AM CH MARAHOOTAY PRINCE OF PERSIA

(Sire: Int'l Multi CH Stormchaser Prince of Darkness x Dam: Kasaan's Forever Fortune)

Sultan took a 5 point major to finish his American Champion Title in style. So far with only one loss he has taken Best of Breed for the classes over specials and collected 3 majors. Our heartfelt thanks to his handler Mark Peterson for taking such good care of our boy. Sultan's Litter Sister Pink (Marahootay Desert Orchid) finished her Dutch Championship on the same day; both are following in their Daddy Hades' footsteps.

OFFICERS REPORTS

President's Report

Steve Anderson
sta111@verizon.net

Our Code of Ethics requires us to

"preserve the breed without exploiting it." There are those who think that phrase only applies to the breeders among us. After all, only they produce new specimens of the breed. But there ways that every malamute buyer and owner can help reduce exploitation, and contribute to the preservation of the breed we love.

We all know exploitation when we see it; when selfish, mercenary impulse takes priority over the ethical and humane care of the dogs. This has always been wrong, but we must be even more sensitive to it now, when "animal rights" organizations are determined to make all of us look like the worst of us. They would outlaw, not just dog breeding, but all dog ownership, and they would use our own "bad apples" against us. We must police our own, as hard as it may be, or the ARs will do it to us all.

Defending the breed is one way to preserve it. Another is to safeguard our shrinking gene pool. Economic pressures and the "big name stud" phenomena are just a couple of the factors that tend to reduce genetic diversity. We need to make sure that the remaining gene pool is as robust as possible. Every owner of even one dog can contribute to that goal by getting all the recommended tests and by banking DNA with CHIC. Breeders should advertise that participation to the public. Every buyer should check the CHIC database for kennel names. Doing health screenings and supporting research with banked DNA is the best way to reduce the spread of harmful genes while still keeping the dogs in the pool. Let's make it "what good owners do."

AMCA will use electronic polling for the first round selection for the 2016 National Week conformation and the 2014 National Week sweepstakes judges. The poll will open on July 10, and close on July 31. Beginning July 1, members can preview the complete instructions and the two judges' lists in the Members section of the website. There are over 400 eligible conformation judges, so read the instructions and pick your names before you log in to the poll itself. Each voting member with an email listed with the Club will be sent a unique poll link on July 10th. If you don't get your link, or if you want a paper ballot, contact me. The final round voting will be on the Annual Ballot.

Do you have a nominee for the AMCA Outstanding Service Award? Send the name(s) to the Recording Secretary, Jo Ann Krause (josie@northlc.com), right away.
Have a safe and enjoyable July 4th.

May Treasurers Report:

Due to the forest fires here in Colorado and our subsequent evacuation, I was unable to assemble the May Treasurer's Report in time for publication.

Although our family, dogs and house escaped without any major damage, many of our neighbors were not so lucky, so we have been focusing our attention on helping them right now. The May Report will be published in its entirety alongside the June report in the August Newsletter. The balance of our bank accounts as of May 31, 2013 was \$44,571.01. If you should have any further questions please do not hesitate to contact me. *Thanks, Rob Pratt*

I'm sure I can speak for everyone when I give a sincere and heartfelt THANK YOU to Muriel Dean for her amazing work writing this column for the past ten years. Her column has always been my favorite part of the newsletter and one that I looked forward to reading the most. I'm very grateful to Muriel for offering to help me as much as I need – which may end up being quite a bit!

Please allow me to introduce myself. I'm a college student from New Jersey (on the Jersey Shore for anyone familiar) and I also work full time as a pharmacy technician. I've been an AMCA member for just about four years now and have my first malamute, LAYLA, (**Owyhee's Spirit in the Night**) who will be seven in September. I'm also an AKC Canine Ambassador for the AMCA, giving public education demonstrations with LAYLA. She has me absolutely hooked on the breed, and I can't imagine having anything other than a malamute in the future. I love their personalities and temperaments, even the stubborn obstinacy; most of the time, anyway :) We compete in obedience, Rally, agility and lure coursing and are active in therapy dog work. We're training in tracking, but haven't yet found the time or space to practice enough to test. Hopefully that will change in the fall.

For anyone who has not noticed, not only is there a new columnist for this column and committee, but the name has changed also. Muriel's column was AKC Performance Awards & Statistics and it is now AKC Companion Events and Statistics. The AKC has separated Companion Events from Performance Events. Companion events include activities such as obedience, Rally, tracking and agility while performance events include the titles that breed parent clubs offer their members. I think it's fitting and sweet that Muriel's last column was, in fact, the last column with that name.

As far as I know none of our members have tried this yet, but there's a relatively new activity that has its titles recently recognized by the AKC. It's called Barn Hunt. It sounds like a LOT of fun, as long as you aren't trying to curb prey drive or hunting instinct in your dogs. In Barn Hunt, dogs hunt for and locate rats which are (supposedly) safely

enclosed in aerated tubes hidden in a straw or hay bale maze. It's a timed event that can either be in an actual barn or in an enclosed outdoor space. Different levels include Rat Instinct, Novice, Open, Senior and Master Barn Hunt and several championship titles.

For Rat Instinct and Novice which are the basic classes, there are three PVC tubes placed on the course. One is completely empty, one has dirty litter but no rats, and the third has both litter and a live rat. The dog has one minute to alert the handler to which is the "live tube". Dogs have to show athleticism by climbing over hay bales and tunneling through them. There are specific course designs that entice the dogs to climb/tunnel over or through the appropriate bale. I haven't had the chance to try it out yet, but I'll give it a try next time there's a local event. If you are interested, you can read more about it at www.barnhunt.com, and if you have already participated in this, please share your experience!

I haven't heard from any members yet about their accomplishments, but I know of two big titles that were earned today in New Jersey. I know of another big title on the west coast that's very close to being attained. Since I haven't heard from any of the members themselves, I'll wait for them to tell their own story. For everyone else, please send me your stories also! We all love to hear about our members' journeys with their malamutes. In the last newsletter, there was a mistake in my phone number. Please note the correct number is listed above. I'm expecting next month to have a lot of good news to share. Until then, hug your dogs and keep cool this summer!

A sorrowful time for all

It's just plain sad.

The Alaskan Malamute has become the poster breed for abused animals — on the internet, on national television, YouTube and in the newspapers, even in the New York Times. And we all share in it.

Mike Chilinski, a Montana malamute breeder, was busted after repeated complaints from puppy buyers to local authorities about the horrific conditions at his kennel. The result: Chilinski was convicted on 91 counts of animal cruelty, with a sentence of 30 years in prison, 25 years suspended. An-

other 18 months was added on by Federal authorities who found 130 marijuana plants growing on Chilinski's property.

The Lewis & Clark Humane Society shelter in Helena, suddenly had some 161 Malamutes dropped upon it. There were 12 pregnant bitches which grew to 20 pregnant bitches. There were old dogs; there were young dogs. Eighty-four of them were clinically emaciated. Vets found strange objects in their stomachs. When you are starving, you will eat anything. A two year old red bitch named Sienna was missing half her tail and weighed 30 pounds. The Mal standard calls for bitches to weight at least 65 pounds.

Through the years, many of us, including myself, had been told of Chilinski's breeding practices and of his unwanted dogs repeatedly flooding the local shelter. It can't be that bad, I thought. There are quite a few breeders who have his Aluk dogs in their pedigrees, and they are winning dogs. Besides, I thought, there are enough puppy mills in my own Los Angeles area, without worrying about one in the Rocky Mountain area.

If you would like to see the conditions at Chilinski's kennel were, check the video on YouTube. You will see and hear Helena shelter director Gina Wiest, and her staff, describe the care and devotion given by so many to help these malamutes get on the trail to recovery.

The kennel was in a hidden hollow. As the authorities drove up, there was no noise, no commotion. Basically, the dogs had given up on any one coming to see or help them. The farther away one got from Chilinski's house, the worse the conditions were. There were three to four mals in a pen, all half-starved. One big male was thin, but the two smaller mals in the pen with him were much worse off, including the bitch that was pregnant. Whatever food was available, the bigger one got it.

Veterinarians found two-thirds of the mals had chewed off ears. Surgery was necessary to remove pine cones and rocks from stomachs and repair perforated bowels. 108 pups were born, 56 survived. The shelter established a Malamute Village in a former state greenhouse. The mals were put into individual runs, fed the canine equivalent of three squares a day and received the veterinary care they needed. They were held there as evidence for over a year, as Chilinski proceeded to trial.

But what the mals needed most was people attention. And it was rained upon them. "They were so terrified, they didn't know human contact" said one worker. "They were so afraid."

The shelter started with three helpers, and ended up hiring 15. Help also came in the form of endless volunteers who came to work with the dogs so that they could be adopted. Some came weekend after weekend; many didn't know a malamute from a Maltese, but came anyway.

For AMCA, the man who moved mountains

to save these dogs was Bob Sutherland, president of the Alaskan Malamute Assistance League (AMAL). Funds had to be found to defray the costs of housing, feeding and veterinary care for these dogs, and he found them. An adopter from mal rescue in Alaska where Bob lives, paid for 80 percent of the spay/neuter costs. Funds for the other 20 percent came from North Carolina Mal rescue. Pallets of food came from dog food companies, national pet stores and from just plain people. So did runs, crates and leashes.

Malamute Village is closed now. 24 mals

that were too shy for adoption were placed with behavioral specialists to work with them for future adoption. Only a handful remain at the Montana shelter to be adopted.

Any time the media needs a photo to go along with a story about puppy mills or animal neglect, there will be a picture of an emaciated Chilinski mal, with clotted fur, standing in a filthy run. Get used to it. Until we all pay attention to what refusing to get involved can do, you'll see this again.

It's just so sad.

AREA REPORTS

GREAT LAKES

Janette Slusher, Area Reporter
slushers@comcast.net

Maureen Andersen (Canada) sent a nice report this month ~ "What a great weekend it was in Thunder Bay, despite the cold building at the show site. Everyone hustled around sipping warm drinks, just happy to be out and at a dog show after the long winter. Tanya Hawley, Tera Corrigan, Craig Keeling, John Knight, Steve Granger, Krista Roberts and Steve Ouellette were the group that travelled up from Southern Ontario. Normally a 20 hour drive, this one included five hours of snowstorms! Tanya and John are annual supporters of these shows but Tera, Craig, Krista and Steve were new faces. I'm pretty sure they all enjoyed themselves, and our Northern hospitality, as I have already heard they plan on making it an annual show. Sue Kuszner also made it from up North. She bunked with Julie Hurd in her trailer on the show site beside Tanya, Tera and Craig. John Knight tented in between them with his mals, while Steve slept in his van. All weekend I had folks asking me "who is the mal person in the tent?" Anyone knowing John did not find it strange; this is vintage John! They all barbequed together Friday night and from what I heard at the banquet on Saturday night, they had a blast! Our table of 14 was rocking with laughter! Nat and I stayed with Eleanor and Edwin Stewarts. We have stayed so often now, that the one bedroom has been christened "our room." Their newly added sunroom is soooo cozy and relaxing with the fireplace, and huge wall, TV and reclining chairs. It was strange, though, not to have TYE lying at our feet and giving us a nudge...he is still very much missed.

Going home Nat and I planned our next trip at the end of June to hopefully finish our guy SUKA, **Sanekats Regina Big Boy**. We knew when we entered with a bald dog our chances were slim, and that we can't all be winners, so we were very happy with our Reserve win at the Specialty under judge Neil Graves! Sue Kuszner's boy MAV, **Nimki's Keikewabic Top Gun**, finished Saturday under Judge Judy Elford, which made for a happy Sue! MAV was in great condition after spending the winter with John sledding and getting plenty of roadwork. Tanya Hawley had a huge smile on her face Sunday, too, as her boy DOZER, **Slushpuppy's Blackie Lawless**, pulled off a nice Reserve win. It was nice to see these two gorgeous black and whites in the flesh after seeing so many pictures on FB Her girl MEME, **Slushpuppy's Voodoo Envy**, definitely enjoyed herself after the long trek, and loved going around the ring every chance

she had. Pam Kovac's big boy, **JAGGER, Tundra's on the Rocks**, had a nice 3 pt. win under judge Ray Smith on Friday. More and more, this boy reminds me of his Grandpa BREAKER. Krista Roberts and Steve Ouellette went home with their boy DRYDEN, **Keikewabic's Nimki Dryden**, now sitting on seven points, after his 3 pt. win under judge Michelle Scott on Sunday. Sue handled him this day, and they looked great together. Julie Hurd's weekend was fantastic! Julie's girl NANOOK, **Kiaranuk Keikewabic Summersnow**, finished in three shows, only beaten once by her niece JAYDIS, **Kiaranuk's Nordic Fashion**. JAYDIS picked up four points under judge Judy Elford to send her home with seven points! Our co-owned boy, **STELLAR, Ch.Tundra's Keikewabic Kiaranuk**, was entered 2 days and went home with Breed and Select wins under judges Judy Elford and Neil Graves! Marie Bouchard's trek from her Northern home was not in vain, as her girl NANUKE, **Keikewabic's Nanuke**, went home with a nice Reserve win under judge Ray Smith. Tawny Roblin's boy, **TRACE, Ch. Polarbreeze's Trace of Wencinja**, was looking great and took Breed three times over the course of the weekend. Congratulations to all! We had such a great time we are already looking forward to next May!"

