VOL. 14

JACKSONVILLE STATE UNIVERSITY, MONDAY, NOVEMBER 18, 1968

NO. 25

## Rose Gets Jax Backing In Dispute

★★★★

### SGA Praises Stand Taken By Ala. Pres.

Meeting in regular session Monday night, Nov. 11, the Jax State Student Government Association passed a resolution supporting University of Alabama President Dr. Frank A. Rose.

Dr. Rose recently denied a student organization the right to invite several radical speakers to the campus. As a result of this, Dr. Rose's decision has been the topic of much controversy.

The resolution, which was passed unanimously, reads as follows:

We, the Student Government of Jacksonville State University, acting in accordance with the dictates of our conscience, and in the interest of common decency, do hereby voice our support of the President of the University of Alabama, Dr. Frank Rose, in that he acting within the authority vested in him as the responsible head of a university system declined to place at the disposal of certain apostles of social disorder the facilities of the University of Alabama.

"That he did not abdicate in his responsibility to provide for the general welfare of the student body, nor fail to take precautionary measures to prevent the possible occurrence of an unhealthy situation reflects favorably upon his ability and character.

"We applaud his courage and foresight. It is our considered opinion that similar action of this sort might tend to discourage the kind of outrages already perpetrated in the name of academic freedom.

"We are not opposed to a free exchange of ideas within the framework of deceit and intellectual dishonesty.

"We, therefore, feel Dr. Rose acted completely within the purview of his authority by refusing to sanction, within the confines of the campus for which he is accountable, the possible generation of an unhealthy atmosphere.

"If indeed the stability of a society rests upon the strength of its institutions, institutions of learning among them, it is logical to assume that the whole is as strong or weak

as its constituent parts.

"We thusly appeal to reason, realizing fully that the curse of reason is that it often extends beyond one's ability to apply it; wisdom, the realization of it, is available to those who are intellectually honest enough to seek it.

"This statement is given freely of our own volition, is a consensus of opinion only, and does not reflect the beliefs or opinions of anyone other than the constituency of this student government."

## SCOAG Delegates Selected

By John Conder

The review board of SCOAG convened on November 7th to interview nominees for the fifth annual Student Conference On American Government. Questions asked the prospective delegates pertained to the national and international scene with emphasis placed on issues of current interest. Eighteen delegates were selected to participate in the upcoming conference and they are as follows: Claudette Smith, Carol Jean Smith, Iris Deare, Jean Boykin, Don Phillips, Jimmy Sparks, Barry Witherspoon, Mike Pritchett, Sara Nell Creed, David Goldman, Cecil Cole, Mickey Campbell, Jack Holcomb, Bill Hankamp, Lynn Cochran, Merlis Boozer, Gloria McDonald and Doug Bevis.

This select group of college delegates will be assigned to work on different committees that will help to ensure the interest and success of the conference which will be held in February of the coming year.

Pretty blonde Judy Justice of Birmingham wanted to get away from books, exams and school for a while this week so she found a secluded spot with a lake, multi-colored autumn leaves and peace and quiet. She enjoyed the day . . . and recommends that you try it before all the splendor of fall disappears. Judy, a sophomore at Jax State, is our current "Gem of the Hills."

## Dr. Williams Is Named Head Of Nursing Dept.

Dr. Mary Margaret Williams, currently director of the graduate programs in nursing at Emory University, has been appointed director of the Lurleen B. Wallace School of Nursing at Jacksonville State University. Dean Theron Montgomery said in making the announcement, "we are most gratified to be able to bring to Alabama one that represents the best of her profession."

The nursing school program here was started by a special appropriation of the Alabama Legislature in 1967. Dean Montgomery has searched for a doctorate degree holder to head up the new academic program since that time.

Dr. Williams received her PhD from Stanford University in 1963 on a special National League of Nursing Doctoral Fellowship.

A native of Marysville, Ohio, Dr. Williams has vast nursing experience. She held various teaching positions at

Dr. Williams

the Protestant Hospital in Nashville, Tenn., and was connected with the School of Nursing at Mount Sinai Hospital in Cleveland, Ohio, before joining the faculty at Emory University.

Listed in "Who's Who of American Women," Dr. Williams is also a member of Sigma Theta Tau and Pi Lambda Theta.

She wrote her doctorate dissertation on "The College and University Education of the Registered Nurses - Whence

and Whither?"

She received her bachelor of science in nursing degree from Western Reserve University and her master's degree from the same institution.

## Jax State Finally Tops Bama

Seldom does Jacksonville State University get the opportunity to play the University of Alabama, and rare indeed is a JSU victory over the Tide.

Forgetting the odds, the Jax State International House soccer team defeated the University of Alabama's team 4 to 3 in a game played at Tuscaloosa. The two teams met again November 17 at the Anniston Academy soccer field in Anniston.

The Jax State IH soccer team does not have a coach or sponsor, they just banded together and decided to have a soccer team. Soccer is the favorite sport in many of the lands from which the International House students are from. Said Hissin of Jordan is captain of the IH team.

### Notice

Anyone caught using another student's meal ticket will be subject to a fine and probation.

# Editorials . . . In Support Of Dr. Rose

Today's lead story in the Chanticleer tells of the Jacksonville State University Student Government Association adopting a resolution backing Dr. Frank Rose, president of the University of Alabama, in the current dispute over who can and who can not speak on the U of A campus.

We would like to fill you in on more of the facts, and why we support the stand taken by Dr. Rose.

