## Got Film? Label x-rays and file jackets in a Flash!

Xype™—the 2-in-1 x-ray ID and filing label  
Xype™ (pronounced zype) creates a film filing label plus your on-film patient identification in just a few seconds.

### 3" x 5"

Choose color-coded Xype for at-a-glance year coding or Xypette for uncoded filing.

### Using Xype™ is easy:

- Take the X-ray as you normally would. Write your patient ID info on the Xype card – using a pen or marker.
- Slip the Xype card with your film into any darkroom ID printer. With one quick tap of your finger, Xype's ID information is flashed onto your film.
- Once you've "flashed" your X-ray ID onto the film, peel off Xype's special label backing and apply the label to your film filing envelope. Your film filing envelope is now labeled with the exact same patient ID info.

### Personalized for your Practice Free!

Includes 3 lines of custom printing.  
Allow 2-3 days for order processing.

### Xype™ works with any ID printer!

Minimum order 100 cards
