's speech to military operations "not war," and restoring peace and good government to that "portion of my empire" meant nothing more or less than in the opinion of the government, President Kruger, by making war on the Queen, destroyed all claims to independence granted by the conventions of 1881 and 1884, and consequently the country had reverted to its previous status, and is theoretically, part of the Queen's dominions.

The address therefore, is awaited with unusual interest, and it seems certain that Salisbury will at least be able to announce that the talk of European intervention is groundless.

### GREBLEY SPEAKS FOR CABLE

Washington, Nov. 5.—The report of General Grebley, Chief Signal Officer, says as to a Pacific cable: "In order to join closer together the United States and its Pacific colonies it is essential to span the Pacific by a submarine cable, as recommended by the President to Congress in his message of February 10, 1899. The great value of such a cable is not alone for military purposes, but more especially for the fostering of industrial interests in the new colonies and in order to facilitate commercial operations."

General Grebley suggests that an international cable conference should consider the whole subject of the rights of cable property in time of war.

### SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts.

**TAKEN INWARDLY** salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the **OLYMPIA BEER**, sold by Larry Dee of the Hoffman Saloon.

**BRITISH REPULSE ATTACK**

London, Nov. 8.—The War Office has received the following dispatches from General Buller, dated Cape Town, Wednesday, Nov. 8, 11:50 p. m.:

"Colonel Kekewich telegraphs from Kimberley, Nov. 8, that all is well there and there has been no serious attack as yet. A slight bombardment did no damage. Information from Mafeking shows that place was safe October 27. Colonel Plummer had a successful engagement near Fort Tuli, October 27.

"General White reports by pigeon-post that the wounded and some civilians from Ladysmith have been removed four miles down the railway by an arrangement with General Joubert to a neutral place, to save them from the bombardment. Ninety-nine wounded from Dundee have been sent in under a flag of truce. They are all doing well, including the following officers:

"Colonel C. C. Heckett, Major F. Hammersley, Captain F. L. Adam, Lieut. McLachlin, Major Boulbee, Captain Dibley, Lieut. C. N. Perrau, Lieut. C. A. Wortham, Major W. Davidson and Lieut. D. E. Welder.

"The bombardment was discontinued November 4 and 5 and it is expected to recommence Nov. 6."

The absence of stirring war news and the rehabilitation in the estimates of the public of General White, who, since his reverse at Nicholson's Nek, certainly appears to have used his central position to successfully strike at different points of the circle of investment, thus restoring confidence in his ability to hold the Boers in check, have permitted public attention to momentarily revert to the political features of South Africa, and conflict is confidently predicted in some quarters.

**Sorties by the British.**

London, Nov. 7.—Tonight's welcome dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement as "an effective shelling of the Boer laager" was unduly modest. It appears that General Sir George Stewart White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about ten miles to the northwest, near Bester's, and apparently achieved a surprise, the Boers being caught on the open veldt and cut to pieces, and their camp captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified by success.

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. This force on Friday had descended upon Colenso, and as shown by the dispatches from Estcourt had compelled a hurried abandonment of Colenso, and a retirement of the British to Estcourt. General White had ascertained that the Boers were attacking Colenso but he was not aware of the British reinforcement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing off an attempt upon the weak garrison of Colenso and possibly of reopening communication southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso on the other side of the stream. The hills slope to a plain that reaches to the banks of the Tugela.

General White's division caught the Boers in the rear and after the hills had been shelled the British infantry stormed the position. Meanwhile the British cavalry swept round the hills, and as the retreating enemy descended into the plains with British bayonets behind and the river in front of them, they were charged by the cavalry and seem to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

**BOERS ABOUT KIMBERLEY.**

Orange River, Cape Colony, Monday, Nov. 6.—The Boers investing Kimberley have been reinforced by 2000 men and have succeeded in corraling about 5000 pounds worth of stock belonging to Kimberley merchants, which was intended for the sustenance of the town.

FRIDAY, NOVEMBER 17, 1899.

If White continues to retrieve British fortunes at the present rate, "We have Seen Better Days" will soon be the Boer national anthem.

For the first time since Dewey was Admiral, he has had to listen to words of advice. That's what comes of getting married.

When McKinley heard the returns from the Ohio election, "he simply smiled." That is certainly the least he could do when assured of the grand support given his policy.

