

WLA Awards History

(As of October 2021)

This document lists the names of association awards and recipients for all Wyoming Library Association (WLA) awards and grants. It is an attempt to provide some enduring record of those librarians, trustees and volunteers who made important contributions to the state's library community. The variety of awards presented to Wyoming librarians and libraries often changed in name and purpose prior to 1980, but have been fairly consistent since that year. Jerry Krois, Wyoming State Library, conducted research and completed the first version of this history in October 2002. Jerry attempted to provide a complete history for the Fisher, Shovlain and Milstead awards, and as comprehensive a list of other award winners with WLA sources available.

Newbie Award

The Newbie Award was developed to recognize the efforts of a library employee who worked in the library profession or field for less than six years and made significant contributions to the organization. The award provided an opportunity for WLA to recognize an outstanding young person who made a library in Wyoming better. The Above and Beyond Award was issued in 1982 and 1983. The "Award" Award was established in 1984 to replace the "Above and Beyond" award and was a general catch-all for anyone who deserved an award, but whose achievement didn't fit any other category. Awards were given for a humorous or horror story, a major or minor achievement or a noble deed. In 2010, the Newbie Award replaced the "Award" Award.
