USING YOUR BINS

Place bins out by 6.00am
on the day of collection

Lids firmly closed

Handles facing towards
your property

0.5m apart

Within 1 metre from road

Tips: Store bins in a shaded area.
Clean regularly.
Freeze smelly food before placing
in your green bin.

YOUR RECYCLING BIN (YELLOW-TOPPED)

Items should be loose (not in plastic bags), rinsed and free from any food remnants.

This includes:

- ✓ **All cans and tins** including aerosols cans and tin foil
- ✓ **All glass**, even broken glass
- ✓ **All paper products** including wax cartons and pizza boxes
- ✓ **All plastic containers** (empty) including salad dressing, tomato sauce and condiment bottles

Please remember:

- ✗ **No building waste**
- ✗ **No food or garden waste**
- ✗ **No hazardous waste**
- ✗ **No nappies**

YOUR WASTE COMPOSTING BIN (GREEN TOPPED)

- ✓ **All food, organic waste, grass clippings, small prunings, nappies and general household waste**

Note: The following items will contaminate your composting bin so please:

- ✗ **No batteries**
- ✗ **No construction, demolition & building materials:** no bricks, sand, soil, concrete, rocks or asbestos
- ✗ **No glass or ceramics:** All glass goes in your recycling bin (yellow topped)
- ✗ **No hazardous waste:** petrol, gas cylinders, paints, motor oils, garden chemicals & poisons, pool chemicals, cleaner, acids, bleaches & ammonia, medicines & flammable liquids

USING YOUR BINS

Important Information for Verge Collections

GREEN WASTE COLLECTIONS

The following items **WILL** be collected:

- ✓ Tree and shrub prunings up to:
- ✓ 1.5 metres in length
- ✓ 300mm in diameter
- ✓ Two trailer loads (6x4 trailer size) or 2m³ of green waste
- ✓ Green waste in bags or boxes

The following items **WILL NOT** be collected:

- ✗ Commercial waste
- ✗ Dug out lawn
- ✗ General rubbish, junk or white goods
- ✗ Loose leave or grass clippings
- ✗ Sand and soil materials
- ✗ Weeds and root materials

PRINTER CARTRIDGES For recycling: Cartridges 4 Planet Ark 1800 242 473

WHOLE CAR BODIES Please contact the Katanning tip prior to delivery.

REFUSE SITE INFORMATION

Katanning Refuse Site

326 Nyabing Road, Katanning

Opening Hours

Wednesday to Sunday – 11:00am - 5pm

Monday, Tuesday & All Public Holidays - Closed

Tip passes enable Shire of Katanning residents to dispose of certain wastes at the Katanning Refuse Site for free.

The passes can only be used:

- by residents who pay for Shire waste services and are not transferable to any other persons, businesses or organisations.
- to dispose of the types and amounts of wastes specified and fees may still apply if you want to dispose of mixed or additional wastes.

If someone else occupies the property and these passes have been allocated to, you should give the passes to the occupant.

The Shire encourages you to **recycle** as much waste as possible before taking the rest to the Refuse Site. For example, if you have clothes, furniture, bikes, toys or other items that are still in reasonable condition you may be able to sell or give them away using local buy and sell websites or donate them to a charity shop.

**Please note that the Katanning refuse site
only be accept EFTPOS payments.**

For further information about the Katanning Refuse Site, including wastes that can be accepted at the facility, disposal fees that apply and unacceptable wastes, please see **www.katanning.wa.gov.au** and select ***Development / Waste & Recycling***.

REFUSE SITE

Keep Pests Out!

Prevention is the key!

Keeping your home free from rodents, and in-turn snakes, is all about prevention and exclusion.

Mice & Rodents

Snakes

Clean Up! Clean up to eliminate rodent food and nesting sources.

- All trash should be throw out as soon as you can. Make sure your lids on your bins close fully or tight-fitting.
- Eliminate clutter by cutting and removing grass/weed overgrowth. ***Rodents like to make their homes in clutter***
- Remove all old vehicles and tires.
- Elevate hay and woodpiles off the ground.
- Keep compost bins as far away from the house as possible.
- Flood from vegetable gardens and fruit trees should not remain on the ground.

Seal Up! Seal up common entrances into the home

- Kitchen cabinets, refrigerators, stoves, closets, fireplaces, doors, windows, attic, basement, crawl spaces and electrical, plumbing , cable and gas lines.
- Fix small holes with steel wool.
- Fix large holes with solid materials like metal & cement. These materials can be found at your local hardware stores.
- Sink holes and burrows outside your home should be covered by solidly packed dirt and monitored.

Trap Up! Trap up rodents to decrease their population

- Choose and appropriate trap (snap and/or glue) and add bait to attract rodents.
- Set traps in any are where there is evidence of rodent activity.
- Poison is not recommended because rodents may die in the walls or under the floors preventing you from removing it.
- If you suspect a rodent infestation, call a professional pest managaement company

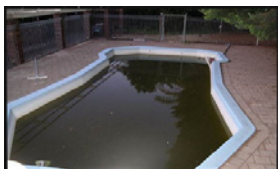

FIGHT the BITE

Mosquitoes can breed around your home. They will lay their eggs in fresh or salty water, and often in containers that hold water. Common breeding sites include pot plant drip trays, gutters, ponds, pet water bowls, old tyres, rubbish, containers and pools that are not well maintained.

Stop mosquitoes breeding around your home by following these simple steps:

- Empty out or discard containers and rubbish that may hold water
- Clean out roof gutters to prevent water from pooling
- Empty, clean and refill bird baths, stock troughs and pet water bowls at least once a week
- Keep swimming pools properly maintained and free of debris
- Empty wading pools at the end of each day
- Stock backyard ponds with fish to eat mosquito larvae
- Cover rainwater and septic tank openings, wells or other large water containers with mosquito-proof mesh
- Keep edges of ponds clear of vegetation

Maintain swimming pools to stop mosquitoes breeding around your home.

Discarded tyres and other containers can hold water that mosquitoes breed in.

PROTECT YOURSELF AGAINST DISEASE-CARRYING MOSQUITOES

★ COVER UP. REPEL. CLEAN UP. ★

**WEAR LONG,
LOOSE-FITTING,
CLOTHING.**

**USE INSECT
REPELLENT.**

**REMOVE THE
WATER THEY
BREED IN.**