A suit was filed Monday, Oct. 28, against Dr. Rose and the University of Alabama by the American Civil Liberties Union to seek court relief against Dr. Rose's refusal to allow four speakers on the U of A campus.

The action was filed for "preliminary and permanent injunctions to restrain the defendants from obstructing, hindering, and otherwise prohibiting the plaintiffs from exercising their First and Fourteenth Amendment rights, protected by the U. S. Constitution, to invite guest speakers to appear on the campus of the University of Alabama."

Those invited to speak were Eldredge Cleaver, Black Panther leader; Herbert Aptheker, U. S. Communist Party member and authority on black history; Tom Hayden, one of the founders of Students for a Democratic Society; and Jerry Rubin, a participant in the Chicago Democratic Convention demonstrations.

The reason Dr. Rose gave for denying the speakers across to the campus was as follows: "The recognition by an educational institution that constitutional rights are so all inclusive as to prohibit the institution from being able to control its own destiny, stability, or even its diversity raises questions concerning an institution's ability to have its own influence on the quality or shape of its educational product."

We believe his reasoning here is sound, practical and justified.

--LJS

## Entertainment Plus

With all the talk about what's so wrong with JSU - - its time we looked at what's so right around here.

This semester, the SGA has really done a fine job of offering the student body a varied entertainment program. I can't think of another college in the state that can compare with the quantity and quality of our entertainment, much less the price - - free.

The SGA has provided entertainment for both the five-day and the seven-day students from movies and hootnannies to dances and concerts.

Thus far in the semester we have seen "Bye, Bye Birdie" and "The Longest Day" with a choice of available movies including "Casino Royale", "Cat Ballou", "Divorce American Style", "The Professionals", "Dr. Strangelove", and "Guns of Navarone".

Weekly dances have featured bands ranging from The Bleues to Pandora's Box. Anthony and the Imperials performed here Thursday as one of our big events. We've still got two to go - - Duke Ellington and his band and the Vogues, who will appear before the Christmas holidays.

Why not appreciate some of the fine things that JSU offers? Things aren't all bad around here, in fact, I sorta like it.

--BAS

## The IM Program

On Wednesday, Nov. 6 at about 3:30 p. m., it was drizzling rain. It was a cold afternoon, but over 200 students gathered around the intramural field to watch the Cougars and Delta Chi battle in a flag football game.

The Cougars scored more points in the game, but the students of Jacksonville State University were the real winners, because they now have a top notch intramural program.

At present there are about a dozen intramural football (See IM, Page 3)

# Letters To The Editor

## HC Thanks

Dear Editor:

I would like to take this time to offer my sincere thanks to the student body for their cooperation and enthusiasm which was displayed during the week of Homecoming.

I feel that this year's Homecoming was the best ever at Jacksonville. This achievement naturally would not have been obtained without the help of the student body.

I give special thanks to those individuals who helped me with this year's event and special congratulations go to Glazner Hall, Weatherly Hall and Delta Chi for their fine wins in the yard display projects. Also, I congratulate the junior class on their winning in the float competition.

It was a pleasure to serve you as student chairman and once again I say, thank you for making Homecoming what it was.

Cordially your,  
Rhett Brock  
\*\*\*\*

(Editor's note: The Chanticleer's hat is off to you, Mr. Brock, for an outstanding job as student chairman.)

## Ticket Mix Up

Dear Editor:

I feel compelled to comment on the distribution of tickets to JSU - sponsored entertainment. The spectacle of hundreds of students bestirring themselves in the manner of a herd of buffalo, with every bit as much shoving, snorting, kicking, pushing, shoving and trampelling - - all in quest of a couple of tickets to see Little Anthony or the Vogues or what - have - you is sickening, downright disgusting.

The action of the student on such occasions is almost completely assinine and devoid of any resemblance of manners. BUT, all the blame cannot rest with those in quest of tickets. There is something badly wrong in the present distribution system. The old democratic adage of first come, first serve, may tingle the ears, but certainly does nothing for the distribution of entertainment tickets in a school of 5,000 people.

There must be a better way. If the SGA or the administration cannot offer a better plan, I tender this one: Request forms would be distributed from various points on campus. On each form would be spaces for two names and the student number of each person named. These would be filled out and placed in conveniently located collection boxes. Student numbers would then be checked against

a list of student numbers in the same manner that meal ticket numbers are checked off in the cafeteria. Two tickets would be marked off the seating chart (still roughly on a "first come" basis but less offensively) and clipped together with a note-card on which the two student numbers would be printed.

Students could then call for the tickets at their convenience.

Simple? Fairly. Easier on the body and spirit of those who must become a part of "the herd" to get tickets, YES.

Arguments against this will run that this is too expensive or too much trouble or too much something.

But, I ask, is it? I am sure most fellow students would agree that there are much better ways to go about this thing than standing in line for hours to get tickets on a "first come - first serve - - dog eat dog" basis.

Whether or not my plan is accepted is not the issue. The issue is that something can be done. It only awaits the doing.

Sincerely,  
Larry B. Stewart  
\*\*\*\*

## Reply

Dear Mr. Stewart:

I contacted an officer of the SGA and he said they realized this system of issuing tickets might cause some confusion, but that they would not know until they tried it. Since it did cause some confusion, I am sure another way of dispersing tickets will be tried next time.

