Dear Library Supporter,

The Crown Point Community Library is excited to announce the next Library Mini Golf Event, “**A Hole Lot of Fun,**” on Saturday, April 18, 2020 from 10 a.m. – 3 p.m. The Library will transform into an 18-hole miniature golf course for the day. Players, of all ages, will enjoy putting through the library stacks, down the staircase and finishing at the 19<sup>th</sup> hole “Family Fun Zone,” located in the meeting rooms, to enjoy free refreshments, and fun activities.

**Why miniature golf?** “A Hole Lot of Fun” is a dynamic event (held biennially) that raises funds utilized to finance two years of library programming for all ages. The event embraces the dual purpose of fundraising and providing an engaging way for community members to enjoy and explore the library space.

The event is strategically scheduled in April to coincide with two American Library Association’s sponsored celebrations- National Library Week (April 19-25) and School Library Month. During the event, Crown Point schools compete in a hole-decorating contest. Golfers vote for the best hole and three winnings schools receive a cash prize to purchase books for their school library. Library Mini Golf is one of the most exciting opportunities to raise money to support library programming and brings awareness of how the Library plays an integral part in our community’s success and quality of life for its residents.

Proceeds from this fundraising event have allowed us to enhance library outreach services and expand the traditional boundaries of library programming that would be otherwise unattainable with tax dollars. Examples are: renting Molly the Trolley to transport patrons on our Historical Homes Tour, purchasing the screening licenses for Motion Pictures and Foreign Films, incentives and performers for the winter and summer reading events, author visits, and more! And, don’t forget all this programming is available to everyone for free! Therefore, we would like to encourage you to become a corporate sponsor for “A Hole Lot of Fun” and while you promote your business, you will help the Library to continue to offer exciting programs that will continue to inspire the Crown Point community!

**Why collaborate with the Library?** The Library provides a community center for information and discovery through innovative programming, diverse collections, and responsive services in a safe and comfortable environment. It is a gathering place for young and old to experience learning and creativity, a performance space for local talent, a meeting space for organizations, and a resource for entrepreneurs and those looking to return or enter the workforce. With more than 700 in-person visits each day, your sponsorship allows you a unique opportunity to promote your business or service to a large and diverse audience. In addition to providing financial support to the “A Hole Lot of Fun” mini golf event, becoming a sponsor:

- Enhances your company’s reputation and standing in the community
- Increases your positive name recognition, visibility and brand awareness
- Improves customer loyalty
- Demonstrates your support for literacy in your community!

The course guides participants through all the major service areas: adult and children collections, programming rooms, public meeting room facilities, internet café, teen zone, game room and community display areas.

Did you know...

- Our course was built by the 2013-2014 Crown Point High School Woodworking and Cabinetry class...you read that correctly, students built our course. This was a great partnership with the high school and allowed us to save thousands on rental fees on future events.
- Members of the CPHS football team volunteer to set-up the course!
- Decorated holes, obstacles, and the handmade gutter system for the hole that runs down our main staircase creates an entertaining and (sometimes) hilarious challenge for golfers of all ages!
- Sponsors get in the fun decorating and networking!

- The event provides a great opportunity to introduce all ages to volunteerism at the Library and the Friends of the Library Organization.

- Molly the Trolley is an exciting alternative to help with parking. The trolley transports players to and from the Wheeler Middle School via a trip around the downtown square!

- The hole-decorating contest increases exposure, attendance and benefits the school library!

Past participating schools:
