The law is constantly being reinterpreted. At von Briesen, we're going a step further and reinterpreting the law firm. Our goal is to change the way people think about law firms and to serve clients in a new way, a way that meets the challenges of today's business. To show our dedication, we're making a simple pledge. We will:

- 1 Be cost effective and responsive.
- 2 Use technology to provide

THE RULE OF LAW.

It's pretty much the only rule we adhere to.

24/7 service allowing our teams to access files, dockets and our law library from any location, at any time, and from anywhere in the world. 3 Look beyond the billable hour, as we readily adopt alternative, client-friendly fee structures. 4 Respond quickly to clients' needs. 5 Conform to your business, and not expect your business to conform to ours. 6 Move beyond the stereotypes of law firms, static in their traditions, by adopting policies that create a collaborative atmosphere making our firm a great place to work, challenging our people to go beyond the expected and furthering a client-dedicated, value-driven organization.

Call it forward thinking, progressive and up-to-date. We like to think of it as a new paradigm for today's law firm. We call it Contemporary Counsel. For more information, contact Randall D. Crocker, President, at 414-287-1238 or rcrocker@vonbriesen.com.