--LJS

## Where To Park

Dear Editor:

In the process of trying to find a parking place every morning before class, it has come to my attention that in the parking lot between Mason Hall and Dixon Hall, there is, on the average, at least 15 resident cars parked in commuter zones.

These zones are clearly marked in red. I have on numerous occasions mentioned the situation to the campus police. I have received answers ranging from, "I'll check on it," to "The residents have to park somewhere," and as yet not a single resident has ceased parking in this zone.

If anything, the situation has worsened due to the lack of tickets being given. Yet I notice a ticket is quickly issued to a car which is parked in a faculty zone.

What can be done?  
Joe Hamilton  
\*\*\*\*

## Reply

Thanks for speaking up! We were beginning to think the Chanticleer staff was

the only group who was willing to speak out on the problem.

Prior to your letter we (Chanticleer staff) drew up a resolution pertaining to the parking problem and had it presented at a regular meeting of the SGA. The resolution was tabled and no action was taken on it. For what it's worth, here is our proposal:

"Members of the Chanticleer staff do hereby request that the Student Government Association consider the following proposal to help ease the parking problem for commuting students:

"Restrict freshmen from parking anywhere they please in zones designated for commuters. We recommend that the area in front of Bibb Graves and beside Ayers Hall in particular be reserved for upperclassmen.

"It has come to our attention that it becomes increasingly difficult for commuters to find parking places with each new semester. We believe that by restricting freshmen from certain areas, this problem would be greatly reduced for upperclassmen.

"Many commuters have similar views regarding this proposal, and we have not heard one objection from the freshman class. As it now stands, JSU rules do not give upperclassmen ANY rights or privileges, and we feel this is a poor reward for the students who have been here for several years.

"We were told that the parking problem would be eliminated when Martin Hall was constructed, and it was not. We have been told that it will be eliminated when the new Business Administration Building is completed, but that remains to be seen. The problem is now, and we ask the SGA to consider the proposal.

"In closing, we note that the most major universities do not even allow freshmen to have cars on campus, and with this in mind, we appeal to the SGA to do all in its power to see that the above proposal be put into effect with the beginning of next semester."

## Praises JSU

Dear Editor:

Being a former student at JSU, I am interested in the "happenings" which occur on the campus. Through some friends, I manage to occasionally receive copies of the Chanticleer.

I have noticed that the gripes and problems of the students now are the same ones we had three years ago. I am glad to see that the SGA is really (See LETTERS, Page 3)

(Cont. From Page 2)

trying to solve these disturbances of the mind. In my opinion, I think that Ronnie Smitherman is doing an excellent job as SGA president.

Don't get me wrong, we have had some good administrations, but it seems as though the students have finally struck upon the perfect combination of ambition and drive and have fused them together to produce an outstanding SGA. I envy the students because they are being led by qualified people which is more than I can say for myself.

Being in the armed forces does not always give one a chance to experience the leadership of capable men which is my case here in Guantanamo Bay, Cub. In this respect, I praise JSU and everything it stands for.

I never realized how proud I was of JSU until I found myself looking at it from the outside. I deeply look forward to the day that I can once again stand in the halls of Bibb Graves Hall as a student and walk among my fellow students with the pride of a true SOUTHERNER.

\*\*\*\*

Dear George:

Thank you for your continued interest in JSU.

Your letter should make some of us stop and really take count of what we have here at JSU, not what we want to have.

--LJS

## Entertainment

Dear Editor:

Last spring when the amendment for the activity fee was voted on, it seems that no one stopped to think what would happen when the big names entertainment finally arrived on campus.

As can plainly be seen from the Little Anthony appearance, about 73% of the students who paid the fee did not get the opportunity to see the show. Even at a program where two performances are given about half of the student body would not get to participate.

However, under the present situation with the small auditorium, the first come, first served basis is perhaps the most fair, but a commuter (who also has to pay the fee) stands very little chance of beating a resident student to the line. It is true that when some of the lesser name entertainment comes to the campus there is hardly enough students there to enjoy the show, but perhaps the money spent on this type of entertainment could be spent to pay for more performances when the "stars" are here.

Another thing about the

fee that some married don't care for is the fact that they get, and pay for of course, two year - books. This is a nice program but of little use.

This letter is not meant to be an indictment of the SGA who has done a fine job in getting the entertainment here in the first place so that at least a FEW people can see the performance. But it is a matter that disturbs me and several other students I've talked to.

Thanks for letting me mouth off in writing. This should bring down the percentage of people who never write letters to the editor.

Sincerely,  
Troy R. Snider

## Sr. Class: Attention!

Senior Class Secretary, Gloria Connell, announces that orders for Senior Class invitations will be taken this week. Scheduled places for the sales are The Grab, Cole Cafeteria, and Self Cafeteria. Watch for signs around campus for the exact times and days. If you plan to graduate in January, be sure to order your invitations.

## KDE Wins National Honors

The national convention of Kappa Delta Epsilon was held in Cincinnati, Ohio on November 8-10. Representing the Chi Chapter of JSU were: Dr. Charlotte Thornburg, chapter advisor; Martha Luker, chapter president; and Glendacile Williamson.

At a Saturday evening banquet, highlighting the convention, the JSU Chi Chapter was named winner of the scrapbook competition. The chapter also received honorary mention for its outstanding achievements in national and local activities.

The KDE Christmas Dinner has been changed to December 16 at 7 p.m. Members should make reservations with Martha Luker, 222 Rowan, by December 6 if they are planning to attend.