**MISLEADING SENATOR CULLOM.**

That Senator Cullom has been misled is now the word sent out by the officials of the Hawaiian Executive. This statement is the result of an assumption on the part of the government godheads that Senator Cullom is very much dissatisfied with the manner in which the Hawaiian Executive has administered affairs since annexation. It is said that Senator Cullom has practically endorsed the views on local administration expressed by the Opposition. Consequently the conclusion that the Opposition was misinformed the Senator.

Our officials undoubtedly have better means of learning Senator Cullom's views than the BULLETIN. A Cullom letter received in Hilo has become a matter of public comment. As the government friends appear to regard the report as authentic, the public has been disposed to accept the same view.

The BULLETIN refrains from commenting on the letter until it knows the contents, but we have to disagree with our governmental friends on the proposition that Senator Cullom is such a benighted individual as to be misled by statements emanating from Hawaii. We place a higher estimate on the keen political and business like character of Mr. Cullom than appears to be granted by the men seeking to shirk the responsibility of their official acts. Senator Cullom is a man of marked ability with years of training in public life. He knows mankind and it does not take him a year and a day to size up a situation, be it social, political, industrial, local or national. We do not believe Mr. Dole with his attractive and pleasing personality, or W. O. Smith with his convincing manners or Gen. Hartwell with his legal ability and war records could mislead Senator Cullom even had they the desire to do so. Consequently we cannot believe that Mr. Cullom can be buncoed by the members of the Opposition whom the Official Organ Jr. has classed as "two-bit politicians" and "kickers."

Mr. Cullom's public career is sufficient to warrant this conclusion had he never been in Hawaii. But he has been in Hawaii, the particular purpose of his visit being a study of conditions and to meet the people if any members of the Opposition are corresponding with M. Cullom, he is not unacquainted with their personal business, or political associations. He knows the principles which prompt the Opposition as well as he knows those of the Government officials.

With all due respect to the political acumen of our Government officials, the man who thinks he can mislead Senator Cullom on matters of fact and principle is barking up the wrong tree.

**OTIS MOVING HIS TROOPS**

Washington, Nov. 9.—The following cablegram has been received at the War Department:

Manila, Nov. 9.—General Wheaton successfully landed expedition at Linsayen, west of Dagupan, afternoon of 7th, after considerable opposition, slight casualties, rough sea not permitting landing at San Fabian, north of Dagupan, as directed; he is moving eastward. MacArthur seized Mahabacat on railroad 7th inst. Colonel Bell taking same on directed reconnaissance.

General Lawton at Cabanatuan. Troops beyond Talavera and Altaga have met with slight opposition, enemy being driven back in all instances, country still submerged, but water falling. Troops will move rapidly as soon as conditions permit. Hughes moved against Panay insurgents today.

**ARMORED TRAIN WORK.**

Estacourt, Natal, Sunday, Nov. 5. (San Francisco, Nov. 9 11:45).—Details were received from the armored train which returned from Colenso today of a brilliant little performance.

The train, which carried two companies of the Dublin Fusiliers under Captain Romero, sighted near Colenso, the Boers in considerable force near the line. The Fusiliers immediately opened a brisk fire, to which the Boers replied ineffectively and as they were suffering loss, they quickly retired out of sight. But as the train cautiously advanced, the Boers were seen moving round on its left flank, their presumed object being to take the train in the rear. To avoid this the train retired. It was then seen that the Boers had no intention of attacking, but were in full retreat over the road and bridge. Immediately a strong detachment left the train and entered the town, while the train slowly advanced to the station. Several volleys at long range were fired on the retreating enemy. The British also succeeded in entering Fort Wylie, near Colenso, and brought back four wagon loads of shells, provisions and stores.

**BRAVERY OF THE BOERS.**

Cape Town, Monday, Nov. 6.—There is no doubt that the feeling prevalent of admiration for the courage of the Boers during the recent fighting is a good augury for a future peaceful settlement of the existing trouble. The Boer prisoners on the British cruiser Penelope, pay high tribute to the British artillery.

Reports from Kimberley seem to indicate that the investing force has been greatly weakened for the purpose of sending detachments to the eastern and southern borders. The threatened widespread Boer invasion of Cape Colony has not materialized. Doubtless the swollen river and the possibility of their retreat being cut off has had some effect.

The work of laying a new cable to St. Helena will be commenced Tuesday.

**BOER PRIVATEERS.**

Paris, Nov. 5.—The Temps corroborates the statement of the Eclair that the Boers have decided to employ privateers, and says:

"There is an immense fleet of transports at sea carrying troops. The Transvaal government cannot seriously threaten these, but there is no doubt that it has issued letters of marque in Europe and the United States, and British commerce may suffer, even if the transports do not."

**MacArthur's Advance.**

Manila, Nov. 6.—10:15 a. m.—Two columns of General MacArthur's division yesterday took Magaling, about six miles northeast of Angeles. Col. Smith, with two battalions of the 17th Infantry, two guns of the 1st Artillery and a body of engineers, advanced from Angeles. Major O'Brien, with a battalion of the 17th Infantry and two troops of the 4th Cavalry, moved from Calulut. Colonel Smith's command killed eleven insurgents, wounded 125 and captured fifty, as well as taking a lot of insurgent transportation. Major O'Brien's command killed forty-nine insurgents, wounded many and took twenty-eight prisoners. The Americans had eleven men wounded.

Residence Lots on Pacific Heights

**OUR GUARANTEE:** We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaiulani Drive.

**BRITAIN RETIRES FROM SAMOA**

Berlin, Nov. 8.—It was officially announced this morning that an agreement, subject to the approval of the United States, had been arrived at between Great Britain and Germany, by virtue of which the Samoa act is repealed and the islands of Upolu Savaii and the small adjacent islands fall to Germany as free property, and the island of Tutuila and the subsidiary islands go to the United States.

Great Britain, it is added, renounces any claim to the Samoan Islands, and Germany in turn renounces any claim to the Tonga Islands and to Savage Island in favor of Great Britain, and also cedes Choiseul and San Isabel, the two easterly islands of the Solomon group, with their insular surroundings, to Great Britain.

The Consular representatives of the two powers in Samoa and the Tonga Islands, are to be withdrawn for the present, and German subjects are to have the same rights as British subjects in regard to the free and unimpeded enlistment of native laborers in the whole of the Solomon group in the possession of Great Britain, including Choiseul and San Isabel.

**UNCLE SAM SATISFIED.**

Washington, Nov. 8.—The State Department has not yet been advised of the agreement between Great Britain and Germany respecting the Samoan group. It is gathered, however, that in the outline of the arrangement set out in the cable advices is accurate there will be no disposition to withhold our approval, provided certain minor conditions are included.

**JAPAN TO STRIKE RUSSIA.**

London, Nov. 8.—It is believed here that Japan is preparing to strike Russia, her traditional enemy, in the far East. Both mail and cable advices from Japan, Korea and China unite in declaring that the tension is growing, and that Japan is making a series of military preparations entirely out of line with present necessities. It is alleged that 20,000 troops have been smuggled into Korea as coolies, and that her army and navy are ready for mobilization at very short notice. Japan has a number of war ships under construction abroad, and conservative opinion holds that she will not act until they are completed and delivered.

REPUBLICANS SWEEP OHIO Cincinnati, Nov. 8.—Unofficial returns have been received by the Western Union Telegraph Company from all counties in Ohio, with a few scattering precincts estimated. The footings give Nash (R.) for Governor a plurality of 49,205. Cincinnati, Nov. 8.—Nash has 84,399 over McLean, and in thirty-one counties McLean has 34,635 over Nash. This gives Nash over McLean in the State 99,354. It is not believed the official returns will make any important changes in the figures. No figures are available on the total vote in the State as the committee sought to obtain only pluralities. Notwithstanding efforts were made to get the vote for Jones, returns have been secured from only forty of the eighty-eight counties. These include the counties in which the heaviest Jones vote was polled and show a total of 84,000. The remaining counties will swell the Jones vote to 100,000. The Republican figures on the Legislature are: Republicans 61, Democrats 45, doubtful 3. Senate—Republicans 18, Democrats 1, doubtful 2.

KENTUCKY CLAIMED BY ALL. Louisville, Ky., Nov. 9.—10 a. m.—As the returns and corrected reports from the belated counties come in the situation in Kentucky is unchanged. Both Democrats and Republicans are claiming the election this morning, the former by a plurality of 3000 and the Republicans by 7000. Charges of attempted fraud are being made by both parties, and especially so at the Republican headquarters in this city. Senator Debee and several prominent Republicans were at the headquarters at an early hour this morning. They have received returns from every county in the State and say Taylor's majority will not fall below 5000 and from later reports they have had, unofficial figures increase Taylor's majority.

