 This donor is a full sister to M&M Ms Watt 5054 Pld ET that topped the 2020 Denver Charolais in the Rockies Sale at \$52,500 for one-half interest selling to Mentick Cattle Company in Iowa! Both #5036 & #5054 were ET sisters that sold in the famous M&M Charolais Dispersal in 2016. Bryan McCay got #5054 and she has already produced two daughters that sold for \$20,000 each. Cooper Sklyzacek purchased #5036 and only bred to her to club calf sires, until Wild Indian Acres purchased her. Their maternal granddam is a sister to M&M Ms Carbine 1567, the dam of M&M Outsider 4003. Their sire BJCF Watt Z36 was a National Champion Bull. This donor has only been flushed twice producing 13 embryos the first time and 18 the next, where the embryos were separated and two sires were used. It's all here for the astute breeder!

Selling One-Half Interest & Full Possession in Buyer's Choice of ET's! The buyer may select a bull calf or heifer calf.

There are three (3) unsexed pregnancies in recips due to calve in September. These recips will not be at the sale. White Rose would ask that the selection be accomplished by 4-1-22.

There is quite a bit of opportunity in this selection. GHC Reagan 9012 first sold in the Grand Hills Bull Sale as a yearling when one-half interest brought \$40,000. His dam is the famous dam of LT Ledger 0332 Pld, LT Brenda 6120. During the Grand Hills Partnership Dispersal two one-half interests in her daughters sold for \$13,000 and \$12,500 and one for \$10,000. **Due in December, 2021 with an ultrasounded bull calf pregnancy sired by Tri-N Strevler 971G.**

This broody four-year-old has all the capacity and size to raise a big, stout calf. DA Passport 502 was well-known to sire females like that and when you mate him to a great donor like P125 it all happens. Then take a look at the stout bull calf at side sired by WDZ Phenom 839, a Resource son that had an AWW of 833 lbs. to ratio 115 and then went right on to an AYW of 1,503 lbs., if you're looking for more performance, stop right here. Then think about what this next powerhouse bull calf inside her will be. Tri-N Strevler 971G is a homozygous Red Factor Canadian sire that had huge performance stats!