## IM

(Cont. From Page 2)

teams, on which any Jax State student (except those participating in varsity programs) can play. The program is well rounded for both male and female students.

The Chanticleer congratulates Horace L. Stevenson, director of the program, for his outstanding work in developing the IM program into what it is.

--Martin Ennis

Dellynne Catching, seated, the reigning Miss Alabama, was special guest of the International House at Jacksonville State University Wednesday night. A talented pianist, she performed several numbers which she presented during the Miss America Contest in Atlantic City, N. J. Shown from left are: Susanne Jorgensen, Denmark; Patricio Riquetti, Equador; Muriel de Villamandy, France and Ronnie Smitherman, Maplesville, president of the Student Government Association.

## Miss Alabama Visits JSU

Lovely and talented Miss Delynne Catching, the reigning Miss Alabama, was special guest of the International House Wednesday night, Nov. 6, during the organization's monthly forum program.

Miss Catching is a talented pianist and played selections from Brahms and Debussy, the same selections which she played during the Miss America Contest in Atlantic City, N. J. Miss Catching placed in the top ten finalists in the Miss America Contest.

Miss Catching also recapped her experiences during the week which led to her being crowned Miss Alabama, and of eliminations in the national contest.

A native of Birmingham, she is now a sophomore at Birmingham Southern College where she is majoring in music.

Special guests at the meeting were Dr. and Mrs. Theron Montgomery and Ronnie Smitherman, president of the SGA.

## Concert Season To Open With Virgil Fox

The 1968-69 concert season will open in Jacksonville on Nov. 26 when Virgil Fox, internationally-known organist, will be presented in the Leone Cole Auditorium at 8 a.m. The concert series is sponsored by the Community Concert Association and Jacksonville State University.

Fox, who has been organist at the Riverside Church in New York City for 19 years, will bring his enormous touring organ which allows him to perform anywhere in full view of his audience. The two-ton instrument, especially built for traveling, is pulled by a powerful truck on a four-wheel tandem trailer. It has already traveled over 100,000 miles in the U. S. and Canada, has played in Rockefeller Center, on the Ed Sullivan and Mike Douglas shows, and in numerous concert halls.

In February the Birmingham Symphony will be presented under the dir-

ection of Amerigo Marino; in March Varel and Bailly, Fabulous Frenchmen; in April, Lilian Sukis, Metropolitan soprano; and in May the Tipton String Trio.

## BSU Plans Weekly Devotions

The Jax State Baptist Student Union will begin sponsoring weekly noonday devotions Wednesday, November 13. These periods of midday worship are under the direction of Bethany Patterson, Huntsville Junior, and will begin at 12:01 p.m.

Bethany emphasizes that this program is designed primarily for "commuter" students who have little or no contact with various campus functions. She is quick to add, however, that all are invited and welcome.

## From My Point Of VIEW

By Jim Royal  
Associate Editor

### Football Coaching

Although I do not know of the qualities a football coach is to possess, I have tried to figure out "why" all the turmoil concerning coaching of the football team. I have not had the experience or training to coach a football team, but many people claim to know all the "answers."

The "flag - flyers" are the first ones on the band wagon when the team is winning, and the first ones off when the going gets rough. These people are usually complaining of the losing season without considering the "rebuilding program" that is underway. They are too busy "cutting down" people instead of looking at the overall objective of a football program. They are not concerned with an effective program that will benefit the university in the long run - - just get it now!! This sentiment seems to be the mood all of us possess in regard to the events taking place on campus. Dr. Cole did not build Jacksonville State College into a university with the quality of education that is offered now in five or six years. It took him approximately 20 years to build JSU into the fine institution that you are now attending.

How many students realize the number of starting freshmen on the football team? Can a person doubt they will be great by next year? Have you given much thought to this angle, or have you been too busy griping? I can't wait for next season to start. Oh yes, I still am looking forward to the remaining games this season - - win, lose, or draw - - I support the team. I admit it is hard to cheer the team when we are behind 32 to 0. Five will get you ten, if we were leading, you would be jubilant and yelling your head off. The Troy game was hard to take, but the UTM game has long since been forgotten. Oh yes, in case you didn't hear, Troy was beaten by UTM 12 to 3. I didn't hear many people complaining after the Newberry game (45 to 10). The complainers realized the time wasn't appropriate. They will now holler their heads off about the Delta State game. The people who continually grip remind me of an animal that sticks its head out of the ground just to criticize, and then makes a fast retreat when the opposition is right and they are

wrong!!

No one complained during the 1966 season. For those of you that weren't present, the record was 8-2-0. To top off a successful season, the Gamecocks went on to win the Space City Classic in Huntsville.

No matter how good a team is, at one time or another, they get beat. I have yet to see the team that wins all the time. The University of Alabama football team has lost two games this season. To some alumni of Alabama, this is the end of the world. But you don't hear the students at Alabama talk of how bad they dislike Bear Bryant. They realize that a football team loses sometime. I often wonder if they possess a little more insight as to the necessary prerequisites of BUILDING a football team.

Considering Jacksonville's schedule, I would dare to say that any coach could have a "winning season" every year. If you want to add to the difficulties, try the number of scholarships that Jacksonville has to offer against Auburn or Alabama. If one would add the necessity of making grades to stay in college plus the fact that our athletics have to register before they can be granted a scholarship, many persons would be alarmed at the "top notch" recruiting that Jacksonville has been so successful with in the past.