San Francisco Elects Phelan. Complete semi-official returns on the municipal election of Tuesday, November 7, show the election of the following officials: Mayor—James D. Phelan, D. City Attorney—Franklin K. Lane, D. Auditor—Asa R. Wells, R. Assessor—Washington Dodge, D. Sheriff—John Lackman, R. Tax Collector—Joseph H. Scott, R. Treasurer—S. H. Brooks, D. BELL'S STEADY ADVANCE. New York, Nov. 8.—A Sun cable from Manila says: Colonel Bell's advance yesterday resulted in the occupation of Malabacat without casualties on the American side. MacArthur's orders to Colonel Bell were that he should proceed from Porco over a circuitous mountain road, well to the west of the railroad and explore the country. Bell's instructions were to push his reconnaissance until he came in contact with the enemy. Bell's forces reached Malabacat in the evening. There was an insurgent garrison of 200 men at this place, but the rebels fled after a short resistance. Several Filipino officers were killed and a few prisoners taken. Bell reported to MacArthur at midnight. The General immediately ordered the troops so arranged that the rebels who were in front of Angeles would be surrounded.

FUSIONISTS WIN NEBRASKA. Lincoln, Neb., Nov. 8.—Complete returns coming in tonight, do not materially change the early estimates of the results of yesterday's election. The Fusionists carry the State by 12,000, perhaps more, on the face of returns from nearly half the counties. The Democrats swept Maryland and Mississippi. The Republicans carried New Jersey, Massachusetts, Pennsylvania and Iowa.

"SELF-PRESERVATION Is the first law of Nature." For this reason everyone who is ill desires to become well. Those who have impure or impoverished blood turn to Hood's Sarsaparilla; because they know it will enrich and purify their blood and give them good health. To take this medicine on the first appearance of impure blood is an important step toward self-preservation. Hood's Pills cure sick headache, indigestion. REPUBLICANS CARRY NEW YORK. New York, Nov. 9.—On the basis of the vote cast in the 150 Assembly districts, the Republicans carry the State by a plurality of 11,854, according to the Herald's figures. Roosevelt's plurality last year was 17,785.

DORIC CHANGES OFFICERS.

San Francisco, Nov. 9. - The bad landing made by the China steamer Doric on her trip before last, when she ran into the Pacific Mail wharf, cutting away about forty feet of the planks, knocking the end of the shed and nearly killing Charles Stevens, a customs inspector, has caused some changes to be made in her officers. At that time Captain Smith was in the country on leave and Chief Officer Stark was in charge of the steamship. Pilot Jordan was to have docked the vessel, but a boat did not put in to take him out to her, and the chief officer attempted to bring her in, with the resulting accident. Since the Doric is chartered from the White Star line it is only that company that can take cognizance of the offenses of its officers. Stark has accordingly been called home to England and the other officers have been advanced a notch. First Officer Kearney becomes chief officer, Second Officer Simmons is made first officer and the minor officials of the steamer also receive promotions.

CHINA ARRIVES.

The O. O. S. S. China came into port at 4 o'clock yesterday. She left San Francisco at 2:30 p. m. Nov 9 and encountered quite rough weather the first few days; her delay in arriving was caused by the efforts of the officers to economize on coal, fearing that there might be a shortage in Honolulu. The China brings passengers and mail and reports outside of the little rough weather encountered the trip was very pleasant. Following are the passengers who arrived for Honolulu: Mrs. J. Cassidy and 5 children, Miss M. Cassidy, Mrs. H. A. Isenberg and maid servant and infant, Miss A. Dusenberry, Mr. C. R. Edgerton, Mr. J. F. Brown, Mr. and Mrs. H. B. Gehr, Mr. and Mrs. W. M. Fortesque, Mr. F. R. Von Lieberg, Mr. W. J. Wilson, Mr. D. N. Hawley, Miss L. C. Amman, Mr. J. D. Dole, Mr. K. F. Brown, Mrs. J. A. E. Gulich, Mr. U. Pockels, Mr. E. B. Keeble, Mr. H. Estinghausen, Miss A. Winter.

CAPTAIN LUTTRELL DEAD.

A San Francisco paper of November 5 contains the following account of the death of Capt. James P. Luttrell, a skipper well known to many in Honolulu: Captain James P. Luttrell, one of the best known men on the water front, died yesterday morning at Marysville after being ill a week with pneumonia. Captain Luttrell was formerly a purser for Goodall, Perkins & Co. and later represented Wightman Brothers and the J. F. Cunningham Company in the South Sea island trade. He was a master of the bark Helen W. Almy and made the last trip in her before she started on her ill-fated expedition to the Klondike, when she went to pieces in a storm off the Heads and lost 109 lives.

**OCEAN GREYHOUND "CHINA."**

An interesting race took place between the China and the new French liner the Indus, from Kobe to Hongkong during the China's last voyage. Captain Seabury in speaking of the race, said:

"When we arrived at Kobe the Indus was there and had secured every passenger in the place, the reputation of her being a marvelously fast boat, having made 19 knots an hour on trial trip, being heralded abroad by her officers. Some of the people were waiting for the China, but the Indus' officers said they would have their passengers landed in Hongkong before the China was sighted, so we did not get any."

"We left Kobe about two hours ahead of the Indus and while moving along at moderate speed the next morning in the Inland Sea we sighted the Indus coming down upon us like a cloud. Well, I couldn't stand for that, so I got up full speed and things got very warm, we were soon going at a rate of 17 knots an hour and I was surprised to find that we were drawing away from the Indus; in ten hours the China had gained five miles and to make a long story short, we arrived at Hongkong on the afternoon of one day and the Indus came in late in the afternoon of the next."

"The China's delay in arriving at Honolulu from San Francisco, if it can be called delay, was caused by her using but three of her boilers and on an average of only 65 tons of coal a day."

**TRANSPORT SOLACE.**

The transport Solace was to have left San Francisco on the day after the China sailed on the 10th inst. Her delay was caused by the decision on the part of the Navy Department at the last moment to send a large number of marines in the Solace. This necessitated the building of a large number of extra bunks. Several ladies, wives of the officers aboard, were to have been given accommodations aboard the Solace, but the decision to send the marines stopped that.

The following vessels have been chartered at Newcastle, N. S. W., for this port: Br. ship Chamption, Br. str. Drummuir, Br. bark Forthbank.

**Coracel Bests Columbia.**

New York, Nov. 7.—Cornell and Columbia were well represented at Manhattan field this afternoon, when the football teams from Ithaca and the local university met on the gridiron. Columbia was a pronounced favorite, odds of 5 to 4 being laid on the blue and white, but the wearers of the red and white had plenty of backing and the Ithacan rooters got all the cash as well as the glory, as Cornell won, shutting out the Columbia team by a score of 29 to 0.

**HANCOCK MAKES A TRIAL TRIP.**

The Government transport Hancock, fitted out by the Union Iron Works to be the model troopship of the world, made a trial trip yesterday about the bay and out nine miles from Point Bonita. She made a speed of sixteen knots, and was tried in every way and found wanting in no appointment.

There were about seventy-five in the party, among them being General Breckenridge, Inspector General of the Army; Colonel Greenleaf, United States Medical Inspector; Captain Goodall, Captain Bennett, Lieut. Lyman and wife, Captain Munger of the Life Saving Service, Messrs. Forsyth, Holland and Donald of the Union Iron Works, and Frank G. Carpenter, the well known correspondent.

General Breckenridge pronounced the Hancock a magnificent transport. The work of completely outfitting the Hancock was planned by a special board, consisting of Captain Barneson, Captain Matthews, Medical Superintendent Raymond and Colonel Greenleaf, and for two months the workmen have been busy with her. She is now ready to take on troops for Manila.—S. F. Nov. 7.

**ANOTHER TRANSPORT CHARTERED**

Tramp steamers are playing in luck this year and they all seem to be headed this way. Another tramp was chartered by the Government yesterday. This time it is the British steamer Flintshire, which will be pressed into service to carry Uncle Sam's freight to the new possessions. She recently arrived from Brisbane, Australia, and is considered a fine vessel.—S. F. Nov. 9.

**STRIKERS SENTENCED.**

Moscow, Idaho, Nov. 6.—The final culminating scene in the long drawn out labor trouble in the mining regions was enacted in the Federal Court today, when the ten men found guilty of interfering with the United States mail near Wardner during the riots of April 29th were sentenced by Judge Beatty to each serve twenty-two months in the United States prison at San Quentin, Cal., and each pay a \$1000 fine, with the exception of Dennis O'Rourke, who, on account of his youth, gets off with twenty months and a fine of \$1000.
