

35th Annual

SIX MILE RANCH BULL SALE

RED & BLACK ANGUS

*Where
Customers
Become
Friends*

Saturday, April 10th, 2010

At The Ranch, Fir Mountain., SK.

WELCOME TO OUR 35TH ANNUAL BULL SALE!

We are honored that you are considering purchasing your next herd sire from Six Mile Ranch.

We approach our 35th Annual Bull Sale with enthusiasm and gratefulness. We are a family owned and operated program. Every single member of our family is responsible for the success (and the setbacks!) that we enjoy. However, 35 years would never have been possible without the foresight and dedication of our grandparents Ken and Roberta Frazer and we are so very grateful. Grandpa Ken passed away on December 14th sitting in his easy chair overlooking the ranch that he and Grandma built together. Grandpa's passing was difficult, but as we reminisced about his life - we were reminded that anything can be accomplished with hard work and determination. We sincerely plan on Six Mile Ranch being around for another 35 years... So it is with that renewed sense of enthusiasm and dedication that we Welcome you to our 35th Annual Bull Sale.

We have a tremendous set of bulls and replacement heifers on offer in this anniversary sale. The quality has never been better but there are many more reasons why Six Mile is worth considering.

CUSTOMER SERVICE

We want to sell you a bull, but more importantly we want to sell you the right bull. So please give us a call as we would be happy to help you make the right selection for your herd. Then, when you do find the right bull, you can rest assured that we will be there to back up that sale 110%.

EXPERIENCE

We've made our sole living (so far anyway!) in the cattle industry raising both Purebred and Commercial Cattle for over 50 years. We are very aware of the challenges facing you right now. It is our experience that the most important factor affecting your herd and your bottom line is sire selection. We see it in our Purebred herd as well - sire selection is critical. We need a pot load of our steers to bring top dollar just like you do. Another very important financial factor is efficiency and fertility. We need a low maintenance, sound, maternally strong cowherd that can wean heavy calves and maintain condition and fertility while doing it. This is the goal of our program and one of the strengths of the Six Mile cow herd.

AFFORDABLE, BREED LEADING QUALITY

Buying a herd bull is no time to skimp and you don't have to. Around 65% of our bulls sold for \$3000 and under at last year's sale. The quality was deep and consistent and it gave us a great deal of satisfaction seeing our loyal customers pay a reasonable \$1800 to \$3000 for top end, quality bulls. This year we are offering a greater number of bulls than ever allowing everyone to find a bull to fit their budget. Sure, we sell some bulls for big money into the Purebred industry, but isn't that the kind of program you want your next sire to come from? A program that has the quality and the commitment to produce breed-leading sires that are in strong demand. We think that is a great reason to come to the sale and see for yourself what we have to offer.

We are proud to be a part of the hard working cattlemen and women who make up this industry and we would love to have the opportunity to be your hosts on April 10th. Come on out for some good food, good conversation and a great opportunity to genetically advance your herd.

Clayton and Corinne Gibson, Callie, Cade and Coy

Coy, Callie, Clayton, Corinne, and Cade Gibson

Walter Wall

Geoff Anderson

Daryl Leppa

We owe a great deal of Thanks to Walter, Geoff and Daryl for their dedication to the Six Mile program. Thank You.

Words will never fully express how grateful we are for all that Walter and Rosemary do for us. They have been with us for almost 15 years and are simply irreplaceable. Thank you for making Six Mile your home and for becoming such an important part of our family.

**We dedicate this 35th Anniversary Catalog to our grandparents Ken and Roberta Frazer in honor of Grandpa's memory.
Ken Frazer - 1926 - 2009**

Grandpa and Grandma are the reason we are able to celebrate a 35th Annual Bull Sale and we are proud to carry on the Six Mile name. Grandma and Grandpa were best friends till the very end and showed us how that kind of partnership is key to success and happiness. We are eternally grateful for the legacy they have left to us to carry on.