Jax State will have many great football teams no matter who the coach is. The question that is present in my mind is whether the students or alumni realize what it takes to make a great football team???

### Pedagogue

How different it was that day in class when you walked through the door. It could have been many times before, and all the same to me.

Did we open windows to let breezes in or the warmth of your smile out?

Together with the sun and the blue of your eyes they could have been one.  
--Jim Reaves

These home economics majors are preparing for their annual Fashion Show, which comes up in December. Shown here with one design on the mannequin are, seated, Judy Creel, Ashland; Linda DeLoach, Langdale; Mary Howle, Ranburne and Sharon Gilley, Holly Pond.

## The Bird Talks

Beginning in this issue, the Chanticleer will present a weekly column of the latest unnoted campus news. The writer of the article will remain anonymous and will simply be referred to as The Bird.

In the upcoming articles, The Bird will present laughter and embarrassing situations of the students to our readers. Any remarks or comments may be turned in to the Chanticleer office addressed to The Bird.

During the past week, The Bird has suffered from a cold and has not been able to sit on many shoulders. . . .

But The Bird did hear about the visit of Sally, Claudette, Franklin, and Larry to a new mountain, the Piedmont mountain. We all know about the Jacksonville mountain and just as soon as things warm up, The Bird will fly up there to give an on-the-spot report. Thus, beware of The Bird because I can and will talk.

One of the latest rumors around campus is that Carol Jean is secretly married, but only The Bird and her husband know for sure.

Although Stan is married, he still wears pajamas. The Bird got to see his silk P. J.'s last week - - they're real sweet, Stan. While speaking on clothes, did yall see Don Hedden at the November 7 pep rally? I heard his lace shirt matched his underwear. I'll bet Katie and Jean don't know that, Don.

What about Billie, the freshman in New Hall, that goes steady with a boy, but breaks up about every other week just to date

those waiting in line.

Herbie, sorry The Bird wasn't at Delta to tell you how the plays were suppose to go when you played running back. Speaking of Delta, sorry about the big mamma bird having engine trouble and taking forty-five minutes to get off the ground. Apparently that didn't bother the cheerleaders -- how's that, Coach Blevins?

Guess The Bird will close for now and get to listening for more news to embarrass you next issue. If you see The Bird flying overhead, don't shoot it because next week The Bird will present another glorious article with JSU's own Talking Bird.

The Bird

### Do You Ask?

Do you ask me why?  
I wasn't ready.  
And there was a war going on.  
Where else could our paths have led?  
Had you tried then, perhaps that would have made a difference.  
Patience means so much sometimes.  
But changes . . .  
You, more than anyone, should know them.  
I can't tell you why.

### Life At Amarna

Tragedy's amber eyes gazed vacantly at the emerald dream entwined about the neck of June and in Egypt, akhnston and mefertiti loved in the warmth of Aton, so long ago. . .

a caravan journeyed east with the orange-sun, the camels laden heavy with oriental silk, rare spices, exotic perfumes, and other things. they did not notice that the Mother Goddess of Happiness had died with the sands of memory . . . and only dried serpents writhe on the dusty marble where they once worshiped her.

A stranger dressed in mystic beads stops by a church along the way to Torquay, with his head bare during the rain, he makes a confession to the Pardre there, whose face is of an ashen gray. . . . and the cross on his breast has tarnished with time.  
T. Allen Doss

## SS Benefits Jax Students

Between 300 and 400 students are attending Jacksonville State University with funds received through the federal Social Security cash benefits program.

To be eligible for the program, any full time student is paid on the social security account of a parent who is either retired, disabled or deceased, according to the Social Security Administration.

Normally, benefits to the children of retired, disabled or deceased workers discontinue at age 18 except in the case of a full time college student.

The amount paid to each student depends on the average earnings of the parent under social security and the number of family members receiving benefits.

Officials of the social security office in Anniston say over \$479 million will be paid to about 466,000 students during this school year on the national scene.

Martin Ennis,  
Sports Editor

## Gamecocks Defeat L.C. Wildcats, 45-21

Jacksonville State won their third game of the season against Louisiana College in Pineville, La., Saturday, Nov. 2. The Gamecocks spaced out their scores in all four periods to down Louisiana College 45-21.

Bubba Long started the JSU scoring with a three yard run in the first stanza. The Gamecock TD was set up after a blocked LC punt. Kemp was true with the PAT and JSU led 7-0.

The Gamecock advantage was not for long, when just 45 seconds later John Tussa passed 23 yards to Jim Novemvere for a Louisiana tally. Harrington's kick was good and the game was all tied up.

JSU came right back in the second quarter, however, and rallied for three scores. Doc Lett hit John Niblett for one score, and with just 38 seconds remaining before intermission quarterback Henderson and the Gamecocks worked the flea flicker pass to perfection.

Henderson passed to Don Cassidy, who in turn pitched back to Gary Higgins and Mr. Higgins carried the mail the remaining 12 yards for the score. Kemp's boot was perfect, and at half-time the score stood: Jacksonville 28, Louisiana Col-

lege 7.

In the third quarter Danny Kemp put his toe into the pigskin and lit the scoreboard lights for another 3 points for the Jaxmen. The kick was 38 yards and made it 31-7 Jax.

Louisiana came back with a third quarter score which saw Hillard hit Tussa for 28 yards and a TD. The home-team tried for 2 and the Gamecocks spoiled the try, which left the score at 31-13.

Jacksonville State fullback Herbie Wientjles ended third quarter scoring with a brilliant 32 yard scamper. His run made the score 38-13 as the third stanza closed out.

In the final quarter Henderson found Mike Munnhall in the end zone and Mike hauled in the strike to make the score 44-13. Kemp, once again was accurate with the boot and uped the Jaxmen's score another notch. This completed Jacksonville's scoring for the night.

The Louisiana College gridmen did get the last say - so as Phil Fajardo carried the mail from the one yard line. A pass play following the score was good for a two point conversion. Final score: Jacksonville 45, Louisiana College 21.

## Statesmen Contain Jacksonville; 27-7

Delta State's big and powerful Statesmen finally put all aspects of the game together after five frustrating weekends in Cleveland on Nov. 9, and the results were a 27-7 victory over Jacksonville State on a cold, windy afternoon.

The Statesmen, plagued by bad breaks saw them lose five straight games going into Saturday's homecoming battle with JSU, was the type of outfit most people expected them to be against the Gamecocks.

The Statesmen's offen-

sive crew rolled up 254 yards rushing and 243 passing for a grand total of 498 yards total offense while a tough Delta State defense threw the Jax running game in the minus column to the tune of 33 yards, and surrendered 201 passing.

Delta State's victory pushed its record to 3-5 for the year while Jax is 3-4 headed into its final two games. Both games will be in Jacksonville.

And while the statistics compiled by the home-team

Statesmen, might indicate they drove for their touchdowns, this was not the case at all. The long bomb got one of the Delta's touchdowns, and two more long aerials set up the other two tallies.

Delta struck quickly in the first quarter after JSU blew a scoring opportunity deep in the Statesmen's territory in the form of a fumble recovery. Quarterback Allan Jones found flanker Grady Coleman with a 37 yard strike to give Delta a 6-0 lead. The PAT was good by Ernie Wells to up the score to 7-0.

Jax came back to tie the score on a 11-yard pass from quarterback Doc Lett to Jimmy Jackson moments later, climaxing a 79-yard drive. Danny Kemp toed the PAT to make the score 7-all with 13:30 left in the first half.

Delta, however, was not to be denied and came charging back for two quick scores, and JSU never recovered.

Fullback Billy Bell dove two yards, and Jones plunged one yard for another, to give the Statesmen a 21-7 margin at halftime as Wells booted two straight PATs.

The second half was a complete reversal of the first as neither team could push across a TD. The only scoring came on 27 and 37 yard field goals by Wells in the final stanza making it 27-7.

Probably the biggest factor on this cold, wintery type day, was the fired-up defensive play of Delta State, which was their top effort of the year by far. One factor that entered into the game, and one that probably helped Delta's defense was that JSU's Bubba Long was able to play only briefly in the contest. Long gained 21 yards

Dr. Houston Cole, left front, and Coach Tom Roberson pose with the Gamecocks on the championship cake cutting this past winter after the Jacksonville State Cagers wrapped up the ACC championship. Last year marked the third consecutive year the Gamecocks have won the hard-wood title. This season Coach Roberson and his troops will be shooting for an unprecedented fourth straight championship. Barring injuries, they should have an excellent chance of pulling off the feat.

## Cagers Open Season; Defend ACC Crown

Jacksonville State University's basketball Gamecocks will have an opportunity to achieve a feat never before accomplished in Alabama Collegiate Conference history this winter.

The Gamecocks, winners of three straight ACC titles, will be looking for their fourth straight. No team in ACC history has ever matched this goal although Athens and Jax have both won three straight.

Jacksonville's current win streak ended Athens' bid three years back.

And on hand to help the Gamecocks in their efforts to take a fourth straight title are four starters off last year's squad plus another who started most of the season.

The four backs are Guards Gary Angel (6-4) and Bill Brantley (6-5), Center Ken Rathbun (6-9) and Forward Buddy Cornelius (6-8). The fifth player back is Jerry James (6-7).

Angel is a senior from Jacksonville while Brantley and Cornelius are both seniors from Birmingham. Rathbun is a junior from Albertville while

James is a sophomore from Rome, Ga.

Other squad members expected to help quite a bit are Guards Bobby Terrell, Tony Heard, Danny Bryan, Wayne Wigley, and Mike Johnson; Center David Mull, and Forwards David Robinson and Donnie Richards.

Harrell Reynolds, a fine guard prospect from Kinston, will probably be red-shirted. Reynolds, 6-foot-3, was a member of the state champion Kinston squad last year and is a freshman at JSU.

Last season Jacksonville won 15, lost 11, but finished 9-3-0 in ACC competition to take the league championship. Angel was the top scorer on the squad with 441 points while Rathbun was the top rebounder with 293 claims. Cornelius was a close second with 244 rebounds despite playing only three-fourths of the games.

Brantley, with a 17.1 scoring average, was tops in this department although Angel won the scoring title. Brantley tallied 410 points and pulled down 191 rebounds.

Brantley, Angel, and Cornelius were all members of the All-ACC team last winter and have an excellent chance at repeating.

To Coach Tom Roberson, the season will be a memorable one because somewhere along the line he is expected to win his 200th game at JSU. Roberson has a 199-137 mark for his efforts since taking over in 1953.

# SGA Makes Plans For Chinese Wall Dates Set Rich Little Show

# For Nov. 20, 21 and 22

Rich Little, actor - comedian - impersonator, will appear at LCA on Thursday, February 20. The SGA sponsored event is free with ID.

After a season as the kookie next-door neighbor on "Love On A Rooftop", Rich Little has also made guest appearances on other TV series such as "That Girl" and the Flying Nun".

Little has also appeared on a variety of TV shows such as The Tonight Show, Dean Martin Show, Joey Bishop Show, Hollywood Palace, Ed Sullivan, Mike Douglas, Jackie Gleason, Jerry Lewis, and Candid Camera.

Some of the hundred voices Rich Little can impersonate include: Johnny Carson, L. B. J., Jack Benny, Clark Gable, Seantor Dirkson, Alfred Hitchcock, Jack Parr, Edward G. Robinson, James Cagney, John Wayne, Ed Sullivan, and Jonathon Winters.

The SGA promises a great show, and with good reason, -- Rich Little is even the voice of the Pink Panther! Looks like JSU will soon know that every Little performance will be Rich with talent.

## Sinclair Works On Display

At exhibition of ceramics by Ruth Sinclair, a member of the JSU art faculty is currently on display in the Mason Hall gallery.

The show, "Here's Mud

Rich Little

## Dance Co. Presents

The Dance Company of JSU will present a performance on Tuesday and Wednesday nights, December 2 and 3. A preview of the performance can be seen on November 26, on Channel 13 - WAPI - from 12:15 to 12:30.

The company is under the sponsorship of the Physical Education Department of JSU and is directed by Mr. Dariusz Hocham.

"In Your Eye," formally opened Monday evening Nov. 11 and will close on Dec. 18. Hours of the show are from 8 a.m. to 4:30 p.m. Monday through Friday.

Miss Sinclair's works have been shown widely, including exhibits at Auburn, the University of Alabama, Shorter College, Troy State, Little - House - on - Linden and the Birmingham Museum of Art.

The Masque and wig Guild is once more preparing for production. The group was organized in 1947 under the sponsorship of our present Dean of Admissions, Lawrence Miles. Mr. Miles was teaching English at that time. From its beginning the Guild has financed its own way; it has never been given any financial help.

Mr. Miles and his group first gave their plays in "the old rec center" in the town of Jacksonville. They brought their own coal for heating the center, and between acts the members went down to the basement to stoke the furnace. They borrowed their flats from Anniston High School.

In spite of these handicaps the Guild managed to produce such plays as "The Male Animal", "Outward Bound," "Goodbye My Fancy," and "The Little Foxes." The members even took "The Night of January Sixteenth," a courtroom mystery, to Gadsden to be played in an authentic court room.

During 1948 and 1949 the Masque and Wig gave radio presentations over WHMA in Anniston. Meanwhile they moved into the little auditorium in Bibb Graves Hall. The little auditorium is now a part of the Office of Admissions.

In 1953 Mrs. Elizabeth Lindsey sponsored the club. "Picnic" was one of the many plays which she directed. Mrs. Christine Forrester followed Mrs. Lindsey as sponsor. In 1962 Mr. Janet LeFevre became sponsor and Leone Cole was open for production.

The scenery had been lost, but the guild made its own. They probably have the only set of flats in existence that are covered with Army tarpaulin!

The production which the guild is preparing for presentation this semester is a farce by Max Frish: "The Chinese Wall." This fast-

paced, many-faceted theatrical gem allows a contemporary to converse with Napoleon, Brutus, Don Juan and Columbus. It even al-

The play will be given three nights - November 20, 21, and 22. Each performance will begin at 8:00 in Leone Cole Auditorium. Tickets are \$1.00 and may be purchased at the door.

Anyone who missed this play will miss one of the most exciting and tense plays to be given by the guild in recent years.

The Masque and Wig players will present Max Frisch's "The Chinese Wall" on Nov. 20-22 at 8 p. m. in Leone Cole Auditorium. Mrs. Janet LeFevre of the English department will direct the two-act play. Shown here, from left are three of the main characters: Kim Dobbs, Anniston, who plays the Chinese princess, Mee Lan; Terry McFall, Oxford, who has the role of Chinese emperor; and Jim Tidmore, Moundville, who is cast as Brutus. Tickets are \$1 each.

These are the gentlemen who comprise the JSU football coaching staff. They have all put in countless hours in their efforts. Foreground: Head Coach Jim Blevins; background, from left to right: Assistant Coaches, Ken Beard, Grady Elmore, and Buddy Blankenship.

## Cougars Take Delta Chi 24-0 In IM Action

Paced by the running of Bobby Gardner, and the passing of Johnny Glass, and offensive and defensive lines which played like real Cats. The Cougars handed the Delta Chi their first defeat of the season. The win also gives the Cougars a tie for first place in the IM standings along with the GBU's and the Delta Chi. This situation makes the possibility of an All-Star game this year just about out of the picture.

The Cougars, who had been training in secret for the game with the Delta Chi, completely dominated the first quarter action giving the Chi just one running play and that resulted in a safety. The Cougars used ten plays to score their first touchdown following the free kick after the safety. The touchdown came on a pass from Glass to flanker Charles Vacarella. Ronnie Morton added the extra point and the Cougars lead early in the second quarter 9-0.

The Cougars added two more points to their total moments after they kicked off. When the defensive line led by Bob Rast, Jim Hart and Terry Haltwager stopped the running game of the Chi, and Jim Farrell couldn't handle the low pass from center while trying to punt in the end zone.

