This is your opportunity to walk the same Divine path!

CIRCLE of LIGHT

Who is behind it?

David Ashworth had a dramatic awakening through the late 1980s and early 90s, from whence a powerful driving force pushed him constantly to seek ever more light. In 2005 David received The Emerald Heart Light, then in February 2016 his heart opened the final petals into the pure God-consciousness at the core of his being.

This completed an advanced stage of inner enlightenment, which gave him the ability to transmit Darshan - A Divine Blessing from the source of all that is. Within weeks of this advancement, he was given Circle of Light to bring into the world.

The Birth of Circle of Light

When the Universe chooses to bring something new into our world, it can sometimes be quite a long, deep and profound birthing process. Such is Circle of Light.

David has had to go through more than a year of further continued inner transformation, including several months of the Dark Night of the Soul process, as each tiny atom of the Light needed for this new Spiritual Journey was birthed through his heart. His heart had to be newly fashioned in the fiery crucible of Universal Love in order to bring this to you.

The Teachers

With David is a team of highly skilled Spiritual Teachers, Guides and Coaches, supporting you as you open your heart during this amazing journey. They are all professionals with their own highly successful practices working full time in The Emerald Heart Light. They are all Graduates or Elders of The Emerald Heart School of Enlightenment as well as other important spiritual institutions. More importantly though, they are each held in the Divine Light of David's heart, helping to bring this amazing Light of Transformation forward for those who truly seek to touch the Divine.

David's heart went through countless awakening processes since the beginning of his awakening and then again after 2005 when the Emerald Heart Light was given to him. So, he made the journey to the illuminated heart in only 11 years between 2005 and 2016. Most people take many lifetimes to attain this level of spiritual development.

David says, *"If I can do this, then so can you. I am with you!"*

I followed the guidance of The Emerald Heart Light and walked the path it showed to me. I know the way. It is my desire to share this with you. Anyone who truly possesses the desire and courage to seek the Ultimate Light within their own heart cannot fail to attain this inner eternal bliss and beauty. As the great teacher said; Seek and you will find!"

We are offering this opportunity for you to step into Circle of Light in the easiest way possible. If it calls to you, then don't hesitate. That is how the Universe likes to see things happen, quickly and simply.

CIRCLE of LIGHT

What is it?

What is it?

A 12 month Spiritual Journey to **Fill Your Heart with Light** and open you to your deeper, inner truth.

Who is it for?

Everyone who cares about our Earth and the development of humanity to its true, positive potential, including YOU.

The Light calls to those who are ready and if it calls to you, then the Universe will support your mission, so do not allow yourself to put obstacles in the way. Just go for it.

What is it about?

3 separate elements, teaching you how to bring Light into the world.

- ♥ The Individual Spiritual Journey
- ♥ Building a Community of people bringing Light into the world
- ♥ Support and Healing of the Earth with Light

Circle of Light is a Divine Path

It is about being a part of a world-wide movement bringing in the new consciousness, creating a new paradigm of working ethically and in truth for humanity and the earth. It is especially for *those who desire to awaken themselves*. A community that supports each other with the transformational Light of a new reality, culminating in profound and positive change, whilst uplifting everyone in the community to a higher vibration and Divine inner freedom.

CIRCLE of LIGHT

Is it New?

Is it New? No!

The Emerald Heart Light opened through David's heart in 2005.

The Circle of Light Journey is new though, and begins now. It has been gestating and birthing for a little more than a year, so the project itself is new, but what lies behind it is not.

All that will be delivered to you within Circle of Light, the Light, the Tools, the Teachings have been with us since 2005 when David brought it into the world, but some of the teachings and processes have been with us since early 2000.

Over 3,000 People have received The Emerald Heart Light

There is a huge track record of success. More than 3,000 people have received The Emerald Heart Light directly into their hearts in what we call a Full Light Program.

A Full Light Program means that a person has received a full flow of Universal Light directly into their heart over a 16 week period. All of these people are listed on a public database that we will show you in the Program. Thousands of others have worked with the Liquid Light Essences too. As these essences were given, they were described by the Source as, *The Keys of Transformation*.

Held in the Light of David's Heart

Many truly dedicated people have been taught by David to both hold and carry The Emerald Heart Light into the world. All of these people are held in David's heart.

Some of them have walked this path and served with him for almost 20 years, even before he brought The Emerald Heart Light into our world. You will no doubt come to know them and hear of their journeys of spiritual and deep inner transformation as our Circle of Light Program unfolds.

CIRCLE of LIGHT

Is it Healing?

The process is not a healing modality in itself. It goes much deeper than any healing modality, so it should not be confused with healing at all.

The Emerald Heart Light is a Light given directly from the Source for the Evolution of Human Consciousness.

It opens your heart deeply. As you progress and eventually reach the level of a Circle of Light teacher you will discover how The Emerald Heart Light shows you the way into the deepest aspects of human consciousness, and even beyond. It takes you into the 5th dimension and beyond all limits. The Light teaches you how to initiate changes to human consciousness at the deepest and most fundamental levels, leading to profound awakening.

Of course, you can't attain all of this in a 12 month Circle of Light journey, but while ever you work with the Light, it will be working with you. If it is your true intent to seek the Light at the core of your being, then it will work with you and never cease to assist you towards revealing your true potential.

When you can free the consciousness of its fears and limitations by literally seeing them and then targeting them with our laser-like Emerald Heart Light, then healing can be a very quick and powerful result, but the target is not about healing. The target is the evolution of consciousness, but then healing can be a by-product of the evolutionary process.

CIRCLE of LIGHT

Awakening Your Own Light

The process of Filling Your Heart with Light awakens your own Light.

- ♥ We will teach you how your consciousness works
- ♥ We will teach you how to access the different layers
- ♥ We will teach you how to unlock the evolution of your consciousness

At the deepest point in your consciousness, you are nothing but pure light, and that light is love. Once you begin to access this inner light you cannot find words to describe what you experience. The expansion goes beyond words. But, at the same time you remain the person that you have always been.

People are often searching to become something else, when in reality you are the perfect expression of your Divine Self, and so you need to embrace who you are and learn to understand yourself. The Light will help you become your true self and live a more fulfilled life.

At the same time though, your consciousness expands within you to touch and become the Light that is within you. It can feel like a funny dichotomy at times because you experience the truth of everything that is, but at the same time you will still function as a normal person in this reality. Yet, at other times, your expanded consciousness will allow you to see the truth of the humanity from a higher perspective, as if you are sitting above the world, looking down upon it.

Creating the New Humanity

As we use Light to awaken your own inner Light, you see the world differently. You see where things work and where they don't. You begin to see solutions and you gain the inner power to bring new things into the world to make it a better place. As a community, you find people who are on the same wavelength as you are and working together on the same projects makes life a lot easier.

As the Light truly awakens your passions it also builds your courage to allow you to take the steps you need to take in order to become who you came here to be. You find the real you and you engage your life in your actual life-purpose, not wasting your time and energy in things that are not aligned with what the Universe created you for.

You will become totally clear on:

- ♥ Who you are...
- ♥ Why you are here...
- ♥ and, What your work should be.

CIRCLE of LIGHT

Profound Development

5 Levels of Spiritual and Self-Development

Circle of Light offers you 5 distinct levels of Personal and Spiritual attainment leading to profound self-development.

Level 1: Becoming a Luminary

Level 2: Ambassador of Circle of Light

Level 3: Teacher of Circle of Light

Level 4: Emerald Heart Essence Practitioner

Level 5: Emerald Heart Program Practitioner

How long does it take to fulfil all of the five levels?

First of all, it isn't a race. The Light will not allow you to abuse it or indeed, to abuse yourself. Each of us has a speed at which our consciousness will respond to the Light and each of us is different.

For some of you, you will move to Ambassador immediately after the first year. For others, they may wish to rest for a while, or even take Level 1 again. It is a natural process and we will guide each of you appropriately, and even push some of you if we think that you are not achieving your potential, just like a business coach would.

There is no hurry to attain each level. It is most important to take your time and assimilate The Emerald Heart Light into your heart, allowing it to teach you as it goes.

This journey is not so much about learning, but about *becoming*. You cannot learn the process intellectually but you become the Light as you learn how to allow it to enter your heart.

CIRCLE of LIGHT

What's in it for you?

- ♥ For a whole year we Fill Your Heart with The Emerald Heart Light

When David first received The Emerald Heart Light he was taken through a process that transformed his consciousness through opening his heart to be able to see reality differently. Some call it seeing through the illusion.

He was also given many, many teachings of the nature of how the Universe works. These were in fact Laws.

David will share with you:

- ♥ The Laws of the Evolution of Human Consciousness
- ♥ The knowledge of how the Light seeks the hearts of the seekers of Light
- ♥ The understanding of the traps which hold humanity prisoner in a cloud of darkness that hides the higher truth
- ♥ How the Light flows from heart to heart
- ♥ Many powerful teachings that offer you the opportunity to see how Divine Consciousness works, compared with human consciousness
- ♥ How to become a part of the Universal Flow with the ability to dip into the Stream of Plenty

- ♥ How to pour Light into our Earth Mother to raise her vibration
- ♥ How to become a bridge between Heaven and Earth - the key to becoming a real, tangible creator
- ♥ How to hold and become Light, as opposed to channeling it
- ♥ How to open yourself to this Divine Path completely
- ♥ And much, much more

CIRCLE of LIGHT

Level 1 : A Luminary

In Level 1 you become a luminary - one whose heart is illuminated with Light.

Essentially, we **Fill Your Heart with Light** for a whole year.

This is a process that we have been using since the early 2000s, but in a more focused way since January 2005. That is when we created a database of all those who received a Full Light Program into their hearts. There are now over three thousand people on that list and the process has *never* been advertised. It is all by word of mouth. You will see the database later.

Becoming the Light

The Emerald Heart Light flows along a pathway from heart to heart, which we call **The Path of Light**. It was created when the Light first burst forth through David's heart in January 2005. Since that time, thousands of people have worked with the Light including those who have received a Full Light Program. As you develop and your energy system becomes strong enough, you will hold the Light permanently in your heart. You will become the Light and the Light will become you.

This is what Jesus says about the process of becoming:

*“He who drinks from my mouth, shall become as me,
And I shall become him.
And the hidden things shall be manifested.”*

If you join the Circle of Light, you will commence a year of Spiritual Teaching in which you will continuously receive the Emerald Heart Light into your heart. This will develop you in many individual ways. The Light will work for your highest good at all times, supporting and guiding you; revealing your inner truth and bringing your attention to your gifts and talents; helping you find your Divine purpose in this lifetime. During this first year, your sensitivities will likely develop so that you become more aware of the Light and how it works within you, through you and into the hearts of others.

People will ‘feel’ the light in your heart and ask you ‘what has changed’ about you.

Level 1 is a stepping stone that offers you an unlimited spiritual journey into profound inner development. There is no reason that anyone cannot attain the same level of development that David did. Circle of Light takes you down the same path that he opened for you.

After your first year, you can of course choose to continue to be a part of the community at Level 1, year on year, for as long as you wish, renewing your commitment to your own growth or perhaps even helping to run Circle of Light. Whenever you have a connection of Light into your heart, it will always guide you to your own inner truth, allowing you to make the most appropriate decisions for your own life.

The most important thing to note is that whenever you **Fill Your Heart with Light** it cannot fail to bring inner development, expansion and evolution to your life.

Standing in Your Own Power

Although we call this a community, in reality you stand freely in your own power. Even though you are part of the community, you remain autonomous and completely free. We merely offer you the Light so that you can see how it uplifts and guides you.

Each person that brings this Light into their heart, helps the Earth Mother and the whole of humanity to develop. You will learn more about this through the lessons of the Program.

As you continue to work with the Light, the Light continues to work with you and eventually, you become the Light that is already trying to shine out from the core of your being. This process is a little like using a candle to light a candle. We use The Emerald Heart Light to burn away the obstructions to setting free the Light at the core of your heart.

David's heart is that candle that illumines your own Light.
Shine on!
