Don't be left out in the cold.

Accelerate your discovery and enjoy the savings with these new promotions.

Antibodies | Introductory Offer for Antibodies | 10% Off

Choose from over 11,000 antibodies and related reagents for immunology, cancer research, veterinary, and other applications.

Thermal Cyclers | T100, Mini-Sub Cell, PowerPac | \$3,200

Power up your DNA applications and receive this amazing deal for the T100 Thermal Cycler, Mini-Sub Cell GT Cell, and PowerPac Basic power supply. Regular price \$7,949, now for only \$3,200!

Thermal Cyclers | C1000 Thermal Cycler with 48X48 well module | \$5,995

Get the best performance with the most flexibility for demanding applications and multiple users.

Amplification Reagents | Reliance One-Step Supermix | 30% Off

Save on the most reliable solution to maximize throughput of your qPCR data.

iScript and Aurum kits | 40 – 45% Off

Save big when you purchase cDNA synthesis kits and RNA isolation kit together. Receive 40% off iScript Kits and combine it with an Aurum kit to get 45% off.