SIX MILE RED ANGUS

35TH ANNUAL BULL SALE
AT THE RANCH - FIR MOUNTAIN, SK
SATURDAY, APRIL 10, 2010

PHONE 306-266-4895 • CELL 306-642-8013

Heifer Calving Ease Legend

3 Stars: Recommended for heifers - expect little to no assistance on normal births.
2 Stars: Recommended for heifers - easy calving with minimal assistance on normal births.
1 Star: Recommended on well grown heifers - may assist a few normal births.
No Star: Not recommended for heifers. Use on mature females.

To Our American Friends:

We are excited to have you attend our sale this year. To cross the border, all you need is a valid passport. The closest border crossing (Montana into Saskatchewan) to the ranch is the Port of Opheim and it is located about 25 miles from the ranch.

Sakic is the heart and soul of our herd and we are very proud to have raised this powerful individual. Sakic has a style and a presence that has made him stand out since he was about one month old. Sakic is the high selling bull from our 2007 bull sale at \$36,000 for half interest and half possession to GENEX. His first son to sell, Red Six Mile Utah 455U, was our high selling bull last year at \$37,500 to C- Bar Red Angus, Wedel Red Angus and Westphal Red Angus in the U.S. By the look of his calves it was a great investment. We are anxiously waiting for his first daughters to calve this spring as they look to possess the same udder structure as his phenomenal dam - Red Six Mile Sierra 257P. Sakic is the go to sire for moderate birth and above average growth while adding stoutness and muscle capacity. However - we predict his daughters will be his true claim to fame.

Semen available through Genex.

Wrangler was crowned the National Reserve Champion Junior Bull Calf at the 2009 Agribition show. We remember the day he was born at 68 lbs. We kept waiting for the twin to come.....but he was it! Then we watched him explode, growing at such an impressive rate, much the same as his sire Sakic did as a calf. His dam is only on her second calf but is well on her way to "Elite" status. Her first calf sold for \$9500 as a heifer calf. Wrangler offers extreme calving ease partnered with impressive performance. His EPD profile shows incredible birth to weaning spread and well above average numbers in all areas. Add in the fact that Wrangler is backed by a strong foundation female and you have a very deserving candidate to lead off our 35th Annual Bull Sale.
Selling Full Possession and half Semen Interest.

Wind Warrior will blow you away. His sheer power and presence make him a pen favorite. He possesses the length, volume, hair coat and performance to really make an impact in your breeding program. Warrior was the # 1 bull in his contemporary group at yearling weighing 1505 lbs. at 365 days. His index of 151 is unreal especially considering the powerful group of bulls he was tested against. His dam is a hard working female who has really proven herself here.

818W's dam, 156T, is one of our most promising up and coming two year olds from the prominent Selma cow family. You really have to see these Priceless bred females out raising these big calves – it is incredible what they can produce. His weaning index of 119 is a testament to his maternal worth.

Again a Sakic son that displays above average performance and indexes from a two year old dam. His maternal grand dam, 25H is an "Elite Dam."

REMEMBER.....When you use Six Mile Genetics you are eligible to consign females to our "HOME ON THE RANGE" Commercial Female sale held every December at the ranch.

This sale had been very successful for our customers always commanding top dollar for their consignments. The Home On The Range Sale is fast becoming 'the source' for quality, producer backed Angus and Angus Cross Females.

To qualify for this sale your consignment heifers must be bred to a Six Mile Calving Ease Bull.

Note the outcross Black Angus genetics on the dam side. 703W's full brother was one of the most talked about bulls in our Black Angus offering last year – "if only he were red" – well here he is – red this time. That black full brother sold to M & J Farms, MB for \$3900 and while Lot 8 may not possess that same power he certainly has the same style.

Consistency can add a lot of merit to your herd and these Sakic sons certainly are that. His dam, 699L is always a herd favorite.

