

Welcome to the Seventh Annual Hawaii International Conference on Education

Aloha!

We welcome you to the Seventh Annual Hawaii International Conference on Education. This event offers a rare opportunity for academics and other professionals from around the world to share their broad array of perspectives. True to its primary goal, this conference provides those with cross-disciplinary interests related to education to meet and interact with others inside and outside their own discipline.

The international attendees to this conference bring a variety of viewpoints shaped by different cultures, languages, geography and politics. This diversity is also captured in the Hawaii International Conference's unique cross-disciplinary approach. The resulting interaction energizes research as well as vocation.

With Waikiki Beach, Diamond Head and the vast South Pacific as the backdrop, this venue is an important dimension of this conference. For centuries a stopping place of explorers, Hawaii has historically been enriched by the blend of ideas that have crossed our shores. The Hawaii International Conference on Education continues this tradition in the nurturing spirit of Aloha. Along with its ideal weather and striking beauty, the Hawaiian Islands provide natural elements to inspire learning and dialogue.

The 2008 conference was a great success. We hosted more than 1,200 participants representing more than 40 countries. Thank you for joining the 2009 Hawaii International Conference on Education!

The 2010 Hawaii International Conference on Education will be held January 7 – 10, 2010 at the Waikiki Beach Marriott Resort & Spa and the Hilton Waikiki Prince Kuhio Hotel in Honolulu, Hawaii. Please check our website in early April for more details!

Hand Dynamics:

Integrative Hand Analysis is a potent, non-predictive spiritual and scientific practice that provides dynamic personal insights and tools to promote powerful personal growth.

Your fingerprints, which were formed five months before you were born, hold the key to understanding who you came here to be, what you came here to do, the work you came here to accomplish, and the challenges that you came here to face. They solidly identify what is known as your specific: Life Purpose - your aptitudes, where you find your greatest fulfillment, your most powerful life path; Life Lesson - your innate challenges, specific fears that can hold you back, your unique opportunities for growth; Umbrella of Consciousness - your overlying perspective, the lens through which you view the world that effects every thought you have, word you say, decision you make, and action you take.

Kathryn H. Au, Ph.D.
Chief Executive Officer
SchoolRise, LLC

Kathryn H. Au is Chief Executive Officer of SchoolRise, LLC. She was formerly a professor at the University of Hawaii, where she was the first person to hold an endowed chair in education. Kathy's research interests are school change and the literacy achievement of students of diverse cultural and linguistic backgrounds, and she is best known for her research on culturally responsive instruction. She has published widely on issues of literacy and diversity, and her latest book is *Multicultural Issues and Literacy Achievement* (Erlbaum, 2006). A member of the Reading Hall of Fame, Kathy is President-Elect of the International Reading Association and will serve as President in 2009-10. Kathy has also been President of the National Reading Conference (NRC) and Vice President of the American Educational Research Association. She received the Oscar Causey Award for outstanding contributions to reading research presented by NRC, as well as the first National Scholar Award presented by the National Association for Asian and Pacific American Education.

The title of Dr. Au's keynote address is:
