Providing the background to start and accomplish my goals	1
Putting me in contact with interested companies.	1
Recruitment Presentation & Applied for several jobs	1
Recruitment Presentations	5
Recruitment Presentations through the FEA Career Center	1
Registered nurse in AUBMC	1
Regularly informing us of the market's needs	1
Research Assistance	1
Research Assistant in MER Research Program	1
Support from professors, international contacts, etc.	1
They did a presentation about the CPA/CFA	1
Through AUB career website and the job fairs	1
Through Communication skills	1
Through emails and career fairs (online applications, interviews, job offers)	1
through the emails and the website and the workshops and the Job fairs	1
Training at CCC	1
Work-Study Program	1
Working with the Mech Department	1
Workshops	3
Null	705
Total	1338

## 25. Do you have suggestions for how to improve AUB's career services?

Suggestion To improve career service	Frequency
A better and more efficient Annual Job Fair.	1

Actually have a decent one	1
Add more staff	1
Agree with companies to reply on applications (either with acceptance or sorry letters)	1
All companies participating in the job fair should be asked about names of students they employed.	1
allow students to upload resume to server and apply by marking the vacancies.	1
Approach new companies	1
Attract more small companies for the Job Fair from the Middle East, by lowering the cost of joining	1
AUB should follow students at least during their internship and get career offers for them.	1
Be more specific in the job descriptions	1
Be more specific when sending the email, specially to current students who receive tons of emails with job offers.	1
Better advising, more conferences	1
Better communication with students, more events, more support in job search, more workshops	1
Better Companies	1
better internship choices, more related to concentration	1
Bring more companies directly related to the CCE field in the job fair (not only construction).	1
By forming alliances and partnerships with multinationals.	2
cancel discrimination between "selected students" and other AUB students who pay same tuition	1
career services for faculties with specializers in each major, experienced	1
Career services should look for more offers of academic positions after the start of the PhD program	1
Communicate career options in all departments specific to each field	1
Conduct practice interviews and guide students on ways to improve the necessary skills needed.	1
develop better connections with schools for better career opportunities	1
Don't invite companies to the job fair that are only interested in advertising and not hiring.	5
Facilitate job search and research opportunities for Biology students and graduates	1
Filter areas of interest for students since all students apply to the same job.	1
Fire the FEA career center staff	1
Firms should not focus on engineering and business majors only	1
Follow up with the students regularly	3
For my major, LDEM, I see the need to have vacancies sent by the department itself.	1
For our major, AUB should provide us with more opportunities.	1
force students to meet with career services once a year.. Most of us are lost	1
Get Better Offers, else than Construction, Contracting, Consulting, Oil & Gas ...	1

Get more exposed to the gulf region such as UAE, Kuwait, Qatar...	1
give more chances of career services	1
Give orientation sessions to junior students	1
Give some attention to Political Science students and possible career opportunities for them	1
give the student time to prepare their interviews	1
Giving companies a description of what we Environmental health students really can work in	1
have a career department office in each faculty	1
Have a career placement office in FHS	1
Have a job fair more than once a year.	3
Have more companies do their presentations in collaboration with the FEA career center	1
Have more direct contact with students and guide them according to their majors.	10
Have someone at each department that follows up with the students	1
Have the option of providing internships for students mandatory for every department	1
Having more options in the science realm (specifically biology)	1
help biology students to find a job, if not going into medicine or masters	1
Help landscape students because nothing is done for them	1
help low gpa people more	1
help students find jobs	1
Help us get internships outside the MENA region	1
Helping students understand their options since the sophomore year	1
Hire professionals in their fields to help students land the jobs they want.	1
I have heard several complaints that career services in the FEA need to be more honest	1
i suggest that the university works harder to grant the students a good job after graduating	1
i think that our faculty( faculty of health sciences) should have a career services department	1
I think that they should find more jobs in Lebanon	1
I think the students' advisors or close teachers should be involved since they know student potential	1
I would suggest increasing the abroad internships available to students.	1
Include more careers related to scientific field such as research institutes	1
Include other institutions related to public services	1
Increase contacts through FEA with AUB alumni leaders	1
Individual Career Counseling	1
Interactive site (a hub for applicants and those providing)	1

Internship	1
interviews with companies	1
Invite more companies related to the food science major to the job fair	1
Job offers sent via email should be more focused on students' current major	1
let the process be more personal	1
make an online system better than the website & create a writing corner to teach students cv writing	1
Make greater relations with more and bigger companies	1
Make it mandatory that students seek an appointment with the career service center.	1
Make it more available for fresh graduates in Nutrition	1
make it obligatory for all students to go to the career and placement services offices for guidance	1
make it obligatory for students to sit for a compatibility job test	1
Make sure to include more eng. consultancy firms in the annual job fairs. 2010 fair was not good	1
Make the transfer of resumes to employers automated to insure that all resumes are being forwarded.	1
make the website more up to date, and make it more user friendly	1
Make them more relevant and increase opportunities for those in social science majors.	1
Maybe by directly identifying graduates that fit to a given career opportunity and contacting them	1
Mention company names in emails	4
More adequate appropriate jobs for AUB students	1
More availability in the job fairs, and one on one talks between career services staff and students	1
more direct to students, it takes each case alone into consideration(more staff in career services)	1
More high profile companies	1
More important and top companies	1
More interpersonal faculty to student advising and guiding in the domain to career paths	1
more job offers outside Lebanon	1
More Job opportunities offering	1
more opportunities and personal contact with students	1
More opportunities for the Arts and Science Diplomas	1
More orientation programs	1
More Personal Assistance	1
More personalized	1
More specific mailing according to majors, because I have only received one proposition for a nursing student	1
More targeted email offers	1

More time, resume and interview simulations	1
More Transparency	1
More variety in terms of job opportunities. Most are related to business.	1
Network through EMBA participants as they can offer opportunities to grads and they may also seek to hire.	1
One on One interviews before graduating	1
Organize career services with taking majors into consideration	3
Orientation desk for postgraduate studies	1
personal meetings with career advisers	1
Personalize based on graduate students' requirements	1
Prepare applicants for their job interviews	1
pressure for higher salaries for its prestigious & highly-qualified students,& go with high tuition	1
Provide a wider variety of job openings (focus seems to be on contracting and consulting only)	1
provide internships! and make everyone feel like they have a future and not only a number of us!	1
provide more career opportunities	1
Provide more job fair stands and presentations for people interested in retail, and merchandising.	1
Provide more job offers to Chemistry students	2
provide more nutrition internships and job opportunities	1
Provide more opportunities for those with experience & grad degrees	1
Provide more opportunities to science majors	1
provide students with internships during their period at university	1
Providing more job opportunities for Graphic design students	1
publish sites of firms, offer better career guidance, post more job opportunities	1
regular workshops in all fields	1
Relate more the alumni to the career services	1
remove all the confidential statuses because no one actually calls n we need to follow up	1
respond to every sent email	1
Restrict positions for Fresh Graduates and not generalize to all alumni	1
Schedule more one on one meetings	1
seek more job vacancies in the marketing field	1
send e-mails to related majors, disclose company names, offer interview practices, etc...	1
Send emails to students according to each faculty.We receive ones engineering n then stop checking!	1
send jobs specific for the field of study	1

send nadia moufarrej home	1
Set standards for us especially salary wise. Provide more teaching positions in Leb.	1
Should help inform students of a wider variety of graduate schools, scholarships and programs	1
sms message for new vacancies	1
Sort the job offers by department not faculty	1
Stop sending students repetitive emails on the same opportunity. Customize emails.	1
Stop sending too many emails and make them events that are announced through professors.	1
Stop the political wasta	1
Students don't really know AUB's career services. It needs more publicity.	2
Taking it more seriously	1
teach to students from ALL majors to write resumes	1
the career services are very good, but not for a "Petroleum Studies" or a "Geology" grad.	1
The job fair should be earlier because the companies are not recruiting in May.	1
The orientation process for psychology students was weak	1
The screening process should be equal to all students and should be communicated well with students	1
there should be advisors to help students in their orientation	1
To follow up with the companies after sending the CVs	1
To make it more organized and targetting specific needs of students from each department.	1
to sent job vacancies related directly to one's major	1
Transfer into an online system	1
Treat all students equally in the FEA career center	1
Try to filter job requests sent by Dr. Ghandour, according to each student's major.	1
Try to find more job opportunities to students of liberal arts	1
Trying to find the best offers with specific levels of rewardings.	1
understand the needs of the students by asking the faculty members at dprt Architecture and Design	1
we did a final year project about that you can see a prototype at <a href="http://careerplacement.hostoi.com">http://careerplacement.hostoi.com</a>	1
We need career opportunities specific to MBA level students only	1
work on clearance individually with an advisor or graduate	1
workshops for all students not only business students	1
workshops, career counseling sessions, provide more information and lectures	1
yes doing it more specifically to each department thus the opportunities would be more applicable	1
yes to have an active career center and to include economics in the career center of Busiess	1

yes, have more job opportunities for biology majors	1
yes, it should include more options for non-lebanese	1
yes, provide a career center for every faculty, with diversified employees with different background	1
you could try to find work for those who didnt find yet!	1

Training at CCC	1
Work-Study Program	1
Working with the Mech Department	1
Workshops	3
Null	705
Total	1338

## 25. Do you have suggestions for how to improve AUB's career services?

Suggestion To improve career service	Frequency
A better and more efficient Annual Job Fair.	1
Actually have a decent one	1
Add more staff	1
Agree with companies to reply on applications (either with acceptance or sorry letters)	1
All companies participating in the job fair should be asked about names of students they employed.	1
allow students to upload resume to server and apply by marking the vacancies.	1
Approach new companies	1
Attract more small companies for the Job Fair from the Middle East, by lowering the cost of joining	1
AUB should follow students at least during their internship and get carreer offers for them.	1
Be more specific in the job descriptions	1
Be more specific when sending the email, specially to current students who recieve tons of emails with job offers.	1
Better advising, more conferences	1
Better communication with students, more events, more support in job search, more workshops	1
Better Companies	1
better internship choices, more related to concentration	1
Bring more companies directly related to the CCE field in the job fair (not only construction).	1
By forming alliances and partnerships with multinationals.	2
cancel discrimination between "selected students" and other AUB students who pay same tuition	1
career services for faculties with specializors in each major, experienced	1
Career services should look for more offers of academic positions after the start of the PhD program	1
Communicate career options in all departments specific to each field	1
Conduct practice interviews and guide students on ways to improve the necessary skills needed.	1
develop better connections with schools for better career opportunities	1
Don't invite companies to the job fair that are only interested in advertising and not hiring.	5
Facilitate job search and research opportunities for Biology students and graduates	1
Filter areas of interest for students since all students apply to the same job.	1
Fire the FEA career center staff	1
Firms should not focus on engineering and business majors only	1
Follow up with the students regularly	3
For my major, LDEM, I see the need to have vacancies sent by the department itself.	1
For our major, AUB should provide us with more opportunities.	1
force students to meet with career services once a year.. Most of us are lost	1
Get Better Offers, else than Construction, Contracting, Consulting, Oil & Gas ...	1
Get more exposed to the gulf region such as UAE, Kuwait, Qatar...	1
give more chances of career services	1
Give orientation sessions to junior students	1
Give some attention to Political Science students nd possible career opportunities for them	1
give the student time to prepare their interviews	1
Giving companies a description of what we Environmental health students really can work in	1
have a career department office in each faculty	1
Have a career placement office in FHS	1
Have a job fair more than once a year.	3
Have more companies do their presentations in collaboration with the FEA career center	1
Have more direct contact with students and guide them according to their majors.	10
Have someone at each department that follows up with the students	1

Have the option of providing internships for students mandatory for every department	1
Having more options in the science realm (specifically biology)	1
help biology students to find a job, if not going into medicine or masters	1
Help landscape students because nothing is done for them	1
help low gpa people more	1
help students find jobs	1
Help us get internships outside the MENA region	1
Helping students understand their options since the sophomore year	1
Hire professionals in their fields to help students land the jobs they want.	1
I have heard several complaints that career services in the FEA need to be more honest	1
i suggest that the university works harder to grant the students a good job after graduating	1
i think that our faculty( faculty of health sciences) should have a career services department	1
I think that they should find more jobs in Lebanon	1
I think the students' advisors or close teachers should be involved since they know student potential	1
I would suggest increasing the abroad internships available to students.	1
Include more careers related to scientific field such as research institutes	1
Include other institutions related to public services	1
Increase contacts through FEA with AUB alumni leaders	1
Individual Career Counseling	1
Interactive site (a hub for applicants and those providing)	1
Internship	1
interviews with companies	1
Invite more companies related to the food science major to the job fair	1
Job offers sent via email should be more focused on students' current major	1
let the process be more personal	1
make an online system better than the website & create a writing corner to teach students cv writing	1
Make greater relations with more and bigger companies	1
Make it mandatory that students seek an appointment with the career service center.	1
Make it more available for fresh graduates in Nutrition	1
make it obligatory for all students to go to the career and placement services offices for guidance	1
make it obligatory for students to sit for a compatibility job test	1
Make sure to include more eng. consultancy firms in the annual job fairs. 2010 fair was not good	1
Make the transfer of resumes to employers automated to insure that all resumes are being forwarded.	1
make the website more up to date, and make it more user friendly	1
Make them more relevant and increase opportunities for those in social science majors.	1
Maybe by directly identifying graduates that fit to a given career opportunity and contacting them	1
Mention company names in emails	4
More adequate appropriate jobs for AUB students	1
More availability in the job fairs, and one on one talks between career services staff and students	1
more direct to students, it takes each case alone into consideration(more staff in career services)	1
More high profile companies	1
More important and top companies	1
More interpersonal faculty to student advising and guiding in the domain to career paths	1
more job offers outside Lebanon	1
More Job opportunities offering	1
more opportunities and personal contact with students	1
More opportunities for the Arts and Science Diplomas	1

More orientation programs	1
More Personal Assistance	1
More personalized	1