Red Six Mile Dyna 699L - Dam of Lot 12

Wind Chill is a stout, attractive, big scrotalled, full hipped, added capacity, herd bull candidate. He is below breed average on birth and above on growth and milk. Wind Chill's dam, 5M, is a cow that you truly have to see to appreciate. She is stunning out on pasture and has sons working for the PFRA and for RBD Ranch at Milestone, SK. 5M has a daughter in our herd who is the dam of Lot 49 and one working in the Stewart Red Angus herd. The outcross genetics come from the black bull - TC Freedom 104 - that has done a great job in the Hamilton and Southland black herds as well as many others. There is also an element of outcross with Dynamo and Rab-Star as they are bloodlines not prevalent in a lot of Red herds today. Wind Chill will see a lot of use in the Six Mile program in 2010. We thought long and hard about offering this bull for sale as we think he can be the next great one. But here he is - your opportunity to partner with us on a sire we think a great deal of.

Selling Half Possession and Half Semen Interest

Please call Six Mile for mor information concerning possession options.

This dark cherry red herd bull is another great candidate to add outcross flavor to your herd. His sire is a black son of TC Freedom and his dam is a direct daughter of the "Elite" maternal sire Indeed. The maternal potential in this mating is limitless.

Stewart's Primus 52R - Sire of Lot 13 and 14

Red Six Mile Witzel 360J - Dam of Full Throttle

Full Throttle Winning at the Forum

Full Throttle Winning at Farmfair

Full Throttle is the undisputed Grand Champion Red Angus Bull of the prestigious, International, World Angus Forum Show held in 2009. Full Throttle was not only the Grand Champion Red Angus Bull at the open show there, but was also crowned the Grand Champion World Angus Forum Futurity Sire - which took three years of qualifying to enter!

He went on to become the Grand Champion Red Angus Bull at FarmFair and placed second in the Supreme Show of Champions there, coming so close to winning that champion truck for Randy! Full Throttle topped off his show career as a top ten qualifier in the RBC Beef Supreme Challenge and garnered many admirers from all breeds along the way.

Full Throttle was the lead off and high selling bull in our 2008 bull sale at \$37,500 for a half interest selling to Triple L Angus - the Tetzlaff family at Viscount, SK. His dam is a deep, capacity female who has earned CAA Elite status. His first sons show efficiency, added capacity and are packed with performance.

Full Tilt is an outstanding herd bull candidate. This bull is designed for the rancher looking to add efficiency, capacity and performance to his herd. This rugged, mid march sire shares the same dam as the Grand Champion Female from the N.I.L.E. show in Denver. She was also named National Champion Yearling Heifer at CWA and won the Reserve Champion First Lady Classic Title.

Selling Full Possession and half Semen Interest.

Full Control is an E.T. calf of the \$70,000 valued female – Red Six Mile Lassie 377P. His full sister Red Lassie of Six Mile 743W topped the heifer calf division of our Sure Bet Female Sale at \$11,500 going to the McConathys in Texas. Another full sister was Champion Jr. Heifer Calf at CWA 2008 and sold to the Ledoen Family in North Dakota. So.....you can see this genetic combination is working. Full Control is one of the longest bulls in the offering. He displays that exceptional hip shape and structure that his sire, Fully Loaded is known for.

Red Six Mile Lassie 377P - Daughter

Red Six Mile Bayberry 256T - Daughter

Red Six Mile Queen 140N - Daughter

Indeed is the true foundation sire of the current Six Mile herd. This easy doing, maternal sire has proven himself in every area. Prolific at siring both bulls and females, Indeed truly has earned the ELITE SIRE status he is recognized with. Indeed daughters are known the world over for their flawless udder structure and abundant milk production. Some noted daughters are the \$70,000 valued, Lassie 377P, that topped the 2008 Red Roundup sale and the \$32,000 Bayberry 256T who is the reigning National Champion Red Angus Female and the World Angus Forum Grand Champion Female in both the Open and the Futurity show. Indeed sons have topped sales everywhere. Timberlake 180T was valued at \$72,000 in our 2008 Bull sale and Tidal Wave 254T at \$32,000. A power packed son, named Win-Chester 745W will see heavy use in the Six Mile program in 2010. Semen on this great sire is very limited and dearly precious to us. In honor of our 35th Annual Bull Sale we are allowing 20 units to be sold. What an opportunity this presents for Red Angus breeders everywhere.