Again the Cougars scored following the free kick, this time on a beautiful 45 yard pass from Glass to Ronnie Morton who had gotten behind Delta Chi safety David Kinsaul. Morton missed the PAT and the Cougars led 17-0 at half time.

The opening half kick-off saw David Kinsaul of the Delta Chi almost break for the score, but he was pushed out of bounds after a return of around 50 yards.

The Chi began this drive with good field position, but that was quickly remedied as defensive end Terry Haltwager, stopped Delta Chi quarterback Dennis Reaves on two occasions when he was about to pass, but third down Reaves connected on his first pass of the day to Jim Farrell just missing a first down by inches. Farrell's punt was blocked by the hard charging Cougar line, and the big Cats were in business again.

Here the Delta Chi defensive unit made their best showing of the day, with linebacker Ronnie Smitherman breaking through to make several big plays, and on fourth down Johnny Glass of the Cougars punted out of bounds on the Delta Chi two yard line, and from here the Chi drove the length of the field to a first and goal situation on the Cougar 13. Key plays in this drive was a quarterback option with Reaves pitching out to running back Charles Henderson who ground out important yardage. Next a pass to Farrell and a pass to Billy McArthur got the Delta Chi the first down deep in Cougar territory. At this point the tough Cats got mean and after two passes from Reaves to Farrell mixed in between a 10 yard penalty, the Delta Chi found on third and goal the same situation they were faced with on

first and goal. A quick pass to Farrell produced little yardage, so on fourth down Reaves decided to run when he saw all of his receivers covered but was stopped by defensive back Joe Ehl.

The Cougars began running the clock out with a drive which took them to their final score. In this drive the Cougars used the running of Bobby Gardner and Bobby Dupree to eat up most of the time. These backs received tremendous blocking from their big line with Joe Haley, Bob Rast and Danny Short opening big holes in the Delta Chi defense. The score came on a beautiful roll-out by quarterback Johnny Glass after faking to his two running backs into the line. The score after Ronnie Morton added the extra point stood 24-0 and that's the way the game ended.

The Delta Chi had one more scoring chance late in the ballgame after a punt by Glass sailed straight up in the air, but the drive ended when on fourth down quarterback Reaves slipped on the wet field, stumbled, fumbled and fell to the ground.

It was just one of those days in which the Delta Chi should have stayed in bed, for they have a good team and the 24-0 score doesn't really reflect the brand of ball they can play.

For the Cougars it was a day in which those long days of practice really paid off. If you had to single out any one player for the Cougars who played better than anyone else, I believed that it would be impossible for it was truly a team victory with special credit going to the offensive and defensive lines and the defensive backs.

Jax students were surprised Monday, Nov. 11, with a pre-winter snow, which left the campus in a blanket of white. These two co-eds above brave the inclement weather enroute to their dorm.

## With The Greeks --

By Kaye and Faye Thompson

A hippie happy birthday party was given Friday night, Nov. 15, by Alpha Xi Delta. The party was in celebration of the sorority having been established on campus for one year. Fuzzies extended invitations to members of all the fraternities as well as their dates and special guests. The Park provided music for the "Love - In" which was held at Lonely Pines. There were flowers, flowers everywhere, and prophetic sayings on the wall. The party began a busy weekend for Alpha Xi's.

On Saturday at 11 a. m. the sorority had a brunch for the mothers of actives and pledges and for special alumnae guests. The Associate members of AZD gave the brunch.

The Alpha Xi's and their parents sat in a reserved section at the game against Livingston.

\*\*\*\*

The poetry of ATO's president Jim Reaves does not by any means go unnoticed. The Chanticleer staff received a letter from Peg Haywood, a Zeta Tau Alpha at the University of Alabama, praising Jim's poetry.

Delta Chi members and their dates enjoyed a buffet supper at the fraternity house last Thursday before the Little Anthony and the Imperials show.

Saturday turned out to be a big day for the DX's. Livingston's chapter of Delta Chi had a joint party with the JSU chapter after the football game that afternoon. Supper was served at the fraternity house preceding the party.

Plans are now being finalized for the JSU Delta Chi Chapter's trip to Auburn on Dec. 7. Activities with the AU Chapter will include a football game Saturday afternoon and a joint party that night.

\*\*\*\*

The local fraternity previously reported to be petitioning Sigma Nu will remain a local social group for the present. Members are conferring with the administration before taking any more steps.

\*\*\*\*

Mark off Nov. 20 on your calendar as a red - letter day. On that day members of Alpha Zau Omega will sponsor a local Dating Game. Jerry Cantrell is hard at work on details, which will be announced in full later.

\*\*\*\*

The Taus would like to wish good luck to the mighty Gamecocks in their game Saturday with the Florence State Lions.

The ATO's will wind up the football season with a season's end party at the Downtowner Motor Inn in Anniston. Music will be provided by the Morticians from Gadsden.

## Portfolio: The Student Government Association

Chanticleer photographer Joe Serviss happened by the weekly meeting of the JSU Student Government Association the other night and took these shots of student democracy in action. Photos at bottom left show several senators and representatives. Picture at top left shows (seated) treasurer Carol Jean Smith, president Ronnie Smitherman and vice president Roger Killian. At right is Joe Patton, as he presents legislation to be considered. Photo at bottom right shows Smitherman as he gives Rhett Brock a \$75 check for an outstanding job as homecoming chairman. The SGA meets every Monday night at 6:30 in Room 249 of Bibb Graves. All students are invited.