Maureen also sent in results from the Lakehead Kennel Club shows on May 3 and 4. They went like this:

Kiaranuk Keikewabic Summersnow finished her Canadian Championship!

Back here in the States, Lucy Sanders says she had a couple of fun weekends catching up with friends, eating in Frankenmuth and shopping at the outlets. The weekend of the April 6, they celebrated COCO's, **Ch Fall Moon's Usa Ka Bukora's**, GCH win under Judge Kenneth A. Buxton. Lucy took COCO's Momma, **SHADOW, Ch Pale Moon's Cosmo's Shadow**, out to a Veteran competition at the Progressive Show, and enjoyed watching her old girl (almost 10 years young) wooing around the ring! She hasn't been in the ring in ages and said, "look out youngsters. Here I come!" Lucy was thrilled with a G1, and almost fell over when Judge Maureen Day pointed at **SHADOW** and said you are the Best In Show. What a wonderful feeling to realize my old girl can still strut her stuff! We capped the weekend off by hurrying home to attend our daughter's Grad School Graduation. I'd say the girls ruled that weekend! (See Howls)

Belva Sutton Dreer announced last month she had two new CGC family members living with her; the breeder/owner information in the "Howls" section last month was listed incorrectly. My apologies to everyone concerned. Corrections have been made. (See Howls)

Laura Swire's, **SPRITE, Staghorn Ice Sprite of Hill Frost**, finished her Championship at the Sunday, Genesee County show here in Michigan. She went BOW for four points. Those are the facts, but there is more I wanted to add. When I started with **SPRITE**, I had not shown for over ten years, and knew I was very rusty, but it was important to me that I showed her myself. I was very apprehensive when I began, but it seemed like every step of the way, there was someone who offered help or encouragement. Then when she finished, I was especially moved by the applause and hugs. It was a very memorable day. Thank you so much Mal people! (See Howls)

Patty Carlisle reported that **MISTY**, now **Ch. Car-Ben's Play Misty For Me**, finished her Championship with a three point major at Ravenna Kennel Club show, Sunday, May 12, 2013, under breeder judge, Cheryl Paterson. (See Howls)

Ron and Diane Phillips report another good weekend for **BEN, GCH Northern Lites Patriot Of Snowvale**. At the Tallmadge, OH show on Saturday 5-11-13 he went

BOB for a major win and on Sunday's show 5-12-13, BEN went BOB for another major win under breeder Judge Ms. Cheryl Paterson. Following that, over the five day Memorial weekend at the New Castle, PA shows, BEN took SEL on Thursday, Friday and Monday. Also, he was only entered at the Saturday show in Toledo, OH 6-1-13, and went BOB.

From Holly Donovan: At Tallmadge Ohio 5/11/13, **Northern Lites Miss Glory** was WB/BW/BOS, **Ch Northern Lites Mr Lincoln**, SD 5/11 and 5/12, **Kasaan N Northern Lites Honor**, W/BW for a three point major. New Castle, Pa **Ch Northern Lites Mr Lincoln** won four out of five BOB's. LINCOLN is 15 months old, and is already very close to his GCH title in two show series!

On May 17, the Great Lakes Alaskan Malamute Club hosted a weight pull on Friday evening before the AMCA Specialty in Corunna, MI. Dave Gallagher made the trek from Vermont to Michigan with RANGER and CASSIE and ultimately was awarded the top two awards. RANGER pulled the most weight and CASSIE pulled highest percentage. Congratulations Dave and Susan, and thanks for your continuing support of our club's weight pulls!

The next day, May 18, perfect weather conditions fell upon us for the AMCA Specialty weekend in Corunna. It was our "Spring Into Summer" event, and Karen Skalecki brought in trophies all reflecting the summer theme! Four and five point majors all weekend were up for grabs! We had 10 veterans entered and they all went home with beautiful embroidered towels for their attendance! On behalf of the Great Lakes Alaskan Malamute Club, I would like to thank everyone who helped out with trophies, entries and your attendance. Above all, thanks to Tricia Till, Show Chair and Betsy Davis, Show Secretary; you both are to be commended for putting on a great show!

Before I am replaced by a Facebook® page, there is something I want to correct that has been bugging me for decades. It's not "Something To Howl About." The correct phrase is "Something About Which To Howl". Good grammar does not cost any more than bad grammar. And it builds strong bodies twelve ways (up from eight).

Some area folks have things about which to howl. For example, LeAnn, Joe and the Missanas:

"Just some recent brags for you all. First off,
AMCA Newsletter

Bettendorf, Iowa on May 11, under judge Sharol Way, KENDALL went BOS. On May 12, under judge Rich Gschwender, KATANA went RWB, and KENDALL went BOB. Michigan Specialty on Saturday May 18, under judge Ann Mariah Cook, KATANA, **Bad Axe Soul of the Samurai**, went WB for a four point major. KENDALL, **GCH Bad Axe It's All About Me**, went BOS. What a great showing for us with some great competition, and a nice start for KATANA, her second weekend out:) On Sunday May 19, under judge Missy Rooney, KATANA, **Bad Axe Soul of the Samurai**, went Best in Sweeps! KENDALL, **GCH Bad Axe It's All About Me**, picked up a couple of selects as well. Bloomington, IL on May 26, under judge Lorraine Boutwell, KENDALL went BOS. Let's hope our luck continues..."

We haven't heard from Cindy in a while:

"Cindy Uraynar would like to thank Amanda Kanzelberger for her expert handling and super care of her boy, MYLO, **Ch OAKIOK OH MY OH MY**. In just six weeks, she completed his Grand Championship, and just this past weekend at Fargo, North Dakota, she and MYLO won two Group 1s, Reserve BIS and a Group 2! Thanks for the thrill ride!"

Do they actually have dog shows in North Dakota? I have to mention that I had to edit out exclamation points from Cindy's and LeAnn's brags. Two exclamation points are the limit, unless you win Crufts or something. We cannot afford to waste ink or electrons on all those public displays of excitement. We are Malamute People, after all.

And from Jackie Wyandt:

"BLITZEN, **Shadow Crests Dash Away All, RN, CGC**, got third place with a score of 189 and a half for his first beginner Novice leg, Sunday May 19, at the Greater St. Louis Training Club under judge Jim Ham! He almost didn't pass, because when I dropped the leash, somehow I got tangled up in it and nearly tripped as I left for the sit stay. I ended up giving poor BLITZ a good jerk on the leash before I realized I was tangled up in it! But he didn't budge, even when being "punished" for sitting!"

Summer is creeping in on cat's paws. Snow melts before it hits the ground. Sleds don't glide smoothly on the pavement. The high part of the season is the Wisconsin Club picnic, this year held on July 13. These folks are also putting on the National this year, so I expect that the leftovers from the AMCW picnic will be served at the AMCA Specialty. The picnic is an all-day affair, with a puppy match and a sale of donated dog items. I am hoping this year to revive the nude volleyball games which used to be the highlight of the day. The Club also has a picnic at their Specialty at the Waukesha

show. So lots of volunteer work for me to avoid this summer and fall.

While I wrote this article, Robin called Bev Pfeiffer to learn the date of the Wisconsin Club picnic. We learned two things – today is Rick's birthday, he is 39 years old. We also learned that the National committee is a couple thousand dollars behind in trophy donations for the National Specialty. I am personally concerned because I plan to win most of the trophies this year with my white dog, SPIKE. If everyone in the club donated just ten dollars each it would be enough to buy me a car. So let's get on the stick, folks. The Doberman Club ain't going to buy our trophies for us.

Muriel Dean has called me at home twice, and both times it was good news. Few people have that kind of talent. Muriel has been the Performance Awards and Stats Committee chair for ten years. She wrote her final column last month. Unlike me, she was able to talk someone into taking over her job. She is not leaving entirely. She has maintained the performance data base on the Club web page, and will continue with that job. So it's not really goodbye after all.

I have only heard from Terry Becker, and unfortunately it is sad news. When our friends leave us, it brings sadness and emptiness in our hearts.

This Black Ribbon is for Mala. May you find happiness Mala, as much as you did with your long-time owners, Peggy and Chris. The following is written by Terry: "After 16 years and nine months "Mala" has joined her parents and siblings over the rainbow bridge. Mala was the last offspring of Lita and Taku, and was born August 23, 1996. She was a very special girl to Peggy and Chris Egan. They made her homemade bread, and she had a slice daily. They had a special 16th birthday party for her with a hat and all the trimmings last summer. Their hearts are deeply sad that their girl is gone. Mala definitely set the record for longevity of Nakuchluk Kennel puppies.

Her brother, Tarrak, passed two years ago. I know they won't be reading this but I thank them for being such a loving, special family to one of my babies. I could not have asked for a better home.

Just after I sent off last month's column, Pam Renock contacted me again to tell me that KODA, **Abenaki's Piece Of Cyberspace, CGC, RN, BN, OAJ, AX, AXJ, WWP**, gained yet another agility tile – Excellent Jumpers with Weaves (see Howls)! This also puts him on his way to a Masters and MACH – so he's clearly on a roll. Great work Pam and KODA!

I also heard from Lori Hicks who had this message to send to all her friends: "I want to thank you all for your support, to all those that contributed to our recovery monetarily or spiritually. It means so very much to us." She also has some very cool puppy news: "I have the first malamute puppy going to Walter Reed Memorial Hospital to be working in the Wounded Warrior Program. That's a HUGE accomplishment for Masasyu Kennels, and is opening the door for more of my dogs going into the program. I'm setting up a therapy program at our local VA for the guys and gals coming back from service. Who knew that we would be going right to the top therapy program in the country?" Wow! Great work, Lori and so great to hear you are all doing well after your ordeal.

The last bit of news I have to impart, is very exciting news from Kathy Hausner regarding her TYSON, **Ch Tugar's Taking On Tyson**, co-owned with Junior Das, and also her puppy KOAK, **Tugar's Built To Last**, co-owned with Brenda Scully and Jr. First, TYSON, who finished at Harrisburg, has been tearing up the rings as a special with back-to-back Group 1s (see Howls). On the same day as TYSON's second Group 1, KOAK went to the EAMA Match at North Branch Park, NJ and won Best Puppy at the malamute only match. He then participated in the SHKC all-breed match the same day and walked away with his second Best Puppy in Match!! What a terrific day for Tugar Malamutes! Huge congratulations.

As I write this, the voting for the 2014 Specialty is not yet closed so I will report
Pg. 12 July 2013

on the results for that next time. Meanwhile, enjoy your dogs and have a good summer.

The last few weeks have been just a whirlwind for me, back and forth from the PNW to the East coast twice. Makes you really feel bad when you finally leave nice weather in the PNW just to fly into rain on the opposite coast. I returned to an obvious power outage and trouble getting my computer back on track, but was finally able to get back on and turn in everyone's reports! I would like to share the following news from John Dewing, Carmen Rowe, and Michele Coburn.

In May, my partner Ron Dysart and I along with Cindy Neely drove down to the Rocky Mountain Alaskan Malamute Specialties held in Logan, Utah. These shows are held the Friday before the two-day Mt. Ogden Kennel Club show.

First, I have to thank the Rocky Mountain members for putting on such a great show. We LOVE the show grounds down there. Such a beautiful setting, the very clean facilities and we just love Logan, UT ... so beautiful! If you've never gone, you need to put these shows in your bucket list of shows to attend next year ... just beautiful.

The Rocky Mountain Area Specialties are held as a morning and afternoon event with both Specialties being judged in the same day. Breeder judge, Nancy Russell, judged the morning Specialty, and I'm very proud to say that she awarded our bred-by bitch 2G, **Chikara's Way Too Grand**, Winners Bitch and Best of Winners for a 5-point major ... and this is completely in her summer underwear! Thank you Nancy for rewarding her even out of coat! Her Best of Breed was our beautiful QULEE, **MBISS GrCh Jazzland Rain on Quileute**. What a huge thrill. Thank you!

The afternoon Specialty was judged by Mr. Garry Newton. Our naked 2G was selected as Reserve Winners Bitch and QULEE went on to win the Breed again under Mr. Newton. Back-to-back Specialty Best of Breed wins! Whoohoo! Go QULEE! That makes four Specialty Best of Breeds in five weeks.

On Saturday, we had Mt. Ogden Kennel Club. The breed was judged by Mr. Pete Dawkins and he also awarded Best of Breed to QULEE and she went on to win the Working Group under Mr. Garry Newton. Thank you to all the judges who think QULEE is the best ... we do too! The last day in Logan, QULEE was awarded Best

of Opposite Sex by breeder judge, Ruth Zimmerman. As a bonus to the weekend, every Select Bitch award was won by QULEE's mother, **Ch Jazzland Rock On**, bred, owned and handled by Cindy Neely. You can see where QULEE gets her amazing movement when you watch these two girls in the ring together.

Congratulations to all the winners that weekend. It was so nice to catch up with old friends, Joe and Robin Hug and Barbra White, from my years of living in the Denver area. Pat Jenkins and Leneia Rogowski and the whole crew down there, thank you for making us feel so welcome.

Carmen Rowe said that they haven't had much to post of late, what with the move (both home & work) well that's a wee bit distracting! Though it's been nice to sit back and take a break, let everyone grow up, tinker with other things as we get settled in, and get back to some basics in doing some training and working. It's very nice to have a place with a lot of running trails through the woods. While we miss our dog show social time, it's been great to see so many nice winners coming from the area, and congrats to all who have put out such great representatives of our breed! Since we've taken a break from the ring, our brags will have to come from our extended family J with shout outs to our MICK, **Ch Gryphon's Moonlighting at Wintuk, CGC**, who we bred/co-own with momma Sharon Kalous. Mick took back-to-back breeds a few weekends ago as a wee three-year old. Then there is DUNCAN in So Cal, **BPIS Int'l/Nat B.A., UKC Ch Gryphon's Celtic Shoot-the-Moon, CGC**. We thus have our second UKC Champion (with 2 G1s and a G2). DUNCAN is well on his way to AKC Championship with his recent 5-point major under Nancy Russell at the Rocky Mountain Specialty, and his second major the very next weekend, he doesn't have far to go! Not bad for a young'un. Both DUNCAN and his baby sister AYLA, **Gryphon's Miracle of the Moonlight**, got her **CGC** as well. You can see more about their brags in the Howl section and specialty reports. We also look to see several working titles and working ROM titles coming up, as we finalize paperwork. We are very excited so many of our kids hit their numbers! So proud of all our doggie family that help make this happen. (see Howls).

Michele Coburn shares, "I am so, so proud of my boys in California keeping up the family honor in a big way while I am home with the new babies. Both PUCK, **Ch Peace River Silver Ice Summer Solstice** and HET, **Ch Peace River and Wings Aviator** took **AOMS** at both the AM and PM Specialties of the Northern California Alaskan Malamute Club. Then the following day, the lovely PUCK took BEST IN SHOW

at the Camelia Capital Kennel Club, and the day following, a RESERVE BEST IN SHOW. PUCK was expertly handled with love by Collen Stone to these wins.

The following weekend, now PUCK, **GR CH Peace Rivers's Silver Ice Summer Solstice**, took a Group 2 and Group 4. I am so, so proud of my boys, they make me smile!"

Thank you everyone, and congratulations!

Ellen McKee from Wyoming has been having fun with her new pup and getting out in the agility rings: "Hi Kim. I have some brags from last weekend at the Intermountain Kennel Club show in South Jordan, UT. Last Sunday, May 5, 2013, my malamute GREYFOOT, **CH Hawk's Rest of Snow Hollow, NA, NAJ, NF**, earned his Novice Standard Preferred title under Judge Susan McClair. He moved down to 20 inch Preferred last November and likes that jump height much better than 24 inches. Also, my 10 month old puppy LOLLY, **Northern Exposure Mt Leidy's Legacy of Snow Hollow**, earned her first two points toward her AKC championship. She earned single points under malamute breeder Judge Robin Hug and Alberto Berrios.

Summer is definitely upon us here in the west. It is hot and dry with wild fires starting their wrath early this year, and my thoughts go out to the 24 families that lost their homes this week here in Santa Clarita. For those close to the fire(s), please remember that a fire often displaces the wildlife in and around a burn area. Many times the wild life wander into populated areas because they are disoriented; it is a good idea to have the phone number for your local Fish and Game on hand just in case.

Now on to some fantastic brags this month...

Our first brag comes from Dorothea Ragsdale. She reports: "Here are some brags from the Mission Circuit for PALADIN, **Ch SnoDanc Have Mal Will Travel**. He just

turned two years old, so I am pretty proud of his accomplishments. PALADIN was awarded BOS on May 26, 2103, at the San Fernando KC for another major towards his grand championship, and he was Select Dog the following day at the San Gabriel KC, for yet another major towards his grand championship – so he has all of his majors out of the way for that next level of recognition. Not too bad for a youngster. A huge congrats to Dorothea and PALADIN".

Next I heard from Teri Carranza with some impressive news of her own. She reports: "DUNCAN, **BPIS Int'l/Nat B.A., UKC Ch. Gryphon's Celtic Shoot-the-Moon, CGC** did us so proud the last few weeks, we hardly know what to say. First DUNCAN earned his UKC Champion with two Group 1s and a Group 2! Then he and baby sister AYLA, **Gryphon's Miracle of the Moonlight CGC**, earned their CGC titles. But that wasn't all; DUNCAN then went with us to the Rocky Mountain specialties, where he took WD for a 5-point major under breeder-judge Nancy Russell, and a reserve later that weekend. The very next weekend, he took his second major at Mission Circuit in Pomona. DUNCAN and AYLA also continue doing therapy and harness work, and we are testing the waters with Rally and obedience. Our kids have certainly done us proud!" The all-around malamutes at work! Congrats to Terri, DUNCAN and AYLA!

Our next brag came from very close to home. Cyndi Chauvie writes: "SARAH, **GCH Joshua's Guns and Roses**, was awarded BOB at the Burbank Kennel Club #1 under Mrs. Terry Berrios in April. Then in May, SARAH was again awarded BOB at the Apple Valley Kennel Club #2 on Mother's Day, under Mr. Bill Sheldon. We finished out the month of May at the Mission Circuit, where despite being flooded out twice from an overactive fountain system, SARAH managed to win BOB three out of four days." (Side note from your Area Reporter: Over some very stiff competition, I might add). First, at the Antelope Valley Kennel Club under Mrs. Doris Cozart, the following day at the San Fernando Kennel Club under Mrs. Houston Clark, and the final day at the San Gabriel Valley Kennel Club under Mr. Kerry Lee from Australia. We are very happy with our girl doing so well with limited showing :) Thanks again to the Area Editor (hey, that's me), who is also my daughter, for a lovely Mother's Day! It was a wonderful day indeed Mom! A big shout out to SARAH on some fantastic wins!"

And our last brag for the month came in from Dain McComb (just made the cut off.....whew) with some wonderful news to report. She writes, RITZI, **Ch SnoDanc Puttin' on the Ritz**, had two daughters finish their championships both 2,000 miles

apart, one week apart. Both bitches went over five champions to go Best of Breed to earn their first majors. PEACHES, **Ch Alcan Nomarak Peachy Keen**, owned by member Marilyn Curtis in Newnan, GA., and LOLA, **Ch Alcan 'n' SnoDanc Party of One**, co-owned by myself and Dorothea Ragsdale. LOLA finished on the Mission Circuit (See Howls), and PEACHES finished in Biloxi, a week later." Congrats to Dian, Marilyn, Dorothea, RITZI, PEACHES and LOLA. Way to go Girls!

The 2014 National Committee held a meeting at the Mission Circuit shows to discuss the upcoming 2014 National to be held in Southern CA. We are still in need of volunteers to both head and assist with several committees. A National really does require the assistance of the majority of members in the hosting area (but we would never turn away a non-member or a member from another region who wanted to help out), so please contact either Marion class4kids@aol.com or Gloria terraglo@aol.com to find out where we can use your help. We are planning a great line of events for the week, and would like to make this a fantastic National for everyone to enjoy. So please consider pitching in wherever you can.

Until next month, keep up the wins, keep up your spirits and hug your mals often!

STARLIGHT was awarded the CAC from his intermediate class. AESHAN was awarded the Res. CAC and Res. CACIB from her intermediate class. The kennel was awarded Best in Show Breeder Group and Res. Best Brace In Show.

News from UK member Sue Finan; Marahootay had a great couple of weeks with three of their breeding being crowned champions. On the same day, littermates **Ch Marahootay Prince of Persia**, SULTAN, and **Ch Marahootay Desert Orchid**, PINK, both gained their titles. PINK owned and loved by Angelique Machielsen and Johan Valk was awarded BOS in Holland, and their own SULTAN took a five point major in America, handled by Mark Peterson, to complete his title campaign in style (see Howls).

Meanwhile, here in the UK, at the Wickford and Basildon Open show held in May, **Ch Marahootay Sorcery at Shamanictrax**, GHOST, of Breed. To top that, at the Southern Counties Championship show, held in June, GHOST was awarded her third and final CC to complete her UK championship title (see Howls).

At the ABSA specialty sled dog show, held in May, **Marahootay Dancing Queen**, LEILA, was awarded Best Puppy in show, Reserve Best in Show, Best Opposite Sex and Best Bitch.

Sue and John wish to thank all of their puppy owners who take the time and effort to show the dogs, and of course, to the judges who have thought so highly of them.

Norwegian member, Torhild Ringerike, sent news this month: "At the Norwegian specialty show, held in April, **NUch NJV-12 NORDJV-12 Trap Line Gonnawannamush with Gaga**, GAGA, was awarded Best of

Breed which also completed her Norwegian championship. Best junior was awarded to **Trap Line Packice Alvide** at only 10 months old. Best veteran was awarded to **NUch NTch Trap Line Jaunty Balder**. In addition, kennel Trap Line was awarded BIS breeder. The show included all polar breeds."

News from Dutch member Rita Liebrand: "Some great news here. Our boy **BISS Ch StormChaser Phantom Menace**, PHANTOM, won BISS at our National Alaskan Malamute Specialty 2013, at the age of eight years. We are very proud of him as this is his second time winning BISS. PHANTOM also won Best bred by dog in show and the Champion male class. The StormChaser Kennel was awarded Best Kennel and Best Progeny Kennel in Show. We were also placed first and second in the brace class. **Ch StormChaser the Saint** was awarded Best male in the Bred by class. We are, of course, over the moon with the results.

A week later, PHANTOM started his veteran championship at the National Dogshow in Arnhem, under breed specialist and AMCA member, Mrs. Erna Upmeyer. He also took Best of Breed there from the veteran class and was shortlisted in the group. We are so proud of this boy; he is still full of energy!"

The main results from the AMCUK specialty, held in May, under judges Sarah Robinson for dogs and Roberta Wright for bitches were; Best In Show, Best Dog and Best Veteran: Loades' **BIS/Multi BISS/ Multi BVISS Snowolf Canuck Bullit ShCM**, Reserve Best in Show and Reserve Best Dog: Wolfe's **Hawkeye Polarni Usvit Within Dreamwolves (Imp)**, Best Opposite Sex, Best Bitch and Best Veteran Bitch: Towers/Rivers' **Polarpaws Naknek Dreamer ShCM**, Reserve Best Bitch and Best Junior: Greenhill's **Monikoona Pinacolada**, Best Puppy: Sugden/Cameron's **Star Northwest Arctic**, Reserve Best Puppy: Atherton's **Casiat Ombre Del Buio**. The referee was Mr. S. Myring. There was an entry of 117 in the main classes, and an entry of 35 in the supplementary/stakes classes. The Rescue Stakes had an entry of 32 and were judged by Mrs. Jane York. Best Overall Rescue Stakes: Towers/Rivers' **Chayo Cookie Monster for Wintadreama ShCM**, Best Puppy Rescue Stakes: Sugden/Cameron's **Star Northwest Arctic**.

UK members Sharon and Mark Loades sent news from the AMCUK show, **BIS/ Multi BISS/ Multi BVISS Snowolf Canuck Bullit ShCM** BULLIT was awarded his second BISS at eight and a half years old (see Howls).

News from Dutch member Erna Hartveld-Upmeyer: "Our boy **Ch Kataum Inua's Pitraq**, PIET, won his last point towards his Dutch Veteran Championship (see Howls) under judge and AMCA member Mrs. Rita Liebrand, at the International Dog Show Oss. He does love the attention he gets at shows, so maybe I shouldn't retire him yet!"

Our own news this month: I took granddad **BJISS Mountain Home Sledog Pride (imp Usa) WTD WPD**, NERO, and grandson **Sledog Dream Maker (ai)**, DUNK, along to the AMCUK open specialty show on my own, as Stuart was busy working at another show. It is always a pleasure taking these two boys anywhere, as they are so easy and I never have to worry about their behaviour. NERO was placed second in his veteran dog class and DUNK was placed first in his yearling dog class. I also took both into the brace class where the judge was obviously feeling a little wicked, as we had to complete a figure of 8! The boys were impeccable, as usual, and won the class. NERO was also placed third in the Special Working Certified Dog class and VHC in the Import class.

At the Pinxton & District Canine Society open show, held in May under breed specialist judge Ms. A. Johan Blaney, DUNK was placed first in his Post Graduate Class, and then went on to be awarded Res. Best of Breed from an entry of 10 dogs.

Our new canicross harnesses and belts have arrived, so now we find out if we can keep up with the dogs running!

Please remember to send me your news. If any member is not receiving my monthly reminder, please let me know.

⁴Design fee of both pages is \$40.

⁵Design fee is \$25.

- Design fees include up to 3 photos; \$5 extra for each additional photo.
- Ads must have truth in advertising specs (OFA, CERF & CHD health clearances) or put “None provided.”
- “Paid advertising” must be printed small (no smaller than 8 point font) somewhere on ad.

10% discount for prepaid multiple-month ads (same ad run for 2+ months), excluding Business Card ads. AMCA Member Business Card ad discount: 6 months @ \$13/month, or \$12 months @ \$10/month; both must be prepaid in full. No discounts for Non-Member Business Card ads.

Call for cover availability: 765-277-1203 or email bcpublications1203@gmail.com

Payment must be received in order to reserve ads; make checks payable to AMCA or supply credit card info. Send to Betsy Davis, PO Box 309, Dublin IN 47335.

Rules Applying to Non-Member and/or Commercial Ads:

- 1) Non-members and/or Associate members may not advertise the sale/availability of litters or adult dogs.
- 2) All ads subject to review by newsletter staff and may be rejected if deemed inappropriate.
- 3) Sale of property, equipment, supplies, and services (except brood bitch or stud dog) are acceptable.
- 4) Front cover is not available for non-member and/or commercial ads.
- 5) All ads must be prepaid.

Regarding Color Issues:

Each issue of the newsletter is printed in two parts: 1) the covers (front, back, inside front, and inside back), and 2) the inside pages. The covers may be mixed color and black & white; however, the inside pages must always be printed either all in color OR all in B&W, no mixing. In order to print the inside pages in color, we must earn enough advertising dollars to cover the additional printing costs. This is why we require a minimum of eight (8) paid inside colored ads (not including covers) to run an issue in all-color. It isn't necessary for a single advertiser to book all eight pages; a group of advertisers may pool their resources to make up the eight pages. It's a terrific buy at \$90/page! If you have any questions, please contact Betsy Davis at bcpublications1203@gmail.com or 765-334-8277.

2013 FIRST QUARTER STATISTICS

If you have any questions or corrections, please contact Stacey Moore – Best of Breed/Best of Opposite Sex, Class Dogs/Bitches, and Juniors, Debra Rogers – Bred-By Exhibitor Dogs/Bitches, or Karen Berry – Puppy Dogs/Bitches. Please make sure you notify the appropriate committee member in writing if you are the primary owner of a dog (first name listed on the AKC registration) but the dog is residing with another co-owner. In that case, the dog will be noted in the area in which the co-owner is residing. All statistics reflect points and titles earned as of March 31, 2013.

Congratulations to all the winners, and best of luck through the rest of 2013!

Rowdy's legacy to his kids...

"Shaman"

Arctic Hope's Brave Spirit *STAR, CGC, RN*

Although I've dabbled with Rally Novice before, Shaman is my first obedience dog and has taught me so much. We compete in several venues: AKC, C-WAGS, and APDT (now CynoSport). Besides his AKC Rally Novice title, Shaman has 2 legs toward his C-WAGS Starter Rally, 3 legs toward his C-WAGS Zoom 1 Rally, and 3 legs toward his C-WAGS Level 1 Obedience title. He's earned several placements along the way. We're also training for AKC Beginner Novice.

"Snow"

Arctic Hope's Brave The Snow Storm *STAR, CGC, RN, RL1, CW-SR, CW-Ob1, BN*

Ann and Snow are also competing in several venues: AKC, C-WAGS, and APDT (now CynoSport), in addition to training in agility and canine freestyle dancing. Besides the titles already earned, Snow has 3 legs toward her C-WAGS Zoom 1 Rally, 1 leg toward her C-WAGS Advanced Rally, 1 leg toward her C-WAGS ARF, 2 legs toward her C-WAGS Level 2 Obedience, 1 leg toward her AKC Novice Obedience, and 2 legs toward her APDT Rally Level 2. She, too, has earned many placements.

"Raider"

Ch Northpaw's Power Plays *CGC, WWPDX, IWPA-WDS*

(Northpaw's War Games, CGC, WWPDX x Northpaw's Arctic Kisses)

Raider excelled at weight pulling, winning MWP at 2 National/Regional Specialties and winning medals through IWPA; won Winners Dog at the 2011 National Specialty and easily finished his championship; and is now moving into a new arena: obedience/Rally. His first step was to earn his Canine Good Citizenship title; next step, Rally Novice. Representing his father in everything he does, Raider hopes to carry on the great working/performance line for the future.

"Rowdy"

(GCH U-RBIS/CH UWPOCH Winterstarz Ursa Major
WLD, WTD, WPD, WWPDX, RN, CD, CGC, TDI, AAAM
x Northpaw's Kosmic Kisses)

Doing his family proud, Ruckus excels in many areas. He's double-major pointed in AKC and has been awarded a UKC Best in Show. After earning his Rally Novice and Canine Good Citizen last year, Ruckus is now starting to compete in agility and hopes to continue the family legacy by siring a litter this summer.

INSTRUCTIONS

Handlers may opt to enter in a higher height division for all Regular titling classes, but not in a division lower than their proper height division. Dogs entered in the Preferred classes must compete at the required jump height and may not compete in a jump height division higher or lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running. If measured by the Judge of record, that measurement will be valid for this trial or back-to-back trials only. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running.

Dogs enrolled in the AKC Canine PartnersSM program may be eligible to enter all-breed AKC agility trials at the club's option. These dogs should be listed as All American Dog and must include their AKC number on the entry form and check the AKC No. box.

Junior Handlers should enter their Junior Handler number on the front of this form. Should you not have your Junior Handler number, it may be obtained from the American Kennel Club (919) 233-9767. If the Junior Handler is not the owner of the dog identified on the face of this form, what is the relationship to the Owner? _____

I CERTIFY that I am the actual owner of the dog, or that I am the duly authorized agent of the actual owner whose name I have entered above. In the consideration of the acceptance of this entry, I (we) agree to abide by the rules & regulations of The American Kennel Club in effect at the time of this event, and by any additional rules and regulations appearing in the premium list for this event, and further agree to be bound by the "Agreement" printed on the reverse side of this entry form. I (we) certify and represent that the dog entered is not a hazard to persons or other dogs. This entry is submitted for acceptance on the foregoing representation and Agreement. I (we) agree to conduct myself (ourselves) in accordance with all such Rules and Regulations (including all provisions applying to discipline) and to abide by any decisions made in accord with them.

SCHOOL SPIRIT

Three Years Later...

This past May, AMCA Member Bob Sutherland, accompanied by his malamute "Valley," visited the Polaris K-12 school in Anchorage, Alaska. On behalf of the AMCA, Bob presented the school and students with an award to thank and congratulate them for their promotion of the Alaskan malamute as the official state dog of Alaska.

Bob reports, "The school was really appreciative of the award. It was a great thing for all of us in the club to do. The students and the current principal (who was a teacher at the time) deserve all of the thanks.

"We sat around on the floor for about 20 minutes while school Principal Carol Bartholomew told the story of how this came about, and then I asked the students to tell me about what happened. I

had not realized that the students spent a year researching which dog would be appropriate for the state dog. So, this was a three year project; one year of research, and two years of contact with the legislators to make it happen.

"The idea for the state dog was suggested by the girl in the white holding the plaque in the picture on the bottom of the next page.

She explained that her grandmother in North Carolina asked her why Alaska did not have a state dog. She sat next to Valley on the floor and had her hands on her almost the entire time. 'Official malamute' Valley was a big hit with the students!

"This was a wonderful thing for the AMCA to do. Many thanks to everyone who made this happen."

In accordance with the motion adopted at the Annual Meeting in Chattanooga, AMCA member Bob Sutherland, aka "our man in Anchorage," presented this plaque to the staff and students of the Polaris K-12 school in recognition of their successful efforts to make the Alaskan malamute the official dog of the state of Alaska.

Thank you, Bob, and thanks also to Jeri El Dissi (on behalf of Nancy Russell) for making the original motion at the Annual Meeting to recognize the students for their accomplishment.

TRUE COLORS

Nichole Royer reviews the variations of coat color in Alaskan malamutes

"Malamutes are of various colors. Face markings are a distinguishing feature. These consist of a cap over the head, the face either all white or marked with a bar and/or mask...The usual colors range from light gray through intermediate shadings to black, sable, and shadings of sable to red. Color combinations are acceptable in undercoats, points, and trimmings. The only solid color allowable is all white. White is

always the predominant color on underbody, parts of legs, feet, and part of face markings. A white blaze on the forehead and/or collar or a spot on the nape is attractive and acceptable. The malamute is mantled, and broken colors extending over the body or uneven splashing are undesirable...In all coat colors, except reds, the nose, lips, and eye rims' pigmentation is black. Brown is permitted in red dogs." ~ *Quoted from the Alaskan Malamute Breed Standard*

From a coat color perspective, our standard approaches the concept in a wonderful way. It calls for a range in colors in malamutes, describing the whole scope of what is genetically possible without providing an exact definition or even trying to give names to the variations. For a working breed where color should not matter, this is an ideal approach for the standard to take.

About the Author

Nichole Royer fell in love with malamutes when she was 12 years old. While waiting for the right time in her life to own one, she became involved in showing and breeding fancy rats, mice, and hamsters. Over 20 years of practical experience gained through that medium led to a fascination with coat color

genetics. When Nichole was finally able to add malamutes to her family, her interest in coat color transferred over.

Nichole and her dogs cart and scooter many miles through the Southern California desert every winter. They also backpack, weight pull, compete in obedience and Rally, and occasionally take a turn around the conformation ring.

The challenge is that over the years many people have developed their own interpretations of colors, and these have sometimes varied widely. With no color definitions, there has been no consistency in how dogs are registered. This makes it challenging to look back to the records for historical information or research. It is also frustrating for folks who are just asking the question “what color is my malamute?”

The table in this article is a key to coat color definitions based on the colors that AKC allows when registering malamutes and the genetics that create those colors. In some cases, coat color genes affect pigment or eye color in a way that our standard would consider undesirable. The inclusion of these characteristics in the color descriptions does not in any way supersede the ideal description stated by our standard.

With the advent of a better understanding of coat color genetics, we can now define color much more precisely based on the genetic makeup of a particular dog. Fortunately, the current coat color options offered by the AKC for registering malamutes are a reasonable fit for the genetic possibilities within the breed.

The simple key described in the table is based on the colors offered by the AKC when registering malamutes. This key should assist in identifying color on any particular dog.

Though this table covers coat color in a broad sense, it is based on the color choices available for registering malamutes with the AKC, and it does not take into consideration all the combinations possible. For instance a dog can be both a red and a sable, and yet there is no “red sable” option available for registering such a dog. There are actually close to 40 genetically distinct colors in malamutes, and this table does not identify color with that kind of accuracy. Even so, it serves very well to pinpoint a dog’s basic color.

The key shown is only a guide. Because we do not breed for specific colors in our breed, and because there are no specific criteria in our standard for how each color should appear, there is a huge amount of variation possible within each coat color category. This is a good thing! There also will always be a certain amount of individual interpretation involved in deciding what color to call a particular dog. Extremely light and extremely dark versions often occur, and in these situations it can be very difficult to identify the color with complete accuracy. White markings, particularly on the face, can also mask characteristics. In such cases, an understanding of coat color genetics can be very helpful, and sometimes the recently available coat color DNA tests may be the only way to identify a color with 100% certainty.

Key Identifying Features of Coat Color

When identifying the coat color of a particular dog, there are several key features to assess. These different features are the basis for the descriptions in the table.

Pattern

The most important feature is coat pattern. This is the pattern of where coat color does and does not occur on a dog. By default, all the patterns malamutes come in have white on the dog’s legs and underside. On the pigmented portions of the dog, color can be determined by looking for tipping on the hair (Silver), banding creating a salt and pepper appearance (Agouti and Gray), or a solid appearance (Seal and Black and White). The final pattern is actually a lack of any pattern, making the dog White.

Color

All malamutes fit into one of the patterns listed above. It is possible, however, for the non-white parts of the dog to be one of several different colors. The default color in malamutes is black. In some cases, however, the colored portions of the coat are brown (Reds) or gray (Blues). There are also times that the normally white or cream

bands in the coat take on a reddish or orange appearance (Sables).

Pigment

The final identifying feature in looking at coat color in malamutes is the color of the pigment on the nose, lips, eye rims, and paws as well as in the eyes of the dog. This is tied in very closely with the color of the dark bands in the coat. Again, the default color in malamutes is black, with eye color being brown, and the exact shade of the eye color being determined by modifier genes not associated with coat color. In Red malamutes, this black pigment is turned brown, including the black pigment in the eyes. This creates an overall lighter “amber” eye, though the shade of amber is determined by modifiers. Likewise, in Blue malamutes, black pigment is turned gray, including in the eyes, giving them a lighter “yellow” appearance. In Blue malamutes, this lightening of the eyes can often be seen most distinctly in puppies, where the eye may appear gray or even blue. This is completely normal and a key identifying feature for this color, since they are often difficult to distinguish from gray malamutes.