Timberlake is the top selling son of the immortal sire, Indeed at \$36,000 for half interest to Riverview Farms, MN and Y Coulee Land and Cattle, SK. As a yearling bull Timberlake boasted big performance numbers with a AAA marbling score and a 14 inch rib eye. Timberlake is a moderate framed, efficient sire whose calves are moderate at birth with adequate growth and easy fleshing ability. Timberlake passes on his admirable deep red hair coat and hip structure to his progeny.

Timberline is the total package. Right from his phenotype to his exceptional EPD's, to his top indexing performance. This Herd Sire is a moderate framed bull that is sure to enhance the maternal value of any herd. Timberline's maternal sister just calved and looks great sporting a nice tidy, balanced udder with optimal teat size.

Selling Full Possession and Half Semen Interest.

If efficiency and feed conversion are economically important traits in your herd - then consider Timberwolf as your next herd bull. Another moderate, stout individual with above average performance and potential. His two year old dam did a super job of raising this guy and it is no surprise as her own dam, Lana 733L is an "Elite Dam" herself.

cattlemen at Y Coulee Land and Cattle Co. for \$5100. Wild West is a visual and a numerical stand out that is sure to increase the marketing potential of any herd. Wild West is out of the \$ 20,500 Mastermind who sired the high selling sire group in our bull sale last year. This will be his last natural offering of sons as we lost him before breeding season last year. His maternal grandmother 203N has been a stellar producer for Justin Morrison raising a Champion WAF heifer for him in 2008. Wild West is definitely one to watch for.

Selling Half Possession and Half Semen Interest

Possession of Wild West will be given to the new buyer for the 2010 season however Six Mile would like to use him in their 2011 breeding season - terms are negotiable with the new owner.

Wonder Boy is a real herd bull candidate. How many other bulls in sale offerings this year can brag that his dam is 17 years old, she has never missed a calving opportunity, she raised a \$70,000 daughter and was displayed at the prestigious World Angus Forum last summer? None I would guess! The amazing Lassie cow family stems from this female and she simply amazes us. She is the definition of longevity and look at that udder and body condition. This picture of her was taken this summer!

Big League was the senior herd sire for Stewart Cattle Company at Cochrane, AB. We purchased the majority of the Stewart cowherd and many of the females were mated to this impressive sire. You can see by his progeny how well he has worked - especially when mated with Smash daughters. These bulls are really the cattlemen's kind with added performance, calving ease, natural muscle expression and a little more extension through the front end.

King Ranch is the performance leader in our bullpen weaning in the #1 position. We have never, ever had a bull with an adjusted weaning weight of 1000 lbs. Simply unreal. This bull weaned at 86% of his mother's weight. He weighed 990 lbs. and his two-year-old dam weighed 1151 lbs. We simply could not believe our eyes every time we saw him nursing his two-year-old mother on pasture. King Ranch is a deep barreled, wide hipped, massive individual that should make an impact on your weaning weights. The maternal value of his Priceless dam only adds to his value. **Selling Full Possession and Half Semen Interest**

Park Ave. is a bull we own with Y Coulee Land and Cattle Co. He has done double duty all his life at both ranches. This will be our last calf crop by him as we have decided to give him a break and let him retire in the Frenchman Butte Hills! Park Ave.'s dam is an "Elite Dam" who is still raising top indexing calves at 14 years of age. Park Ave. adds a great hair coat, extra length and hip shape to his sons. His daughters are proving their worth by posting big weaning indexes in both our herd and the Y Coulee herd.

We purchased the dam of Lot 62 from Double C Red Angus in the 2008 Red Roundup sale. They purchased the sire of this bull from us that spring after Cameron spotted his productive 13-year-old dam in the pasture. Typhoon 289T was one of our favorites from the bull offering that year.

Lot 63 is a performance packed representation of our Trump Tower sired bulls. We showed a Trump sired heifer calf at the side of an Innovator two-year-old last summer with good results. That heifer calf, Red Six Mile Goldie 868W sold in the prestigious N.I.L.E. sale in Billings, MT to D & D Cattle Co. in Nebraska. She was one of our favorites in terms of style and efficiency and is sure to make a solid brood cow for the good folks in Nebraska.

