

My Stem Cells. life

We are seeking Consultants to work from home on a Part-time or Full-time basis and take advantage of our Compensation and Rewards Plan. We will Train You!

To become a **Consultant** you can start either with

1 Business Center (BC) for only \$200

or 3 Business Centers for \$600 (earn more for the same effort)

to be commission qualified. Each Business center has the maximum income potential to earn you \$1000/week or \$52,000/year. Thus, purchasing 3 business centers has an income potential of \$3000/week or \$156,000/year. However, your income potential is not limited to this. It can **increase and is unlimited** as each Business Center you purchase comes with 2 additional re-entry Business Centers that are earned when you max out a business center with 5000 PV Left and 5000 PV Right in a given week. These re-entries can placed anywhere in your downline and you can start building on the right and left side each re-entry. All re-entries, themselves, come with 2 more re-entries, thus making your **income potential unlimited**. It is possible for a consultant to earn more money than they earn at their job and beyond!

Thereafter, an annual **renewal membership** of \$100 for 1 Business Center or \$200 for multiple Business Centers that you personally own. We will provide you with a website and back office to track your orders and build your team and business!

We offer Leadership Bonuses, the company takes 3% of all the commissionable volume for the week and distributes shares to qualified Consultants that max out 7 Business Centers or more they personally own in a given week. See Commission pay chart below for number of shares that you can earn.

PSV = Personally Sponsored Volume is generated by you from initial stem cells extractions, annual storage fees, and stem cells expansion purchased by clients and consultants in your downline. Group Sales Volume (**GSV**) is product volume generated by your downline

Residual Income comes from **GSV** = group sales volume; you get paid on the efforts of others in your downline. This is leveraging your time and one of the great mechanics to building wealth!

PV = product volume is generated by PSV or GSV

Earn More with 3 Business Centers vs 1 Business Center

1 Business Center

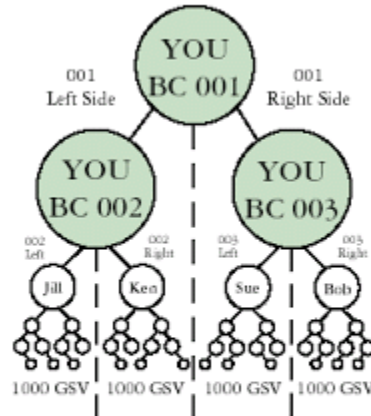

Direct income from Group Volume

2000 Left 2000 Right GSV BC 001
4000 GSV earns 400 pts.

3 Business Centers

Leveraged income from Group Volume

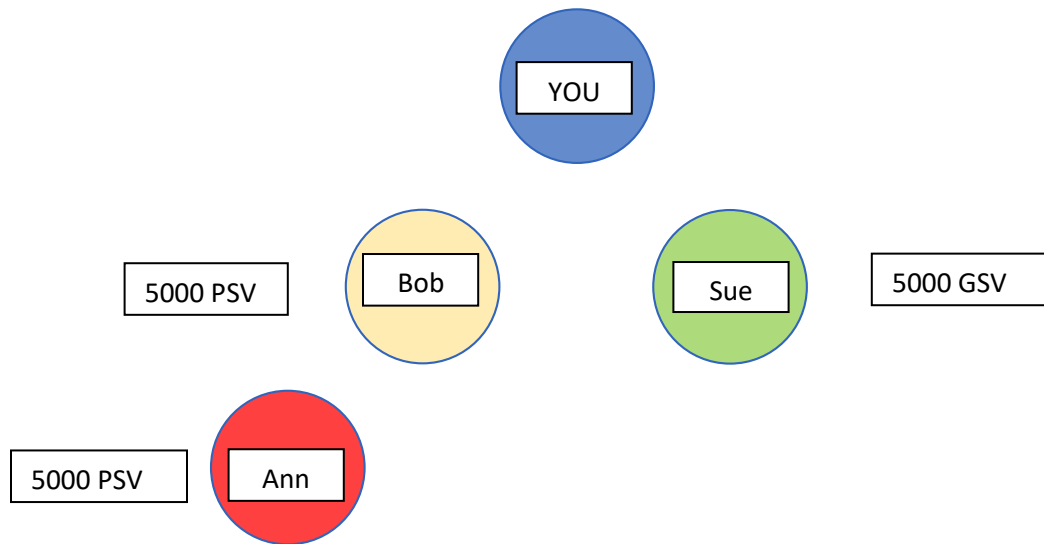

2000 Left 2000 Right GSV BC 001 = 400 pts.
1000 Left 1000 Right GSV BC 002 = 200 pts.
1000 Left 1000 Right GSV BC 003 = 200 pts.
4000 GSV earns 800 pts.

In this example, you get paid double for the same amount of effort and volume flowing through your business. With 1 BC you make a nice weekly check of \$400.00 for having 2000 PV on your left side and 2000 PV on your Right Side, however, if you had 3 BCs and divided the same volume of 4000 PV into 4 separate 1000 PV and placed them as shown in the picture above you would have made an \$800.00 paycheck. So give yourself a raise when you first start out by purchasing 3 Business Centers.

Sponsor Bonuses \$\$\$

During any given weekly pay period all personally sponsor volume that you are directly responsible for that takes you above 5000 PV on any side of any of your business centers , The PV in excess of 5000 PV will be paid to you at 10% of this excess volume without having to balance on the other side. (Note: this only for PV that you personally sponsor during this same weekly pay period that you exceed 5000 PV on any side of any of your business centers)

Example: You personally sponsor 2 people within a same weekly pay period

In this example, you have personally sponsored Bob and Ann for a total of 10,000 PSV on your left side and Sue has sponsored 5,000 GSV on the right side of your business center. However, the maximum any business center can pay in a given week is on a balanced volume of 5000 PV left and 5000 PV right for a maximum pay check of \$1000/week. This sponsor bonus is designed to continue to reward you financially after you have personally sponsored PV greater than 5000 PV on any side of any of your business centers. In this example, you have earned an additional 10% of 5000 PV paycheck on your left side which is \$500 without having to balance with PV on the other side! (Note: Sponsor bonus sides do not need to have balanced volume on the other side to qualify you for a paycheck for this week; just have volume you personally sponsored + GSV above 5000 PV on any given side of any of your business centers). The 5000 PV volume to qualify you for this sponsor bonus can be volume on any side of any of your business centers can be a combination of personally sponsored volume and GSV group sales volume. When we add this sponsor bonus check to your Maxed out business center paycheck of \$1000, your total paycheck for the week is:

$\$1000.00 + \$500.00 = \$1500.00$ for this week.

You can choose one of three options below to get started

1. Client (Only) Stem cell Banking
