## Experience It! The Flamenco

"El cante," "el baile," and "la guitarra." Combine the three into one romantic tour de force, and you have the essence of the flamenco...the song, the dance and the guitar. The flamenco's roots began in southern Spain as a 17th-century art form created by Andalusian gypsies. Similar to the blues that originated in America's Deep South, the "cante," or song, was a way for the gypsies to express their sorrow and repression. They sang their lyrics in the dark mines where they worked, using verse to help ease each other's personal grief. As the 18th century approached, the gypsies gained more legal rights and many were able to purchase musical instruments. Soon the "guitarra," or guitar, was added to their repertoire. The "baile," or dance, quickly followed — and like any great art form, the flamenco took off. Soon performances in more mainstream venues like local cafés and dance halls combined with old-fashioned commercialism to make the flamenco the national dance of Spain.