Red Six Mile Goldie 868W - Daughter of Trump Tower and Maternal Sister of Lot 63 and 64

A lot of producers are known as cattlemen. I prefer to be called a cowman. This is a critically important term because I believe the maternal side of cattle breeding is underrated and essential for profit. What's worse, the industry is set up to evaluate which cattle are best, often and unconsciously, working against the selection of good mothers. Not so at Six Mile."

Ken Frazer - 1983

Outcross excellence – note the Sitz Alliance 6595 influence. Here is a bull that was raised as a twin on a two-year-old cow, so he probably didn't have the best chance to perform early in life- but as you can see he has made up for that. You have to admire his striking profile, moderate stature, full hip and exceptional hair coat. His dam was a purchase from the legendary Get- A- Long program at Red Roundup 2008.

Wind Fall exhibits curve-bending performance with calving ease, muscle mass and pounds. Wind Fall was our heaviest actual weight bull at yearling – that combined with his March birth date gives him an incredible index of 145. You know his New Trend dam is headed towards elite status with production like this. Her first calf is a herd bull for the Valnes Ranch in South Dakota. He is sired by Beiber Boone who we used by AI after traveling to the Beiber ranch in North Dakota where he was raised. For those of you on the hunt for a new herd sire you really need to consider Wind Fall.

Red Southland Bella 111S - Dam of Lot 91

Best thing about Break Out --hands down his gorgeous dam. 111S is a model of an efficient, super uddered, capacity Red Angus female. She sold in our Sure Bet sale to the wonderful crew at Solution Genetics for \$7250.

Lot 91

SUMMER CALVED BULLS / COMING TWO YEAR OLDS

We are extremely proud of this group of virgin Bulls. This summer calving program is specifically to produce these older bulls for our customers. These bulls are the very top end of that summer group. Last year we did supplement them on their dams a little prior to weaning due to the very cold fall and winter 2009 however their 365 day weights are a direct result of their performance on grass.

Lot 99

BLACK ANGUS DIVISION

Our Black Angus program is moving full steam ahead and the next 25 bulls are proof. The bulls on offer are solid performance bulls - many with calving ease capabilities. The cattlemen that have had a chance to tour through our black bulls have all commented on what an impressive group they are.

We take great pride in building a program to rival any in the industry. As with our Red Angus herd, we approach our job as seed stock producers very seriously and feel that we need to constantly be searching from breed improving genetics. We found a bull that we believe is the one we needed to move our Black program to the next level. We partnered with Breed Creek Angus and paid \$70,000 to bring that bull - SAV Preference 9184 to Canada. Watch for his first calves in 2012!

FINAL ROUND

Final round is my favorite black bull in the sale. Final Round is a masculine yet refined herd bull with depth and capacity. His two year old dam deserves a lot of the credit for taking him from just 72 pounds to a wean index of 114. Final Round's dam, 706T, was an in dam purchase from the well respected Mountain View Herd in Manitoba. Final Round is a sure-fire calving ease sire with amazing performance and phenotype.

RIGHT ANSWER

Six Mile Right Answer 923W

S A V Final Answer 0035 - Sire of Lots 100 to 103

101

Right Answer is a stellar calving ease sire with amazing birth to yearling spread. His birthweight EPD ranks him in the top 1% of the breed and that is with breed leading growth numbers. This impressive individual would be one any rancher would be proud to have prowling his pastures.

Rawhide is a well-patterned bull with consistent performance from birth to yearling. He has maternal brothers working at the ranches of Danny and Trina Blake and Jerome Orten. We had originally purchased Safari to add some punch to our bull pen but were pleasantly surprised at the superior females he is producing. We are calving out Safari's first daughters and have been pleased with their udder structure, fertility and maternal ability.

Time Out is one of the elite calving ease sires in this year's bull sale. A maternal brother sold to the Gebhart Ranch who were our volume buyers last year in the black division.

HEIFER OFFERING

This outstanding group of heifers will be hard to part with, but offer you a great opportunity to add proven genetics to your program. There are many prospects that could anchor a herd or enter the show ring. Whatever you are looking for, be sure to give us a call and let us help you make a great choice for your program.

We are holding nothing back in celebrating our 35th Annual Bull sale and this female being offered for sale is proof. Her dam 877M always gets a lot of attention on herd tours with a flawless udder and angular femininity. This female would be very competitive in the show ring.

696W was born to a 13-year-old dam that looks like a five-year-old cow. We purchased her from the Southland Red Angus dispersal and man did we get a deal. If this heifer calf has even half the longevity and productivity of her dam - then she is a sure fire investment.

Empress was born light but showed tremendous growth through to weaning. Her two-year-old dam is staged for Elite status at this rate. These Norseman King daughters have been very popular females.

Thanks to the many people who take the time to visit Six Mile every year. We enjoy your company.

IMPORTANT PROGRAMS AND TERMS AND CONDITIONS

1. **Bidding:** Each animal will be sold to the highest bidder whenever there are two or more bids. The auctioneer will settle any disputes.
2. **Terms:** The terms of the sale are cash. The right of property shall not pass until after the settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch. Financing terms are available if prior arrangements are made with Clayton and Corrine.
3. **Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Cattle will be kept free of charge until May 1, 2010, when they are to be picked up or delivered. We strongly urge the buyer to insure any bulls left, as they are yours when the hammer falls.
4. **Delivery:** We offer free delivery of your bull(s) to central locations in Canada and the United States up to 500 miles. Free delivery applies to purchases of \$2500 or more. Purchases below \$2500 will be delivered at cost. If you choose to haul your own bull, and take him within 5 days of the sale, we will deduct \$50 from the purchase price of each bull.
5. **Insurance:** A Livestock Insurance Agent will be present to care for the insuring of cattle.
6. **Certificate of Registry:** A certificate of registry and transfer will be furnished on all cattle sold as registered animals.
7. **Announcement:** Changes of information contained in this catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue.
8. **Breeders Guarantee:** Six Mile Red Angus guarantees to sell you a bull that has passed a semen test and breeding soundness evaluation completed by a qualified, licensed veterinarian. However, should a problem arise, please let us know so arrangements can be made without delay. Should your bull fail to be a satisfactory breeder - as agreed upon by buyer and seller - he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit given towards the purchase of another bull. Six Mile keeps bulls out of the sale for this sole purpose. Yearling bulls shall be guaranteed breeders for no more than 20 females. AGAIN, each bull as passed a semen
9. **Identification:** Each purebred animal carries a readable tattoo.
10. **Liability:** Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks or anyone connected with the sales assumes any responsibility, legal or otherwise, for damage of any kind.
11. **Health Status:** All Six Mile bulls have been vaccinated with Express 5 vaccine which includes IBR, PI-3, BVD - type 1 and 2 and BRSV. They have also been vaccinated with a somnugen and black leg vaccine. Each bull has been treated with Ivomec.
12. **US Funds & Export:** American money will be accepted at the most current rate of exchange on sale day and announced prior to the sale. Bulls will be export tested at Six Mile's expense and delivered as soon as possible following the sale.
13. **Right to Draw Semen:** SIX MILE RED ANGUS reserves the right to draw 100 straws of semen for within herd use from any bull sold in the Sale. To be done at Six Mile's expense and Buyer's convenience.
14. **DNA Testing:** Any bull sold needing DNA testing will be done by Six Mile provided the bull remains at Six Mile after the sale. Please inform the sales clerk at time of settlement.
15. **Sight Unseen Purchases and Guarantee:** If you are unable to attend our sale, but are interested in our bulls, we can take an order on any of the Bulls in the sale. Give us a call and we'll discuss what you need and what we have that will suit your needs. You may also leave a bid in confidence with any of our sale or ring staff if you wish. Your satisfaction is 100% guaranteed. When the Bull is delivered to you, you are under no obligation to take him should he not meet your expectations.
