

EPOS

Why EPOS?
Cheat Sheet

Choosing the Right Audio or Video Solution

Customers and prospects want to know: "What do I gain by choosing EPOS?" Now, this handy guide gives you all the product USPs and supporting features needed to answer that question, at-a-glance.

It has never been easier to say what makes us different and win sales by helping customers and prospects make the right choice: EPOS.

What solution do you need?

IMPACT Line
Headset solutions for professionals working in energetic call center and office environments, spending many hours at or around their desks talking with customers.

ADAPT Line
Headset solutions for professionals working away from their desks, participating in meetings or calls or working remotely from other locations.

EXPAND Line
Flexible, plug-and-play, audio and video conferencing solutions for professionals working collaboratively with in-room and remote participants.

What devices do you use?

You need your devices to work seamlessly with your headset, speakerphone or video collaboration bar. It's that simple. All our audio and video solutions are designed for seamless compatibility. For headsets, check our headset compatibility guide at: eposaudio.com/compatibility

-  **Softphone/PC**
Connection via USB/USB-C cable or USB dongle (Bluetooth®) to Microsoft Windows or Apple Mac OS.
-  **Screen/monitor**
Connection via HDMI or USB-C display port
-  **Desk phone**
Connection with multiple types of cables via Easy Disconnect.
-  **Mobile phone/tablet**
Connection via Bluetooth® or 3.5 mm jack cable.
-  **Telecoil**
Works with standard telecoil-equipped hearing aids.
-  **Microsoft Teams Rooms**
Only for Microsoft Teams Rooms on Windows compute unit

How noisy is your workplace?

In busy workplaces noise-canceling microphones are vital so that your caller can hear you clearly. EPOS Voice™ technology makes sure your voice is heard in challenging sound environments.

-  **Low noise environment**
Omni-directional microphone
-  **Medium noise environment**
Noise-cancelling microphone
-  **High noise environment**
Ultra noise-cancelling microphone

What size is your meeting room?

The size of your meeting room determines the conferencing solution you need. EPOS has a range of speakerphones and video collaboration bars that have been designed for different meeting setups including personal workspace, huddle rooms, and small, medium and large-sized meeting rooms.

Single or double-sided headsets?

-  **Single-sided**
Ideal for situations where you need to both hear your caller clearly, and pay attention to what's going on around you.
-  **Double-sided**
Delivers calls in quality sound while reducing background noise – ideal for contact centers, where you need to focus solely on your caller.

Unified Communications

-  **UC optimized**
Products with this icon are optimized for major UC and softphone brands.
-  **Certified for Google Meet**
Products with this icon are certified for Google Meet.

 Certified for **Microsoft Teams**

Certified for Microsoft Teams
Products with this icon are certified for Microsoft Teams.
