General Guidelines

- 1) Any member in good standing of the White River Golden Retriever Club who has obtained at least fifteen (15) worker requirement club points during the calendar year and is current with dues is eligible for award consideration. Only Golden Retrievers are eligible to win performance awards and trophies offered by WRGRC.
- 1a) Too be counted as attending the specialty meeting, you need to either work at some position during the specialty, or attend the actual business meeting. Just showing your dog will not count as attending a meeting.
- 2) **Points are accumulated for each calendar year, except where noted.**
- 3) All competitive awards are based on AKC activities, except in field where WC/WCX points will count.
- 4) Degrees, qualifying legs or conformation achievements won in United Kennel Club and Canadian Kennel Club competitions may receive awards or recognition but do not count towards competitive trophies.
- 5) For the purpose of competitive trophies that may only be won by amateurs, amateur is defined as a person who is not a professional handler, paid assistant handler, paid trainer/instructor, or paid AKC judge in that dog sport.
- 6) If a WRGRC member co-owns a dog with a non-WRGRC member, the dog must reside with the WRGRC member at least half of the time for the member to win competitive awards based on that dog's performance.
- 7) All members who receive circulating club competitive trophies must return them to the Awards Chair every **December** so that they may be engraved for the next Awards ceremony.
- 8) Official White River score sheets must be filled out **completely** and submitted to the club Award's Chairperson by December 31 in order to be eligible for competitive trophies or crate tags for that year.

This annual award will be given to the dog and partner having the most contact therapy hours during a calendar year. The hours must be in an outside facility providing care or encouragement to others; including but not limited to hospitals, nursing homes, hospice settings, assisted living centers, patients' homes, etc. It also includes libraries and schools where dogs are involved in reading programs -- encouraging children with reading difficulties to read to dogs. This is not intended to be a competitive trophy but rather a way to recognize the teams who are committed to therapy work.

1) This trophy will be awarded to the dog with the highest total hours earned per year with a minimum of 15 hours.

- 2) The hours are to be with an organization such as a hospital, hospice, retirement center, school, library, nursing home, etc.
- 3) The hours reported are to be actual contact hours, not including travel time, prep time, etc.
- 4) If the same person wins this award 3 consecutive times, it will not be retired. The intent is to encourage participation. If someone is doing the volunteering, they should be eligible.

The Distinguished Service Award

In memory of

Harry Tripp

for his many years of service and leadership to WRGRC

This award is given to a member whose service to the club is deemed to be outstanding. Club members may nominate individuals. The final determination is made by an award committee composed of the three most recent recipients of the award. The recipient has his or her name inscribed on the Club plaque and also receives a personal plaque. The recipient then joins the award committee for three years, replacing the retiring winner. Members can receive this award more than one time.

Guidelines For The Outstanding Service Award Committee

In September 2012, an ad hoc committee met with the purpose of providing more detailed guidance for this award. The committee was composed of four previous recipients of the award and the awards chair, and their recommendations were approved by the WRGRC board at their October 2012 meeting. The supplement is as follows:

Keeping with the spirit of the award the following clarifications and guidelines are provided:

1. Nomination and Decision Process Timeline:

- Nominations from the membership must be received by the Outstanding Service Award Committee (OSAC) by December 1st.
- The OSAC must have its recipient determined by December 31st, and shall notify the awards chair that a decision has been made. The OSAC will provide the awards chair a sealed envelope containing the name of the recipient. The envelope

should be delivered in time to be taken to the awards shop with the other trophies requiring engraving.

- As with the other awards, the main Tripp plaque will be returned to the awards chair by December 31st for inspection and repair if necessary.
2. The Outstanding Service Award will be awarded every year and will be announced at the awards presentation regardless of whether the recipient is able to be present or not. If no one from the OSAC is able to attend, the awards chairman will be notified as to who will make the presentation or the awards chairman will present the award.
 3. More than one person may receive the award in a given year.
 4. A past recipient may receive the award more than once.
 5. If questions/issues arise as the OSAC does its work, the OSAC is to notify the awards chair of these questions/issues. The awards chairman will bring those concerns to the board for guidance.
 6. If the OSAC is unable to make a final selection by December 31st. The y will provide the names of the nominees to the awards chairman who will then present the names and summary to issues to consider to the board. The board will then determine an alternative process for selecting a recipient.
